REQUIRED COMMUNICATIONS

October 18, 2022

To the Board of Education
Liberty Public School District No. 53

We have audited the modified cash basis financial statements of the governmental activities and each major fund of Liberty Public School District No. 53 for the year ended June 30, 2022. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 27, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Liberty School District No. 53 are described in Note A to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2022. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements included on the attached schedule.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 18, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

Although not considered material weaknesses or significant deficiencies in internal control over financial reporting, during our audit, we noted the following matters involving internal control, compliance and other operational matters that are presented for your consideration:

TRANSPORTATION - During our audit, we noted that the mileage information reported on the Application for State Transportation Aid did not reconcile to the supporting documentation. DESE requires that all mileage information be tracked and reported on the Application for State Transportation Aid. We recommend that the District implement review procedures to ensure that all mileage information is reported accurately on the Application for State Transportation Aid.

CASH RECEIPTS - During our audit, we noted that the buildings do not have proper segregation of duties for cash receipts. Presently, one employee is responsible for collecting, depositing, and recording these receipts. This situation could allow for fraud or theft to occur. We recommend that the District review control procedures at the building level and determine if segregation of duties can be improved.

Other Matters

We were engaged to report on the supplementary information which accompanies the financial statements. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the management's discussion and analysis, which accompanies the financial statements and is also not required supplementary information. We did not audit or perform other procedures on this other information and we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the use of the administration and the Board of Education and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Board of Education
Liberty Public School District No. 53

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities and each major fund of Liberty Public School District No. 53 as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities and each major fund of Liberty Public School District No. 53 as of June 30, 2022, and the respective changes in modified cash basis financial position for the year then ended in accordance with the basis of accounting described in Note A.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Liberty Public School District No. 53, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Basis of Accounting

We draw attention to Note A of the financial statements that describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note A; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information, as listed in the table of contents, including the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal* Awards, is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the

supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole, on the basis of accounting described in Note A.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the management's discussion and analysis, on pages 4 through 11, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 18, 2022 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

The discussion and analysis of the Liberty Public School District No. 53 financial performance provides an overview of the District's financial activities for the fiscal year that ended on June 30, 2022. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should review the basic financial statements, notes to the financial statements and other supplemental information to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for the 2022 fiscal year are as follows:

- Operating fund balances for the District (General Fund and Special Revenue Fund) increased by $1,141,358 from $41,762,257 to $42,903,615.

- District operating fund revenues increased by $6,305,317 from $153,380,130 to $159,685,447. Local revenue increased $1,554,681 primarily as a result of increased collections of current and delinquent property taxes; and federal revenues increased $2,326,098 as a result of federal stimulus funds received.

- District operating fund expenditures increased by $10,061,308 from $146,982,781 to $157,044,089.

- District state funding for all funds increased $878,672 due to an increase in Basic Foundation Formula funding.

- The net decrease to the District's long-term debt was $6,871,778 where total long-term debt changed from $151,680,207 to $144,808,429.

- The Capital Projects Fund balance decreased by $3,076,172 from $5,656,538 to $2,580,366, mainly due to the completion of site renovation and deferred maintenance projects.

Using this Annual Report

This annual report consists of two distinct series of financial statements: the district-wide reports and fund financials.

- Government-wide Financial Reports: Provide both *short-term* and *long-term* information about the District's overall financial status. Government-wide statements include the Statement of Net Position and the Statement of Activities.

- Fund Financial Statements: Focus on *individual funds* of the District, reporting activities in *more detail*. These statements show how services were financed in the short-term as well as what remains for future spending.

Reporting the District as a Whole

The Statement of Net Position and the Statement of Activities

The view of the District as a whole looks at all financial transactions and asks the questions, "Are we in a better financial position this year than last?" and "Why?" or "Why not?" The Statement of Net Position and the Statement of Activities provide the basis for answering these questions. The statements include *all assets* and *liabilities* using the *modified cash basis of accounting.*

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. The financial statements are presented on the modified cash basis of accounting, under which revenues are recorded when received rather than when susceptible to accrual, and expenditures are recorded when paid rather than when the fund liability is incurred. Also, benefits are recorded as expenditures paid in the fiscal year in which the obligation under salary contracts are fulfilled, even though a portion of these benefits are not paid until July of the following fiscal year.

These two statements report the District's *net position* and change in net position. The change in net position is important because it tells the reader that, for the District as a whole, the *financial position* of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, facility conditions, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the District reports governmental activities. Governmental activities are the activities where most of the District's programs and services are reported including, but not limited to, instruction, support services, operation and maintenance of plant, pupil transportation, food service and extracurricular activities.

Reporting the District's Most Significant Funds

Fund financial reports provide detailed information about the District's major funds. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following fund types are used by the District:

Governmental Funds:

General Fund: Accounts for and reports all financial resources not accounted for and reported in another fund.

Special Revenue Fund: Accounts for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Debt Service Fund: Accounts for and reports financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Capital Projects Fund: Accounts for and reports financial resources that are restricted, committed, or assigned to expenditures for capital outlay, including the acquisition or construction of capital facilities and other capital assets.

The District as A Whole

The Statement of Net Position provides the perspective of the District as a whole. Table 1 provides a summary and comparison of the District's net position for 2022 and 2021:

TABLE 1	Governmental Activities	
	2022	2021
ASSETS		
Cash and cash equivalents	$ 72,686,387	$ 62,913,032
NET POSITION		
Restricted for:		
Scholarships	$ 55,876	$ 55,871
Debt service	27,202,406	15,494,237
Capital outlay	2,580,366	5,656,538
Unrestricted	42,847,739	41,706,386
Total Net Position	$ 72,686,387	$ 62,913,032

Total assets at June 30, 2022 were reported at $72,686,387.

Unrestricted net position that can be used to finance day-to-day activities without constraints established by grants or legal requirements was $42,847,739. The District has restricted net position of $27,202,406 for debt service and $2,580,366 restricted for capital outlay.

Table 2 shows the change in net position for fiscal years 2022 and 2021.

Net Position End of Year	$ 72,686,387	$ 62,913,032

Governmental Activities

Revenues

General revenues totaled $157,383,620. The three largest sources of general revenue for Liberty Public School District No. 53 are generated from the local property taxes $79,540,682, Basic Foundation Formula $56,201,061 and Proposition C sales tax $14,975,007. Program specific revenues in the form of operating grants totaled $24,013,669. The largest portion of this revenue was from the Individuals with Disabilities (IDEA) program and the Early Childhood Special Education Program. State and federal reimbursement for transportation and food service were $1,730,435 and $6,985,935, respectively. Charges for services, including student activities and food service, totaled $5,428,084.

Expenditures

Expenditures for governmental activities totaled $179,480,313 and $31,870,048 was offset by program specific charges for services, grants or contributions. General revenues, primarily property taxes, sales tax, the basic formula and to a lesser extent state assessed utilities, fines and earnings on investments were adequate to provide for program activities.

The Statement of Activities shows the costs of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. That is, it identifies the costs of these services supported by tax revenue and unrestricted State entitlements.

TABLE 3

	2022		2021	
	Total Cost of Services	Net Costs of Services	Total Cost of Services	Net Costs of Services

Debt service:				
Principal retirement	12,187,980	12,187,980	12,657,653	12,657,653
Interest and fees	5,838,871	5,838,871	6,061,581	6,061,581
Total Governmental Activities Expense	$ 179,480,313	$ 147,610,265	$ 181,045,487	$ 163,382,318

Instruction includes activities directly dealing with the teaching of pupils and the interaction between teacher and pupil.

Student activities include expenditures related to activities and services associated with extracurricular activities.

Student services include guidance and counseling, health services, as well as the costs of student attendance reporting.

Instructional staff support includes the activities involved with assisting staff with the content and process of teaching pupils.

General administration and central services includes the expenses associated with administrative and financial supervision of the District and office support staff. It also includes expenses related to planning, research, development and evaluation of instructional and support services, as well as the reporting of this information internally and to the public.

Building level administration includes the cost of salaries and benefits for building level principals and office support staff.

Operation of plant activities involves keeping the school grounds, buildings, and equipment in an effective working condition.

Transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Food service includes the preparation, delivery, and servicing of lunches, snacks, and other incidental meals to students and school staff in connection with school activities.

Community services include expenses related to student activities provided by the District which are designed to provide opportunities for pupils to participate in school events, public events, or a combination of these for the purpose of motivation, enjoyment and skill improvement.

Facility acquisition and construction includes expenditures for land or existing buildings; improvement of grounds; construction of buildings; remodeling of buildings; initial equipment; additional equipment; and replacement of equipment.

Debt service involves the transactions associated with the payment of principal, interest and other related charges for debt of the District.

The District's Funds

The District's funds are accounted for using the modified cash basis of accounting. All governmental funds had total revenues of $189,253,668 and total expenditures of $179,480,313. The net change in fund balances for the year was significant in the Debt Service Fund, which increased by $11,708,169, mainly as a result of anticipated debt and lease restructuring, and the Capital Projects Fund which decreased by $3,076,172, mainly as a result of the completion of site renovation and deferred maintenance projects.

General Fund Budgeting Highlights

Missouri statutes establish funds which must be used in the accounting process and place certain limits upon the use of revenue and expenditure transactions allowed in these funds. The District's budget is prepared according to Missouri law and is based on accounting for certain transactions on the modified cash basis.

The General Fund actual revenue was $101,725,541 representing a $6,957,576 increase from the original budget estimate of $94,767,965. Total actual General Fund expenditures were $68,572,825 representing a $3,896,404 increase from the original budget estimate of $64,676,421.

Debt Administration

As of June 30, 2022, the District had $144,808,429 in debt. This represents a decrease of $6,871,778 from the $151,680,207 in outstanding debt that existed as of June 30, 2021.

TABLE 4

Outstanding Debt	2022	2021

2020 Transportation Lease	878,523	1,018,536
2020 Copier Lease	422,112	543,643
2022 Technology Equipment Lease	3,590,343	-
	$ 144,808,429	$ 151,680,207

The Series 2010A Bond issue in the amount of $4,631,000 provided funds for the purpose of acquiring, constructing, improving, furnishing, and equipping school facilities, including in particular constructing, furnishing, and equipping a new field house and a new auditorium at Liberty North High School.

The Series 2014 Bond issue in the amount of $6,520,000 represents refunding the remaining balance of the 2004 bond issue and resulted in $872,646 net present value savings.

The Series 2014 Lease Participation Certificates in the amount of $24,150,000 provided funds to pay the costs of certain improvements to District facilities.

The Series 2015 Lease Participation Certificates in the amount of $6,440,000 provided funds to pay the costs of certain improvements to District facilities.

The Series 2015 Bond issue in the amount of $8,940,000 represents refunding the remaining balance of the 2006 bond issue and resulted in $1,399,650 net present value savings.

The Series 2016 Bonds in the amount of $51,820,000 represents refunding the remaining balance of the 2008 bond issue and resulted in $4,829,013 net present value savings.

The Series 2016 Refunding Lease Participation Certificates in the amount of $10,700,000 represents refunding of the 2007 certificates of participation and resulted in $1,545,251 net present value savings.

The 2016 Transportation Lease is for the financing of nineteen school buses for the District. The lease requires six annual installments of $294,045, interest at 1.40%.

The Series 2018 Bond issue in the amount of $49,000,000 represents new money for the purpose of acquiring, constructing, furnishing and equipping elementary and secondary school facilities, support service facilities and related sites to allow for safety and security enhancements, accessibility upgrades and educational improvements.

The 2020 Technology Equipment Lease allowed for various Apple computer equipment requiring four annual payments with $2,128,503 for the first year and then $1,936,515 for the remaining three years with interest at 1.2515%.

The 2020 Transportation Lease is for the financing of ten school buses for the District. The lease requires eight annual installments of $153,050, interest at 1.40%.

The 2020 Copier Lease is for the financing of copier machines for the entire District. The lease require sixty monthly installments of $11,839, interest at 4.3833%.

The 2022 Technology Equipment Lease allowed for various Apple computer equipment requiring four annual payments with $2,186,000 for the first year and then $1,245,089 for the remaining three years with interest at 1.89574%.

Growth, Economic Factors and Future Focus

The Liberty Public School District proudly serves the communities of Liberty and Kansas City. Following rapid growth in the 2000's, the District experienced a small decline in enrollment in 2022. The drop is likely the result of little changes in the school-age population combined with a decline in the share of students being serviced by the District, a trend that began during the pandemic. Demographic projections indicate enrollment increases from active development projects will be offset by declines in aging neighborhoods. As a result, total enrollment will likely change very little in the near future.

The District continues to be in good financial health and is committed to strong financial management. However, we must continually analyze trends and assess targets often in order to maintain that stability. The District's Audit and Finance Committee is comprised of highly-qualified patrons of the District, and works with administration in assisting the Board of Education in reviewing financial documentation, policies and procedures.

Over the course of the year, the Board of Education revises the District's budget to take into consideration expected changes in revenues collected or expenditures paid. As part of this normal budgeting process, long-range projections are developed and continually updated. This process allows the District to determine availability of resources for ongoing expenditures, such as salaries, versus one-time projects, such as facility repairs and upgrades.

In conclusion, Liberty Public School District No. 53 is committed to maintaining sound financial practices that protect the stability of the District and promote the academic excellence of our students. The District's systems for financial planning, budgeting and internal control are well regarded. Sound fiscal management will continue to be a major driver in decision making.

Contacting the School District's Financial Management

This financial report is designed to provide our taxpayers, investors and creditors with a general overview of the Liberty Public School District No. 53 finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Cindy Sullivant, Chief Financial Officer, Liberty Public School District No. 53, 8 Victory Lane, Liberty, MO 64068 or by phone at 816-736-5300.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles Used to Determine Scope of Entity: The District's reporting entity includes the District's governing board and all related organizations.

The combined financial statements of the District include all organizations that raise and hold economic resources for the direct benefit of the District. The District has implemented GASB Statement No. 61, *The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and 34.* GASB Statement No. 61 amended GASB Statement No. 14. GASB Statement 61 modifies certain requirements for inclusion of component units in the financial reporting entity.

The District has determined that no other outside agency meets the criteria set forth in GASB Statement No. 61 and, therefore, no other agency has been included as a component unit in the District's financial statements.

Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities display information about the School District as a whole. These statements include the financial activities of the primary government.

The Statement of Net Position presents the financial condition of the governmental activities of the District at year-end. The Statement of Activities presents a comparison between direct expenditures and program revenues for each program or function of the District's governmental activities. Direct expenditures are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District. The comparison of direct expenditures with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund-Financial Statements - During the year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column.

Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds are used by the District:

Major Governmental Funds:

General Fund: Accounts for and reports all financial resources not accounted for and reported in another fund.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Special Revenue Fund: Accounts for and reports the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Debt Service Fund: Accounts for and reports financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Capital Projects Fund: Accounts for and reports financial resources that are restricted, committed, or assigned to expenditures for capital outlay, including the acquisition or construction of capital facilities and other capital assets.

Measurement Focus

Government-wide Financial Statements: The statement of net position and the statement of activities display information about the District as a whole. The government-wide financial statements are prepared using the total economic resources measurement focus within the limitations of the modified cash basis of accounting as defined below.

Fund Financial Statements: All governmental funds are accounted for using a flow of current financial resources measurement focus within the limitations of modified cash basis of accounting as defined below. With this measurement of focus, only current assets and current liabilities generally are included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach does not differ from the manner in which the governmental activities of the District-wide financial statements are prepared.

Basis of Accounting: In the government-wide Statement of Net Position and Statement of Activities and the fund financial statements, governmental activities are presented using the modified cash basis of accounting. This basis recognizes assets, liabilities, net position/fund equity, revenues and expenditures when they result from cash transactions. Also, benefits are recorded as expenditures paid in the fiscal year in which the obligation under salary contracts are fulfilled, even though a portion of these benefits are not paid until July of the following fiscal year.

Pooled Cash and Temporary Investments: The District maintains a cash and temporary investment pool that is available for use by all funds except the Debt Service Fund (state law requires that all deposits of the Debt Service Fund be kept separate and apart from all other funds of the District). Investments of the pooled accounts may consist primarily of certificates of deposit and U.S. Government securities, carried at cost. Interest income received is allocated to contributing funds based on cash and temporary investment balances.

Payroll Withholding: Payroll withholding checks written and held at June 30, 2022 for July 2022 payrolls from 2021-2022 contracts in the amount of $660,058 are included in the financial statements as an expenditure paid in the month of June. This practice has been consistently followed in previous years.

Vacation and PTO: Vacation time and PTO are considered as expenditures in the year paid. PTO earned but unused will be paid at rates based on years of eligibility upon retirement or separation at $25 to $100 per day depending on length of service. Vacation days accrued in a fiscal year from July 1 through June 30 must be used by June 30 of the following year or forfeited. At termination, earned but unused vacation days will be paid to the full-time employee at their current rate of pay.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

OPEB Liabilities: As the District uses the modified cash basis of accounting, OPEB liabilities are not reported in these financial statements. The District has not provided for an estimate of this liability to be performed.

NOTE B - DEPOSITS AND INVESTMENTS

Custodial credit risk: For deposits, custodial credit risk is the risk that in the event of bank failure, the District's deposits may not be returned to it. At June 30, 2022, the bank balances of the District's deposits totaled $53,546,121. Of this amount $250,000 was covered by FDIC insurance and $53,296,121 was supported by collateral, held by banks in the District's name that do not hold the collateralized deposit, as well as repurchase agreements that are secured by collateral held at Federal Reserve Bank.

Interest rate risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District has a formal investment policy that minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates by structuring the investment portfolio so that securities mature to meet cash requirement for ongoing operation, thereby avoiding the need to sell securities on the open market prior to maturity and investing operating funds primarily in shorter term securities.
Credit risk: Credit risk is defined as the risk that an issuer or other counterparties to an investment in debt securities will not fulfill its obligation.

The Missouri Securities Investment Program (MOSIP) is professionally managed by PFM Asset Management LLC, a registered investment adviser, who is one of the nations' largest administrators of local government investment programs. All investments in the MOSIP pool are rated AAAm by Standard and Poor's and meet the permitted investments statutes for Missouri Schools. The District has a total of $690,234 invested with MOSIP at June 30, 2022.

The Missouri Capital Asset Advantage Treasury (MOCAAT) is professionally managed by PMA Finanical Network, LLC, PMA Securities LLC and PMA Asset Management, registered investment advisers, who are one of the midwest's largest administrators of local government investment programs. All investments in the MOCAAT pool are rated AAAm by Standard and Poor's and meet the permitted investments statutes for Missouri Schools. The District has a total of $20,017,281 invested with MOCAAT at June 30, 2022.

Concentration of credit risk: Concentration of credit risk is the risk loss attributed to the magnitude of a government's investment in a single user. The District's investment policy places limits on the amount of investments in certain issuers including U.S. Government agencies, collateralized repurchase agreements, U.S. Government securities, commercial paper and bankers' acceptances.

Certificates of Deposit: Certificates of deposit with maturities in excess of three months are considered deposits for custodial risk determination. As of June 30, 2022, the certificates of deposit totaled $55,876 which were covered by FDIC insurance.

NOTE C - INSURANCE

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. The District maintains commercial insurance to protect itself from such risks. Additionally, the District carries excess liability coverage with a per occurrence limit of liability of $4,000,000.

NOTE D - TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and payable by December 31. Clay County collects the property tax and remits it to the District. The District also receives sales tax collected and remitted by the state based on weighted average daily attendance. The District is required to reduce its total operating levy by one-half the amount of sales tax received in the previous fiscal year. The District's voters have approved a waiver of the rollback and, therefore, the District was not required to reduce its levy for the calendar year 2021.

The assessed valuation of the tangible taxable property for the calendar year 2021 for purposes of local taxation was:

Real Estate:	
Residential	$ 945,378,920
Agricultural	2,789,480
Commercial	216,766,588
Personal Property	215,731,164
Total	$ 1,380,666,152

The tax levy per $100 of the assessed valuation of tangible taxable property for the calendar year 2021 for purposes of local taxation was:

	Unadjusted	Adjusted
General Fund	$ 4.0083	$ 4.0083
Special Revenue Fund	-	-
Debt Service Fund	1.5594	1.5594
Capital Projects Fund	0.3600	0.3600
	$ 5.9277	$ 5.9277

The receipts of current and delinquent property taxes during the fiscal year ended June 30, 2022, aggregated approximately 97 percent of the current assessment computed on the basis of the levy as shown above.

NOTE E - TAX ABATEMENTS AND INCENTIVES

The District's property tax revenues were reduced by $5,602,859 under agreements entered into by the City of Liberty. This amount is comprised of $5,443,024 of Chapter 100 Abatements and $159,835 of Chapter 353 Abatements. Information was provided by the City of Liberty Finance Department

The Tax Increment Financing Commissions of Kansas City, Missouri and of Liberty, Missouri have entered into agreements with developers to stimulate economic growth. The District's property tax revenue was reduced by $386,334 for 2021 under these agreements from the City of Kansas City and $2,113,129 from the City of Liberty. The District also received payments in lieu of tax for the 2021 tax year in the amount of $1,154,082 from Clay County. This amount is comprised of $961,577 associated with the Kansas City abated property taxes and $192,505 associated with the City of Liberty abated property taxes. Information was provided by the City of Liberty Finance Department and Clay County Assessor's Office.

NOTE F - RETIREMENT PLAN

PSRS is a mandatory cost-sharing multiple employer retirement system for all full-time certificated employees and certain part-time certificated employees of all public school districts in Missouri (except the school districts of St. Louis and Kansas City) and all public community colleges. PSRS also includes certificated employees of PSRS, Missouri State Teachers' Association, Missouri State High School Activities Association, and certain employees of the state of Missouri who elected to remain covered by PSRS under legislation enacted in 1986, 1987 and 1989. The majority of PSRS members are exempt from Social Security contributions. In some instances, positions may be determined not to be exempt from Social Security contributions.

Any PSRS member who is required to contribute to Social Security comes under the requirements of Section 169.070 (9) RSMo, known as the "2/3's statute." PSRS members required to contribute to Social Security are required to contribute two-thirds of the approved PSRS contribution rate and their employer is required to match the contribution. The members' benefits are further calculated at two-thirds the normal benefit amount. An Annual Comprehensive Financial Report ("ACFR") can be obtained at www.psrs-peers.org.

PSRS is a defined benefit plan providing retirement, disability, and death/survivor benefits. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of 5 years of service, (b) have 30 years of service or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 2.5% benefit factor. Beginning July 1, 2001, and ending July 1, 2014, a 2.55% benefit factor is used to calculate benefits for members who have 31 or more years of service. Actuarially age-reduced benefits are available for members with five to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount. A Summary Plan Description detailing the provisions of the plan can be found on PSRS' website at www.psrs-peers.org. Since the prior valuation date the benefit provisions were amended to make permanent an early retirement benefit allowing members to retire at any age after 25 years of service.

PSRS members were required to contribute 14.5% of their annual covered salary during fiscal year 2022. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 1% of pay. Contributions for employees of the State of Missouri were made by the state in accordance with the actuarially determined contribution rate needed to fund current costs and prior service costs of state employees as authorized in Section 104.342.8 RSMo.

The District's contributions to PSRS for the year ended June 30, 2022 were $10,606,395. The District's contributions to S-PSRS, the "2/3's statute", for the year ended June 30, 2022 were $125,670.

PEERS is a mandatory cost-sharing multiple employer retirement system for all public school district employees (except the school districts of St. Louis and Kansas City), employees of the Missouri Association of School Administrators, and community college employees (except the Community College of St. Louis). Employees of covered districts who work 20 or more hours per week on a regular basis and who are not contributing members of the Public School Retirement System of Missouri (PSRS) must contribute to PEERS. Employees of PSRS who do not hold Missouri educator certificates also contribute to PEERS. PEERS was established as a trust fund by an Act of the Missouri General Assembly effective October 13, 1965. Statutes governing the System are found in Sections 169.600-169.715 and Sections 169.560-169.595

NOTE F - RETIREMENT PLAN (continued)

RSMo. The statutes place responsibility for the operation of PEERS on the Board of Trustees of the Public School Retirement System of Missouri. An Annual Comprehensive Financial Report ("ACFR") can be obtained at www.psrs-peers.org.

PEERS is a defined benefit plan providing service retirement and disability benefits to its members. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 1.61% benefit factor. Members qualifying for "Rule of 80" or "30-and-out" are entitled to an additional temporary .8% benefit multiplier until reaching minimum Social Security age (currently age 62). Actuarially age-reduced retirement benefits are available with five years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor.

Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount. A Summary Plan Description detailing the provisions of the plan can be found on PSRS' website at www.psrs-peers.org.

PEERS members were required to contribute 6.86% of their annual covered salary during fiscal year 2022. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 0.5% of pay.

The District's contributions to PEERS for the year ended June 30, 2022 were $2,139,305.

NOTE G - LEASE COMMITMENT

The District has a non-cancelable lease agreement which provides the District's buildings with the use of a fiber optic system for the District's wide area network. The service will provide fiber optic access and all maintenance. The lease is for ten years requiring varying annual installments through July 1, 2022.

Lease expense for year ended June 30, 2022 was $426,076.

NOTE H - LONG-TERM DEBT

Changes in long-term debt during the fiscal year were as follows:

	Balance July 1, 2021	Additions	Retirements	Balance June 30, 2022	Amount Due Within One Year
Bonds payable	$ 113,086,000	$ -	$ 5,810,000	$ 107,276,000	$ 6,450,000
Lease participation certificates	31,075,000	-	2,235,000	28,840,000	2,375,000
Direct borrowings	7,519,207	5,746,199	4,572,977	8,692,429	3,327,338
Total	$ 151,680,207	$ 5,746,199	$ 12,617,977	$ 144,808,429	$ 12,152,338

NOTE I - BONDS PAYABLE

Bonds payable outstanding at June 30, 2022 are as follows:

Series 2010A taxable general obligation qualified school construction bonds, interest payable semi-annually, principal due March 2027 interest at 5.15%	$ 4,631,000
Series 2014 general obligation refunding bonds due in varying annual installments through March 2024 interest at 5.00%	1,225,000
Series 2015 general obligation refunding bonds due in varying annual installments through March 2024 interest at 3.00% to 4.00%	6,000,000
Series 2016 general obligation refunding bonds due in varying annual installments through March 2036 interest at 4.00%	46,420,000
Series 2018 general obligation building bonds due in varying annual installments through March 2038 interest at 3.10% to 4.00%	49,000,000
Total	$ 107,276,000

Debt service requirements to maturity are:

Year Ending June 30,	Principal	Interest	Total
2023	$ 6,450,000	$ 4,246,047	$ 10,696,047
2024	6,375,000	3,992,047	10,367,047
2025	2,945,000	3,730,796	6,675,796
2026	3,000,000	3,612,996	6,612,996
2027	7,631,000	3,492,996	11,123,996
2028	3,100,000	3,134,500	6,234,500
2029	3,200,000	3,010,500	6,210,500
2030	3,400,000	2,882,500	6,282,500
2031	6,750,000	2,746,500	9,496,500
2032	7,300,000	2,505,750	9,805,750
2033	7,875,000	2,243,750	10,118,750
2034	8,450,000	1,928,750	10,378,750
2035	9,050,000	1,590,750	10,640,750
2036	10,250,000	1,228,750	11,478,750
2037	10,500,000	818,750	11,318,750
2038	11,000,000	398,750	11,398,750
Total	$ 107,276,000	$ 41,564,132	$ 148,840,132

NOTE J - LEASE PARTICIPATION CERTIFICATES

On March 1, 2014, the District entered into a lease purchase agreement to finance the cost of constructing additional classrooms at various locations, constructing a gymnasium at Liberty High School, constructing security upgrades throughout District facilities and installing technology infrastructure and related improvements to various school facilities throughout the District. The lease is for twenty years requiring varying annual installments through April 1, 2034, interest at 3.00% to 5.00%. The lessor issued $24,150,000 Series 2014 Certificates of Participation which were used to pay costs of issuance of the certificates as well as the projects described above.

On February 25, 2015 the District entered into a lease purchase agreement to finance the costs of acquiring, constructing, improving, furnishing and equipping school facilities. The lease is for twenty years requiring varying annual installments through April 1, 2034, interest at 4.00% to 5.00%. The lessor issued $6,440,000 Series 2015 Lease Participation Certificates which were used to pay costs of issuance of the certificates as well as the projects described above.

On March 17, 2016 the District entered into a lease purchase agreement to refinance an outstanding lease obligation on computer equipment and to refund Series 2007 Lease Certificates of Participation. The lease is for twelve years requiring varying annual installments through April 1, 2028, interest at 3.00% to 4.00%. The lessor issued $10,700,000 Series 2016 Refunding Lease Participation Certificates which were used to pay costs of issuance of the certificates as well as the projects described above.

Debt service requirements to maturity are as follows:

Year Ending June 30,	Principal	Interest	Total
2023	$ 2,375,000	$ 1,157,006	$ 3,532,006
2024	2,490,000	1,072,506	3,562,506
2025	2,600,000	984,156	3,584,156
2026	2,715,000	901,438	3,616,438
2027	2,850,000	813,425	3,663,425
2028	2,960,000	717,675	3,677,675
2029	1,825,000	616,438	2,441,438
2030	1,975,000	547,000	2,522,000
2031	2,075,000	452,500	2,527,500
2032	2,200,000	348,750	2,548,750
2033	2,325,000	238,750	2,563,750
2034	2,450,000	122,500	2,572,500
Total	$ 28,840,000	$ 7,972,144	$ 36,812,144

NOTE K - DIRECT BORROWINGS

On August 1, 2016 the District entered into a lease purchase agreement to finance the cost of acquiring nineteen school buses for the District. The lease is for six years requiring annual installments of $294,045 through September 2021, interest at 1.40%.

On April 6, 2020 the District entered into a lease purchase agreement to finance the cost of acquiring technology equipment for the District. The lease requires a payment of $2,128,503 on July 5, 2020, then three annual payments of $1,936,515 through July 2023, interest at 1.2515%

NOTE K - DIRECT BORROWINGS (continued)

On July 1, 2020 the District entered into a lease purchase agreement to finance the cost of acquiring copiers for the District. This lease is for sixty months requiring monthly installments of $11,839 through August 20, 2025, interest at 4.38%. On November 18, 2020, the District updated this lease purchase with an addendum for an additional copier. This lease is for fifty-six months requiring monthly installments of $76 through October 2025, interest at 5.88%.

On September 15, 2020 the District entered into a lease purchase agreement to finance the cost of acquiring ten school buses for the District. The lease is for eight years requiring annual installments of $153,050 through December 2027, interest at 1.28%.

On February 20, 2022 the District entered into a lease purchase agreement to finance the cost of acquiring technology equipment for the District. The lease requires a payment of $2,186,000 on June 1, 2022, then three annual payments of $1,245,090 through July 2025, interest at 1.8957%

Debt service requirements to maturity are as follows:

Year Ending June 30,	Principal	Interest	Total
2023	$ 3,327,338	$ 150,302	$ 3,477,640
2024	3,387,999	89,572	3,477,571
2025	1,505,600	35,524	1,541,124
2026	171,170	5,863	177,033
2027	149,206	3,844	153,050
2028	151,116	1,934	153,050
Total	$ 8,692,429	$ 287,039	$ 8,979,468

All outstanding leases from direct borrowings contain an event of default that changes the timing of the repayment of outstanding amounts to become immediately due if the District is unable to make payments.

NOTE L - INTERFUND TRANSFERS

During the year, the District made a $1,500,000 transfer from the General Fund to the Capital Projects Fund for necessary capital outlay expenditures. This revenue transfer is capped by an amount calculated annually by the Missouri Department of Elementary and Secondary Education (DESE).

Also, as allowed by DESE, the District transferred $30,511,358 from the General Fund to the Special Revenue Fund to avoid deficit spending in the Special Revenue Fund.

NOTE M - LITIGATION

As of June 30, 2022, the District had several unsettled claims at various stages of litigation. At this time, outcomes cannot be predicted, however, the District is vigorously defending against each claim.

NOTE N - FUND BALANCES - GOVERNMENTAL FUNDS

Statement No. 54 of the Governmental Accounting Standards Board (GASB 54) establishes accounting and financial reporting standards for all governments that report governmental funds. GASB 54 establishes criteria for classifying fund balances and clarifies definitions for governmental fund types.

GASB 54 establishes five (5) fund balance categories: Nonspendable, Restricted, Committed, Assigned and Unassigned:

Nonspendable fund balance: Funds that cannot be spent due to their form (e.g., inventories and prepaid) or funds that legally or contractually must be maintained intact.

Restricted fund balance: Funds that are mandated for a specific purpose by external parties, constitutional provisions or enabling legislation.

Committed fund balance: Funds that are set aside for a specific purpose by the District's highest level of decision-making authority. Formal action must be taken prior to the end of the fiscal year. The same formal action must be taken to remove or change the limitations placed on the funds.

Assigned fund balance: Funds that are set aside with the intent to be used for a specific purpose. Intent is expressed by a governing body, a body (budget or finance committee) or an official that has been given the authority to assign funds. Assigned funds cannot cause a deficit in unassigned fund balance.

Unassigned fund balance: Excess funds that have not been classified in the previous four (4) categories. All funds in this category are considered spendable resources. This category also provides the resources necessary to meet unexpected expenditures and revenue shortfalls. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative fund balance.

The Board of Education has the authority to set aside funds for a specific purpose. Commitments are authorized by formal Board resolution. The passage of a resolution must take place prior to June 30 of the applicable fiscal year. If the actual amount of the commitment is not available by June 30, the resolution must state the process or format necessary to calculate the actual amount as soon as information is available. Assignments are authorized by fund placement in the Special Revenue, Capital Projects and Debt Service Funds in the original, adopted and later revised budget.

The Board delegates the authority to assign amounts for specific purpose(s) to the Chief Financial Officer.

When both restricted and unrestricted funds are available for expenditure, restricted funds should be spent first unless legal requirements disallow it.

When committed, assigned and unassigned funds are available for expenditure, unassigned funds should be spent first, assigned funds second and committed funds last.

NOTE N - FUND BALANCES - GOVERNMENTAL FUNDS (continued)

As of June 30, 2022, fund balances are composed of the following:

	General Fund	Special Revenue Fund	Debt Service Fund	Capital Projects Fund	Total
Nonspendable:					
Scholarships	$ 55,000	$ -	$ -	$ -	$ 55,000
Restricted:					
Scholarships	876	-	-	-	876
Debt service	-	-	27,202,406	-	27,202,406
Total restricted	876	-	27,202,406	-	27,203,282
Assigned:					
Student activities	1,551,854	-	-	-	1,551,854
Food service	1,824,748	-	-	-	1,824,748
Capital projects	-	-	-	2,580,366	2,580,366
Total assigned	3,376,602	-	-	2,580,366	5,956,968
Unassigned	39,471,137	-	-	-	39,471,137
Total	$ 42,903,615	$ -	$ 27,202,406	$ 2,580,366	$ 72,686,387

See accompanying notes to the basic financial statements.

Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 67, RSMo, the District adopts a budget for each fund.

2. Prior to July, the Chief Financial Officer, who serves as the budget officer, submits to the Board of Education a proposed budget for the fiscal year beginning on the following July 1. The proposed budget includes estimated revenues and proposed expenditures for all funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year.

3. A public hearing is conducted to obtain taxpayer comments. Prior to its approval by the Board of Education, the budget document is available for public inspection.

4. Prior to July 1, the budget is legally enacted by a vote of the Board of Education.

5. Subsequent to its formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the Board. Adjustments made during the year are reflected in the final budget information included in the financial statements.

6. Budgets for District funds are prepared and adopted on the modified cash basis (budget basis), recognizing revenues when collected and expenditures when paid.

Note 1. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Liberty Public School District No. 53 has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 2. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Liberty Public School District No. 53 under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Liberty Public School District No. 53, it is not intended to and does not present the financial position, change in net position or cash flows of Liberty Public School District No. 53.

INDEPENDENT ACCOUNTANTS' REPORT ON ADMINISTRATION'S ASSERTION ABOUT COMPLIANCE WITH SPECIFIED REQUIREMENTS OF MISSOURI LAWS AND REGULATIONS

To the Board of Education
Liberty Public School District No. 53

We have examined the administration's assertion, included in its representation letter dated October 18, 2022, that Liberty Public School District No. 53 complied with the requirements of Missouri Laws and Regulations regarding budgetary and disbursement procedures; accurate disclosure by the District's attendance records of average daily attendance, resident membership on the last Wednesday of September 2021 and the number of students eligible to receive free or reduced price lunches on the last Wednesday of January 2022; and accurate disclosure by the District's pupil transportation records of the average students scheduled to be transported eligible and ineligible for state aid, the number of miles eligible and ineligible for state aid and the allowable costs for pupil transportation during the year ended June 30, 2022. As discussed in that representation letter, the administration is responsible for the District's assertion. Our responsibility is to express an opinion on the administration's assertion about the District's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the administration's assertion about compliance with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether the administration's assertion is fairly stated, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the administration's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the administration's assertion that the District complied with the aforementioned requirements for the year ended June 30, 2022 is fairly stated, in all material respects.

This report is intended solely for the information and use of the Board of Education, the administration and the Missouri Department of Elementary and Secondary Education and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education
Liberty Public School District No. 53

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the modified cash basis financial statements of the governmental activities and each major fund of Liberty Public School District No. 53 as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 18, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Fax: Richmond: (816) 470-7100 Carrollton: (660) 542-3959
Website: www.westbrookcpa.com

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education
Liberty Public School District No. 53

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Liberty Public School District No. 53's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Westbrook & Co., P.C.

Richmond, Missouri
October 18, 2022

LIBERTY PUBLIC SCHOOL DISTRICT NO. 53
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2022

A. SUMMARY OF AUDITORS' RESULTS

Financial Statements

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with the modified cash basis:	Unmodified			
Internal control over financial reporting:				
• Material weakness(es) identified?		Yes	X	No
• Significant deficiency(ies) identified?		Yes	X	None reported
Noncompliance material to financial statements noted?		Yes	X	No

Federal Awards

Internal control over major programs:				
• Material weakness(es) identified?		Yes	X	No
• Significant deficiency(ies) identified?		Yes	X	None reported
Type of auditors' report issued on compliance for major federal programs:	Unmodified			
Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)		Yes	X	No

Identification of major federal programs:

Child Nutrition Cluster	AL No. 10.553 and 10.555
Emergency Connectivity Fund Program	AL No. 32.009
Education Stabilization Fund	AL No. 84.425

Dollar threshold used to distinguish between type A and type B programs:	$ 750,000			
Auditee qualified as low-risk auditee?		Yes	X	No

B. FINDINGS - FINANCIAL STATEMENT AUDIT

None

C. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT

None
