Renaissance Elementary School
February SGC Summary of Action

2/17/25

During the meeting, members approved the February agenda and the January meeting minutes. The council reviewed updates regarding Parent and Teacher SGC elections, which began on February 2 and will end on March 27. Members discussed the current vacancies, including two parent positions and one teacher position, and were encouraged to promote the election through newsletters and community outreach.

The council reviewed and unanimously approved the FY27 Annual Budget. Mrs. Arnold presented the proposed budget based on a projected enrollment of 882 students. The budget includes continued support for instructional coaches, the parent liaison, science lab teacher, custodial contract, communication lines, copy machine lease and maintenance, school police overtime supplements, three additional paraprofessionals for grades 1–3, and field trip transportation funding. It was also noted that the administrative assistant position will not be retained in order to maintain eligibility for a second Assistant Principal.

Members also discussed and approved several Charter Dollar expenditure items, including an after-school teacher-led reading book club, a large trophy for the display case, and PBIS signage for hallways. The council also discussed trophies for History Bowl, Science Olympiad, and Helen Ruffin Reading Bowl participants, restroom affirmation murals, field trip transportation, and retractable stage signage. The vote for retractable stage signage was postponed pending review of specific examples.

The council drafted the next meeting agenda, which will include a Cross Council meeting update, Charter Dollar expenditure follow-up, review of stage signage and curtain quotes, and additional school support initiatives. The meeting concluded with adjournment by Ms. Weaver.
