Learner: Homeroom: Graduation Cohort:

The purpose of this communication is to outline our next steps related to course selection. Please read all the information carefully.

The process for creating a 26-27 schedule will consist of students building a draft schedule on paper and then scheduling a finalizing meeting with your school counselor. Students will be expected to come to this finalization meeting with a draft schedule for 26-27 school year. The finalization meeting will be scheduled through sign-up genius by each graduating class cohort.

This message includes several resources to help you prepare for the course selection process. The presentation on February 18th will provide information related to course selection. Individuals present in the building will attend the presentation in person during their FLEX. Students who are not in the building will need to access the zoom link posted on the Class of 2027 Schoology group page for the presentation that begins at 12:55 PM.

Each graduating cohort receives the Sign-up Genius link on the course selection directions page of this packet to schedule their finalization appointment with their school counselor. The Class of 2027 Sign-up link will open on February 19th at 7:00 AM.

The next section of this email reviews several resources to assist in creating your schedule:

1. Student specific Teacher Recommendations
    a. This student specific document is attached below. Please review. The document lists teacher recommendations for students to consider when creating a 26-27 schedule. A blank indicates no recommendation was entered for that content area.
2. PowerSchool Student Portal
    a. Review your academic standing toward the completion of high school credits for graduation on your PowerSchool student Portal.
3. Course Selection Directions
    a. The directions explain the process for selecting courses and are attached. This also includes the Sign up Genius link.
4. Resources on HS Course Selection Website
    a. 2026-27 Curriculum Guide Student Services Course Selection page.

Teacher Recommendations		
Course	**First Recommendation**	**Second Recommendation**
English Language Arts		
Mathematics		
Science		
Social Studies		
World Language		

Following the presentation, members of the Class of 2027 should begin creating a draft schedule. The next step is to schedule your finalization meeting. The outcome of this meeting is to have a finalized schedule for the 26-27 school year. Note, schedules will not be changed following this meeting. The only time to complete any scheduling changes will occur during the drop/add request window that will begin at the start of the 26-27 school year.

Additionally, note the following:

- Students who drop a course after the scheduling deadline will receive a Withdraw/Fail and this will be reflected on transcripts as “WF” and treated as an “F” grade for GPA calculation purposes.

Individuals who are not prepared with a draft schedule, may be asked to reschedule their appointment for a later date.

If you attend classes in the building:

a. Meetings will occur in-person students will meet with their school counselor in Student Services.
b. Have a copy of your draft schedule ready.

If you attend classes as a Full-Time Online student:

a. Contact your school counselor and they will provide you with a zoom meeting invitation. Please be prompt.
b. Have your draft schedule ready.

(learners)

RESOURCES & TOOLS FOR SCHEDULING

a. The primary resource for all course selection materials is the High School Student Services Course Selection page. All information will be updated and shared through this website. The website will contain the following resources:
   i. 26-27 MCHS Curriculum Guide
   ii. Schedule Worksheets for each graduating class.

PROCESS OVERVIEW:

1. **Handouts to Students:** Every student will receive the following handouts. These documents have been emailed to your MC outlook account
   a. Course Selection Directions (general)
      i. The directions explain the process for selecting courses.
   b. Schedule Worksheet (grade specific)
      i. This document is a copy of the master schedule and shows all the courses available to a student in that particular grade.
   c. Teacher Recommendation (student specific)
2. **Attend the Course Selection Presentation in person or on Zoom**.
3. **Make a Draft Schedule.**
   a. After the presentation, students should begin creating a schedule using the Schedule Worksheet and teacher recommendations.
   b. Create a draft schedule by identifying (circle/highlight) the course to be scheduled.
   c. The draft schedule is a critical step and must be completed before meeting with your school counselor.
4. **Schedule your Finalization Meeting with your School Counselor**
   a. Appointments will be scheduled via Sign-up Genius and organized by grading cohorts
   b. This meeting is the finalization of your 26-27 school schedule. Changes will not be permitted once the meeting is over.
   c. The Sign-up Genius link will open on the following schedule:
      i. Class of 2027: February 19th @ 7:00 AM
      ii. The link to schedule your finalization appointment is below:
         1. Mr. Martin – **Last names starting with D– PATS**
            a. https://www.signupgenius.com/go/70A044BA9AD2BA2FF2-class7#/
         2. Mrs. Matos – **Last names starting with A-C and PATT – Z**

GUIDANCE FOR CREATING A SCHEDULE:

- ✔ **Seniors will schedule 8 total credits including the following coursework**: 1 credit of ELA, 1 credit of Mathematics, and 6 elective credits.
- ✔ **Juniors will schedule 8 total credits including the following coursework:** 1 credit of ELA, 1 credit of Mathematics, 1 credit of Social Studies, 1 credit of Science, 0.5 credit of Financial Literacy, 0.5 credit of Physical Education, and 3 elective credits.
- ✔ **Sophomores will schedule 8 total credits including the following coursework:** 1 credit of ELA, 1 credit of Mathematics, 1 credit of Social Studies, 1 credit of Science, 0.5 credit of Physical Education, and 3.5 elective credits.
- ✔ **Freshmen will schedule 8 total credits including the following coursework:** 1 credit of ELA, 1 credit of Mathematics, 1 credit of Social Studies, 1 credit of Science, 0.5 credit of Careers and Your Money, 0.5 credit of Physical Education, 0.5 credit of Health, and 2.5 elective credits.

12th Grade Schedule Worksheet

	Block	Marking Period(s)	English Language Arts (1 credit)	Mathematics (1 credit)	Science (Counts as electives)	Social Studies (Counts as electives)	Electives (6 credits)	PE (Counts as electives)
Fall Semester	Block 1	MP1	Communications for Careers				Ceramics 1, Childcare Development, Digital Design Printing, Drawing Painting 1, Fundamentals of Food, Stock Market Investing,	Lifetime Fitness, Individual/Dual
		MP2	Public Speaking				3-D Art 1, Baking and Pastry, Ceramics 1, Childcare Development, Digital Design Printing, Band Orchestra Choir	
		Semester (MP1 and MP2)	Conflict Lit, Power of Written Expression	Statistics, Algebra II	APChem, Chemistry, Honors Anat/Physiology,		Ag Environment and Natural Resources, APSpanish Lang Part 1, Broadcasting, Intro to Agriculture, Materials and Production III, Small Gas Engines, Spanish 1,	Advanced Weight Training
	Block 2	MP1				American Law and Justice	Ceramics 1, Creating with Code, Digital Photography, Drawing Painting 2, Fundamentals of Food, Intro to Video Production, Materials and Prod 1, PreSchool Lab	Individual/Dual
		MP2					Adv Ceramics, Cooking Lite and Easy, Digital Photography, Drawing Painting 2, Intro to Business, Intro to Video Production, Materials and Production 1, PreSchool lab, Robotics, Sports Med	Lifetime Fitness
		Semester (MP1 & MP2)	American Lit, APLang and Composition	Algebra II, Consumber Business Math, Pre-Calc	AP Biology, CHS Forensic Science		Ag Construction, Dairy Poultry Equine, German II, Materials and Producion II, Spanish I	Advanced Weight Training
	Block 3	MP1	Communications for Careers				Ag Plumbing Concrete Electric, Creating with Code Fundamentals of Food, Game Development, Materials and Production 1, PreSchool Lab	Personal Fitness
		MP2	Public Speaking, APResearch*				CHS Web Design, Intro to Ag Welding, PreSchool lab, Materials and Production 1, Robotics	Personal Fitness Lifetime Fitness
		Semester (MP1 & MP2)	Journeys in Mythology,	Algebra II, APCalc AB, Honors Pre-Calc	Chemistry, Forensic Science	AP Psychology	CHS Entrepreneurship, German III, Intro to Agriculture, Materials and Production II, Spanish I, Spanish II	Advanced Weight Training
	Block 4	MP1	Public Speaking			Perspecives in Sociology	3-D Art 1, Ceramics 1, Design Build, Stock Market Investing, Transportation Systems	Outdoor Ed, Intro to Weight Training
		MP2	Communications for College, APResearch*			Intro to Psychology	Design, Build, Energy Power Control, Drawing Painting 1, Ceramics 2, Fundamentals of Food, Intro to Business	Lifetime Fitness
		Semester (MP1 & MP2)	American Lit, Power of Written Expression	Calculus, Honors Alg II,	AP Environmental Sci, Physics, Forensic Science	AP US Governemtn and Politics	German II, Intro to Agriculture, Nursery/Landscape, Spanish II	
Spring Semester	Block 1	MP3	Public Speaking				Ag Business, Baking and Pastry, Ceramics 1, Childcare Development, Digital Design Printing, Intro to Business, Materials and Production I	Lifetime Fitness
		MP4	Communication for College				Ag Sales & Marketing, Ceramics 1, Childcare Development, Digital Photography, Drawing Painting 1, Fundamentals of Food, Materials and Production I	Personal Fitness
		Semester (MP3 & MP4)	Power of Written Expression,	AP Statistics, Algebra II	APChem, Chemistry, Physics		Ag Food Science & Safety, Film Production, German I, APSpanish Lang Part 2, Small Gas Engines, Spanish I, Band Orchestra Choir	Advanced Weight Training
	Block 2	MP3					Architectural Drawing and Design, Adv Art Portfolio, Adv Ceramics, Baking and Pastry, Digital Photography, Intro to Business, Intro to Video Production, Preschool Lab, Stock Market Investing,	Lifetime Fitness
		MP4					Computer Aided Drafting (CAD), Digital Design Printing, Digital Photography, Drawing Painting 2, Ceramics 1, Fundamentals of Food, Preschool lab, Sports Med, Stock Market Investing,	Lifetime Fitness
		Semester (MP3 & MP4)	Journeys in Mythology, Sports Lit, AP Lang and Composition APSeminar	Statistics, Honors Alg II Algebra II Pre-Calc	AP Biology, Chemistry, AP Physics		Ag Construction, German I, Spanish III, Vet Small Animal Science	Advanced Weight Training
	Block 3	MP3				American Law and Justice	Computer Aided Drafting (CAD), Cooking Lite and Easy, Drawing Painting 1, Intro to Ag Welding, Intro to Business, Preschool Lab,	Personal Fitness
		MP4					Ag Plumbing Concrete Electric, Architectural Drawing and Design, Cooking Lite and Easy, Intro to Business, Preschool lab,	Individual/Dual
		Semester (MP3 & MP4)	Conflict Lit, APResearch	Algebra II APCalc BC, Honors Algebra II Pre-Calc	Chemistry, Forensic Science	AP Psychology	CHS Drone Pilot, CHS German, Intro to Agriculture, Materials and Production III, Spanish I, Spanish III	Advanced Weight Training
	Block 4	MP3				Perspecives in Sociology	3-D Art 2, Ceramics 2, Energy Power Control, Intro to Business, Materials and Production 1, Robotics	Outdoor Ed, Intro to Weight Training
		MP4				Intro to Psychology	3-D Art 1, Ceramics 1, Intro to Business, Materials and Production 1, Robotics, Transportation Systems	Lifetime Fitness, Outdoor Ed
		Semester (MP3 & MP4)	Sports Lit, APResearch APSeminar	Algebra II, Consumber/Business Math, Honors Pre-Calc	Climatology, CHS Forensic Science Honors Anat/Physiology,	AP US Governemtn and Politics	Intro to Agriculture, Greenhouse Management, Materials and Production II, Spanish II
