
Napa Valley Unified School District
Block Groups Population
Moskowite Corner, CA
Yountville, CA
Silverado Resort, CA
American Canyon, CA

Instructions for Public Participation

The colored areas in this map represent Census Block Groups in NVUSD. The numbers represent the number of people living in each Block Group. You can use this map to show the Board of Trustees how you'd like the new trustee areas to be drawn. Add the numbers in the Block Groups to determine the population in the trustee areas you create. Remember, each trustee area should have roughly 16,506 people in it!

Please use a thick pen or marker to draw where you'd like the districts to be located. Then, email your map to **districting@nvusd.org**, mail it to **2425 Jefferson Street, Napa, CA, 94558**, or bring it to any redistricting meeting/hearing. Please submit your map by April 6, 2020 to be considered for the draft map!
