NAPA VALLEY
UNIFIED SCHOOL DISTRICT

The Board has provided **an Online Redistricting Tool**, through Districtr, with which you can create trustee areas using census blocks. Please navigate to https://districtr.org/napa, where you can draw your own Trustee areas for Napa Valley Unified School District by scrolling to the bottom of the page and clicking "7 Trustee Areas Built Out of Blocks." Please refer to Districtr's tutorial to learn more about how to use this tool.

Once you're created your new trustee areas, please share your plan with us by clicking "Share" in the upper right-hand corner of the screen, copying the URL, and emailing the URL to us at **districting@nvusd.org**. If possible, please include some information as to why you chose to create the trustee areas the way that you did in the email.

Thank you for your participation in NVUSD's districting!
