"The timeless in you is aware of life's
timelessness...yesterday is but today's
memory & tomorrow is today's dream."

~Kahlil Gibran

Dr. Thomas Powell, President
Mr. Marc Minsker, Principal

Dr. Powell & Mr. Minsken

Our yearbook theme this year is "Timeless" and although that might sound like a rather generic term, it is certainly indicative of a school that has been around for almost 190 years. Saint John's may have looked different over the years, existing on three different campuses over its two centuries and changing from an all-boys to a co-ed school in the first part of the 20th century. But it is the ageless quality of our curriculum and our Catholic mission that has defined the school in an important and lasting way.

Over the years, we have had the opportunity to meet many alums who graduated from the original campus on 2nd Street in downtown Frederick, from Prospect Hall, and from our current campus. In most cases and regardless of the campus they remember, alumni have a particular fondness for the timeless quality of a Saint John's education. Often they comment on what it means to be part of an enduring tradition in Frederick County and in the State of Maryland, where their alma mater is the oldest Catholic high school in the state.

However you think of the concept of "timeless," this yearbook will no doubt prove to be so when you find yourself reading these words in a future decade. The time-frame captured in these pages will hopefully remind you of a great memory, a particular friend, or an inspiring teacher or staff member.

Dr. Powell and I both hope that the education you received at Saint John's has equipped your mind, body, and spirit for any adventure, challenge or opportunity that comes your way.
