Advance Guitar

The Advance Guitar is the pinnacle of the guitar class here at YWLA. We strive to go above and beyond what is expected to be successful. This success is driven by you as the student to keep a high level of professionalism and expertise in guitar. The Advance Guitar class consistently pushes boundaries on what is capable on and off stage.

Moreover, the chamber students will champion all other students by encouraging, teaching, and setting the example of what it means to be in the Guitar both inside and outside of the classroom.

Expectations for being in the Advance Guitar Class

Being in the top orchestra, all members need to exemplify what it means to be a member of Guitar. We share a commitment to excellence and comradery to push the boundaries of our knowledge, skills, and musicianship to have better performances on and off the stage.

Shared principles:

- **Be Respectful** - We must respect our peers, teachers, ourselves, our equipment and our instruments. Treat everyone with kindness and consideration, especially when they are making mistakes or learning something new.
- **Be Prepared** - Come to class with your instrument, materials, and the right mindset to have a successful rehearsal. Practicing is essential for our success and being prepared for our rehearsals and performances.
- **Be Disciplined** - Good Musicianship is routed in successful daily routines and effort. Always strive for improvement everyday, no matter how small it may be. Discipline will help you stay consistent especially when you don't feel like practicing.
- **Be a Team Player** - We succeed together and we fail together. Support your section, listen actively, and offer encouragement to your peers
- **Take Ownership** - Students are responsible for their own progress, preparation, and behavior. We all must take ownership of our mistakes rather than making excuses. Apologizing and fixing behavior without being forced and helping our peers who are struggling.
