Parent Handbook

2026 – 2027

Robert Santa Maria
Assistant Principal
732-528-8810 ext. 2003
RSantaMaria@manasquan.k12.nj.us

Dear Parents and Guardians:

Welcome to the Warrior Clubhouse Before and After Care Program! Please review the Handbook you will receive as it includes detailed information about activities, procedures, policies, tuition, payment, and contact information. Included are also forms that need to be filled out and **returned by September 4, 2026; however, we will accept students on a rolling basis throughout the year.**

The Before and After Care Program strives to provide an atmosphere where children can enjoy, grow, and learn. The staff always welcomes suggestions and ideas that will help us make your child's time in the program beneficial and rewarding. We encourage you to share your thoughts and ideas with us at any time.

If you have any questions about the content of this book, please feel free to call me at 732-528-8810 ext. 2003.

I look forward to working with you and your children.

Rob Santa Maria

Coordinator of the Warrior Clubhouse

Warrior Clubhouse

Manasquan Elementary School

Before Care opening day will be Tuesday, September 8th, 2026
Aftercare will start on Thursday, September 10th, 2026

Welcome to the Manasquan Elementary School Warrior Clubhouse, a before and after care program that is completely organized and run by Manasquan Elementary School faculty members. The goal of our program is to provide a safe environment for your children during, before and after school hours. They will participate in snack time, indoor/outdoor activities, and interest-driven games and projects. There will also be time to complete homework and socialize with friends.

The **Before Care Program** begins at **7:15 am** and concludes at the start of the school day, 8:15. This morning program is available 5 days a week. Parents can choose which days they would like to enroll their child.

Students can participate in activities, read, prepare for their day and/or socialize with friends. Breakfast or snacks **are not included**; however, parents are welcome to send their child with breakfast or a snack.

Students are to be dropped off no earlier than 7:15 am. They **must be walked** to the front door at which they will be greeted by a security office and supervised entering the cafeteria. Parents can also escort children in unless health guidelines change and dictate otherwise.

***** Our staff is not available until 7:15. In order to ensure the safety of your child(ren), please do not drop any child off before this time.***

The **Aftercare Program** begins at the end of the school day, 2:50 pm, and ends at 5:00 pm (unless otherwise noted in this document.) This option is also available 5 days per week. Parents can choose which days and the number of hours they would like their child to attend.

As children arrive, they will immediately check in for attendance purposes. The program activities vary from day to day. Once students arrive, they will have time for a light snack that they bring from home. Snack time will be followed by some physical activity. After unwinding from the day, the staff member will have one or more projects in which the children can participate. Students can also begin their homework and receive assistance if needed. Again, all activities will be consistent with safety guidelines as dictated by the NJDOE and County Health Department.

Participation

- In order to participate in the Warrior Clubhouse Before and After Care Program, the student registration form, program options form, permission to release form, and medical form must be completed and turned into the coordinator. **Payments must also be up to date**. **Registration will**

be withheld if all financial obligations from the preceding year have not been met. Please refer to the tuition rates, payment schedule, and forms included in this handbook.

- The Warrior Clubhouse accepts students anytime throughout the year. However, registration and forms must be completed and sent to Rob Santa Maria at RSantaMaria@manasquan.k12.nj.us prior to the desired start date.

- **Tuition fees are calculated monthly. Monies are due before the start time of your child's session. Please refer to "Payment Policies" for information about tuition rates, payment schedule, due dates for additional information, and where payment should be made.**

- It is the parent's responsibility to notify the coordinator if their child **is attending school** but **not** Before or After Care as scheduled. Please call Mr. Santa Maria at 732-528-8810 ext. 2003 or email at RSantaMaria@manasquan.k12.nj.us to report this **24 hours** before the start of the school day except in the case of an emergency. You can also always contact the school office to leave a message for the Aftercare program x 2000 or x 2002.

- Please note: A nurse is not available during the morning or afternoon program. Staff members **cannot** administer medication. See Medication/Prescriptions for more information.

- The program will provide reasonable accommodation for students with special needs. It is helpful for the staff to be aware of children whose medical, physical, learning, or social disabilities require special consideration as there may be an additional charge for some accommodation.

- Parents must inform the staff if their child has allergies or special needs as required on the emergency form. Although staff members and the program coordinator have access to the children's emergency and medical forms as this is a school-based program, we are also asking that you fill out forms that will provide us with some additional information as well as give us easy access to the necessary information.

Drop Off and Pick-Up Procedures

Before Care Arrival

Students are to be dropped off no earlier than 7:15 am. They must be walked in through the front door and will be supervised by our security officer entering the cafeteria or parents can escort children provided medical guidelines remain unchanged.

Aftercare Departure

All children must be picked up at their designated pick-up time by an adult who is listed on the registration form. This adult will sign the child out and note the time of his/her departure. It is the parents'/guardians' responsibility to plan for an alternate pick-up if necessary.

Release of a Child

On your child's Permission to Release Form, please provide the full names of **all persons** to whom we may release your child. This includes the names of parents/legal guardians. Pick-up and drop off persons must be 18 years of age or older. Proof of identity will be requested the first time a designated adult picks up a

child. Children will not be released to anyone whose name does not appear on this list without prior written notice from the parent/guardian and/or to anyone who cannot produce proper identification. If a parent needs to modify the list, this must be done in writing or emailed prior to the day of pick-up. For the safety of the students, **no** telephone calls will be honored. **Children are not permitted to leave the program unescorted.**

Inclement Weather Procedures

Delayed Opening

If the district announces a delayed school opening due to emergency conditions, the morning program **will not** be in session.

Emergency Closings

Families will be notified via the Manasquan School District Honeywell Alert System in the event of an emergency closing. If school is closed, the After-Care program is closed as well.

Medical Issues

The Before and After Care staff do not have access to the Nurse's Office after school hours. There will be a first-aid kit on site. Although staff members cannot administer any medications to your child, they will be EpiPen and glucagon trained. It is essential that the child's medical information about allergies, autoimmune diseases, in addition to social and/or emotional concerns you might be noted on his/her medical information sheet.

In the event of a medical emergency, Manasquan Police and First Aid will be notified through 911. The staff member will contact the person(s) listed on the emergency contact form as well as the coordinator. If a child needs to be transported to the emergency room, one of the Before and aftercare staff /coordinator will travel along with the emergency squad. The staff member will stay with the child until a parent/guardian arrives.

Payment Policies

Tuition & Payment

- **Tuition payments are calculated monthly.**
- You will receive an invoice via email noting the monies owed. Receipt of payment is expected by the first of the month prior to your child's first session. Please refer to the listed due dates. Please be reminded that you are being billed according to your registration. If you wish to alter your registration days/times, please notify Robert Santa Maria in writing for the billing to be adjusted accordingly.
- **Late Payments**: Payments are due by the first Friday of the month except for the month of September which is September 11th. Fees will automatically be added to your account. Failure to pay monthly tuition **may** result in the loss of program services.
- A parent may choose to only use the program during early dismissal days.

- If a parent has incurred a late pick-up fee, this fee will be added to the next billing cycle. Late fees will be charged at a rate of $10.00 per each 15 minutes the childcare time is extended.
- All payments should be in the form of check, cash, or money order. Checks should be made out to **Manasquan Elementary School Before and Aftercare Program**. Please mail payments to Warrior Clubhouse c/o Robert Santa Maria, Manasquan Elementary School, 168 Broad Street, Manasquan, NJ 08736 or put in an envelope for submission to an Aftercare staff member.
- Electronic payments **are not available.**

Vacations, Absences, School Closings

- **No price reductions will be given due to absences, school closings or vacations.**
- **If your student is in school, but will not be attending the program on a scheduled day, please call Mr. Santa Maria at 732-528-8810 ext. 2003 or email at RSantaMaria@manasquan.k12.nj.us to report this 24 hours before the start of the school day except in the case of an emergency**

Withdrawal Policy

Withdrawals are only effective the first of each month. Written Notification of this withdrawal should be sent to RSantaMaria@manasquan.k12.nj.us.

Changing Scheduled Participation in the Program

- Parents may change the hours and/or days their child attends the program.

If a parent would like to **change the days** the child will attend the before or aftercare program, written notification must be sent to RSantaMaria@manasquan.k12.nj.us.

If a parent would like to **change the number of days and/or hours** their child will participate in the program, notification should be made by sending an email RSantaMaria@Manasquan.k12.nj.us.

STUDENT RIGHTS

Students have the right to:

1. a quality education
2. be recognized as an individual with unique needs, aspirations, and competencies
3. attend Manasquan Elementary School without fear or abuse
4. expect fair and equitable treatment by staff and peers
5. confidentiality regarding student records as per federal and state laws
6. due process appeal procedures and policies
7. parent notification consistent with the policies and procedures.
8. advance notice of behaviors that result in suspensions and expulsions that have been identified pursuant to N.J.S.A. 18A:37–2
9. education that supports students' development into productive citizens
10. attendance in safe and secure school environments
11. attendance at school irrespective of students' marriage, pregnancy, or parenthood
12. due process appeal procedures and policies, pursuant to 6A:3–1.3 through 1.17; N.J.A.C. 6A:4; and, where applicable, 6A:14–2.7 and 2.8, and 6A:16–7.2 through 7.5
13. parent notification consistent with the policies and procedures established pursuant to 6A:16–6.2(b)3, this section, and 6A:16–7.2 through 7.8
14. protections pursuant to 20 U.S.C. § 1232g, Family Educational Rights and Privacy Act; 34 CFR 99, Family Educational Rights and Privacy; 20 U.S.C. § 1232h, Protection of Pupil Rights; 34 CFR Part 98, Student Rights in Research, Experimental Programs, and Testing; P.L. 104–191, Health Insurance Portability and Accountability Act; 45 CFR 160, General Administrative Requirements; 20 U.S.C. § 7165, Transfer of school disciplinary records; 42 CFR Part 2, Confidentiality of Alcohol and Drug Abuse Patient Records; 18A:40A–7.1, Confidentiality of certain information provided by pupils, exceptions; 6A:16–3.2, Confidentiality of student alcohol and other drug information; 18A:36–19, Pupil records, creation, maintenance and retention, security and access, regulations, nonliability; 2A:4A–60, Disclosure of juvenile information, penalties for disclosure; N.J.A.C. 6A:32–7, Student Records; 6A:14–2.9, Student records; as well as other existing Federal and State laws and rules pertaining to student protections;

STUDENT RESPONSIBILITIES

You have a responsibility to gain full measure of benefit from your education experience. You have a responsibility to perform your best academically, arrive to school and classes on time, and be in attendance daily You have a responsibility for your own actions and a responsibility for accepting appropriate consequences in a gracious fashion. You have the responsibility to display kindness and consideration to all staff and peers.

CODE OF PUPIL CONDUCT

The school is a community and the rule and regulations of a school are the laws of that community. The following rules and regulations are designed to protect all members of the educational community in the exercise of their rights and responsibilities, and to best insure the maintenance of a proper learning environment. The Code of Pupil Conduct supports the establishment and maintenance of civil, safe, supportive, and a disciplined school environment conducive to learning.

Students who demonstrate good conduct and academic success are integral to a positive learning environment and school culture. Those students who embody the Six Pillars of Character will serve as leaders and examples in our school community.

The Code of Pupil Conduct for Manasquan Elementary School is based on the following core ethical values:

Pillars of Character

1. Respect
2. Responsibility
3. Trustworthiness
4. Caring
5. Fairness
6. Citizenship

The following behaviors are considered unacceptable and will not be tolerated:

1. Any behavior involving intimidation, harassment, or bullying.
2. Obscene, vulgar, immoral/indecent language (including racial and ethnic remarks), writing, gestures, signs or acts.
3. Any bias incident regarding race, color, religion, ancestry, national origin, sexual orientation, gender, or disability.
4. Malicious destruction, damage or defacing of school property and equipment including textbooks.
5. Lack of respect for school personnel, other adults, and classmates.
6. Violation of safety rules and regulations in school and outside of school at extra–curricular activities.
7. Dressing inappropriately.
8. Enter school premises or any specific portion of the premises without permission and without authority.
9. Physical assault on another student or staff member. (N.J.A.C. 6:A16–5.7)
10. Possession or use of weapons or any implement intended to harm others. (N.J.A.C. 6:A16–5.5)
11. Any act of theft of property of other students, staff member, or the district.
12. Acts so recklessly as to endanger the safety of others.
13. Cheat or otherwise engage in academic dishonesty.
14. Smoking, drinking alcoholic beverages and/or the use of any illegal substance.
15. Sound or cause to be sounded a false alarm for fire, bomb, or other condition or circumstances hazardous to others.

Since discipline is the key to good conduct and proper consideration for other people, violation of the Code of Pupil Conduct will result in appropriate disciplinary action according to the school's Discipline Policy. In addition to the counseling and support services provided to our families by the Manasquan School District, www.monmouthresourcenet.org provides a variety of community–based health and social service provider agencies available to support our students' and family needs.

HARASSMENT, INTIMIDATION, AND BULLYING (HIB)

The Board of Education prohibits acts of harassment, intimidation, or bullying of a pupil, and expectations and consequences are consistent with board of education policy 5512. This is pursuant to N.J.A.C 6A:16-7.7. A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Pupils are expected to behave in a way that

creates a supportive learning environment and is consistent with the Code of Pupil Conduct. School procedures are in place to ensure that both appropriate consequences and remedial responses are implemented for pupils who commit one or more acts of harassment, intimidation, or bullying. An Anti–Bullying Specialist for the school, a School Safety Team, and a District Anti–Bullying Coordinator are in place to ensure that incidents of harassment, intimidation, or bullying are completely investigated, properly addressed, and clearly reported. The Anti–Bullying Specialist serves as the Chairperson of the School Safety Team. The School Safety Team's primary responsibility is to review and strengthen the policies and procedures of the school to prevent and address harassment, intimidation, and bullying of students and to further develop, foster, and maintain a positive and respectful school climate. At Manasquan Elementary School, we firmly believe that bullying is a serious problem and students who have been bullied need help from the educational community to stop those who continuously harass, intimidate, or bully. Our goal is to ensure that students feel safe and know that there is help available in their school to deal with bullying adequately and effectively should they become a victim.

- PreK – 8 Anti–Bullying Specialist: Mrs. Leigh Busco
- District Anti–Bullying Coordinator: Mr. Craig Murin

AFFIRMATIVE ACTION

The Manasquan Board of Education hereby reaffirms its policy to ensure equal opportunity for all persons/students and to prohibit discrimination because of race, color, creed, religion, affectional or sexual orientation, sex, ancestry, national origin, or socioeconomic status. Policy confirms compliance with Section 504 of the Rehabilitation Act of 1973. An intensive affirmative action program shall be an integral part of every aspect of student life, not limited to, but including student participation in the classroom, grading, extra–curricular activities, sports, honors, course selections, and guidance services. Neither harassment nor favoritism shall be permitted in any of the above.

Students shall be protected from all types of needless labeling. Any use of stereotype identifications will be construed by the Board of Education as discrimination and will be ordered by the Chief School Administrator to cease. If any student, or parent, feels that they have been discriminated against, please follow the grievance procedure.

An Affirmative Action Officer is appointed by the district.

District Affirmative Action Officer: Mr. Jesse Place

Mr. Place is located at Manasquan Board of Education, 732–528–8800 x 1900, jplace@manasquan.k12.nj.us

MANASQUAN PUBLIC SCHOOL DISTRICT

AFFIRMATIVE ACTION GRIEVANCE PROCEDURE

In keeping with federal/state antidiscrimination legislation, the Board of Education has adopted and hereby publishes the Grievance Procedure provided for the resolution of student, employee, and parent complaints.

PURPOSE

To provide students, employees, and parents a procedure by which they can seek a remedy for alleged violations related to discrimination on the basis of race, color, creed, religion, affectional or sexual orientation, sex, ancestry, national origin, or socioeconomic status.

DEFINITION

- **Grievance:** A formal written complaint
- **Grievant:** Any student, employee, or parent aggrieved by a decision or condition falling under the guidelines of federal and/or state anti–discrimination laws.
- **Affirmative Action Officer:** The district employee designated to coordinate efforts with antidiscrimination legislation and charged with the responsibility of investigating complaints.

PROCEDURE

Step 1	The grievant must present the complaint in written form to the responsible person designated as the Affirmative Action Officer. (Use Grievance Report – Form A)
Step 2	The Affirmative Action Officer has five working days in which to investigate and respond to the grievant. (Affirmative Action Officer is to use the space provided on Grievance Report – Form A)
Step 3	If not satisfied, the grievant may appeal within ten working days to the Superintendent or designee (not Affirmative Action Officer). (Use Appeal – Form B)
Step 4	Response by the Superintendent or designee must be given within five working days. (Superintendent to use space provided for on Appeal – Form B)

Step 5 If the grievant is not satisfied at this level, an appeal may be made within ten working days to the Board of Education which will hear the complaint at the next regular meeting or within thirty calendar days. (Use Appeal – Form C) Local Board hearing shall be conducted to accord due process to all parties involved in the complaint such as written notice of hearing dates, right to counsel, right to present witnesses, right to cross–examine and to present written statement. The decision of the Board shall be by a majority of the members at a meeting which shall be public.

Step 6 The Manasquan Board of Education shall respond to the grievant within thirty calendar days. (Use space provided for an Appeal – Form C)

Step 7 If the grievant is not satisfied with Board's decision, the grievant can have it referred to the Monmouth County Superintendent of Schools.

Step 8 The grievant maintains the right to by–pass the grievance procedure and submit the complaint directly to any or all of the following agencies:

1. The Commissioner of Education
   Bureau of Controversies and Disputes
   New Jersey Department of Education
   PO Box 500
   Trenton, New Jersey 08625
   Phone:(609) 292–5706
2. Equal Employment Opportunity Commission Newark District Office
   1 Newark Center, 21st Floor
   Newark, New Jersey 07102
   Phone:(973) 645–6383 or (800) 669–4000
3. U.S. Office for Civil Rights
   U.S. Department of Education
   75 Park Place, 14th Floor
   New York, New York 10007
   Phone:(212) 264–3313 or (212) 637–6330
4. New Jersey Division on Civil Rights
   31 Clinton Street, 3rd Floor
   Newark, New Jersey 07102
   (973) 648–2700

Discipline Policy

Philosophy

The Board of Education believes that an effective instructional program requires an orderly school environment and that the effectiveness of the educational program is, in part, reflected in the behavior of pupils. The Board believes that the best discipline is self–imposed and that pupils should learn to assume responsibility for their own behavior and the consequences of their actions. Board policy requires each pupil of this district to adhere to the rules and regulations established by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. Furthermore, such rules and regulations are in place to ensure that the school operates in a manner that will provide for the welfare and safety of all students who attend.

To ensure that all students obtain the best education possible in a positive social climate, it is important that students understand that acceptable standards of behavior are expected at all times. Most importantly, Manasquan Elementary School students are expected to be respectful, kind, and courteous at all times. Each student should conduct himself/herself in an orderly manner within the entire building, on the playground, at all extra–curricular activities, assembly programs, and on field trips. Any act of harassment, intimidation, or bullying will not be tolerated. Disciplinary actions will be administered when an individual's actions interfere with the rights of teachers to teach and the rights of students to learn. Students who violate established school rules and do not adhere to the Code of Pupil Conduct shall be referred to the Principal and/or the Assistant Principal. Appropriate disciplinary measures will then be imposed on an individual basis. The Discipline Policy presents a fair, firm, and orderly process for handling individual and repeated infractions of school rules and regulations. Specific judgments regarding consequences will be based on Board Policy, severity, frequency, and the number of prior behavioral infractions committed during the school year.

School Behavioral Goals

Manasquan Elementary School maintains the following behavioral goals:

(1) to educate children academically, socially, and emotionally;
(2) to create a safe, positive learning environment; and
(3) to teach good citizenship skills.

Our school's overall behavioral objective is to foster a school–wide atmosphere of mutual respect. To successfully achieve these goals, the following guidelines for student behavior will be implemented.

Attendance and Tardies

Manasquan Elementary School believes that attendance is critical to student success in all aspects of education. Expectations and consequences for issues with attendance will be consistent with district policy 5200 for attendance and district policy 5240 for tardiness. This is pursuant to N.J.A.C 6A:16-7.6.

Disciplinary Measures

Teachers will first attempt to contact parents when the behavior of a pupil creates a situation where the education of the child and those around him or her is disrupted. Teachers are responsible for handling minor infractions including, but not limited to, incomplete assignments, unprepared/forgotten materials, lateness to class, gum chewing, excessive talking/calling out in class, failure to return paperwork requiring a parent signature, and other common classroom situations.

Minor Infractions:

First Offense	Verbal Warning from Teacher
Second Offense	Verbal Warning and Teacher Conference with student
Third Offense	Teacher Detention and Parent Notification

Teacher Detention

Teacher detention may be assigned for disciplinary reasons or to complete missed work. For grades 1–2, detention with the classroom teacher may be assigned from 3:00 – 3:10 p.m. For grades 3–8, teachers may keep a student after school anytime up until 3:30 p.m. In all grade levels, a teacher may also have the option of keeping a student in for lunch/playground detention. In all cases of teacher detention, a parent must be notified by the teacher of the student's infraction with either a phone call or in writing. Parents must be notified with a phone call *prior* to the end of the school day regarding any student being kept after school. If a parent cannot be contacted, the student will be detained the following school day. In addition, please note that attendance at extracurricular activities (sports, clubs, etc.) are not acceptable reasons for missing teacher detention. An unexcused absence at a teacher–assigned detention will result in a formal disciplinary referral.

When the teacher has exhausted the usual means to ensure control and has followed the sequence of responses to minor infractions as listed above, the situation shall then result in a formal referral to the Administration should the inappropriate behavior(s) continue. Habitual problems or those of such a nature that disrupt the educational process will not be tolerated.

Central Detention:

Central Detention (CD) may only be assigned by the Principal for students in grades 3–8. Parents will be notified from the office of their child's Central Detention obligation by the Principal or by the student. CD will be assigned for the following day after the referral to allow for written notification. Student Central Detention is served from 3:00 p.m. – 4:00 p.m. in a designated area with a CD Proctor who is a certified teacher. Any student who misses CD without a note from the parent explaining a legitimate reason (i.e., doctor's appointment or religious obligation), will be assigned three (3) additional days of CD. Please note that attendance at extracurricular activities (sports, clubs, etc.) **are not** acceptable reasons for missing Central Detention.

Special Education Students

Classified students are subject to the same school disciplinary procedures and may be disciplined in accordance with their Individual Education Plan (I.E.P.) in consultation with the Child Study Team. However, before disciplining a classified student, it must be determined that (1) the student's behavior is not primarily caused by his/her educational handicap; and (2) the program that is being provided meets the student's needs. The administration and staff shall comply with the Manasquan Board of Education's physical restraint and seclusion policy and regulation #5561 (Use of Physical Restraint and Seclusion Techniques for Students with Disabilities) and of the New Jersey statutes N.J.S.A. 18A:46–13.4 et seq. when dealing with an emergency in which a student is exhibiting behavior that places the student or others in immediate physical danger. This is in accordance with the provisions of N.J.S.A 18A:46-13.4 et seq. For students with disabilities, the behavior interventions and supports shall be determined and provided by N.J.A.C 6A:14

Discipline Expectations and Progressive Discipline:

Students should fully understand that any teacher or paraprofessional in the building has the authority to correct misconduct at any time and submit formal disciplinary referrals to the Administration. Disciplinary measures by Administration may include any combination of the following: lunch/recess detention, Central Detention (CD), Parental Conferences, ineligibility to participate in extra–curricular activities and/or school sponsored events, referral to the Child Study Team, and/or the possibility of in–school or out–of–school suspensions.

Consequences are determined on a case–by–case basis utilizing a progressive discipline approach. This means that behavioral issues will be monitored, and consequences will be more

severe with repeated infractions. In all circumstances, the individual needs of the student and the details of the infraction will be considered when determining an appropriate consequence.

Behavioral Supports:

Students will be provided with comprehensive behavioral supports that promote positive student development and the students' abilities to fulfill the behavioral expectations established by the district board of education. These supports may include: positive reinforcements for good conduct and academic success; supportive interventions and referral services; and remediation of problem behavior that takes into account the behavior's nature, students' developmental ages, and students' histories of problem behaviors and performance.

Disciplinary Actions:

Listed below are examples of unacceptable behaviors that will justify formal Disciplinary Referrals to the Principal. Please note this list is not exhaustive and is provided as a frame of reference. Such behaviors will then be subject to disciplinary actions by Administration. *Students should fully understand that any teacher or paraprofessional in the building has the authority to correct misconduct at any time and submit formal disciplinary referrals to the Administration.* Disciplinary measures by Administration may include any combination of the following: lunch/recess detention, Central Detention (CD), Parental Conferences, ineligibility to participate in extra–curricular activities and/or school sponsored events, Discipline Committee Conferences, referral to the Child Study Team, assignment of a work–related task to emphasize the importance of civic responsibility, and/or the possibility of in–school or out–of–school suspensions (as further clarified under "Suspensions and Expulsions").

Level 1 Infractions:

Infraction	1st Action	2nd Action	3rd Action
Tardiness to school Policy 5240	Defined as 3 infractions: Conference with Administration	Defined as 6 infractions: Lunch Detention	Defined as 9 infractions: Central Detention

Purposeful physical aggression with the intent to cause harm. This includes but is not limited to pushing, shoving, and/or tripping Policy 5600	2 Days of Central Detention, Meeting with Administration, Parent Conference, and Mandatory Counseling Session	In-School Suspension	2 days In-School Suspension

Level 4 Infractions:

Infraction	1st Action	2nd Action	3rd Action
Verbal or criminal physical assault of an individual, including but not limited to staff, guests, or parents/guardians	3 days Out-of-School Suspension with re-entry meeting, Parent Conference, and Mandatory Counseling Session	5 days Out-of-School Suspension with re-entry meeting, Parent Conference, and Mandatory Counseling Session	5 days Out-of-School Suspension with re-entry meeting, 5 days in-school suspension, Parent Conference,

Policy 5600, Policy 5612			and Mandatory Counseling Session
Physical altercation/fighting, defined as fighting or provoking a fight. This is the mutual engagement in a physical confrontation that may result in bodily injury. It is recognized that one student may initiate a fight, and another may defend, but all students who fight will be suspended. Policy 5600	3 days Out-of-School Suspension with re-entry meeting, Parent Conference, and Mandatory Counseling Session	5 days Out-of-School Suspension with re-entry meeting, Parent Conference, and Mandatory Counseling Session	5 days Out-of-School Suspension with re-entry meeting, 5 days in-school suspension, Parent Conference, and Mandatory Counseling Session
Recording students or staff and sharing this recording with others without the permission of the staff member or student and their parent/guardian via social media, text, email, or any other method. Policy 5516	Up to 3 days Out-of-School Suspension with re-entry meeting, Parent Conference, and Mandatory Counseling Session	5 days Out-of-School Suspension with re-entry meeting, Parent Conference, and Mandatory Counseling Session	5 days Out-of-School Suspension with re-entry meeting, 5 days in-school suspension, Parent Conference, and Mandatory Counseling Session
Acts of harassment, intimidation, or bullying Policy 5751, Policy 5512	Up to 10 days Out-of-School Suspension with re-entry meeting, Parent Conference, and Mandatory Counseling Sessions including follow-up		
Possession, sale, and/or use of alcohol or drugs, or refusal to undergo substance abuse screening Policy 5530	5 days Out-Of-School Suspension, 5 days In-School Suspension and referral to Student Assistance Counselor, Mandatory Counseling	10 days Out-Of-School Suspension and referral to Student Assistance Counselor, Mandatory Counseling Sessions including follow-up	

	Sessions including follow-up	
Use/possession or distribution of a dangerous/deadly weapon Policy 8467, Policy 5613	Up to 10 days In-School or Out-Of-School Suspension and Administrative Review pursuant to Law and Board Policy	
Possession and/or use of a firearm/fireworks Policy 8647, Policy 5611		

Participation in Extra–Curricular Activities:

Students demonstrating habitual disciplinary problems may lose their extra–curricular privileges. This policy is in effect for all extra–curricular activities including, but not limited to, athletics, clubs, class trips, dances, plays, concerts, and graduation exercises. Habitual disciplinary problems may result in the consequences below:

- Three disciplinary referrals during a marking period – minimum loss of privileges for one week
- Five disciplinary referrals during a marking period – minimum loss of privileges for two weeks
- Eight accumulated referrals during the school year – loss of privileges for the remainder of the school year
- After any disciplinary referral, upon discretion of the Administration, depending upon the severity of the infraction.

Suspension and Expulsion

The Board of Education realizes exclusion from the educational program of the schools, by suspension or expulsion, is the most severe sanction to be imposed on a student and one that cannot be imposed without due process, since exclusion deprives a child of the right to an education in our district.

For the purposes of this policy, “suspension” shall be *temporary* exclusion, by the school Principal, of a student from his/her regular school program. Such suspension may take place within (in–school suspension) or outside school facilities. A “short–term suspension” shall be a suspension of *not more than five school days.*

“Expulsion” is permanent exclusion of a student from the schools of this district. No student below the age of sixteen should be expelled from school without provision for an alternate educational program.

No student otherwise eligible for attendance at schools of this district shall be excluded from school unless he/she has interfered, materially and substantially, with the maintenance of good order in the schools or because it is necessary to protect the student’s physical or emotional safety and well–being.

A student may be suspended by the building Principal, who shall report such action to the Superintendent as soon as possible; the Superintendent shall report the action to the Board of Education at its next regular meeting. The suspended student may be reinstated by the Principal within five days of the suspension, by the Superintendent at any time before the second meeting of the Board following such suspension, or the Board at their first such meeting. At its second regular meeting after the suspension and thereafter, the Board alone may reinstate, continue the suspension of, or expel the student.

No student shall be deprived of the right to an education in the public schools of this district without being given notice of the charges and an opportunity to be heard on his/her behalf before the person or body holding authority to reinstate him/her. Each student shall be afforded an informal hearing before the suspension or, if circumstances prohibit, as soon as possible after the suspension within one day thereafter (except that when extraordinary circumstances involving the health and safety of the student or others in the school require immediate exclusion, the hearing may be delayed to such time as circumstances permit).

Students suspended for a period of time longer than a “short–term” suspension shall be afforded a formal hearing which shall take place not later than twenty–one days after the suspension occurred. The Board requires each such hearing shall be closed to the public (but the hearing may be publicly held should all parties thereto agree).

Each suspended student who has requested a formal hearing shall be restored to a regular educational program pending outcome of the hearing except when, in the opinion of the Superintendent, the presence of the student in school poses such a danger to himself or others as to warrant continued absence.

The Board of Education, consistent with the provisions of N.J.A.C. 6A:16–7 and Board of Education Policy/Regulation #5610 (Suspensions) requires the oral or written notification to the student's parent/guardian of the student's removal from the student's educational program prior to the end of the school day on which the Principal decides to suspend the student.

Students referred to the Principal for infractions including, but not limited to, the following are subject to suspension/expulsion:

1. fighting on school grounds
2. continuous willful disobedience and/or open defiance toward staff members
3. physical assault on another person
4. physical assault on another person with a weapon (Manasquan Board of Education Policy #5613)
5. willfully causing or attempting to cause damage (i.e. cut/deface/otherwise injure) to School property
6. taking personal/school property from another person by force or fear
7. smoking or chewing tobacco in school or on school grounds
8. habitual use of profanity/obscene language
9. use of profanity/obscenity toward any staff member
10. verbal assault/threat toward any staff member
11. unauthorized assembly/occupancy and failure to disperse when directed to do so by the principal or others in authority
12. incitement which could possibly disrupt normal school functioning or causes violent behavior and/or truancy by students
13. continuous and deliberate class disruption
14. conduct of such character as to constitute a continuing danger to the physical well–being of other students
15. possession and/or use of drugs, alcohol, and/or other controlled dangerous substance
16. causing false alarm(s)
17. stealing
18. physical assault upon a board member or employee (Manasquan Board of Education Policy #5612).
19. lewd/obscene exposure
20. possession of a weapon(s) and/or item(s) which may present a danger to others (Manasquan Board of Education Policy #5611)

Teaching staff members shall not use physical force or the threat of physical force to maintain discipline or compel obedience except as permitted by law (exceptions as allowed in N.J.S.A. 18A:6–1) but may remove pupils from the classroom or school by the lawful procedures established for the suspension and expulsion of pupils. Any pupil who commits assault upon a teacher, administrator, board member, other employee of a school board, or another student, with a weapon, on any school property, on a school bus, or at a school–sponsored function shall

be immediately removed from the school's regular education program pending a hearing before the local board of education. A student who is removed from the regular education program pursuant to N.J.S.A. 18A:37–2.2 must be placed in an alternative education program. If an alternative education program is not available, the student must be provided home instruction or other suitable facilities and programs until placement is possible.

The Administration reserves the right to deny any student the privilege of participation in extra–curricular activities including (but not limited to) clubs, athletic events, social activities, and class trips if the student has been suspended from school (2) or more times during the school year for disciplinary reasons as indicated:

Second suspension:	loss of participation/privileges for 30 days
Third suspension:	loss of participation/privileges for the remainder of the school year (This includes the Eighth Grade Graduation Ceremony, Eighth Grade Breakfast, and the Graduation Dance.)

Rules and regulations regarding suspensions shall be in effect at all times a student is under authority of the school. This includes (but is not limited to) the regular school day, field trips, athletic events, social events such as dances/plays, etc., in, on, and/or off Board of Education property.

Rules governing suspensions:

1. Suspension begins at the end of the school day in which the infraction was committed and extends to the beginning of the school day the student is scheduled to return.
2. Making up class assignments missed during suspension is the responsibility of the student. Work must be made up and submitted upon the day of the student's return to school to receive credit.
3. For a student to be re–admitted, a parent/guardian must accompany that student upon return to school.
4. Suspended students may not be on school grounds during the period of suspension.
5. Students under suspension may not take part in or attend any school–sponsored activity in, on, or off school property.
6. The Principal or designee will notify the parent/guardian of the suspension by both phone call and registered letter.
7. Failure to abide by the rules governing suspension may result in
    - Additional suspension period
    - Police action
    - Expulsion

8. Additional offenses or actions of extreme severity, dangerous to the well–being of other students or interfering with orderly functioning of the school will result in recommendations to the Board for expulsion and/or filing of appropriate complaints or juvenile petition.

Considerations:

A. These rules and regulations shall be in effect at all times a student is under authority of the school. This includes (but is not limited to) the regular school day, field trips, athletic events, social events such as dances, plays, etc., in on, and/or off Board of Education property.
B. When a student is suspended, the parent must be notified in writing.
C. Students under suspension are ineligible to participate in all extra–curricular activities during the period of the administrative action.
D. Continued disciplinary infractions may result in suspension or exclusion from participating in extra–curricular activities including athletics, clubs, dances, and the graduation ceremony.

POLICY GUIDE

5450 ATHLETIC AWARDS

A. The Board of Education firmly believes interscholastic sports are an integral part of the school program. Sports are tools by which school becomes relevant to many **students** ~~pupils~~, either through direct participation or school identification.

The Board will recognize the achievement of **students** ~~pupils~~ who give many hours of their time to represent the Manasquan schools in interscholastic athletics.

1. In accordance with criteria established by the **Superintendent** ~~Athletic Director and Principal~~, the Board will offer suitable letters, plaques, pins, certificates, etc. for individual athletic achievement.

2. **Organizations** ~~Community groups~~ who want to donate awards to individual school athletes or teams must indicate their wishes to the Superintendent, who will forward a recommendation to the Board. **Organizations will be permitted to be donors only if they are bona fide community organizations, non-sectarian, and non-political.**

3. The Board will recognize exceptional athletic performance of all eligible **students** ~~pupils~~ who are members of a championship team or group in interscholastic competition, by awarding a suitable certificate or pin to each eligible team or group member.

B. The Board authorizes the Superintendent to **establish procedures** ~~prepare regulations~~ for the selection of those entitled to awards and the type(s) of awards to be offered. Said **procedures** ~~regulations~~ shall specify:

1. **Criteria** ~~Appropriate rules and designations~~ for all athletic awards in all sports shall be developed **by the team head coach each season and approved** by the Principal **or designee** ~~and staff~~. **The approved criteria shall be communicated in writing to all members of the team by the head coach at the beginning of the season.**

2. A **student** ~~pupil~~ may receive only one varsity letter per sport, but shall be suitably recognized for repeated achievement in that sport by award of certificates and/or pins.

POLICY GUIDE

3. The ~~school~~ Principal **or designee** ~~and staff~~ shall determine the recipients of all athletic awards according to **the approved** ~~established~~ criteria.

~~4. Organizations will be permitted to be donors if they are bona fide community organizations, non-sectarian, and non-political.~~

Adopted: 14 June 2011
Revised: 18 August 2026

POLICY GUIDE

5516 STUDENT USE OF **INTERNET-ENABLED** ~~ELECTRONIC COMMUNICATION~~ DEVICES

The Board of Education prohibits student use of internet-enabled devices on school grounds during the school day in accordance with N.J.S.A. 18A:36-40b. The Board adopts this Policy and Regulation 5516 pursuant to N.J.S.A. 18A:36-40b. and the guidelines developed by the Commissioner of Education concerning student use of internet-enabled devices during regular school hours, on a school bus, or during school-sponsored events when the student is under the direct supervision of a teaching staff member or employee of the Board.

For the purpose of this Policy and Regulation 5516:

1. **"Bell-to-bell" means the timeframe when the bell rings at the start of the school day until the dismissal bell rings at the end of the academic day. Bell-to-bell includes time in between class periods and lunch.**

2. **"Digital citizenship" means the development of thoughtful, empathetic citizens who can wrestle with important ethical questions at the intersection of technology and humanity. Model digital citizens focus on using technology to make communities better, engage respectfully online with others, and leverage technology to amplify voices and perspectives. They are careful to determine the validity of online sources of information and are always respectful of ideas different than their own.**

3. **"District-managed tools" means school-issued technology or platforms used for educational purposes (e.g., laptops, tablets, learning management systems, etc.).**

4. **"Internet-enabled device" means any device capable of connecting to the internet and accessing online content (e.g., smartphones, tablets, smartwatches, smart glasses, etc.), including social media applications. An internet-enabled device does not include an internet-enabled device provided by the Board when used for educational purposes.**

© Copyright 2026 • Strauss Esmay Associates, LLP • 1886 Hinds Road • Suite 1 • Toms River, NJ 08753-8199 • 732-255-1500

POLICY GUIDE

5. "Non-internet-enabled device" means a basic communication device that is not capable of connecting to the internet or enabling the user to access content on the internet (e.g., basic flip-style cell phones, two-way radio/walkie-talkie, etc.).

6. "School grounds" means and includes land, portions of land, structures, buildings, and vehicles, not to include school buses, owned, operated, or used for the provision of academic or extracurricular programs sponsored by the district or community provider and structures that support these buildings, such as school wastewater treatment facilities, generating facilities, and other central facilities including, but not limited to, kitchens and maintenance shops. "School grounds" also includes athletic stadiums; swimming pools; any associated structures or related equipment tied to such facilities including, but not limited to, grandstands; greenhouses; garages; facilities used for non-instructional or non-educational purposes; and any structure, building, or facility used solely for school administration. "School grounds" also includes other facilities as defined in N.J.A.C. 6A:26-1.2; playgrounds; and other recreational places owned by local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

A student's use of an internet-enabled device on a school bus or during school-sponsored events when the student is under the direct supervision of a teaching staff member or employee of the Board will be in accordance with the age-appropriate and grade-level differentiated requirements outlined in Regulation 5516.

POLICY GUIDE

District-issued technology and sponsored platforms are permitted to be used in classrooms for educational purposes. The district may use existing information technology systems to proactively establish and monitor restrictions to the district's network. The district may utilize device management software to restrict or monitor student browsing on school-issued devices or from devices connecting to the district's Wi-Fi. If the district chooses to use software or other technology to block students' use of their internet-enabled devices, the district may collaborate with the local municipality to determine that there are no safety or security concerns. The Board shall notify students and parents about the monitoring practices in Policy and Regulation 2361.

The Board shall assume no responsibility for the security of or damage to a student's internet-enabled device brought onto school grounds. If a student brings an internet-enabled device to school, the internet-enabled device must remain off and may be required to be stored in a storage system as indicated in Regulation 5516. An internet-enabled device required to be stored in a district storage system shall be password protected by the student so only the student owner of the internet-enabled device can use the internet-enabled device.

The district shall provide instruction aligned to the New Jersey Student Learning Standards (NJSLS) on Digital Citizenship and shall ensure classroom instructional time is entirely free of internet-enabled devices. Teachers shall not incorporate students' personal technology into lesson plans. All digital engagement shall occur through district-managed tools and devices.

The district shall communicate behavioral expectations for student use of internet-enabled devices to students and their parent(s) and reinforce these behavioral expectations throughout the school year. Communication of this Policy and Regulation 5516 may include, but not be limited to, school-wide notifications, signage, and reinforcement as part of classroom routines.

The district shall comply with all applicable State and Federal laws that protect the rights of students with disabilities or health related needs, including, but not limited to, the Individuals with Disabilities Act (IDEA) and Section 504 of the Rehabilitation Act of 1973.

POLICY GUIDE

Students shall be permitted to use their internet-enabled device on school grounds during the school day, on the school bus, and at school-sponsored events in the following circumstances in accordance with N.J.S.A. 18A:36-40b.:

1. **To fulfill accommodations provided in a student's individualized education program (IEP);**

2. **To support the implementation of a 504 Plan;**

3. **To implement a student health plan established to monitor or address a student's health condition (upon submission by a parent of documentation from a healthcare professional indicating that the use of an internet-enabled device is necessary for the health or well-being of the student);**

4. **For translation services;**

5. **For a student caregiver who is routinely responsible for the care or well-being of a family member;**

6. **When no reasonable alternative to the use of the internet-enabled device for a specific purpose exists (upon authorization by the Superintendent, Principal, or designee);**

7. **When required by law; and**

8. **In the event of an emergency.**

© Copyright 2026 • Strauss Esmay Associates, LLP • 1886 Hinds Road • Suite 1 • Toms River, NJ 08753-8199 • 732-255-1500

POLICY GUIDE

The Superintendent or designee will inform students and parents of their right to request an internet-enabled device accommodation. The parent(s) shall submit a written request to the Superintendent or designee. The written request shall include, but not be limited to, supporting documentation from the student's physician, child study team, and/or any other documentation as required by the Superintendent or designee as to why the student requires an internet-enabled device accommodation. The Superintendent or designee shall inform the parent(s) of the approval or denial of the written request for an internet-enabled device accommodation within five school days of receiving the written request. The Superintendent or designee shall base such an accommodation determination on documented educational, medical, developmental, accessibility, or other needs or specific purposes and review them on a regular basis.

A supervising staff member may submit a request for an internet-enabled device accommodation for their students to use their internet-enabled device for a specific purpose. The supervising staff member shall submit the written request to the Superintendent or designee at least five school days before the anticipated date of use and shall include, but not be limited to, supporting documentation as to why no reasonable alternatives exist for a student to use an internet-enabled device; the students who will be granted the accommodation; and the date of the activity. If the Superintendent or designee approves the request, they shall inform the supervising staff member of their approval prior to the anticipated date of use.

The Superintendent or designee may involve school nurses, case managers, and IEP/504 coordinators in planning for and implementing internet-enabled device accommodations. Staff responsible for implementation shall have ready access to documentation of the accommodation and shall ensure their enforcement strategies minimize disruption. The district shall develop and disseminate clear procedures to ensure staff implement internet-enabled device accommodations confidentially. Staff training may be necessary to recognize and honor valid internet-enabled device accommodations without drawing unnecessary attention to the student. Staff shall treat students with an internet-enabled device accommodation with sensitivity and dignity. As appropriate, the district may develop one-page "internet-enabled device use summaries" for staff to ensure awareness while maintaining student confidentiality.

POLICY GUIDE

Pursuant to N.J.A.C. 6A:16-5.1, the district has developed and implemented comprehensive plans, procedures, and mechanisms that provide for safety and security in the district's schools. School safety plans include thoughtful integration of internet-enabled device procedures during emergencies or perceived threats. The district has incorporated clear expectations into school safety plans, emergency drill protocols, and staff professional development.

In the event of an unplanned emergency closure that prevents students from retrieving stored internet-enabled devices, the district shall develop and communicate a clear, centralized protocol for retrieving stored internet-enabled devices safely and efficiently once the school building is accessible.

In the event of a family emergency or for non-emergency communication, families shall contact the school's main office directly rather than reaching out to students during the school day. District staff will then follow local notification procedures to ensure the student receives the information in a timely and appropriate manner.

When a student leaves school grounds, whether for an open lunch period, internship, or other purpose, the student may be permitted to use their internet-enabled device. However, upon returning to school grounds, the student's internet-enabled device must be stored for the remainder of the school day in accordance with Regulation 5516.

The district shall ensure students, parents, and school staff members are aware of this Policy and Regulation 5516 and understand how this Policy and Regulation 5516 apply to them. The Board shall include information about this Policy and Regulation 5516 in student handbooks.

District staff shall apply clear, age-appropriate consequences and use strategies to redirect students who attempt to use internet-enabled devices. Discipline and consequences shall be addressed in Regulation 5516.

No student enrolled as a student of an elementary or secondary school, knowingly and without the express written permission of the Board, its delegated authority, or any Principal, shall bring or possess any remotely activated paging device on any property used for school purposes, at any time and regardless of whether school is in session or others are present pursuant to N.J.S.A. 2C:33-19.

POLICY GUIDE

~~To support school environments in which students can fully engage with their classmates and their teachers, and to focus attention upon instruction, the Board of Education has determined the use of cell phones and other electronic communication devices by students for personal use during the school day and school activities should be limited.~~

~~As used in this Policy, "electronic communication device" includes any device with the capability to audio or video record and/or is capable of receiving or transmitting any type of communication with others. An electronic communication device includes, but is not limited to, any type of cameras; cellular and wireless telephones; pagers/beepers; laptop computers; watches; electronic readers; two-way radios; any audio or video broadcasting devices; ear buds; tablets; headphones; and any other device that allows a person to audio and/or video record and/or transmit, in either a real time or a delayed basis, video or still images, text, audio recordings; or other information.~~

~~The Board adopts Regulation 5516 and this Policy to address student use of an electronic communication device for personal use on school grounds during the school day, to also include, but not be limited to: during before and after school programs; during any co-curricular activity; and on a school bus.~~

~~Nothing in Regulation 5516 and this Policy shall prohibit a student from using an electronic communication device for a purpose documented in a classified student's Individualized Education Plan (IEP) or a plan developed under Section 504 of the "Rehabilitation Act of 1973," 29 USC 794. A student may use an electronic communication device to monitor or address a health condition with prior permission from the Principal, in consultation with the school nurse to be documented in the student's Individual Health Plan.~~

~~In addition, the Board believes students and/or school staff members should not be subject to having any type of recording taken of any student(s) or school staff member(s) for any purpose without the consent of the student and the student's parent or the school staff member. In addition to protecting the privacy rights of students and school staff members, the Board recognizes such recordings can be disruptive to the educational program. Inappropriate recordings of educational material, student assessment instruments, and/or student assessment reviews can be used to compromise the integrity of the district's educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other students.~~

REGULATION GUIDE

R 5516 STUDENT USE OF **INTERNET-ENABLED** ~~ELECTRONIC COMMUNICATION~~ DEVICES

The following age-appropriate and grade level differentiated provisions shall govern student use of internet-enabled devices on school grounds during the school day.

A. Pre-Kindergarten through Grade Eight

1. Students in Pre-Kindergarten through grade eight are prohibited from using an internet-enabled device on school grounds during the school day.

2. Students in Pre-Kindergarten through grade eight shall store their internet-enabled device using the following storage options for internet-enabled devices during the school day. It is the student's responsibility to turn off the internet-enabled device and have the internet-enabled device password protected to prevent any unauthorized use of the device.

   a. Students in Pre-Kindergarten through grade four shall use an in-class storage system – upon entry to school, students are expected to store their internet-enabled devices in a teacher-managed system for the entire school day and retrieve them at dismissal. These storage stations may be locked or unlocked and include options such as numbered pockets/shelves, caddies, cubbies, or lockers.

   b. Students in grade five through eight shall use a student storage system – each student who brings an internet-enabled device to school is expected to turn off their internet-enabled device and store it in their locker throughout the entire school day.

3. Students in Pre-Kindergarten through grade eight are prohibited from using their internet-enabled device on a school bus on their way to school or on their way home from school at the end of the school day.

REGULATION GUIDE

4. Students in Pre-Kindergarten through grade eight shall be permitted to use their internet-enabled device on school grounds before the start of the regular school day and on school grounds after the regular school day.

5. Students in Pre-Kindergarten through grade eight are prohibited from using their internet-enabled device during school-sponsored events off school grounds during the school day while under the direct supervision of a school staff member or employee of the Board (e.g. field trip).

6. Students in Pre-Kindergarten through grade eight shall be permitted to use their internet-enabled device during school-sponsored events taking place outside of the school day when students are under the direct supervision of a school staff member or employee of the Board (e.g., afterschool club meeting, sport team practice/game, etc.).

7. Students in Pre-Kindergarten through grade eight shall be permitted to use non-internet-enabled devices under the direct supervision of a school staff member or employee of the Board.

8. Discipline

   a. School staff members shall apply clear, age-appropriate consequences and use strategies to redirect students who use internet-enabled devices in violation of this Regulation and Policy 5516 consistent with Policy 5600 and the school's Code of Conduct.

B. Grade Nine through Grade Twelve

1. Students in grade nine through grade twelve are prohibited from using an internet-enabled device on school grounds during the school day.

REGULATION GUIDE

2. Students in grade nine through grade twelve shall store their internet-enabled device using the following storage options for internet-enabled devices during the school day. It is the student's responsibility to turn off the internet-enabled device and have the internet-enabled device password protected to prevent any unauthorized use of the device.

   a. A student storage system – Each student who brings an internet-enabled device to school is expected to turn off their internet-enabled device and store it in their backpack, locker, or other bag throughout the entire school day.

3. Students in grade nine through grade twelve shall be permitted to use their internet-enabled device on a school bus on their way to school at the start of the school day or on their way home from school at the end of the school day.

4. Students in grade nine through grade twelve shall be permitted to use their internet-enabled device outdoors on school grounds before the start of the regular school day and outdoors on school grounds after the regular school day but are prohibited from using their internet-enabled device in school buildings before the start of the regular school day and in school buildings after the regular school day.

5. Students in grade nine through grade twelve are prohibited from using their internet-enabled device during school-sponsored events off school grounds during the school day while under the direct supervision of a school staff member or employee of the Board (e.g. field trip).

6. Students in grade nine through grade twelve shall be permitted to use their internet-enabled device during school-sponsored events taking place outside of the school day when students are under the direct supervision of a school staff member or employee of the Board (e.g., afterschool club meeting, sport team practice/game, etc.).

POLICY GUIDE

5830 **STUDENT** ~~PUPIL~~ FUND RAISING

The Board acknowledges that solicitation of funds from **students** ~~pupils~~ must be limited since compulsory attendance laws make the **student** ~~pupil~~ a captive donor and since such solicitation may disrupt the program of the schools.

For purposes of this policy "student fund-raising" shall include the solicitation and collection of money by **students** ~~pupils~~ for any purpose and shall include the collection of money in exchange for ~~tickets, papers, or any other~~ goods or services.

The Board prohibits collection of money in school or on school property or at any school-sponsored event by a **student** ~~pupil~~ for personal benefit.

Collection of money by approved school organizations may be permitted by the ~~Building~~ Principal. **All monies must be deposited in the appropriate Board-approved Central Fund Account within twenty-four hours. The Board prohibits the collection of money by students door-to-door, and requires any student engaged in any selling that is open to the public be accompanied by an adult.**

Collections by **students** ~~pupils~~ on behalf of **non-school** organizations **taking place on school property** ~~outside the schools~~ may be permitted only by the Superintendent.

~~The Board prohibits the collection of money by pupils door-to-door, and requires all selling be accompanied by an adult.~~

~~All monies must be deposited in the appropriate Board-approved Central Fund Account within twenty-four hours.~~

POLICY GUIDE

9210 PARENT ORGANIZATIONS

The Board of Education will encourage and support parent organizations whose objectives are to promote the educational interests of district students.

Parent organizations are organizations independent from the Board of Education. Therefore, parent organizations shall not make any representations their organization or activities are sponsored or endorsed by the Board of Education without prior approval of the Board of Education. A parent organization shall submit a request for sponsorship or endorsement of a specific activity to the Board of Education.

A parent organization may not organize students, sponsor school activities, or solicit money in the name of this school district or of any school in the district without the prior approval of the Superintendent or designee. Such approval must be sought by written application to the Superintendent or designee.

Representatives of recognized parent organizations shall be treated by district employees as interested friends of the schools and as supporters of public education in the school district. Representatives of recognized parent organizations shall comply with all applicable Board policies.

The Board relies upon parent organizations to operate in a manner consistent with public expectations for the schools. **The Board encourages parent organizations to conduct their activities in a transparent, ethical, and accountable manner, including maintaining openness regarding their governance, decision-making, finances, and communications with members and the public. The Board reserves the right, at its sole discretion, to revoke a parent organization's recognition or to require the organization to discontinue the use of the school district's or any district school's name, logo, mascot, or other identifying likeness in connection with its activities if the organization fails to meet these expectations or otherwise acts in a manner inconsistent with the interests of the Board, its students, or the public confidence placed in its schools** ~~and reserves the right to withdraw recognition from any parent organization, at will, whose actions are inimical to the interests of the school district and the students of this district~~.

OUT OF SIGHT TEACHING LLC CONTRACT WITH MANASQUAN SCHOOL DISTRICT

AGREEMENT made as of this **20th day of July, 2026** by and between Out of Sight Teaching, LLC ("OS") and the **Manasquan School District (New Jersey)** (the "Board"):

WHEREAS, OS is a licensed and duly qualified limited liability company of the State of New Jersey, specializing in orientation and mobility instruction/ teaching children who are blind and visually impaired; and

WHEREAS, it (OS) offers its professional services on an independent contractor basis to public and/or private educational institutions, as well as to other entities or programs which seek to accommodate and to serve the defined class/category of disabled children; and

WHEREAS, the Board is a public school district organized pursuant to the laws of the State of New Jersey and may contract for professional educational services in accordance with the Public School Contracts Law, N.J.S.A. 18A:18A-1 et seq.; and

WHEREAS, OS represents that it is duly authorized to conduct business in the State of New Jersey and shall provide all certifications, registrations, disclosures and documents required by applicable federal and State law, including, where applicable, a Business Registration Certificate, Ownership Disclosure Statement, Political Contribution Disclosure, Affirmative Action Compliance documentation and any other documents required for the award or payment of a public contract; and

WHEREAS, The Board shall provide OS, prior to execution of this Agreement, with a written list of all certifications, registrations, disclosures, and other documents required by the Board for the award and payment of this contract. The Board shall promptly notify OS of any additional documentation subsequently required by a change in applicable law or otherwise not reasonably identifiable before execution. OS shall be provided a reasonable opportunity to submit any such additional documentation, and payment shall not be withheld for requirements that were not previously disclosed until OS has been notified and given a reasonable opportunity to comply.

WHEREAS, the Board has indicated both an interest in, and willingness to, retain the services of OS on a private contract basis to service pupil(s) who are either blind and/or visually impaired:

NOW, THEREFORE, based upon the mutual conditions, covenants, representations and promises set forth hereinafter, OS and the Board agree as follows:

Section 1: Terms and Conditions:

A. The Board offers and agrees, and OS accepts, the arrangement to conduct an Orientation & Mobility Assessment.

The assessment shall be scheduled with the student's case manager once guardian consent is received by The Board. The schedule will be established and fixed by consensus between the Board and OS.

B. The Orientation & Mobility Assessment will include, but not necessarily be limited to and/or circumscribed, as follows:

- Review of records
- Initial planning meeting with parents
- Orientation & Mobility Evaluation
- Parent, teacher, student and TVI interviews
- Observation
- Evaluation Report
- Recommendations
- Suggested Plan of Action
- Initial team consultation/collaboration (excluding attendance at an IEP meeting unless separately authorized by the Board)

C. The Board shall be responsible to provide and to pay directly for any technology needed/required by the student. OS shall be responsible for providing, at its own expense, all equipment, materials, supplies, computers, software, communication devices and professional resources necessary for its personnel to perform the contracted services, except for student-specific assistive technology or equipment that the Board expressly agrees in writing to provide.

D. In the event of the need for The Board to cancel and/or re-schedule a portion of the assessment, OS should be notified by the student's case manager at least 2 hours in advance. In the event that OS is not notified within 2 hours of appointment, The Board will be charged OS's hourly rate only for the actual time reserved and rendered unavailable to other clients. In the event of the need for OS to cancel and/or re-schedule a portion of the evaluation, OS will notify the student's case manager, and in turn, the said case manager shall contact the parties involved.

E. OS shall perform all services in accordance with applicable federal and New Jersey law, including but not limited to the Individuals with Disabilities Education Act ("IDEA"), Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act ("ADA"), N.J.A.C. 6A:14, N.J.A.C. 6A:32, and all applicable regulations governing the education of students with disabilities.

F. OS represents that all personnel assigned to perform services under this Agreement shall possess and maintain throughout the term of this Agreement all licenses, certifications, permits and professional credentials required by law to perform the services contemplated herein. OS shall immediately notify the Board in writing of any suspension, expiration, investigation, limitation or revocation of any required license or credential.

G. OS further represents that all personnel having direct contact with students shall satisfy all applicable

criminal history background check requirements under N.J.S.A. 18A:6-7.1 et seq., and any other applicable student safety requirements imposed by law. Upon request, OS shall provide documentation reasonably satisfactory to the Board demonstrating compliance.

H. OS acknowledges that it is engaged as an independent contractor and not as an employee of the Board. Neither OS nor its employees, agents or subcontractors shall be entitled to any salary, pension benefits, health insurance, workers' compensation coverage through the Board, unemployment compensation, paid leave, or any other employee benefit provided by the Board. OS shall be solely responsible for payment of all federal, state and local taxes, insurance premiums, payroll obligations and employment-related expenses associated with its personnel.

I. The written evaluation report shall be delivered to the Board's designated case manager within fifteen (15) business days following completion of the assessment unless the parties agree otherwise in writing.

Question: We discussed this timeline with the Director, who agreed that 30 days could work. Could you please confirm whether parent consent has already been obtained? We typically have 60 days from the date parent consent is signed to complete the evaluation. While we are willing to accommodate a 30 day timeline, we want to ensure there is sufficient time to complete the evaluation, review and discuss the results with the district, and come to an agreement regarding our recommendations.

J. The Board shall have the right to request reasonable clarification of the evaluation findings and recommendations without additional charge if requested within thirty (30) days after receipt of the written report. Any additional services beyond those expressly included in this Section shall require prior written authorization from the Board.

Question: We are agreeable to providing brief clarification at no additional charge. However, could we clarify that requests requiring substantial additional time or work, such as preparing a written response or rebuttal to an advocate, would be treated as an additional billable service requiring prior written authorization?

K. All reports, evaluations, recommendations, notes, records, work papers and other documents prepared by OS pursuant to this Agreement shall become the exclusive property of the Board upon payment for the services rendered, subject only to the professional recordkeeping obligations imposed by applicable law. OS shall not distribute or disclose any such records except as authorized by the Board or as otherwise required by law.

L. OS acknowledges that, in performing services under this Agreement, it may obtain access to confidential student records and personally identifiable information. OS agrees to maintain the confidentiality of all such information and to comply fully with the Family Educational Rights and Privacy Act ("FERPA"), IDEA confidentiality requirements, N.J.A.C. 6A:32, and all other applicable confidentiality laws. OS shall not disclose such information except as authorized by the Board or required by law.

M. OS shall immediately notify the Board of any actual or suspected unauthorized disclosure, loss, breach or compromise of confidential information and shall cooperate fully with the Board in investigating and responding to such an incident.

N. OS shall retain all records created pursuant to this Agreement for the period required by applicable law and shall make such records available to the Board upon reasonable request. Upon expiration or termination of this Agreement, OS shall promptly return all Board records and confidential information, retaining copies

only to the extent required by law or professional licensing requirements.
Question: Could you please specify the period of time?

Section 2: Compensation:

An estimated breakdown of services for the **2026-2027** school year can be found below. It should be noted that this total is strictly an estimate and based on predicted need.

SERVICES	FREQUENCY	PRICE	ESTIMATED ANNUAL TOTAL
Orientation & Mobility Assessment	—	$1500.00	$1500.00
Teacher of the Visually Impaired Services	Up to 15 hours per week	$175.00 per hour	$107,625.00
		Estimated Annual Total:	**$109,125.00**

A. The fee (of) for OS to conduct the Orientation & Mobility Assessment equals **One Thousand Five Hundred Dollars and no cents ($1500.00)**. No additional compensation shall be due unless the additional services have been requested in writing by the Board's designated administrator and approved in accordance with applicable Board policy and New Jersey law.

B. The fee for OS for each Teacher of the Visually Impaired Sessions, Teacher of the Visually Impaired Consultation and Teacher of the Visually Impaired Material Preparation shall be **One Hundred Seventy-Five Dollars ($175.00)** per hour.

C. Any additional in person services, meetings or consultation will come at an additional fee. The fee (of) for OS equals **One Hundred Seventy Five Dollars and no cents per hour. ($175.00)**. Additional services shall not be performed unless specifically authorized in advance by the Superintendent or the Superintendent's designee. The Board shall have no obligation to compensate OS for services performed without prior written authorization except where otherwise required by law. Time shall be billed only for actual services rendered in fifteen (15) minute increments. Travel time shall not be separately compensable unless specifically approved in advance by the Board.

Question: Could you please clarify how you would like the 15 minute billing increments to be applied? For example, if a session lasts 50 minutes, we would typically bill for the actual 50 minutes. Under this provision, should that time be rounded up and billed as one hour?

D. Any additional remote training, meetings, consultations, etc will come at an additional fee. The fee (of) for OS equals **One Hundred seventy-five Dollars and no cents per hour. ($175.00).** Remote services shall be documented by date, duration, participants, and subject matter and shall be invoiced only after completion of the authorized service.

E. The compensation to OS from the Board shall be paid consistent with the Board's practice and policy as to its independent contractors, but, in no event, shall said compensation be paid in more than two (2)

weeks time period(s) or as may be mutually agreed between the parties (that is, OS and the Board). In the event payment for services rendered is not received within **thirty (30) days of receipt** by board, an additional late service charge of One Hundred Seventy Five Dollars and no cents ($175.00) will be added to the amount due, and an additional One Hundred Seventy Five Dollars and no cents ($175.00) for every consecutive thirty (30) days until payment is rendered. Invoices shall identify the student served, dates of service, services performed, hours billed, and any other information reasonably requested by the Board to verify payment.

Question: We only use the students' initials. Please confirm that this is acceptable.

F. OS shall ~~be required to obtain and keep~~ ~~current any and all appropriate~~ ~~insurance. OS shall forward "proof of insurance" to the Board, consistent with its request(s)/policy (ies).~~ maintain, throughout the term of this Agreement, insurance issued by carriers authorized to do business in the State of New Jersey with coverage limits reasonably satisfactory to the Board, including but not limited to:

- Commercial General Liability Insurance of not less than $1,000,000 per occurrence and $2,000,000 aggregate;
  We have 1,000,000.
- Professional Liability (Errors and Omissions) Insurance of not less than $1,000,000 per claim;
- Workers' Compensation Insurance as required by New Jersey law;
- **Our employees are 1099 so we do not have workers compensation insurance.**
- Employer's Liability Insurance;
- Automobile Liability Insurance covering owned, hired and non-owned vehicles used in connection with the services, if applicable.

Prior to commencement of services, OS shall furnish Certificates of Insurance acceptable to the Board. The Board of Education, its members, officers, employees and agents shall be named as Additional Insureds under the Commercial General Liability policy where commercially available.

Once the contract is signed, we can add the district.

The insurance required herein shall be primary and non-contributory with respect to any insurance maintained by the Board.

Question: We are currently reviewing this requirement with our insurance agent. Could you please clarify which insurance policies this provision applies to and whether the Board requires a specific primary and noncontributory endorsement or other supporting documentation?

G. This Agreement shall be governed by and construed in accordance with the laws of the State of New Jersey.

Any litigation arising out of or relating to this Agreement shall be brought exclusively in the Superior Court of New Jersey. The parties expressly waive any right to mandatory arbitration except where arbitration is specifically required by applicable law.

H. ~~This Agreement has an annual renewal right. Notice of Intention to renew, by either the Board or OS, shall be given no less (90 days prior to the natural expiration of the operative term.)This Agreement can be canceled by either party, for no cause, upon 60 days notice, in writing.~~
This Agreement shall commence upon approval by the Board of Education and execution by both parties and shall remain in effect solely for completion of the Orientation and Mobility Assessment described herein unless earlier terminated in accordance with this Agreement.

This Agreement shall not automatically renew. Any continuation or renewal of services shall require formal approval by the Board of Education and execution of a written renewal or new agreement.

Since this agreement is limited specifically to the completion of the Orientation and Mobility Assessment and does not automatically renew, we would feel more comfortable removing Section G in its entirety. Any future services would require formal Board approval and the execution of a separate written agreement.

I. Notwithstanding the foregoing, the Board may immediately terminate this Agreement, upon written notice, if:

- OS materially breaches this Agreement;
- OS fails to maintain any required license, certification or insurance;
- OS fails to comply with applicable federal or State law;
- OS loses eligibility to contract with a New Jersey public entity;
- OS violates Board policy relating to student safety or confidentiality;
- continued performance is determined by the Board to be contrary to the health, safety or welfare of students or staff; or
- funds appropriated for the services are unavailable or exhausted.
  We are not comfortable with the provision allowing termination if appropriated funds become unavailable or exhausted, as OS will be reserving staff time and resources based on the executed agreement. We respectfully request that this provision be removed.

Upon termination, OS shall be entitled only to compensation for satisfactorily completed and properly authorized services performed prior to the effective date of termination.

J. OS shall defend, indemnify and hold harmless the Manasquan Board of Education, its members, officers, employees, attorneys, volunteers and agents from and against any and all claims, demands, damages, losses, liabilities, judgments, costs and expenses, including reasonable attorneys' fees, arising out of or resulting from services rendered under this agreement.

To the fullest extent permitted by the laws of the State of New Jersey, the parties shall indemnify, defend, and hold harmless one another, and their respective officers, employees, agents, and representatives (collectively, the "Parties") from and against any and all claims, demands, suits, damages, losses, liabilities, judgments, costs, and expenses, including reasonable attorneys' fees, arising out of or resulting from the performance of the Services under this Agreement, but only to the extent caused by the negligent acts, errors, or omissions, or willful misconduct of either party , its employees, agents, subcontractors, or anyone directly or indirectly employed or retained by it.

Such indemnification obligations shall specifically include, without limitation, claims arising from bodily injury, property damage, automobile liability, professional errors or omissions, and, where applicable, claims of sexual abuse or molestation, to the extent attributable to either party or its personnel.

Each party's obligation to indemnify shall not extend to claims to the extent caused by the negligence or willful misconduct of the other party. Nothing in this Agreement shall be construed to require either party to indemnify the other for that party's own negligence beyond that permitted by New Jersey law.

In the event of any claim subject to this indemnification provision, the parties shall provide prompt written notice. Either party shall have the right to assume the defense of such claim with counsel reasonably acceptable, provided that the other party may participate in the defense at its own expense. Either party shall not settle any claim in a manner that imposes liability or obligations on the other without prior written consent, which shall not be unreasonably withheld.

K. The obligations contained in this Section shall survive termination or expiration of this Agreement.

Section 3: Miscellaneous:

A. In all references herein as to any parties, persons, entities or limited liability company, the use of any particular gender or the plural or singular is intended to include the appropriate gender or number as the context may require. The captions and headings contained in this Agreement are for convenience only and shall not be construed to define or limit the scope or intent of any provision of this Agreement.

B. This Agreement is the entire and only contract between OS and the Board. This Agreement replaces and cancels any previous agreements, understandings, etc., if any, between OS and the Board. This Agreement can only be changed by an agreement in writing signed by both OS and the Board.

C. ~~This Agreement is binding upon all parties who sign it and who succeed to their respective rights, duties, responsibilities and obligations.~~

This Agreement shall be binding upon and inure solely to the benefit of the parties and their respective lawful successors and permitted assigns. Neither this Agreement nor any rights or obligations hereunder may be assigned, delegated, transferred or subcontracted by OS without the Board's prior written consent. Any attempted assignment without such consent shall be void.

The Board acknowledges and approves OS's use of qualified independent contractors, including Teacher's of the Visually Impaired and Orientation & Mobility specialists, to provide evaluations and other services under this Agreement on OS's behalf.

D. All notices under this Agreement must be in writing. The Notices must be delivered personally or sent by fax or e-mail (supported by a hard copy) to the other party at the address written in this Agreement, or to that party's counsel, or as the parties may otherwise agree and designate.

E. If any provision of this Agreement is determined by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions shall remain in full force and effect and shall be construed to effectuate the original intent of the parties to the maximum extent permitted by law.

F. The provisions concerning indemnification, confidentiality, ownership of records, record retention governing law and any other provision which by its nature should survive termination, shall survive expiration or termination of this Agreement.

Manasquan High School:

High School Practices 2026: Price is $200 per practice. The start date is still to be determined. The available Fall times (starting first week of September) will be Monday-Friday 3:00-4:00pm. The exact date and times when the practices will occur are still to be determined. Manasquan High School must provide Epic Gymnastics with a practice schedule. Also, Manasquan must provide Certificate of Liability Insurance with Epic Gymnastics listed as a Certificate holder.

Additional Comments:
Manasquan High School/Parents will provide transportation to and from Epic Gymnastics. Manasquan High School will provide the group of gymnasts a coach for the duration of the workout. Manasquan High School must give 24 hour's notice if practice is cancelled on the scheduled days or they will be charged for a full day.

LEASE

This Lease Agreement is made on the _____ day of _____, 2026,

By and Between the Manasquan First Aid Squad, a municipal entity in the County of Monmouth, State of New Jersey, hereinafter "the Landlord," whose corporate address is _____, Manasquan, New Jersey 08736 and the Manasquan Board of Education, hereinafter "the Board," whose address is 169 Broad Street, Manasquan, New Jersey, 08736.

Property. The Board agrees to rent from the Landlord and the Landlord agrees to lease to the Board 10 parking spaces located at the Manasquan First Aid Squad for the use of Tenant's employees. Board employees using the parking spaces must display a Board issued parking placard. Parking therein shall be on a first come, first served basis.

Term. The term of this Lease shall commence on September 1, 2025, and conclude on June 30, 2026. The Lease shall be renewable for an additional term upon the mutual agreement of the Board and Landlord.

Rent. Tenant shall pay the sum of one dollar ($1.00) annually for the life of this lease.

Use of Property by Tenant. The parties enter this Agreement in contemplation of the Board's exclusive use of the parking spaces for the Term. Landlord shall not be responsible for the maintenance of the parking spaces (i.e., shoveling of show, etc) and shall also not be responsible for the security of any vehicles parked therein or any damages to said vehicles.

Sublease and Assignments Prohibited. Tenant shall have no right to assign or sublease its rights as to the Property, unless and except as the Board obtains written consent from the Landlord for such assignment or sublease.

Entire Agreement. The provisions recited herein constitute the entire contemplated Agreement between the parties. This Agreement may only be changed or amended by the mutual consent of the parties hereto.

Savings Clause. In the event that any clause or provision of this Agreement is found to be illegal, unenforceable or is deleted by agreement of the parties, the remaining clauses and provisions shall remain in full force and effect.

WHEREFORE, the Landlord and Board agree to the terms and provisions of this lease Agreement. The proper corporate officers of the parties have set forth their hands and seals below, this _____ day of _____, 2026

Mentoring Plan 2026-2027

Mission Statement

"Meaningful professional development and support for new teachers in education begins with a commitment from the administration to provide structure, support, opportunities for growth and communication that is rooted in a meaningful dialogue. This approach has to be woven into the fabric of our learning community every day, and we all need to be committed to making this vision a reality."

Background and Regulations

N.J.A.C. 6A:9C sets forth the requirements for the professional development of educators. While these rules govern professional development plans (PDPs) at the school and district levels as well as PDPs for individual educators, the chapter also establishes the rules for the required mentorship of novice teachers. Revised regulations for educator professional development were adopted by the New Jersey State Board of Education in April 2023. The revisions include enhancements to mentoring requirements and are meant to ensure that educators and school leaders are better supported throughout their profession.

The District Mentoring Plan will:

- include formal and informal resources and support to guide novice provisional teachers and first-year non-tenured teachers throughout the entire provisional period.
- be overseen by the Director of Curriculum & Instruction who will:
  1) collaborate annually with each School Improvement panel (ScIP) to review the District Mentoring Plan, consider ways to support the plan at the school level, and to take steps to ensure that all new teachers are receiving the necessary professional support; and
  2) make available to staff an electronic copy of the current District Mentoring Plan no later than October 30th of each school year.
- empower building principals and School Improvement Panels (ScIPs) to oversee the school-level implementation of the District Mentoring Plan and communicate the plan to all nontenured teachers and their mentors.

Goals:

- Assist first-year teachers and teachers new to the district in the performance of their duties andadjustment to the challenges of their teaching assignment.
- Help new teachers become an integral part of our learning community.
- Improve the effectiveness of new teachers.
- Enhance teacher knowledge of and strategies related to the New Jersey Student Learning Standards.
- Reduce novice teacher attrition.

NON-TENURED TEACHERS (YEAR ONE)

First-year, non-tenured teachers will receive an introduction to the following:

- **Curricula**: Teachers will be provided access to curricula during the multi-day New Teacher Orientation in August. A review of the curricula will be provided by the Director of Curriculum & Instruction, and further support will be provided by principals and supervisors through Professional Learning Communities (PLCs), observation conferences and in-service training. Articulation and support will also be provided to new teachers during New Teacher Meetings held throughout the school year.

- **Student Assessment Policies**: Teachers will be introduced to the *District Assessment Policy* during New Teacher Orientation in August. Teachers will learn about school- and department-specific student assessment policies through meetings with principals/supervisors and faculty meetings in September.

- **Training on the Evaluation Rubric (Including SGOs)**: Teachers will be provided with an introduction and training on the District Evaluation Rubric and Student Growth Objectives (SGOs) during New Teacher Orientation in August. Teachers will then also be provided additional training during a District-wide presentation at the beginning of the school year in September. *The development of individual SGOs will be a collaborative process with the teacher's principal/supervisor.*

First-year, non-tenured teachers will receive Individualized supports and activities in the following areas:

- **Development of an Individualized Professional Development Plan (PDP)**: Teachers will collaborate with supervisors/principals in developing their PDPs. New teacher PDPs will be aligned with the goals of the District Mentoring Plan along with specific District, building and department goals.

- **Areas of Focus within the Mentoring Plan**: The Director of Curriculum will review the Mentoring Plan with teachers during New Teacher Orientation in August. Articulation and support will be provided to new teachers during New Teacher Meetings held throughout the school year.

- **Goals or School & District Professional Development**: New teachers will attend all district- and school-based professional development activities to fulfill the New Jersey State requirement. New teachers will also receive supplemental professional development and support through New Teacher Meetings and pointed professional development in specific areas for the new teacher (i.e. classroom management, developing assessments, effective parent communication, stress management, etc.).

NOVICE TEACHERS

- In addition to receiving all the supports listed in "**NON-TENURED TEACHERS (YEAR ONE)**" above, novice teachers will also be assigned a formal mentor using the procedures below.

Philosophy- "A mentor is…"

- A mentor is a consultant, a collaborator, and a coach.
- A mentor is a person who supports and tutors his colleague in the art of teaching.
- A mentor must be understanding, supportive, innovative, knowledgeable, open-minded, and committed.
- A mentor encourages his mentee, listens carefully, and provides suggestions.
- A mentor must be professional, positive, and reliable.
- A mentor will encourage and facilitate a reflective process for both parties that enables the novice teacher to experiment, takerisks and improve his/her teaching.
- All discussions between a mentor and his or her mentee are confidential.
- Administrators will determine mentor eligibility through a qualification review form.

Roles and Responsibilities:

The mentor teacher:

- meets with assigned mentee for one full school year.
- meets at least once/week (in-person) for a minimum of thirty (30) weeks.
- meets with novice professional teachers twice per week for the first four weeks of the mentoring period for those provisional teachers holding a CEAS or for the first eight weeks for those provisional teachers holding a CE.
- provides individualized support and activities based on the nontenured teacher's individual needs.
- models strong instructional practices.
- discusses effective teaching strategies & resources.
- observes the novice teacher and shares feedback.
- leads mentee in guided self-assessment on district's teacher practice instrument.
- identifies in collaboration with mentee strengths and areas needing improvement.
- works with mentee to develop lesson plans.
- develops in collaboration with the mentee a New Teacher Orientation Action Plan.
- maintains a monthly log of contact hours with the mentee which is submitted to the Director of Curriculum & Instruction.
- aligns support to mentee's preparation curriculum.*
  *For those provisional teachers holding a CE.

The novice teacher:

- meets with assigned mentor for one full school year, pro-rated for part-time teachers.
- meets with mentor twice per week for the first four weeks of the mentoring period for those provisional teachers holding a CEAS or for the first eight weeks for those provisional teachers holding a CE.
- keeps a journal in which he/she records weekly (minimum) reflections of teaching, instructionalstrategies, classroom management, and questions/concerns to discuss with mentor.
- maintains a monthly Mentor Log which is turned into the Director of Curriculum & Instruction. The recording of Mentor Log hours will align with the new mentoring guidelines.
- develops a *New Teacher Action Pla*n in collaboration with mentor.
- observes mentor a minimum of once/month.
- observes teachers in other departments.
- attends New Teacher Meetings or assigned workshop.

Administration of Program

- The Director of Curriculum & Instructor oversees the program.
    - Collaborates annually with each School Improvement Panel (ScIP) as the Chief School Administrator's designee to review the district mentoring plan, consider ways to support the plan at the school level, and take steps to ensure that all new teachers are receiving the necessary professional support. (N.J.A.C. 6A:9C-5.3(d)(1))
- The building principals and ScIP ensure that the program guidelines are adhered to & mentees receive the needed support andprofessional development.
    - Each ScIP panel will oversee the school-level implementation of the district mentoring plan and shall communicate the plan to all nontenured teachers and their mentors. (N.J.A.C. 6A:9C-5.3(d)(2))
- Director of Curriculum & Instruction leads the initial Mentor/Mentee Meeting at the beginning of the program to discuss guidelines, regulations, and responsibilities.
- Director of Curriculum & Instruction as the Chief School Administrator's designee makes available to staff an electronic copy of the current district mentoring plan. (N.J.A.C. 6A:9C-5.3(e))
- Mentor Logs are turned into the Director of Curriculum & Instructor; a copy is sent to the Board of Education Office.
- The Board of Education Office is responsible for paying the Mentor.
    - Mentee pays mentor for service.
    - Payment is deducted from the mentee's paycheck per paycheck (2x/month).
    - The fee for mentorship is $550 for a CEAS and $1,000.00 for a CE (Certificate of Eligibility) (pro-rated based on number of weeks of mentoring provided).
    - Mentor receives payment in June.

Review & Revisions

- The Chief School Administrator shall submit this district mentoring plan to the district board of education for review of its fiscal impact in compliance with N.J.A.C. 6A:9C-5.3(c).
- The Director of Curriculum & Instruction as the Chief School Administrator's designee will annually review the plan and revise it, as necessary, based on feedback from mentor logs, each school improvement panel, and data on teacher and student performance in compliance with N.J.A.C. 6A:9C-5.3(d).

MANASQUAN SCHOOL DISTRICT PROFESSIONAL DEVELOPMENT PLAN

District Name	Superintendent Name	Plan Begin/End Dates
Manasquan School District	Robert Goodall	September 2026-June 2027

1: Professional Learning (PL) Goals			
PL Goal No.	**Goals**	**Identified Group**	**Rationale/Sources of Evidence**
1	Increase student achievement in the following areas: • Students' foundation in Science (Grades K-8) • Students' foundation in Mathematics (Grades K-8) • Students' literacy competency (Grades K-12) • Students' performance on Advanced Placement end-of-course exams (Grades 9-12)	K-12	• The district will continue to strengthen the implementation of standards-aligned Mathematics, Literacy, and Science instruction through the use of adopted instructional programs, district curriculum, formative assessment, universal screening, intervention systems, and professional collaboration. • i-Ready Mathematics and Reading data in Grades K-8 will be used to identify student strengths and areas of need, monitor progress, support differentiated instruction, and inform intervention. DIBELS literacy screening in Grades K-3 will provide an additional measure of early literacy development and support timely identification of students requiring targeted intervention. • The district will continue implementation of Great Minds literacy resources in the elementary grades, with professional learning focused on high-quality literacy instruction, student discourse, knowledge building, writing, and effective use of curricular resources. • Targeted intervention in Mathematics and English/Language Arts will continue through Multi-Tiered Systems of Support (MTSS), Basic Skills services, interventionists, diagnostic data, progress monitoring, and classroom performance data. • Student performance on Advanced Placement examinations has demonstrated significant improvement since implementation of the District's AP Action Plan in 2022. The percentage of AP exams earning a score of 3 or higher increased from 43% in 2021 to 79.0% in 2026. Continued participation in content-specific professional development, analysis of assessment data, curriculum refinement, and PLC/department collaboration will support continued achievement in Advanced Placement coursework.
2	Provide teaching staff with ongoing, high-quality, differentiated professional learning that addresses district instructional priorities, areas identified through evaluation and observation data, and staff-selected areas for professional growth.	K-12	• The district will continue the Squan PD professional development model during the 2026-2027 school year, expanding opportunities for differentiated, teacher-led professional learning. • Teacher-leaders will participate in the Squan PD Instructor Academy in collaboration with Go Teach to develop professional learning experiences grounded in Adult Learning Theory and effective professional learning

	Professional learning will strengthen instructional practice and improve student engagement, growth, and achievement.		practices. Staff will participate in cohort-based professional learning across five district professional development sessions during the school year. • Professional learning opportunities will address district and staff-identified areas of need, including instructional design, use of artificial intelligence to enhance teaching and learning, active learning strategies, special education and IEP implementation, assessment and data analysis, standards-aligned instruction, and effective use of district curriculum resources. • Professional development will be connected to instructional expectations reflected in the district's teacher evaluation framework. Observation data, professional growth goals, staff feedback, and PLC discussions will be used to identify trends and determine areas requiring additional support. • The district will continue to leverage the expertise of in-district teacher-leaders while also providing staff with access to external professional learning when specialized expertise is required.
3	Strengthen implementation of the New Jersey Student Learning Standards (NJSLS) through continued curriculum development, standards alignment, instructional planning, assessment design, and vertical articulation across Grades PreK-12.	K-12	• The district has completed significant curriculum development and revision to ensure alignment with current New Jersey Student Learning Standards. During the 2026-2027 school year, professional learning will move beyond initial standard implementation toward strengthening the connection among the standards, curriculum, instruction, and assessment. • Teachers and administrators will use district curriculum documents and the district's searchable curriculum and standards systems to improve access to standards-aligned instructional expectations, resources, assessments, and vertical articulation across grade levels and content areas. • Professional learning and collaborative planning will support continued implementation and integration of standards in English Language Arts, Mathematics, Science, Social Studies, World Languages, Visual and Performing Arts, Health and Physical Education, Computer Science and Design Thinking, Climate Change Education, and Career Readiness. • Curriculum audits, PLC discussions, classroom observations, lesson planning, student work, and assessment results will be used to determine the extent to which written curriculum is reflected in classroom instruction and to identify areas requiring additional professional learning or curriculum revision.

2: Professional Learning Activities		
PL Goal No	**Initial Activities**	**Follow-up Activities (as appropriate)**
1	• Continue implementation of current NJSLS-aligned curriculum and instructional programs in Mathematics, ELA, and Science. • Provide targeted professional learning related to i-Ready Mathematics and Reading in Grades K-8 and DIBELS literacy screening in Grades K-3. • Continue professional learning supporting implementation of Great Minds literacy resources in the elementary grades. • Review baseline diagnostic, screening, formative, and State assessment data to identify student needs. • Facilitate PLC and department meetings focused on student performance data and instructional response. • Provide resources, training, and collaborative planning opportunities for interventionists, MTSS teams, Basic Skills teachers, and classroom teachers. • Use diagnostic and progress-monitoring information to strengthen small-group instruction and intervention. • Support Advanced Placement teachers through content-specific professional development, curriculum review, assessment analysis, and PLC/department collaboration. • Analyze AP examination results to identify trends in student performance and opportunities for instructional refinement.	• Conduct ongoing, mid-year, and end-of-year reviews of i-Ready, DIBELS, classroom assessment, State assessment, and intervention data. • Adjust interventions and instructional groupings based on progress-monitoring and formative assessment results. • Use PLC and department meetings to evaluate the effectiveness of instructional strategies. • Provide refresher, targeted, or advanced professional development based on identified student and staff needs. • Share effective instructional and intervention practices across grade levels and departments. • Review AP performance trends and course-level data with teachers and departments to identify successful practices and areas for continued improvement. • Use student achievement data to inform future curriculum revisions and professional learning priorities.
2	• Continue the Squan PD professional learning model through differentiated, cohort-based professional development. • Conduct the Squan PD Instructor Academy for teacher-leaders facilitating professional learning during the 2026-2027 school year. • Collaborate with Go Teach to support instructors in designing professional learning grounded in Adult Learning Theory and effective professional development practices.	• Gather participant feedback following professional learning experiences. • Monitor implementation of professional learning through classroom observations, walkthroughs, PLC discussions, lesson planning, and teacher reflection. • Provide instructors with opportunities to refine sessions in response to participants' needs and feedback. • Share successful instructional practices and implementation of examples across schools, departments, and grade levels. • Identify common areas of instructional need through observation and evaluation data and develop responsive professional learning.

	• Facilitate staff participation in professional learning pathways aligned with district goals and individual areas for professional growth. • Offer professional learning in areas including instructional technology and artificial intelligence, active learning, special education and IEP implementation, instructional design, assessment, curriculum implementation, and data-informed instruction. • Use teacher evaluation data, observation trends, staff feedback, professional growth goals, and district initiatives to inform professional development offerings. • Support administrators and instructional leaders in implementing the district's updated teacher evaluation instrument and strengthening feedback related to instructional practice. • Provide New Teacher Orientation and ongoing support to ensure new staff understand district curriculum, instructional expectations, assessment systems, professional learning structures, and available resources.	• Evaluate the effectiveness of Squan PD offerings to inform professional development planning for the following school year. • Provide additional coaching, resources, or follow-up learning when implementation needs are identified.
3	• Provide professional learning and collaborative planning related to current New Jersey Student Learning Standards. • Continue curriculum audits and curriculum revision to ensure alignment among standards, instructional activities, resources, and assessments. • Facilitate vertical and horizontal articulation across grade levels, courses, and departments. • Support staff in using district curriculum and searchable standards resources to identify instructional expectations and understand vertical progression of standards. • Provide opportunities for teachers to analyze how standards are reflected in instructional activities and assessments. • Continue to revise and strengthen district curriculum documents based on standards updates, assessment results, instructional needs, and program changes.	• Collaborate in PLCs and department meetings to review curriculum implementation and alignment. • Monitor lesson plans, classroom instruction, assessments, and student work for evidence of standard alignment. • Use classroom observations and instructional walkthroughs to identify trends related to curriculum implementation. • Review student work and performance tasks to determine the extent to which students are demonstrating mastery of identified standards. • Identify curriculum gaps, redundancies, or areas requiring stronger vertical articulation. • Provide targeted follow-up professional development through faculty meetings, department meetings, PLCs, Squan PD, or individual coaching based on identified needs. • Use findings from curriculum audits and instructional monitoring to inform future curriculum revisions and district professional learning priorities.

	• Support integration of interdisciplinary standards, including Climate Change Education, Career Readiness, technology, and other required cross-content standards.	

3: PD Required by Statute or Regulation

State-mandated PD Activities
Meet school/district/ state mandated requirements 1) Attend district workshops, trainings and faculty meetings that relate to the state mandated requirements 2) Complete the mandated online training programs required by the school, district and/or state 3) Ongoing for 2026-2027 school year completed by June 2027.

4: Resources and Justification

Resources
• Marking period grades and progress reports • Teacher observation and evaluation data, including formative and summative feedback • New Jersey Student Learning Assessment (NJSLA) results • New Jersey Graduation Proficiency Assessment (NJGPA) results • Advanced Placement end-of-course examination results • i-Ready Reading and Mathematics diagnostic and progress-monitoring data, including MyPath reports in K-8 • DIBELS literacy screening and progress-monitoring data in Grades K-5 • ACCESS for ELLs results • District and classroom formative and summative assessments • MTSS and intervention progress-monitoring data • PLC and department meeting notes and data-review summaries • District curriculum documents and curriculum audit findings • Lesson plans and unit plans aligned to current NJSLS • Student work samples, performance tasks, and common assessments • Teacher observation and instructional walkthrough trends • Professional development participation and participant feedback • Teacher professional growth goals • Squan PD instructor and participant feedback • New Teacher Orientation and mentoring feedback • Evidence of curriculum and standards implementation across classrooms

Justification
• District data continue to demonstrate the importance of strengthening foundational skills in literacy, mathematics, and science while ensuring that students have access to rigorous, standards-aligned instruction across all grade levels. • The district's expanded use of i-Ready Mathematics and Reading, DIBELS literacy screening, formative assessment, and progress-monitoring systems provides teachers and administrators with multiple sources of evidence to identify student needs and evaluate the effectiveness of instructional interventions. Professional development is necessary to ensure that these data are translated into effective classroom instruction rather than used solely as measures of student performance. • Advanced Placement performance has demonstrated substantial growth since implementation of the District's AP Action Plan, with the percentage of AP examinations earning a score of 3 or higher increasing from 43% in 2021 to 79.0% in 2026. Continued professional collaboration, curriculum refinement, assessment analysis, and access to content-specific professional learning will support sustained achievement and continued opportunities for growth. • The district has made significant investments in curriculum development and standard alignment. The 2026-2027 school year will emphasize implementation of the written curriculum, vertical articulation, and ensuring that instructional activities and assessments reflect the rigor and intent of the New Jersey Student Learning Standards. • The second year of the Squan PD professional learning model will expand the district's capacity to provide differentiated, teacher-led professional development. Through the Squan PD Instructor Academy, collaboration with Go Teach, and five cohort-based professional learning sessions, teacher-leaders will provide sustained professional learning grounded in Adult Learning Theory and responsive to staff and district needs. • Professional development offerings will address areas identified through teacher feedback, professional growth goals, observation and evaluation data, student achievement results, curriculum audits, and district initiatives. Priority areas include effective instructional design, active learning, special education and IEP implementation, responsible and effective use of artificial intelligence and instructional technology, assessment practices, standards-based instruction, and data-informed decision-making. • The district's professional development plan is designed to connect curriculum, instruction, assessment, evaluation, and professional learning so that staff development results in observable improvements in instructional practice and student learning.

Nursing Services Plan

2026-27 School Year

Section 1: Description of Nursing Services

- The Manasquan School District School Nursing Department provides quality care, health services and support to all students, faculty, and staff of the district. As the health consultant for each school, nursing services provided to all students include:
- Carrying out the written orders of the medical home and standing orders of the school physician
- Conducting health screening which include scoliosis (ages 10 – 18), height, weight, blood pressure, hearing, and vision
- Monitoring vital signs and general health status for students suspected of being under the influence of alcohol and controlled dangerous substances
- Maintaining student health records
- Recommending to the school principal those students who shall not be admitted or retained in the school building based on a parent's failure to provide evidence of a child's immunization
- Annually reviewing student immunization records to confirm with the medical home that the medical condition for the exemption from immunization continues to be applicable
- Recommending to the school physician exclusion of students who show evidence of communicable disease
- Directing and supervising the emergency administration of epinephrine and training school staff designated to serve as delegates
- Administering medication and Mantoux Tuberculin as outlined in the standing orders
- Directing and supervising the health services activities of any school staff to whom the certified school nurse has delegated a nursing task
- Classroom instruction in areas related to health
- Reviewing and summarizing available health and medical information regarding the students and transmitting a summary of relevant health and medical information to the Child Study Team or to satisfy 504 requests
- Writing and updating, at least annually, the individualized health care plan and the individualized emergency health care plan provisions for any student who requires them
- Implementing and assisting in the development of healthcare procedures for students in the event of an emergency

- Instructing teachers on communicable disease, infection control and other health concerns
- Ensuring new students provide documentation of a physical exam upon entry
- Ensuring compliance for Athletic Exams within one year of student's participation and coordinating the provision of Athletic Exams for students with no medical home
- Arranging a physical exam, when necessary, for working papers and provide supporting documentation

Section 2: Summary of Medical Needs of Students

Severity of health concerns for students can be classified in the following manner:

Level I: Nursing Dependents:

Nursing dependent students require 24 hour/day, frequently one-to-one, skilled nursing care for survival. Many are dependent on technological devices for breathing (i.e. a student on a ventilator) and/or require continuous nursing assessment and intervention. Without the use of the correct medical technology and nursing care, the student will experience irreversible damage or death.

Level II: Medically Fragile:

Students with complicated health care needs in this category face each day the possibility of a life-threatening emergency requiring the skill and judgment of a professional nurse.

Examples may include but are not limited to: severe seizure disorder requiring medication, severe asthma, sterile procedures, tracheostomy care with suctioning, an unstable or newly diagnosed diabetic with unscheduled blood sugar monitoring and insulin injections, diabetes with insulin pumps requiring monitoring and asthmatics requiring nebulizer treatments

Level III: Medically Complex:

Students with medically complex concerns require daily treatments or close monitoring by a professional nurse. They may have unstable physical and/or social/emotional conditions and the potential for a life-threatening event may exist. Examples include, but are not limited to, ADHD and on medication, anaphylactic event, cancer, immune disorders, moderate to severe asthma (requires use of

inhaler and peak flow monitoring), adolescent pregnancy, time-sensitive medications, medications with major side effects, unstable metabolic conditions, continuous or intermittent oxygen, and complex mental or emotional disorders.

Level IV: Health Concerns:

At this level the student's physical and/or social/emotional condition is currently uncomplicated and predictable. Occasional monitoring is required, varying from biweekly to annually. Examples include, but are not limited to, dental disease, migraine headaches, sensory impairments, diabetes self-managed by the student, dietary restrictions, eating disorders, orthopedic conditions requiring accommodations and encopresis.

MANASQUAN ELEMENTARY SCHOOL

Grade Levels: Pre-Kindergarten – 8th Grade

Student Population:	475
General Education Enrollment:	**381**
Special Education Enrollment:	**76**

Total Students with Medical Involvement:

Level I: Nursing Dependent	**0**
Level II: Medically Fragile	**5**
Level III: Medically Complex	**46**
Level IV: Health Concerns	**135**

MANASQUAN HIGH SCHOOL

Grade Levels: 9th -12th Grade
Alternative School
CLI/ALB School

Student Population:	**796**
General Education Enrollment:	**684**
Special Education Enrollment:	**112**

Total Students with Medical Involvement:	**242**
Level I: Nursing Dependent	**3**
Level II: Medically Fragile	**12**
Level III: Medically Complex	**32**
Level IV: Health Concerns	**195**

Section 3: Nursing Services in Emergency Situations

- School nurses have the most significant role in providing services during emergency situations. Their services include:
- Emergency administration of epinephrine via Epipen
- Care of any pupil who becomes injured or ill while at school or during participation in school sponsored functions
- Transportation and supervision of any pupil determined to be in immediate need of care
- Notification of parents or legal guardians of any pupil determined to be in need of immediate medical care
- Administration of medication for pupils requiring epinephrine
- Use of cardiopulmonary resuscitation
- Use of the automated external defibrillator (AED)
- Involvement of local emergency medical services

Section 4: Nursing Assignments by School

The Manasquan School District has three full time nurses:

Jill Lebret, RN, CSN-NJ	Full Time in Manasquan High School
Patricia Cassidy, RN, BSN, CSN-NJ	Full Time in Manasquan Elementary School
Valarie Hannafey, BSN, RN	½ Time in Manasquan High School, ½ Time in Manasquan Elementary School

Section 5: Nursing and Medical Services Provided to Nonpublic Schools: The Manasquan School District does not have any non-public schools within school boundaries.

Additional Roles:

The Certified School Nurse in the Manasquan School District has a multitude of roles within the scope of professional practice. In an ongoing effort to ensure children remain healthy and ready to learn, the school nurse takes on the role of health care provider, investigator, communicator, collaborator, counselor, educator, child advocate, community liaison, recorder, screener, first responder and manager.

Health Care Provider

Within the role of health care provider, the school nurse uses the nursing process, which includes assessing, planning, implementing, and evaluating the nursing care in an ongoing manner. School nurses carry out the development of individualized health care plans (IHCPs), and emergency care plans for each student with acute or chronic health concerns.

Investigator

As investigator, the school nurse seeks information regarding health histories, health practices, risky behavior trends, environmental concerns, safety issues, communicable disease patterns and current health information relevant to the practice of school nursing. Consultations with parent/guardians, physicians, social workers, therapists, health agencies, administrators, teachers, guidance counselors, student assistant counselors, child psychologists, physical therapists, behaviorists, learning disability counselors, case managers, resource officers, law enforcement officers, cafeteria, custodial and maintenance staff are sought to gather information. Three areas the school nurse investigates regularly include justification for requests from parents to provide long-term physical education excuse for their student, requests for home instruction without a prescribed treatment plan of return to school, and students enrolled and admitted without vaccination records provided to the health office.

Communicator

As communicator, the school nurse uses a varied approach to share relevant information with students, parents, staff members, physicians, administrators, health care agencies, and government entities. Telephone conferences, personal letters, certified letters, e-mail communications, website updates, personal conferences, departmental meetings, Intervention and Referral Services (I&RS), Child Study Team meetings, re-entry meetings, zoom video meetings and

interactive webinars represent some of the methods and forums in which health information is communicated.

Collaborator

The school nurse collaborates with nurses within the district, with nurses from the sending districts, from our Magnet and Vocational Schools, our School Physician, and private care providers on a daily or as needed basis. This process involves maintaining confidentiality in shared group knowledge of the client, effective communication and decision making for best client outcomes. Often functioning autonomously as the medical officer of the building, the school nurse practices responsively, respectfully, assertively, and with accountability as she collaborates with other disciplines in the district. The interdisciplinary collaboration of the nurse is demonstrated with the I&RS team, Crisis Team, Code Blue Team, Safety and Security Team and COVID-19 committee. This interprofessional and interdisciplinary partnership creates a team approach designed to work on a common goal for improved outcomes of the students and population served. Unscheduled and impromptu interprofessional and interdisciplinary collaborative interactions occur throughout the school nurse's day, through a sharing of skills and knowledge to improve the population's quality of care, most especially now and throughout the COVID-19 pandemic as guidelines change for self-isolation and self-quarantine of COVID positive and COVID close contact individuals.

Counselor

The school nurse serves in the role of counselor to students, their parents, staff and faculty regarding health issues and personal concerns. Students, staff and faculty present to the nurse with mild to moderate anxiety seeking direction and methods of non-pharmacological management. The school nurse assesses and initiates immediate therapeutic intervention. Relaxation techniques such as diaphragmatic breathing and guided imagery are demonstrated, before considering further intervention. Referrals are made to school psychologists, student assistant counselors, guidance counselors, physicians or mobile crisis responders as needed.

Educator

The role of educator is a vital role for the Certified School Nurse. Informal teaching takes place continuously on a one-on-one basis during the delivery of care to students and staff. Staff education on health topics (asthma, allergies, diabetes, child abuse, convulsive disorder, basic first aid) is provided at in-service meetings or in small groups as needed throughout the year. The Certified School Nurse

conducts in-service for staff delegates on the assessment and treatment of anaphylaxis due to an acute allergic reaction and the administration of Epinephrine Injection. Additionally, the school nurse conducts in-service on the assessment and treatment of students living with diabetes presenting with hypoglycemia due to a dangerous drop in blood sugar and the administration of Glucagon Injection. Parent education is provided through written materials and private discussions.

Child Advocate

As child healthcare advocates, school nurses work closely with staff and families to facilitate health needs to be identified and accommodations are met. This can be a meeting with staff regarding the healthcare needs and allowances of a particular student, a group of students, or representing a student in a court of law. Advocacy extends to include referrals to health agencies, anti-bullying officers, community programs, and the Division Child Protection and Permanency (DCP&P) (formerly known as the Division of Youth and Family Services (DYFS)).

Community Liaison

In the role of community liaison, the school nurse works with local groups and organizations to bring special programs into the school, and the school out to the community. Students and staff have benefitted from the walks for Juvenile Diabetes, the Epilepsy Foundation, the Influenza and COVID-19 Vaccination program, and the Manasquan First Aid Friends and Family Lifesaver Program.

Recorder

A time-consuming role of the school nurse is the role of recorder. A legal health record (State of New Jersey Health History and Appraisal -A45) is maintained apart from the academic record, for each student. Additionally, each visit to the health office is documented to include the date, time and chief complaint, nursing assessment, plan of care, and referral to other professionals if indicated. An accurate account of each student's visit to the health office is maintained through the Genesis program and can reflect patterns of behavior, medical, psychological or environmental issues in the classroom or in the home. Written correspondence from parents or health care providers are incorporated in the student's health record. Data must be collected and recorded for state health agencies related to immunizations, communicable diseases such as MRSA, and COVID-19, waste management of needles and syringes, drug testing for illicit substances, year-round sports participation and employee injuries and workman's compensation.

Screener

Each year the school nurse conducts screening for student height, weight, blood pressure, vision, hearing and scoliosis metrics. The measurements are assessed and recorded on the student's A-45. Referrals to follow up with a physician are made to parents based on these screenings. Screenings are critical and have detected visual impairments, hearing deficiencies, morbid obesity, hypertension, scoliosis and self-mutilating behavior that may have gone undetected if screenings were not done.

First Responder

The School Nurse maintains certification in Basic Life Support (BLS), Advanced Cardiac Life Support (ACLS), Cardiopulmonary Resuscitation (CPR), and the use of an Automated External Defibrillator (AED). The school nurse is a member of the Code Blue (emergency cardiac response) Team.

Manager

With the variety of roles, the school nurse takes on and the variety of needs that must be balanced at any point in time, the school nurse takes on the role of manager. In the school setting, it is essential to assertively manage any health problems that are likely to compromise learning. For this reason, school health care providers prioritize concerns and assign health services staff in a way that achieves this goal. The assignment of school nurses in the Manasquan School District must not be based solely on the student population. Consideration must be given for the special education population, and severity of health concerns present in each building. Severity coding can be broken down into four levels: Nursing Dependent, Medically Fragile, Medically Complex, and Health Concerns.

Manasquan High School and Elementary School – Sports Program

The sports program has always been an added responsibility for the school nurse. Sports applications at the high school level require nursing review, and many require additional remediation. Currently, the school nurse receives, reviews, remediates, and processes sport physicals for all students intending to participate in sports in each of the three seasons. All sport physicals must be reviewed by the

school nurse, before they are reviewed, signed and approved by the school physician, prior to consideration for eligibility.

MHS – Each year sports physicals are reviewed, remediated, and approved for participation to date for the three (fall, winter, spring) competition seasons. Additionally, district students attending county vocational schools (Magnet Schools) are processed through the MHS school nurse prior to participation. In addition to sports physical packets, health history update questionnaires are reviewed, interpreted, remediated if necessary and eventually cleared for participation annually.

MES reviews, remediates and approves approximately 230-250 physicals each year.

During the month of September the both health offices are busy with Epinephrine and Glucagon injection delegate in-service, reviewing and updating health records, obtaining medication authorization, creating individual care plans, meeting with faculty to discuss students' health concerns, tracking the status of provisional students, and transferring health files in and out of the district due to transfers to and from other schools.

Manasquan Teacher Rubric

Domain 1: Plan

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
The teacher plans coherent instruction which accurately reflects an understanding of the required standards, school curriculum and expected rigor. The teacher plans effective, data-driven strategies and the use of appropriate resources, and that enable all students to learn. ** Attributes*	In addition to meeting the standard, the teacher plans highly coherent instruction which reflects an extensive understanding of the required standards, school curriculum and expected rigor. The teacher plans student-directed and creative, data-driven strategies with real-world applications, and/or plans the use of innovative resources that enable all students to learn.	The teacher plans coherent instruction which accurately reflects an understanding of the required standards, school curriculum and expected rigor. The teacher plans effective, data-driven strategies and use of appropriate resources that enable all students to learn.	The teacher inconsistently plans coherent instruction that accurately reflects an understanding of the required standards, school curriculum and expected rigor. The teacher inconsistently plans effective, data-driven strategies and/or the use of appropriate resources that enable all students to learn.	The teacher plans poorly aligned instruction which does not reflect an understanding of the required standards, school curriculum and expected rigor. The teacher plans ineffective strategies which do not align to data and/or the use appropriate resources that enable all students to learn.

Attributes

1.1 Designs instruction connected to big ideas and essential questions within the course curriculum.

1.2 Aligns lesson objectives to applicable standards in the course curriculum.

1.3 Plans instruction that connects present content with previous and future learning and other disciplines.

1.4 Develops instructional outcomes that reflect high expectations & cognitive challenges.

1.5 Plans assessments that match learning outcomes while meeting expected levels of rigor and understanding.

1.6 Uses student data, including baseline and formative assessments, to drive instructional plans.

1.7 Determines knowledge of pre-requisite skills before beginning new instruction.

1.8 Plans instruction that links learning to real-world experiences with opportunities for application.

1.9 Considers students' interests when planning instructional activities.

1.10 Plans student-centered learning activities aligned with established objectives and appropriate to the skill or content area.

1.11 Plans instruction that demonstrates knowledge of students' varied ability levels.

1.12 Plans differentiated instruction and/or instructional groupings to meet the needs of students in the classroom.

1.13 Plans differentiated instruction for all levels of students in classroom.

1.14 Plans lessons & activities reflective of recent developments in subject area pedagogy.

1.15 Designs lessons which reflect an understanding of the intellectual, social, emotional, and physical development of the age group.

1.16 Plans instruction in anticipation of student misconceptions and learning challenges.

Manasquan Teacher Rubric

Domain 2: Implement

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
The teacher clearly and accurately communicates content and goals while using effective strategies and resources to teach knowledge, concepts, and skills. Throughout the lesson the teacher cognitively engages students in important critical thinking, discussion and learning. ** Attributes*	In addition to meeting the standard, the teacher creatively communicates content and goals while using innovative strategies and resources to teach knowledge, concepts and skills with opportunities for real-world application. Throughout the lesson, virtually all students are cognitively engaged in critical thinking, discussion and learning.	The teacher clearly and accurately communicates content and goals while using effective strategies and resources to teach knowledge, concepts, and skills. Throughout the lesson most students are cognitively engaged in important critical thinking, discussion and learning.	The teacher is inconsistent in clearly and/or accurately communicating content and goals. Instructional strategies and/or resources are partially effective to teach knowledge, concepts and skills. Throughout the lesson, only some students are cognitively engaged in important thinking, discussion and learning.	The teacher is unclear and/or inaccurate in communicating content and goals. Instructional strategies and resources are ineffective and do not teach the knowledge, concepts and skills. Throughout the lesson, students are not cognitively engaged in important thinking, discussion and learning.

Attributes

2.1 Conveys and reinforces learning goals consistently throughout the lesson.

2.2 Communicates clear, understandable, and accurate explanations of content.

2.3 Delivers the course content in a developmentally appropriate manner.

2.4 Uses cognitively challenging questions to deepen student understanding and advance student learning.

2.5 Promotes student reasoning, critical thinking, and problem-solving.

2.6 Demonstrates flexibility and responsiveness to student understanding by anticipating and addressing misconceptions.

2.7 Answers students' questions accurately.

2.8 Provides students the opportunity to be active participants in the lesson.

2.9 Invites students to explain the content and/or their reasoning.

2.10 Ensures that participation of all students is meaningful.

2.11 Implements a variety of effective instructional strategies to ensure that all students meet the learning objectives.

2.12 Utilizes a variety of strategies relevant to the content area, tasks/activities, and intended outcomes.

2.14 Provides well-defined directions and, when appropriate, models procedures or tasks.

2.15 Maintains appropriate pacing for students to meet learning goals.

2.16 Incorporates instructional technology intentionally to enhance student learning.

Manasquan Teacher Rubric

Domain 3: Evaluate

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
The teacher systematically collects student data through a variety of formative and/or summative assessments addressing all levels of cognition to evaluate student progress and understanding. The teacher effectively and frequently provides students with timely and meaningful feedback. ** Attributes*	In addition to meeting the standard, the teacher and students formally and informally collect and evaluate a variety of formative and/or summative assessments addressing all levels of cognition to assess student progress and understanding. Frequent and meaningful feedback comes from a variety of sources to enhance learning.	The teacher systematically collects student data through a variety of formative and/or summative assessments addressing all levels of cognition to evaluate student progress and understanding. The teacher effectively and frequently provides the students with timely and meaningful feedback to enhance learning.	The teacher inconsistently collects student data through a limited variety of formative and/or summative assessments addressing some levels of cognition to evaluate student progress and understanding. The teacher inconsistently provides students with meaningful feedback to enhance learning.	The teacher does not collect student data to evaluate student progress and understanding. The teacher does not provide students with meaningful feedback to enhance learning.

Attributes

3.2 Questions students to elicit understanding.

3.4 Assesses students through tasks that span the various levels of thinking.

3.6 Uses a variety of assessment methods to determine individual student's learning to inform and adjust instruction in real-time.

3.7 Monitors student understanding throughout the lesson.

3.9 Provides timely and meaningful feedback to deepen student learning.

3.11 Selects and modifies assessment strategies and formats to provide equitable access to the diverse needs of the student population.

Manasquan Teacher Rubric

Domain 4: Culture

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
The teacher effectively establishes a respectful, positive, safe learning environment conducive to high student achievement. The teacher conveys an enthusiasm for the content and an underlying belief of its importance which is shared by the students. ** Attributes*	In addition to meeting the standard, the teacher fosters intellectual curiosity, high student achievement and inspires the students' enthusiasm for the content.	The teacher effectively establishes a respectful, positive, safe learning environment conducive to high student achievement. The teacher conveys an enthusiasm for the content and an underlying belief of its importance which is shared by the students.	The teacher inconsistently establishes a respectful, positive, safe learning environment conducive to high student achievement. The teacher inconsistently conveys an enthusiasm for the content and an underlying belief of its importance which is shared by the students.	The teacher does not establish a respectful, positive, or safe learning environment which hinders student learning and achievement. The teacher does not share an enthusiasm for the content and/or an underlying belief of its importance.

Attributes

4.1 Displays enthusiasm for the instructional content.

4.2 Respects and encourages students' efforts and persistence.

4.3 Maximizes instructional time and minimizes disruptions.

4.4 Creates an atmosphere where students feel safe to take risks without fear of being wrong.

4.5 Establishes a climate of trust and teamwork.

4.7 Recognizes and acknowledges students' concerns and interests.

4.8 Establishes a culture of active learning and ensures participation of all students.

4.9 Students exhibit comfort in explaining the content and/or their reasoning.

4.10 Students exhibit comfort in questioning themselves and others.

4.11 Attentively listens and pays attention to students' diverse learning needs and responses.

4.12 Facilitates a safe learning environment.

4.13 Physically arranges the classroom to maximize learning.

4.14 Establishes clear expectations for classroom rules, procedures, and behavior and enforces them consistently and fairly.

4.15 Manages student behavior and responds to misbehavior subtly and effectively.

4.16 Evaluates effectiveness of lessons and identifies area for improvement.

Manasquan Teacher Rubric

Domain 5: Professional Responsibilities

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
The teacher is committed to improving instruction, student achievement and the school community by attending professional development opportunities and collaborating with colleagues, administration, parents and community members. The teacher adheres to all local and state mandates and ethical guidelines and performs all professional responsibilities in a timely manner. ** Attributes*	In addition to meeting the standard, the teacher takes a leadership role during professional development opportunities and is pro-active in the collaboration with colleagues, administration, parents and community members.	The teacher is committed to improving instruction, student achievement and the school community by attending professional development opportunities and collaborating with colleagues, administration, parents, and community members. The teacher adheres to all local and state mandates and ethical guidelines and performs all professional responsibilities in a timely manner.	The teacher is inconsistently committed to improving instruction, student achievement and the school community by inconsistently attending professional development opportunities and/or collaborating with colleagues, administration, parents and community members. The teacher may not adhere to all local and state mandates and/or ethical guidelines and/or inconsistently performs all professional responsibilities in a timely manner.	The teacher does not demonstrate a commitment to improving instruction, student achievement and the school community by attending professional development opportunities and/or does not collaborate with colleagues, administration, parents and community members. The teacher does not adhere to local and state mandates and/or perform professional responsibilities in a timely manner.

Attributes

5.1 Sets goals for improvement of knowledge and skills.

5.2 Attends district and school professional development offerings.

5.3 Seeks opportunities for additional professional growth.

5.4 Incorporates learning from professional growth opportunities into instructional practice.

5.5 Contributes as a member of the school's professional learning community through collaboration with teaching colleagues.

5.6 Works in collegial and collaborative manner with administrators, colleagues, and other school personnel.

5.7 Engages in activities outside the classroom that contribute to the betterment of the school community.

5.8 Provides opportunities for family members to participate in their child's learning.

5.9 Builds positive and professional relationships with parents/guardians through frequent and effective, personal communication concerning student progress.

5.10 Responds in a timely manner to professional requests and responsibilities.

5.11 Maintains accurate records and documents the progress of each student throughout the school year.

5.12 Adheres to federal and state laws, school policies and ethical guidelines.

Manasquan Reflective Practice Teacher Rubric

Teacher Reflective Practice Protocol Rubric

	Highly Effective(4)	**Effective(3)**	**Partially Effective(2)**	**Ineffective(1)**
Video Capture Lessons	Teacher provides thoughtful information concerning pedagogical strengths & areas of focus according to the teacher practice instrument. He/she recognizes the changes made in instruction and highlights the impact of those changes, along with any further adjustments needed.	Teacher provides thoughtful information concerning pedagogical areas of strengths & areas of need according to the teacher practice instrument. He/she highlights some changes in instruction but should monitor the impact more.	Teacher provides basic insights concerning pedagogical areas of strength & needed focus according to the teacher practice instrument. Further work should be done connecting observation to change in practice & impact.	Teacher provides basic information concerning video capture observations but hasn't connected those observations to instruction change or to the teacher practice instrument.
Student Performance	Teacher provides insights about student progress toward academic goals while hypothesizing causes for student success and strategies for addressing areas of need.	Teacher provides insights on student progress toward academic goals while hypothesizing causes for student success, but does not outline strategies for areas of need.	Teacher provides insights on student progress toward academic goals but does not hypothesize causes for student success.	Teacher provides a list of student grades with no connection to academic goals.
Classroom Observations	Teacher connects insights from the classroom observation to their observations of practice with a focus on how progress has been has been made in key areas of strength and weakness.	Teacher connects insights from the administrator-conducted observation to observations of practice with a focus on how progress has been made in areas of focus.	Teacher connects insights from the administrator-conducted observation to observations, but lacks delineation between areas of strengths and weaknesses.	Teacher doesn't connect observation from the administrator-conducted observation to observation of practice.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Student Surveys	Teacher highlights areas of strength and need from a student survey and provides ideas for addressing areas of strength and strategies for addressing areas of need.	Teacher highlights areas of strength and focus from a sample of students that completed a survey and provides a hypothesis for areas of strength.	Teacher highlights areas of strength and focus from a sample of students that completed a survey and provides a hypothesis for areas of strength.	Teacher provides a summary of student survey results without highlighting areas of strength or need.
Connected Reflection of All Sources	Teacher and administrator identify areas of strength and need and agree to specific strategies that build on strengths and address needs. A plan is developed for teacher to monitor progress and discuss at the next reflective check-in, post-conference or summative conference.	Teacher and administrator identify BOTH prevalent areas of strength and needed focus from all sources.	Teacher and administrator identify only prevalent areas of weakness gathered from a minimal amount of sources.	Teacher and administrator haven't integrated all information gathered from sources of reflection to identify prevalent areas of strength and needed focus.

Manasquan Educational Services Personnel Rubric

Domain 1: Program Planning, Implementation and Evaluation

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
The educational or program specialist uses professional knowledge to address the needs of the target learning community and demonstrates an awareness of individual differences, cultures and learning needs. The specialist plans, coordinates and manages program services consistent with established guidelines, policies and procedures. ** Attributes*	In addition to meeting the standard, the educational or program specialist uses innovative, professional knowledge to address the needs of the target learning community and/or leads or engages others while demonstrating an awareness of individual differences, cultures and learning needs. The specialist plans, coordinates and manages innovative program services consistent with established guidelines, policies and procedures.	The educational or program specialist uses professional knowledge to address the needs of the target learning community and demonstrates an awareness of individual differences, cultures and learning needs. The specialist plans, coordinates and manages program services consistent with established guidelines, policies and procedures.	The educational or program specialist inconsistently uses professional knowledge to address the needs of the target learning community and/or inconsistently demonstrates an awareness of individual differences, cultures and learning needs. The specialist inconsistently plans, coordinates and manages program services consistent with established guidelines, policies and procedures.	The educational or program specialist makes poor use of professional knowledge to addresses the needs of the target learning community and does not demonstrate an awareness of individual differences, cultures and learning needs. The specialist does not plan, coordinate and manage program services consistent with established guidelines, policies and procedures.

Attributes

Demonstrates knowledge of specialty area, current trends & technology.

Demonstrates knowledge of the school's program and student needs within that program.

Understands one's responsibility to the program.

Establishes goals for the program appropriate to the setting and learning community.

Uses district, school family, community and professional to help meet program and/or diverse learners' needs.

Plans programs and/or assistance which demonstrate an understanding of the intellectual, social, emotional and physical development of the learner.

Develops programs/support/intervention programs which are integrated within overall school/district programs.

Identifies various learning styles and individual needs to assist in the design and implementation of intervention plans/learning programs.

Researches resources/programs which apply to a variety of learners with diverse needs.

Uses the most current, appropriate resources available, including technology.

Creates a course of action or program for students, teachers and /or family members (regular school programs, interventions, responsive services, in-class

activities, small group sessions) to achieve determined goals or follow specific procedures.

Develops a plan to evaluate the program and procedures.

Manasquan Educational Services Personnel Rubric

Domain 2: Program Delivery and Assessment

	Highly Effective(4)	**Effective(3)**	**Partially Effective(2)**	**Ineffective(1)**
The educational or program specialist implements a variety of services for the targeted learning community in a manner that promotes optimal student development. The specialist uses data to assess student needs, determine strategies/interventions to improve learning and/or develop the effectiveness of the program(s). ** Attributes*	In addition to meeting the standard, the educational or program specialist implements a variety of innovative services for the targeted learning community in a manner that promotes optimal student development. The specialist uses data to assess student needs, determine strategies/interventions to improve learning and/or develop the effectiveness of the program(s).	The educational or program specialist implements a variety of services for the targeted learning community in a manner that promotes optimal student development. The specialist uses data to assess student needs, determine strategies/interventions to improve learning and/or develop the effectiveness of the program(s).	The educational or program specialist implements a limited number of services for the targeted learning community in a manner that inconsistently promotes optimal student development. The specialist inconsistently uses data to assess student needs, determine strategies/interventions to improve learning and/or develop the effectiveness of the program(s).	The educational or program specialist does not implement a variety of services for the targeted learning community in a manner that promotes optimal student development. The specialist does not uses data to assess student needs, determine strategies/interventions to improve learning and/or develop the effectiveness of the program(s).

Attributes

Assesses student needs.

Presents information and provides services using a variety of strategies or approaches to meet the needs of the learning community.

Shares expertise with the learning community.

Collaborates with instructional staff to design, implement or support services for specific learner and/or program needs.

Researches strategies and resources for colleagues to support instructional improvement and/or student well-being.

Researches available resources necessary for individual student growth.

Identifies, obtains and manages necessary resources to address learner and program needs.

Conducts activities that assist students and teachers in the formulation of academic, personal/social and career plans.

Shares appropriate information/knowledge with staff members to ensure academic and social growth of all learners.

Consults with administration, parents, community agencies, school and support personnel to resolve issues and/or communicate progress relation to the provision of programs/services to individual learners.

Documents learner and/or program progress and outcomes.

Collects, evaluates and interprets data from multiple sources to benefit academic, emotional, social, physical growth of all learners.

Provides feedback to learners, families and staff on programs and student progress.
Demonstrates responsiveness and flexibility.
Modifies strategies, interventions, services and programs based on data and research.

Manasquan Educational Services Personnel Rubric

Domain 3: Communication and Collaboration

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
The educational or program specialist communicates and collaborates effectively with learners, families, staff and the community to promote student learning, development and well-being. ** Attributes*	In addition to meeting the standard, the educational or program specialist is proactive in initiating and enhancing communication and collaboration techniques between the learners, families, staff and the community to promote student learning, development and well-being.	The educational or program specialist communicates and collaborates effectively with learners, families, staff and the community to promote student learning, development and well-being.	The educational or program specialist attempts, but is inconsistent in communicating and has difficulty collaborating with learners, families, staff and the community to promote student learning, development and well-being.	The educational or program specialist rarely/does not communicate and collaborate effectively with learners, families, staff and the community to promote student learning, development and well-being.

Attributes

Supports, promotes and communicates the mission, vision and goals of the program, school and district.

Uses effective written, verbal and non-verbal communication skills.

Initiates, maintains, and appropriately documents communication to support the needs and progress of the members of the learning community.

Uses effective written, verbal and non-verbal communication skills.

Uses resources including technology to effectively communicate with stakeholders.

Supports learner success and well-being by working collaboratively with stakeholders.

Collaborates with many sources (teachers, parents, professional organizations) to obtain input and address the needs of the student and/or community.

Collaborates with stakeholders to design, implement and/or support services for specific learner or program needs.

Collaborates with stakeholders to design, implement and/or support programs for specific learners.

Works in a collegial and collaborative manner with administrators, colleagues and other school personnel.

Coordinates programs/interventions with other specialists.

Responds promptly to learner, family, staff and community concerns.

Builds positive and professional relationships with parents/guardians through frequent and effective, personal communication concerning student progress and/or well-being.

Provides opportunities for family members to participate in their child's learning and progress.

Actively assumes an advocacy role for learners and families.

Manasquan Educational Services Personnel Rubric

Domain 4: Environment

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
The educational or program specialist establishes a respectful, positive, safe environment that promotes the learners' personal, social, career and academic development. The specialist establishes and conveys the importance of the program which is shared by the learning community. ** Attributes*	In addition to meeting the standard, the educational or program specialist establishes a respectful, positive, safe environment which inspires the learners' to initiate/seek their help in promoting their own personal, social, career and academic development. The specialist establishes and conveys the importance of the program which is shared by students and the learning community.	The educational or program specialist establishes a respectful, positive, safe environment that promotes the learners' personal, social, career and academic development. The specialist establishes and conveys the importance of the program which is shared by the learning community.	The educational or program specialist inconsistently establishes a respectful, positive, safe environment that promotes the learners' personal, social, career and academic development. The specialist inconsistently establishes and conveys the importance of the program which is shared by the learning community.	The educational or program specialist does not establish a respectful, positive, safe environment that promotes the learners' personal, social, career and academic development. The specialist does not establish and convey the importance of the program which is shared by the learning community.

Attributes

Creates a caring environment in which respect and trust exist.

Develops a rapport with students.

Establishes a culture in which students actively seek assistance and/or use the resources provided.

Engages in productive, ongoing communication.

Fosters feelings of student academic, mental, and physical well-being.

Establishes a culture for ongoing instructional improvement.

Implements clearly defined procedures for teachers/students to access (instructional) support.

Schedules and manages time effectively.

Organizes physical space for smooth flow.

Defines and adheres to standards of conduct which align with the code of conduct expected of students throughout the school.

Collaborates with stakeholders to foster a positive school climate that respects and values the diversity of all members of the school community.

Domain 5: Professionalism and Growth

	Highly Effective(4)	**Effective(3)**	**Partially Effective(2)**	**Ineffective(1)**
The educational or program specialist is committed to engaging in professional growth opportunities to better serve the learning community, ensure high-quality programs, and contribute to the profession. The specialist's practices are consistent with all legal, ethical and professional practices and standards. ** Attributes*	In addition to meeting the standard, the educational or program specialist takes a leadership role during professional growth opportunities and is proactive in the collaboration with colleagues, administration, parents and community members to ensure high-quality programs, and contribute to the profession. The specialist's practices are consistent with all legal, ethical and professional standards.	The educational or program specialist is committed to engaging in professional growth opportunities to better serve the learning community, ensure high-quality programs, and contribute to the profession. The specialist's practices are consistent with all legal, ethical and professional practices and standards.	The educational or program specialist inconsistently engages in professional growth opportunities to better serve the learning community, ensure high-quality programs, and contribute to the profession. The specialist demonstrates limited understanding of legal, ethical and professional practices and standards.	The educational or program specialist does not engage in professional growth opportunities to better serve the learning community, ensure high-quality programs, and contribute to the profession. The specialist's practices are not consistent with all legal, ethical and professional practices and standards.

Attributes

Reflects on personal practice and program initiatives.

Sets goals for improvement of knowledge and skills.

Identifies and applies new ideas that improve the school and enhance the academic, care and personal social development of all students.

Supports, promotes and communicates the mission, vision and goals of the district, school, and program.

Attends district and school professional development offerings.

Seeks opportunities for additional professional growth.

Incorporates learning from professional growth opportunities into practice.

Contributes as a member of the school's professional learning community through collaboration with colleagues within the same and other disciplines.

Engages in activities outside the office/center that contribute to the betterment of the school community.

Responds in a timely manner to professional requests and responsibilities.

Maintains accurate records and documents the progress of each student throughout the school year.

Adheres to federal and state laws, school policies and ethical guidelines.

Multidimensional Principal Performance Rubric

Domain 1 - Shared Vision of Learning

An education leader promotes the success of every student by facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by all stakeholders.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	Engages stakeholders representing all roles and perspectives in the school in the development, monitoring and refinement of a shared vision and mission for learning; school vision and mission intentionally align with the vision and mission of the district and contribute to the improvement of learning district wide; uses the school's vision and mission as a compass to inform reflective practice, goal-setting, and decision making.	Collaborates with key stakeholders in the school to develop and implement a shared vision and mission for learning; school vision and mission aligns with the vision and mission of the district; explicitly links the school's vision and mission to programs and policies.	Identifies the school's vision and mission, and makes them public; school vision and mission are created in isolation of the district's vision and mission and aligned as an afterthought; refers to the school vision and mission as a document unconnected to programs, policies or practices.	Claims to have a vision and mission for the school, but keeps it private, school vision and mission are unrelated to the district vision and mission, disregards the need to use the school's vision and mission to guide goals, plans and actions.
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	Uses and regularly evaluates strategic processes and structures to promote the school's continuous and sustainable improvement.	Has a process and structure in place for organizational improvement and uses it to assess the school.	Provides selected staff with opportunities to discuss school improvement efforts.	Assumes that the school's improvement is either an event or the responsibility of a single individual.

Multidimensional Principal Performance Rubric

Domain 2 - School Culture and Instructional Program
An education leader promotes the success of every student by advocating, nurturing, and sustaining a school culture and instructional program conducive to student learning and staff professional growth.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	Establishes different ways of accessing staff expertise and work by promoting activities such as lab sites, peer coaching, mentoring, collegial inquiry, etc. as an embedded part of practice; nurtures and sustains a culture of collaboration, trust, learning, and high expectations by providing structured opportunities for cross role groups to design and implement innovative approaches to improving learning, work and practice; engages stakeholders (e.g., students, staff, parents) in developing and sustaining a learning environment that actively involves students in meaningful,3 relevant learning that is clearly connected to their experiences, culture and futures, and require them to construct meaning of concepts or processes in deductive or inductive ways.	Supports various teaming opportunities, common planning and inquiry time, and visitations within the organization to increase learning and improve practice; develops a culture of collaboration, trust, learning, and high expectations by encouraging staff to work together on key projects (e.g., induction processes, program design, integrated curriculum, or other individual or organizational projects); creates a personalized and motivating learning environment for students in which they are involved in meaningful and relevant learning opportunities that they recognize as connected to their experiences, needs and cultures.	Considers proposals for collaborative structures and projects; encourages selected staff to expand their understanding of particular practices that support collaboration such as collaborative planning, co-facilitation or integrated curriculum design; creates a learning environment in which students are passive recipients in learning opportunities that are only peripherally connected to their experiences or cultures.	Acknowledges the need for communication and collaboration; provides selected individuals with basic information about various collaborative teaching, learning and work related concepts or practices to several individuals; creates a learning environment that relies on teacher-controlled classroom activities, rote learning, student compliance and learning opportunities that are disconnected from students' experiences, needs or cultures.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Instructional Program - Design and delivery of high quality curriculum that produces clear evidence of learning.	Engages students and teachers in designing and revising a learner-centered curricular program that integrates basic and higher levels of thinking throughout and provides opportunities for students to emulate professionals and construct meaning as they engage in a thorough exploration of a concept, problem, issue, or question; supervises instruction on an ongoing basis, and engages in collegial opportunities for learning, action research and/or inquiry related to best practices in teaching and learning; involves diverse stakeholders in uncovering issues that challenge time spent on quality instruction and in innovative approaches to dealing with them.	Creates a comprehensive, rigorous, and coherent curricular program that address all levels of thinking, enables students to develop knowledge and skills related to a concept, problem, or issue, and supports their construction of meaning during the most important lessons and tasks; supervises instruction and makes explicit the expectation that teachers remain current in research-based, best practices and incorporate them into their own work; maximizes time spent on quality instruction by protecting it from interruptions and inefficient scheduling, minimizing disruption to instructional time.	Establishes a curricular program focused primarily on recall, comprehension and factual knowledge acquisition that enables students to develop a basic understanding of a topic and/or process and includes few, if any, opportunities for them to construct meaning; provides mixed messages related to expectations for instructional methodology and own understanding of "best practices"; allows actions that disrupt instructional time and distract from learning (e.g. meetings, announcements, unplanned assemblies, phone calls to teachers in classrooms, etc.).	Promotes a curricular program that provides students with limited, surface or cursory exposure to a topic, concept or skill set and establishes or defines meaning for students, focusing on the recall of isolated concepts, skills and/or facts; maintains a hands off approach to instruction; initiates actions that interrupt instructional time and distract from learning (e.g., meetings, announcements, unplanned assemblies, phone calls to teachers in classrooms, etc.).

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Capacity Building - Developing potential and tapping existing internal expertise to promote learning and improve practice.	Develops and taps the instructional and leadership capacity of all stakeholders in the school organization to assume a variety of formal and informal leadership roles in the school; engages varied perspectives in determining how to best integrate the use of the most effective and appropriate technologies into teaching, learning and the daily workings of the school organization.	Develops the instructional and leadership capacity of staff; promotes the use of the most effective and appropriate technologies to support teaching and learning and ensures that necessary resources are available.	Invests in activities that promote the development of a select group of leaders, provides the necessary hardware and software, and establishes the expectation that teachers will integrate technology into student learning experiences.	Assumes titled leaders are able to handle administrative responsibilities and teachers to be able to instruct students; is unaware of effective and appropriate technologies available.
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	Facilitates regular use of easily accessible assessment and accountability systems that enable students, teachers, and parents to monitor student progress, teacher learning, uncover patterns and trends, and provides a way to contextualize student achievement, both inside history and projected into the future.	Develops assessment and accountability systems to monitor student progress, uncover patterns and trends, and provide a way to contextualize current student strengths and needs inside a history that connects changes in teaching and learning to student achievement.	Assessment and accountability systems, though in place, are misaligned so that it is difficult to see how data from one explicitly relates to or informs the other.	Uses "accountability" to justify a system that links student achievement with accolades and blame.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Strategic Planning Process: Monitoring/Inquiry - The implementation and stewardship of goals, decisions and actions.	Provides time and the expectation for students and staff to participate in multiple cycles of field testing, feedback and revision of the instructional program in order to monitor and evaluate its impact and make necessary refinements to support continuous improvement.	Gathers input from staff and surveys students as well as formal assessment data as part of process to monitor and evaluate the impact of the instructional program.	Evaluates the impact of the instructional program based on results of standardized assessments.	Judges the merit of the instructional program based on what is used by others.

Multidimensional Principal Performance Rubric

Domain 3 - Safe, Efficient, Effective Learning Environment

An education leader promotes the success of every student by ensuring management of the organization, operation, and resources for a safe, efficient, and effective learning environment.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Capacity Building - Developing potential and tapping existing internal expertise to promote learning and improve practice.	Considers vision and solicits input from various stakeholders in determining, obtaining, allocating and utilizing necessary human, fiscal and technological resources, aligning them with present and future needs; embeds distributed leadership into all levels of the organization by enabling administrative, teacher, student and parent leaders to assume leadership roles and co-creates a process by which today's leaders identify, support and promote the leaders of tomorrow.	Obtains, allocates, aligns, and efficiently utilizes human, fiscal, and technological resources; develops the capacity for distributed leadership by providing interested individuals with opportunities and support for to assuming leadership responsibilities and roles.	Obtains human, fiscal and technological resources and allocates them without an apparent plan; shares "leadership" by providing others with limited responsibilities for tasks and functions but no decision making ability.	Obtains and uses human, fiscal and technological resources based on available funds or last year's budget instead of need; considers self as the sole leader of the organization while allocating limited responsibilities for unwanted tasks to others.
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	Engages multiple, diverse groups of stakeholders in defining, promoting and protecting the welfare and safety of students and staff, within and beyond school walls.	Promotes and protects the welfare and safety of students and staff.	Establishes rules and related consequences designed to keep students safe, but relies on inconsistent procedures.	Speaks to the importance of school safety, but is inconsistent in creating and implementing specific plans to ensure it.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	Establishes processes for the ongoing evaluation, monitoring and revision of management and operational systems, ensuring their continuous, sustainable improvement.	Monitors, evaluates and revises management and operational systems.	Monitors and evaluates the management and operational systems.	Avoids engaging with management or operations systems.
Instructional Program - Design and delivery of high quality curriculum that produces clear evidence of learning.	Engages groups of students and teachers in determining how to best allocate and manage time to support ongoing and sustainable improvements in quality instructional practices and student learning.	Ensures teacher and organizational time is focused to support quality instruction and student learning.	Schedules time outside of the typical school day for teachers to support instruction and learning.	Allocates time as required to comply with regulations and mandates.

Multidimensional Principal Performance Rubric

Domain 4 - Community

An education leader promotes the success of every student by collaborating with faculty and community members, responding to diverse community interests and needs, and mobilizing community resources.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Strategic Planning Process: Inquiry - Gather and analyze data to monitor effects of actions and decisions on goal attainment and enable mid-course adjustments as needed to better enable success.	Engages in ongoing collection and analysis of data on the educational environment and information from diverse stakeholders to ensure continuous improvement.	Collects and analyzes data and information pertinent to the educational environment, and uses it to make related improvements.	Collects and analyzes data and information pertinent to the educational environment.	Makes decisions about whether or not to change the educational environment based on own impressions and beliefs.
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	Engages students, educators, parents, and community partners in employing a range of mechanisms and technology to identify and tap the community's diverse cultural, social and intellectual resources, promote their widespread appreciation, and connect them to desired improvements in teaching and learning.	Promotes understanding, appreciation, and use of the community's diverse cultural, social, and intellectual resources through diverse activities.	Provides isolated opportunities for including the community in a school activity or for engaging students in community outreach or service projects.	Considers the community as separate from the school.
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	Builds sustainable, positive relationships with families and caregivers and enables them to take on significant roles in ongoing improvement efforts.	Builds and sustains positive relationships with families and caregivers.	Takes actions intended to increase family and caregiver support for the school.	Identifies lack of family and caregiver involvement as a key explanation for lack of achievement.

Multidimensional Principal Performance Rubric

Domain 5 - Integrity, Fairness, Ethics
An education leader promotes the success of every student by acting with integrity, fairness, and in an ethical manner.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	Enables an approach to "accountability" that upholds high ethical standards and inspires stakeholders (educators, parents, students and community partners) to own and be responsible for every student's academic and social success; engages the diverse perspectives of various stakeholders in using multiple sources of data to explore potential intended and unintended moral, legal and ethical consequences of decisions and actions that support the greater good; promotes resiliency by involving stakeholders in considering how to negotiate and uphold mandates in ways that preserve the integrity of the school's learning and work and align with its ethical and moral beliefs.	Ensures a system of accountability for every student's academic and social success; considers and evaluates the potential moral and legal consequences of decision-making; assumes responsibility for thoughtfully considering and upholding mandates so that the school can successfully tread the line between compliance and moral and ethical responsibility.	Focuses on accountability for academic and social success of students whose test results threaten the school's standing; makes decisions and takes actions without considering consequences, dealing with them if and when they occur; assumes responsibility for decisions and actions related to mandates.	Associates "accountability" with threats and blame for students' academic and social difficulties; makes decisions based on self-interest and is caught off guard by consequences of decisions and responds by denying, becoming defensive or ignoring them; blames mandates for decisions or actions that challenge the integrity or ethics of the school or its various stakeholders.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	Engages stakeholders in identifying and describing exemplars of self and cultural awareness, reflective practice, transparency and ethical behavior from within and outside the school, and determining how to replicate them; provides opportunities for all stakeholder groups to define, embrace and embody the values of democracy, equity, and diversity; creates processes that embed social justice into the fabric of the school, seamlessly integrating the needs of individuals with improvement initiatives, actions and decisions.	Models principles of self-awareness, reflective practice, transparency, and ethical behavior; safeguards the values of democracy, equity, and diversity; promotes social justice and ensures that individual student needs inform all aspects of schooling.	Proclaims the importance of self-awareness, reflective practice transparency and ethical behavior and seeks it in others; holds others accountable for upholding the values of democracy, equity and diversity; asserts that individual student needs should inform all aspects of schooling, but has difficulty putting these beliefs into action.	Mourns the lack of the self-awareness, reflective practice transparency and ethical behavior in others; pays lip service to values related to democracy, equity and diversity; implements strategies that group and label students with specific needs, isolating them from the mainstream.

Multidimensional Principal Performance Rubric

Domain 6 - Political, Social, Economic, Legal and Cultural Context
An education leader promotes the success of every student by understanding, responding to, and influencing the political, social, economic, legal, and cultural context.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	Engages the entire school community and all of its stakeholders in collaborating to make proactive and positive change in local, district, state and national decisions affecting the improvement of teaching and learning; draws upon the perspectives, expertise and leadership of various stakeholders in responding proactively to emerging challenges to the shared vision, ensuring the resilience of the school, its growth, learning and improvements.	Acts to influence local, district, state, and national decisions affecting student learning, within and beyond their own school and district; assesses, analyzes, and anticipates emerging trends and initiatives in order to adapt leadership strategies.	Reacts to district, state and national decisions affecting student learning; continues to rely on the same leadership strategies, in the face of emerging trends and initiatives, or copies others who they view as leaders in the field.	Appears unaware of decisions affecting student learning made outside of own school or district; waits to be told how to respond to emerging trends or initiatives.
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	Guided by the school vision, enables self, children, families and caregivers to successfully and appropriately advocate for themselves and one another.	Advocates for children, families, and caregivers.	Advocates for selected causes.	Advocates for self and own interests.

Multidimensional Leadership Performance Rubric

Domain 1 - Shared Vision of Learning

An education leader promotes the success of every student by facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by all stakeholders.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	a. engages stakeholders representing varied roles and perspectives in developing, monitoring and refining a shared vision and mission for learning b. leader's vision and mission intentionally align with those of the school and/or district, and contribute to improved learning within the entire system c. uses the school/district vision and mission, along with own, as the compass to inform reflective practice, goal-setting, and decision-making	a. collaborates with key stakeholders in the school and/or district to develop and implement a shared vision and mission for learning b. leader's vision and mission align with the vision and mission of the school and/or district c. explicitly links the school/district vision and mission to own vision and mission, as well as to programs and policies he/she is responsible for	a. identifies own vision and mission, and makes them public b. leader's vision and mission are created in isolation of the school and/or district vision and mission and aligned as an afterthought c. refers to the school and/or district vision and mission as a document unconnected to own vision, or to the programs, policies or practices he/she is responsible for	a. claims to have a vision and mission, but keeps them private b. leader's vision and mission are unrelated to the school and/or district vision and mission c. disregards the need to use a vision and mission to guide goals, plans and actions
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	a. uses and regularly evaluates strategic processes and structures to promote continuous and sustainable improvement, within and beyond their area of responsibility	a. implements processes and structures that support organizational improvement related to own area of responsibility	a. supports opportunities for selected staff to discuss school improvement efforts as they pertain to own area of responsibility	a. assumes that the school's/district's improvement is either an event or someone else's responsibility to lead

Multidimensional Leadership Performance Rubric

Domain 2 - School Culture and Instructional Program
An education leader promotes the success of every student by advocating, nurturing, and sustaining a school culture and instructional program conducive to student learning and staff professional growth.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	a. uses different ways of accessing staff expertise and work within own area of responsibility (e.g. lab sites, peer coaching, mentoring, collegial inquiry, etc.) as a model for developing collaborative approaches across the school or district across the school or district across the school or district across the school or district across the school or district b. nurtures and sustains a culture of collaboration, trust, learning, and high expectations by supporting structured opportunities for cross role groups to design and implement innovative approaches to improving learning, work and practice c. works with stakeholders (e.g., students, staff, parents) to develop, implement and sustain a learning environment that actively involves students in relevant, meaningful learning that is clearly connected to their experiences, culture and futures, and requires	a. supports various teaming opportunities, common planning and inquiry time, and visitations within own area of responsibility, to increase learning and improve practice b. develops a culture of collaboration, trust, learning, and high expectations by encouraging staff to work together on key projects (e.g., induction processes, program design, integrated curriculum, or other individual or organizational projects) c. creates a personalized and motivating learning environment for students in which they are involved in meaningful and relevant learning opportunities that they recognize as connected to their experiences, needs and cultures, or ensures that those who create curriculum meet this expectation	a. considers proposals for collaborative structures and projects b. encourages selected staff to expand their understanding of particular practices that support collaboration such as collaborative planning, co-facilitation or integrated curriculum design c. accepts learning environments in which students are passive recipients in learning opportunities that are only peripherally connected to their experiences or cultures	a. acknowledges the need for communication and collaboration b. provides selected individuals with basic information about various collaborative teaching, learning and work-related concepts or practices c. supports learning environments that rely on teacher-controlled classroom activities, rote learning, student compliance and learning opportunities that are disconnected from students' experiences, needs or cultures

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
	them to construct meaning in deductive or inductive ways			
Instructional Program - Design and delivery of high quality curriculum that produces clear evidence of learning.	a. engages those they supervise, and students, in designing and revising a learner-centered curricular program that integrates basic and higher levels of thinking and provides opportunities for students to emulate professionals and construct meaning as they engage in a thorough exploration of a concept, problem, issue, or question b. supervises instruction on an ongoing basis, and engages in collegial opportunities for learning, action research and/or inquiry related to best practices in teaching and learning c. involves diverse stakeholders in uncovering issues that challenge time spent on quality instruction and in innovative approaches to dealing with them	a. creates a comprehensive, rigorous, and coherent curricular program that address all levels of thinking, enables students to develop knowledge and skills related to a concept, problem, or issue, and supports their construction of meaning during the most important lessons and tasks or ensures that those they supervise meet this expectation b. supervises instruction and makes explicit the expectation that those they supervise remain current in research-based, best practices and incorporate them into their own work c. maximizes time spent on quality instruction by protecting it from interruptions and inefficient scheduling, minimizing disruption to instructional time	a. supports a curricular program focused primarily on recall, comprehension and factual knowledge acquisition that enables students to develop a basic understanding of a topic and/or process and includes few, if any, opportunities for them to construct meaning b. provides mixed messages related to expectations for instructional methodology and own understanding of "best practices" c. allows actions that disrupt instructional time and distract from learning (e.g. meetings, announcements, unplanned assemblies, phone calls to teachers in classrooms, etc.)	a. promotes a curricular program that provides students with limited, surface or cursory exposure to a topic, concept or skill set and establishes or defines meaning for students, focusing on the recall of isolated concepts, skills and/or facts b. maintains a hands off approach to instruction c. initiates actions that interrupt instructional time and distract from learning (e.g., meetings, announcements, unplanned assemblies, phone calls to teachers in classrooms, etc.)

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Capacity Building - Developing potential and tapping existing internal expertise to promote learning and improve practice.	a. develops and taps the instructional and leadership capacity of all stakeholders in the school and/or district to assume a variety of formal and informal leadership roles b. engages varied perspectives in determining how to best integrate the use of the most effective and appropriate technologies into teaching, learning and the daily workings of the school and/or district	a. develops the instructional and leadership capacity of staff that he/she supervises b. promotes the use of the most effective and appropriate technologies to support teaching and learning and ensures that necessary resources are available	a. invests in activities that promote the development of a select group of leaders b. provides the necessary hardware and software, and establishes the expectation that technology is integrated into student learning experiences	a. assumes titled leaders are able to handle administrative responsibilities and expects teachers to be able to instruct students b. is unaware of effective and appropriate technologies available
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	a. facilitates regular use of easily accessible assessment and accountability systems that enable students, teachers, and parents to monitor student progress, teacher learning, uncover patterns and trends, and contextualize student achievement, both inside history and projected into the future.	a. develops and/or implements assessment and accountability systems to monitor student progress, uncover patterns and trends, so that current student strengths and needs can be contextualized inside a history that connects changes in teaching and learning to student achievement.	a. assessment and accountability systems, though in place, are misaligned in design or application, so that it is difficult to see how data from one explicitly relates to or informs the other	a. uses "accountability" to justify a system that links student achievement with accolades and blame

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Strategic Planning Process: Monitoring/Inquiry - The implementation and stewardship of goals, decisions and actions.	a. provides the time and expectation for students and staff to participate in multiple cycles of field testing, feedback and revision of the instructional program in order to monitor and evaluate its impact and make necessary refinements to support continuous improvement	a. gathers input from staff and surveys from students, as well as formal assessment data, as part of process to monitor and evaluate the impact of the instructional program	a. evaluates the impact of the instructional program based on results of standardized assessments	a. judges the merit of the instructional program based on what is used by others

Multidimensional Leadership Performance Rubric

Domain 3 - Safe, Efficient, Effective Learning Environment
An education leader promotes the success of every student by ensuring management of the organization, operation, and resources for a safe, efficient, and effective learning environment.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Capacity Building - Developing potential and tapping existing internal expertise to promote learning and improve practice.	a. considers vision and solicits input from various stakeholders in determining, obtaining, allocating and utilizing necessary human, fiscal and technological resources, aligning them with present and future needs b. embeds distributed leadership into all levels of the organization by enabling administrative, teacher, student and parent leaders to assume leadership roles and co-create a process by which today's leaders identify, support and promote the leaders of tomorrow	a. obtains, allocates, aligns, and efficiently utilizes human, fiscal, and technological resources b. develops the capacity for distributed leadership by providing interested individuals with opportunities and support for to assuming leadership responsibilities and roles	a. obtains human, fiscal and technological resources and allocates them without an apparent plan b. shares "leadership" by providing others with limited responsibilities for tasks and functions but no decision making ability	a. obtains and uses human, fiscal and technological resources based on available funds or last year's budget instead of need b. considers self as the sole leader while allocating unwanted tasks to others
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	a. engages multiple, diverse groups of stakeholders in defining, promoting and protecting the welfare and safety of students and staff	a. promotes and protects the welfare and safety of students and staff	a. establishes rules and related consequences designed to keep students safe, but relies on inconsistent procedures	a. speaks to the importance of safety, but is inconsistent in creating and implementing specific plans to ensure it

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	a. establishes processes for the ongoing evaluation, monitoring and revision of management and operational systems, ensuring their continuous, sustainable improvement	a. monitors, evaluates and revises management and operational systems	a. monitors and evaluates the management and operational systems	a. avoids engaging with management or operations systems
Instructional Program - Design and delivery of high quality curriculum that produces clear evidence of learning.	a. engages groups of students and teachers in determining how to best allocate and manage time to support ongoing and sustainable improvements in quality instructional practices and student learning	a. ensures teacher and organizational time is focused to support quality instruction and student learning	a. relies on the use of time outside the typical school day for teachers to support instruction and learning	a. allocates time as required to comply with regulations and mandates

Multidimensional Leadership Performance Rubric

Domain 4 - Community

An education leader promotes the success of every student by collaborating with faculty and community members, responding to diverse community interests and needs, and mobilizing community resources.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Strategic Planning Process: Inquiry - Gather and analyze data to monitor effects of actions and decisions on goal attainment and enable mid-course adjustments as needed to better enable success.	a. engages in ongoing collection and analysis of data on the educational environment and information from diverse stakeholders to ensure continuous improvement	a. collects and analyzes data and information pertinent to the educational environment, and uses it to make related improvements	a. collects and analyzes data and information pertinent to the educational environment	a. makes decisions about whether or not to change the educational environment based on own impressions and beliefs
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	a. engages students, educators, parents, and community partners in employing a range of mechanisms and technology to identify and tap the community's diverse cultural, social and intellectual resources, promote their widespread appreciation, and connect them to desired improvements in teaching and learning	a. promotes understanding, appreciation, and use of the community's diverse cultural, social, and intellectual resources through scheduling or supporting diverse activities	a. provides isolated opportunities for including the community in school or district activities or for engaging students in community outreach or service projects	a. considers the community as separate from the school and/or district
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	a. builds sustainable, positive relationships with families and caregivers and enables them to take on significant roles in ongoing improvement efforts	a. builds and sustains positive relationships with families and caregivers	a. takes actions intended to increase family and caregiver support for the school and/or district	a. identifies lack of family and caregiver involvement as a key explanation for lack of achievement

Multidimensional Leadership Performance Rubric

Domain 5 - Integrity, Fairness, Ethics
An education leader promotes the success of every student by acting with integrity, fairness, and in an ethical manner.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	a. enables an approach to "accountability" that upholds high ethical standards and inspires stakeholders (educators, parents, students and community partners) to own and be responsible for every student's academic and social success b. engages the diverse perspectives of various stakeholders in using multiple sources of data to explore potential intended and unintended moral, legal and ethical consequences of decisions and actions that support the greater good c. promotes resiliency by involving stakeholders in considering how to negotiate and uphold mandates in ways that preserve the integrity of the school's/district's learning and work and align with its ethical and moral beliefs	a. ensures a system of accountability for every student's academic and social success b. considers and evaluates the potential moral and legal consequences of decision-making c. assumes responsibility for thoughtfully considering and upholding mandates so that the school and/or district can successfully tread the line between compliance and moral and ethical responsibility	a. focuses on accountability for academic and social success of students whose test results threaten the school's and/or district's standing b. makes decisions and takes actions without considering consequences, dealing with them if and when they occur c. assumes responsibility for decisions and actions related to mandates	a. associates "accountability" with threats and blame for students' academic and social difficulties b. makes decisions based on self-interest, and is caught off guard by consequences of decisions responding by denying, becoming defensive or ignoring them c. blames mandates for decisions or actions that challenge the integrity or ethics of the school and/or district, or its various stakeholders

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	a. engages stakeholders in identifying and describing exemplars of self and cultural awareness, reflective practice, transparency and ethical behavior from within and outside the school and/or district, and determining how to replicate them b. provides opportunities for all stakeholder groups to define, embrace and embody the values of democracy, equity, and diversity c. creates processes that embed social justice into the fabric of the school and/or district, seamlessly integrating the needs of individuals with improvement initiatives, actions and decisions	a. models principles of self-awareness, reflective practice, transparency, and ethical behavior b. safeguards the values of democracy, equity, and diversity c. promotes social justice and ensures that individual student needs inform all aspects of schooling	a. proclaims the importance of self-awareness, reflective practice transparency and ethical behavior and seeks it in others b. holds others accountable for upholding the values of democracy, equity and diversity c. asserts that individual student needs should inform all aspects of schooling, but has difficulty putting these beliefs into action	a. mourns the lack of self-awareness, reflective practice transparency and ethical behavior in others b. pays lip service to values related to democracy, equity and diversity c. implements strategies that group and label students with specific needs, isolating them from the mainstream

Multidimensional Leadership Performance Rubric

Domain 6 - Political, Social, Economic, Legal and Cultural Context
An education leader promotes the success of every student by understanding, responding to, and influencing the political, social, economic, legal, and cultural context.

	Highly Effective(4)	Effective(3)	Partially Effective(2)	Ineffective(1)
Sustainability - A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future.	a. engages the entire school or district community and all of its stakeholders in collaborating to make proactive and positive change in local, district, state and national decisions affecting the improvement of teaching and learning b. draws upon the perspectives, expertise and leadership of various stakeholders in responding proactively to emerging challenges to the shared vision, ensuring the resilience of the school and/or district, its growth, learning and improvements	a. acts to influence local, district, state, and national decisions affecting student learning, within and beyond their own school and district b. assesses, analyzes, and anticipates emerging trends and initiatives in order to adapt leadership strategies	a. reacts to district, state and national decisions affecting student learning b. continues to rely on the same leadership strategies, in the face of emerging trends and initiatives, or copies others who they view as leaders in the field	a. appears unaware of decisions affecting student learning made outside of own school or district b. waits to be told how to respond to emerging trends or initiatives
Culture - Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders.	a. guided by the school and/or district vision, enables self, children, families and caregivers to successfully and appropriately advocate for themselves and one another	a. advocates for children, families, and caregivers	a. advocates for selected causes	a. advocates for self and own interests

Manasquan High School Code of Conduct: Student Responsibilities

Students at Manasquan High School have a responsibility to gain full measure of benefit from their education experience. Students at Manasquan High School have a responsibility for their own actions and a responsibility for accepting appropriate consequences in a gracious fashion. You have a responsibility to perform your best academically, arrive at school and classes on time, and be in attendance daily. Students at Manasquan High School have the responsibility to display kindness and consideration to all staff and peers.

Manasquan High School Code of Conduct: Discipline Policy

The objective of the Manasquan High School discipline policy is two-fold. First, it is to ensure the maintenance of an orderly school environment that is conducive to student learning. Second, it is to teach students to be proactive and to take responsibility in all types of situations. Under no circumstances will a student be permitted to disrupt the education of other students. Students who disrupt the education of others will be subject to the disciplinary code as published. The discipline policy is intended as a guideline for administrative action; however, the administration retains the right to modify it or use discretion when and where necessary.

This policy establishes a system of Lunch Detention (LD), After-School Detention (ASD), Saturday Detention (SD), In-School Suspension (ISS), and Out-of-School Suspension (OSS). Students will be assigned detention or suspension in accordance with the list of disciplinary infractions (see list on following pages). Inappropriate behavior may impact student privileges, as determined by building administration, for example, any student assigned to ISS/OSS may not participate in any co-curricular activity until the suspension is served to its completion.

Please note, “Administrative Review” may involve teachers, parents, guidance counselors, the Child Study Team, and any others involved, as deemed necessary by staff and administration. This may also include members of law enforcement. The Manasquan High School staff and administration work together to help the students understand the Code of Conduct, as such administrative discretion may be used in determining appropriate discipline/ consequences for a student. Similarly, consequences posted represent the maximum per infraction and may be adjusted at the discretion of the principal and/ or assistant principal.

Manasquan High School Code of Conduct: Violations of Student Behavior and Conduct

Student Behavior and Conduct: Level I Infractions

Infraction	1st Action	2nd Action	3rd Action
Tardiness to class (defined as arriving after the bell) Policy #5240	**Defined as 3 infractions:** Teacher Detention	**Defined as 5 infractions:** 1 Hour After-School Detention	**Defined as 10 infractions:** 2 Hour After-School Detention

Expectations While Serving Lunch, After School or Saturday Detention

- Students must report to detention on time.
- Monitors should be always treated with the utmost respect.
- Upon arriving
  - Students are required to sign in.
  - Students will proceed to place their cell phones in the designated holder.
- Students are expected to maintain a quiet and focused atmosphere, refraining from talking aloud or engaging in any disruptive behavior.
- Students may utilize their time by completing assigned work, reading a book, or simply sitting quietly.
- Please note that detention takes **precedence over all non-academic** activities. It is crucial that students prioritize their commitment to attending detention and fulfill their obligations accordingly.
- For students that fail to serve the detention, the administration will promptly contact the parent or guardian to address the situation. In such cases, additional disciplinary measures will be implemented as deemed necessary.
- Failure to comply with these rules will result in further disciplinary consequences.

Expectations to Observe During In-School-Suspension

- Students are to report to ISS on time.
- Monitors should be always treated with the utmost respect.
- Upon arriving
  - Students are required to sign in.
  - Students will proceed to place their cell phones in the designated holder.
- Students are expected to maintain a quiet and focused atmosphere, refraining from talking aloud or engaging in any disruptive behavior.
- Throughout the day, the student's school counselor and/or case manager will request to meet with the student.
  - The Student Assistance Counselor (SAC) will meet with students based on the nature of the infraction.
- Please note that ISS takes **precedence over all non-academic** activities. It is crucial that students prioritize their commitment to attending detention and fulfill their obligations accordingly.
- Students are excluded from all school-sponsored activities, both during and after school hours, for the duration of the suspension period.
- For students that fail to serve their ISS, the administration will promptly contact the parent or guardian to address the situation. In such cases, additional disciplinary measures will be implemented as deemed necessary.
- Failure to comply with these rules will result in further disciplinary consequences.

Expectations While Serving Out-of-School Suspension

- Students are excluded from **all** school-sponsored activities, either during or after school hours, for the duration of the suspension period.
- Students are prohibited from **any** Board of Education property for the duration of the suspension.
- A parent may come to pick up assignments. Students are required to complete and turn in all completed work.
- A mandatory re-admittance conference will be held with a school administrator, counselor, student, and parent(s) at the time of return.
- Students will be required to meet with a counselor once they have returned to discuss and reflect on the nature of their infraction.

Manasquan High School Code of Conduct: Student Participation

Student participation including but not limited to MHS Athletics, Marching Band, Dance, Chorus, clubs or extra-curricular activities, proms, special events such as senior trip/ picnic, senior-parent brunch, field trips, assemblies, dances, talent shows, and graduation ceremony: Students who pass beyond a certain threshold of discipline may not be permitted to participate.

Thresholds of Discipline

- **10 days** of cumulative discipline (any combination of OSS, ISS, ASD or Saturday Detention)
  - Places students on a 5-day probation from any of the above listed activities
  - In addition, students must satisfy completion of the issued number of student discipline from principal
- **20 days** of cumulative student discipline
  - Prohibits the student from attending any of the above listed activities for a period to be determined by the principal
  - In addition, students must satisfy completion of the issued number of student discipline from building principal

Thresholds of Attendance

Policy #5200

- **10 days** unexcused absences from daily attendance
  - Places student on a 5-day probation from any of the above listed activities
- **20 days** unexcused absences from daily attendance
  - Student will not be permitted to participate in any of the above listed activities
    - Students who pass beyond a certain threshold of attendance will not be permitted to participate as indicated below

5 Days Unexcused Late	10 Days Unexcused Late	15 Days Unexcused Late	20 Days Unexcused Late
1 Hour After-School Detention	2 Hour After-School Detention 5 Day Suspension from Extracurricular Activities	Saturday Detention	Saturday Detention Suspension from Extracurricular Activities for Remainder of School Year
10 Unexcused Absences	**20 Unexcused Absences**	**9 Unexcused Absences (Semester Course)**	**17 Unexcused Absences (Semester Course)**
5 Day Suspension from Extracurricular Activities	Suspension from Extracurricular Activities for Remainder of School Year	Loss of Credit	Loss of Credit

Manasquan High School Code of Conduct: Student Assistance Counselor (SAC) Guidelines

Student assistance programs are designed to help students and their families with problems affecting their personal lives and academic performance. The Student Assistance Counselor's (SAC) role is to enhance and support students' success in the school environment. There are a range of school-based prevention and intervention services offered to assist students with personal problems and encourage them to build upon their strengths.

The Student Assistance Counselor will:

1. Identify students who may need assistance through referrals from teachers, parents, peers, or self-referrals by the students themselves.
2. Conduct a preliminary assessment to understand the nature and extent of the student's needs, assessing the student's the student's emotional, social, academic, and behavioral needs through interviews, observations, and possibly standardized assessments, while evaluating the risk of harm to self or others, especially in cases involving substance abuse, depression, or anxiety.
3. Create an individualized intervention plan based on the assessment. This may include counseling, referrals to external resources, or academic support, working with the student to set realistic and achievable goals.
4. Counseling sessions may also focus on teaching coping strategies, problem solving skills, and social skills as needed.
5. Regularly monitor the student's progress and adjust the intervention plan as needed, by scheduling follow-up sessions to ensure the student is meeting their goals and receiving the support they need.

Department of Family Therapy and Social Work
Masters of Social Work Clinical Specialist
Fairfield University
Fairfield, Connecticut 06824
Graduate School of Education and Allied Professions

Affiliation Agreement

This Agreement is entered into by Fairfield University on behalf of its Department of Family Therapy and Social Work, located in Fairfield, Connecticut (hereinafter referred to as the "University") and the Manasquan Board of Education, located in Manasquan, NJ (hereinafter referred to as the "Facility").

WHEREAS, the University is engaged in the academic instruction of social work students and, to fulfill its curriculum requirements, desires to provide such students with field-based learning experiences; and,

WHEREAS, the Facility has the ability, is willing, and has been officially approved by the University to provide field placement experiences for students enrolled in the University's Master of Social Work program,

NOW THEREFORE, in consideration of the mutual agreement set for the herein, the Facility and the University agree as follows:

RESPONSIBILITIES OF THE UNIVERSITY

The University will:

A. Assign students to the Facility based on the University's assessment of the students' learning goals, educational interests, and relevant experience, as well as the Facility's suitability to meet the educational needs of students.

B. Provide the Facility field instructor with access to the University's Masters of Social Work Student Field Manual in effect at the time of student placement that states the objectives, policies, and procedures pertaining to field instruction. The University shall provide the Facility with all required forms and additional information such as the academic calendar, the University deems necessary to the field placement experience.

C. Notify its students of their obligation to comply with the applicable rules, regulations, policies, procedures, and protocols of the Facility and that it is each student's responsibility to meet the Facility's requirements and provide the Facility with any information and/or documentation the Facility may require.

D. Assume sole responsibility for its academic curriculum and developing the learning objectives of the field placement learning experiences of its students to be conducted by and at the Facility.

E. Provide overall coordination of training for Facility field instructors to assist them in designing appropriate field placement learning experiences for students and understanding the University's curriculum requirements and learning objectives.

F. Provide a University faculty member (Clinical Director and faculty supervisor) to be responsible for assisting the students and the Facility field instructor in developing field placement learning experiences that meet the University's curriculum requirements and learning objectives, as well as the needs and the objectives of the Facility and the students. The University will have sole responsibility for grading the student's overall performance in the field placement learning experience. The University will supply student evaluation to the Facility by which the University will solicit the Facility's input.

RESPONSIBILITIES OF THE FACILITY

The Facility will:

A. Have full responsibility, control, and authority for all aspects of Facility operations and client care/services, including supervision of the students while they are at the Facility under this Agreement.

B. Understand and agree that the University's students shall not be deemed to be employees of the Facility or the University for purposes of compensation, fringe benefits, workers' compensation, unemployment compensation, minimum wage laws, income tax withholding, Social Security, or any other purpose due to their participation in the field placement learning experience at the Facility pursuant to this Agreement. The Facility further understands and agrees that the students will be in a learning situation and that the primary purpose of their placement with the Facility pursuant to this Agreement is for learning. The Facility will maintain the quality of client care/services without relying on the students' field placement learning experience activities for staffing purposes. Students shall not at any time replace or substitute for any Facility employee, nor shall students perform any of the duties normally performed by a Facility employee, except such duties as are part of their field placement learning experience and performed by the students under the supervision of an approved Facility employee.

C. Have the responsibility to set its own eligibility standards for student participation in a field placement learning experience at the Facility and to evaluate the student information provided to the Facility by the students (pursuant to Section 1.C., above). The final decision concerning a student's participation in a field placement learning experience at the Facility rests with the Facility. If the Facility determines that a student does not meet its eligibility standards to participate in a field placement learning experience at the Facility, the Facility shall notify the student and the University of such determination in writing, including the basis for the Facility's determination. The University shall ensure that a student so identified by the Facility does not participate in a field placement learning experience at the Facility.

D. Agree to the timely sharing of any information relating to possible concerns, disciplinary or otherwise, that the Facility may have, or of which the Facility is aware, relating to a student placed at the Facility pursuant to this Agreement. The Facility also agrees to provide timely responses to any other reasonable requests for information that the University may make regarding a student placed at the Facility pursuant to this Agreement.

E. Assume the responsibility for providing orientation to students to the Facility's applicable rules, regulations, policies, procedures, and protocols, as well as all applicable state, federal, and local laws regarding the confidentiality of client/patient information and records (including the Health Insurance Portability and Accountability Act of 1996 (HIPAA), and mandated reporting laws).

F. Be responsible for the Facility's health and safety plans, protections and procedures, as required by law or other regulatory provisions, including OSHA, and shall inform and apply them to students where appropriate.

G. Provide a Facility employee to act as the primary field instructor/supervisor, subject to approval by the University, who possesses the qualifications, professional competence, knowledge, and skills necessary to assume the educational role required for quality field instruction pursuant to Council on Social Work Education ("CSWE") Educational Policy and Accreditation Standards The primary field instructor should possess a Master of Social Work degree from a CSWE-accredited School of Social Work, have two (2) years post-masters professional experience, and hold a State of Connecticut Licensed Clinical Social Work (LCSW) credential. If the primary field instructor does not meet these qualifications, the addition of a secondary field instructor who does meet these qualifications must be secured. The primary field instructor must make available appropriate field placement learning experiences for students and will have responsibility for the supervision of students. In unusual circumstances where the primary field instructor is not an employee of the Facility, the Facility and the University will collaborate to provide a secondary field instructor who meets the qualifications as outlined above whose role will be to perform administrative/task oriented supervision in relation to the student's field placement learning experience in cooperation with the primary field instructor. The Facility understands and agrees that the University may from time to time assign faculty to the Facility to observe and/or review a student's field placement learning experience at the Facility, but assignment of such University faculty does not in any way supersede or limit the Facility's ultimate client care/service authority or responsibility set forth in Section 2.A of this Agreement. For the avoidance of doubt: 1) the Facility shall, at all times, have full, sole authority and responsibility for the care of and/or services provided to its clients and shall have full, sole supervisory authority and responsibility over the students in their field placement learning experience activities at the Facility pursuant to this Agreement; and 2) the University's Clinical Director and faculty supervisor assigned to the Facility as discussed in this section shall have no authority or responsibility (a) for the care of and/or services provided to the Facility's clients, or (b) for supervision of the students on site in their performance of field placement learning experience activities at the Facility pursuant to this Agreement.

H. Provide students with the physical facilities, supplies, and equipment that the parties mutually agree to as being necessary for the appropriate field placement learning experience.

I. Agree to complete all forms requested by the University including the student evaluations, information required for University accreditation requirements, and other reports as necessary to evaluate and monitor the field placement learning experience.

J. Provide emergency treatment, to the extent of the Facility's capabilities, in the event of accident or illness to students during their participation in the field placement learning experience. Such treatment will be provided at the student's expense.

K. Provide, when possible, reimbursement to the students to cover expenses incurred by the students in the performance of the students' field placement learning experience activities. Students are not expected to use their own personal resources (including, but not limited to, personal vehicles, cell telephones, etc.) to conduct Facility business; if these elements are deemed by the Facility to be essential to the student's field placement learning experience, and are normally provided by the Facility to its employees, the Facility is strongly encouraged to provide the students with means to accomplish this, which could include student reimbursement. The Facility is also encouraged to provide a stipend to each student for the student's field placement learning experience activities, but is under no obligation to do so.

L. Unless otherwise mutually agreed upon in writing by the parties on a case-by-case basis, students are not required to incur expenses on behalf of the Facility or use their own personal resources (including, but not limited to, personal vehicles, cell telephones, etc.) to perform their field placement learning experience activities. If the Facility should require a student to incur expenses on behalf of the Facility, and/or use the student's own personal resources, as part of the student's field placement learning

experience activities, the Facility will either reimburse and/or provide a stipend to the students to cover such expenses and/or use of the student's personal resources.

INDEMNIFICATION

Except as otherwise permitted by statute or law, the University's presentation of any claim against the State of Connecticut or Judicial Branch arising from this Agreement (including the State's indemnification of the University for any claim or damages related to the wanton, reckless or malicious conduct of any of its employees or officers in the performance of this Agreement) shall be in accordance with Chapter 53 of the Connecticut General Statutes (Claims Against the State).

INSURANCE

A. The University is self-insured and shall maintain in full force and effect for the term of this Agreement, and any renewals thereof, occurrence-based insurance covering the University and its students.

B. The Facility shall maintain in full force and effect for the term of this Agreement, and any renewals thereof, the following occurrence-based insurance or self-insurance covering the Facility and its employees, board members, agents, and volunteers.

C. Compliance with the foregoing requirements as to carrying insurance and furnishing evidence of such will not relieve either party of its liabilities and obligations under this Agreement.

GENERAL TERMS

A. The parties acknowledge that many student records and other personally identifiable information regarding the University's students ("Education Records") are protected by the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, and its implementing regulations, 34 C.F.R. § 99.1 et seq. The Facility shall not release information contained in these Education Records, but shall instead refer all requests for information respecting such Education Records to the University.

B. Notwithstanding anything else herein, nothing in this Agreement shall prevent either party from producing documents or disclosing information that is required by law (or a valid production document (such as a warrant or subpoena).

C. Each party shall accept, assign, supervise, and evaluate qualified students regardless of race, color, sex, religion, national origin, age, familial status, marital status, disability, veteran status, height, or weight, in accordance with applicable federal and state law. In addition, the University does not discriminate on the basis of sexual orientation (including gender identity and gender expression) in accordance with the policies of the Fairfield University. The University and the Facility will comply with the National Association of Social Workers Code of Ethics (http://www.socialworkers.org/pubs/code/code.asp) and shall advise their respective personnel and students who have roles in connection with, or are assigned to the Facility under, this Agreement that they will be required to be knowledgeable of and comply with such Code of Ethics.

E. The University and the Facility shall follow the University's established procedures regarding the removal of any student from the field placement experience. Withdrawal can be requested by the Facility or the University for reasons related to performance, violations of the National Association of Social Work Code of Ethics, conduct deemed unsuitable according to University or Facility standards, or when

in the University's judgment, the field placement learning experience does not meet the University's program expectations or the needs of the student(s).

F. This Agreement will be governed by the laws of the State of Connecticut.

G. This Agreement is intended solely for the mutual benefit of the parties hereto, and there is no intention express or otherwise, to create any rights or interest for any party or person other than the Facility and the University, without limiting the generality of the foregoing, no rights are intended to be created for any client/, student, parent, guardian of any student, employer or prospective employer.

H. This Agreement does not create any agency, partnership, joint venture, or employment relationship between the parties.

I. This Agreement constitutes the entire agreement between the parties regarding the subject matter, and all prior discussions, agreements, and understandings regarding the subject matter, whether oral or in writing, are hereby merged into this Agreement.

J. No amendment or modification to this Agreement, including any amendment or modification or this paragraph, shall be effective unless the same is in writing signed by both parties.

K. Notwithstanding any other provision contained in this Agreement to the contrary, neither party waives any of the rights, defenses, privileges, and/or immunities afforded to that party by federal or state law.

L. Each party agrees it will not use the other party's name, marks, or logos in any advertising, promotional material, press release, publication, public announcement, or through other media, whether written, oral, or otherwise, without the prior written consent of the other party. Prior written consent will not be required for use of the other Party's name in the context of factual or descriptive statements regarding the subject matter of this Agreement.

M. This Agreement may be assigned by the Facility to any successor in interest of the Facility without obtaining the University's prior written consent; provided, however, that the assignee agrees to be bound by the terms and conditions of this Agreement and the Facility provides at least two (2) weeks' prior written notice to the University of any such intended assignment. This Agreement may not be assigned by the University without the prior written consent of the Facility.

N. Any and all notices required to be given under this Agreement shall be directed and sent to:

Facility:	Attn:	Dr. Peter Crawley, School Business Administrator/Board Secretary
	Address:	169 Broad Street, Manasquan, NJ 08736
	Telephone:	732-528-8800
	Email:	pcrawley@manasquan.k12.nj.us
	Fax:	732-223-6286
University:	Attn:	Clinical Director
	Address:	Fairfield University Department of Family Therapy and Social Work Graduate School of Education and Allied Professions Fairfield, Connecticut 06824
	Telephone:	(203) 254-4250
	Email:	GradEd@fairfield.edu
	Fax:	(203) 25404241

TERM; TERMINATION

This Agreement shall become effective as of the date of last signature by the parties and shall continue thereafter for five (5) years, unless terminated by either party upon thirty (30) days' written notice of termination to the other party; provided, however, that if this Agreement expires or is terminated by either party, the parties will cooperate to allow students then participating in a field placement learning experience at the Facility opportunity to complete their field placement learning experience.

IN WITNESS WHEREOF, the parties have signed this document on the day and year written.

AGREEMENT FOR STUDENT INTERNSHIPS BETWEEN ROWAN UNIVERSITY

AND

MANASQUAN SCHOOL DISTRICT

THIS STUDENT INTERNSHIP AGREEMENT (this "Agreement") is made and entered into as of ___August 18_____, 2026, by and between **Rowan University,** a public research university within the system of Higher Education in the State of New Jersey, having its principal administrative offices located at 201 Mullica Hill Road, Glassboro, New Jersey 08028 (hereinafter referred to as "University") and **MANASQUAN SCHOOL DISTRICT, 169 Broad St. Manasquan, NJ 08736 (**hereinafter referred to as "Facility").

The University offers instruction in selected disciplines. As part of each program, University seeks relevant, supervised experiences in both clinical and non-clinical practice settings. The purpose of this Agreement is to identify the mutual responsibilities and expectations of the University and the Facility, in connection with paid or unpaid internships for students in Rowan University's, College of Education Educator Preparation Programs (hereinafter referred to as the "Program"). The University and the Facility shall be referred to as a "Party" or collectively as the "Parties" herein.

WHEREAS, the University maintains educational programs and is seeking training opportunities for its student interns at the Facility; and

WHEREAS, the Facility provides quality experiential training opportunities for student interns; and

WHEREAS, Student interns will receive University academic credit for their educational internship at the Facility; and

NOW THEREFORE, in consideration of the mutual covenants contained in this Agreement and intending to be legally bound hereby, it is agreed by both Parties as follows:

A. RESPONSIBILITIES OF THE UNIVERSITY

1. The University shall provide the basic academic preparation of the student interns through classroom instruction and laboratory practice and will assign to the Facility only those student interns who possess a satisfactory record of completing prerequisite portion of the curriculum and who have met the minimum requirements established by Facility for the Program.

2. The University will maintain general responsibility for didactic instruction, academic evaluation and related academic matters concerning student participation in the educational internship program at the Facility, including evaluation and grading of student interns.

3. The University is an agency of the State of New Jersey. Any agreement signed on behalf of the State of New Jersey by a State official shall be subject to all of the provisions of the New Jersey Tort Claims Act (*N.J.S.A.* 59:1-1 *et seq.*), the New Jersey Contractual Liability Act (*N.J.S.A*. 59:13-1 *et seq.*), and the availability of appropriations. The State of New Jersey does not carry public liability insurance, but the liability of the State and the obligation of the State to be responsible for tort claims against its employees is covered under the terms and provisions of the New Jersey Tort Claims Act.

4. If required, the University will provide its student interns participating in unpaid internships with professional liability and general liability coverage with independent policy limits of not less than One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) aggregate per year. Coverage will extend to activities performed under this Agreement. Evidence of insurance will be provided upon request.

B. RESPONSIBILITIES OF THE FACILITY

1. If the student interns will be participating in paid training experiences, they shall be considered W2 employees of the Facility, entitled to all of the protections of the Facility's other employees, and shall be covered under the Facility's Workers' Compensation and Liability Insurance.

2. Each Party agrees that the student interns will be participating in a learning situation and that the primary purpose of the placement is for the student interns' learning. It is further understood that the student interns shall perform duties as part of their training under the direct supervision of the Facility.

3. The Facility will inform the University and student interns in advance of any eligibility requirements for participation in the internship, including medical screening and/or criminal background requirements.

4. The Facility will notify the University immediately of any situation or problem which threatens a student intern's successful completion of the educational internship program at the Facility.

5. When required for accreditation and/or upon the University's request, the Facility will provide the University with its internship training program information, reports or other data.

6. The Facility shall maintain the confidentiality of all student intern records produced by it or furnished to it by the University, and will not disclose information except as the University may request for its own use or as the student intern may direct or as required by law.

7. The Facility shall indemnify and hold harmless the University, including, without limitation, the University's agents, directors, officers, and employees from and against all claims, losses, costs, damages and expenses (including reasonable attorneys' fees) relating to injury to or death of any person or damage to real or personal property in connection with (i) any breach by Facility of any provision hereof, or (ii) an act of negligence by Facility.

8. The Facility will assist any student intern requiring emergency medical care in the case of injury or illness during the affiliation. Student interns are required to carry their own medical insurance, proof of which shall be furnished to the Facility upon request.

9. **The Facility will maintain insurance coverage as outlined below:**

   (a) The Facility shall carry professional liability insurance covering its professionals with coverage limits of not less than One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) aggregate per year.

   (b) The Facility shall also carry Comprehensive General Liability Insurance to include coverage for claims of bodily injury and property damage, personal and advertising injury, products and completed operations, and contractual liability with minimum limits of $1,000,000 each occurrence/$3,000,000 general aggregate; and

   (c) The Facility shall also carry Workers' Compensation Insurance in statutory amounts applicable to the laws of the State of New Jersey and any other State or Federal jurisdiction required to protect the Facility and its employees.

C. MUTUAL RESPONSIBILITIES/GENERAL PROVISIONS

1. Both of the Parties to this Agreement are independent contractors. It is not intended that an employment, joint venture, or partnership agreement be established by this Agreement.

2. The Facility is in compliance with applicable local state and federal laws and regulations, will not discriminate on the basis of race, religion, color, sex, age, national origin, handicap, sexual preference, disabled or Vietnam era veteran status or financial status in admission or access to, or treatment or employment in, its programs and activities.

3. The University in its programs and services adheres to the State's non-discrimination policy for Affirmative Action and Equal Employment Opportunity. In accordance with that policy, discrimination based upon race, creed, color, national origin, ancestry, age, sex, marital status, familial status, affectional or sexual orientation, atypical heredity cellular or blood trait, genetic information, liability for service in the Armed Forces of the United States, or disability will not be tolerated. Sexual harassment, which is a form of unlawful gender discrimination, likewise will not be tolerated. While in performance of this Agreement, Facility certifies that it does not discriminate on these grounds either.

4. The term of this Agreement shall be from _____September 1_____, 2026, through __August 31_____, 2031, and shall automatically renew for additional one (1) year terms, unless either Party to this Agreement notifies the other, in writing, of its intention not to renew this Agreement.

5. This Agreement may be terminated by either Party giving written notice to the other Party at least thirty (30) days prior to the effective date of such termination.

6. Notwithstanding any termination under this Agreement, once a student has been accepted by the Facility for the Program, and as long as the student remains in good standing at the University and within the Facility's performance standards, and the student's training has not otherwise ended, the student shall be permitted to complete the internship at the Facility.

7. This Agreement may be revised or modified by a written amendment signed by authorized representatives of both Parties.

8. This Agreement shall be construed in accordance with the laws of the State of New Jersey.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their duly authorized representatives, as of the day and year above first written.

Harlem Wizards Game Contract & Invoice
Checks & Mail to: Harlem Wizards, 330 Fairfield Rd., Fairfield, NJ 07004 ***(This is New Address as of 2022)***
PH: 201.271.3600 Fax: 201.271.3604

This contract is made and entered into between Harlem Wizards Entertainment Basketball Inc., hereinafter referred to as **WIZARDS** and Manasquan High School referred to as **HOST**, on this date of August 13, 2026.

TERMS

1. **WIZARDS** agree to play an entertainment basketball exhibition game in Manasquan, NJ at Manasquan High School located at 167 Broad St **at 7:00pm on 11/12/2026.**

   - Seating capacity is **750** (Please note that seating capacity may be less than the number on the gym occupancy sign).

2. **WIZARDS GEOGRAPHIC AREA BOOKING POLICY (LIMITED EXCLUSIVITY):**

   a. The Wizards use their experience in determining when hosting another game in your community or neighboring community would impact your game.

   b. The Wizards guarantee that they will not schedule a game in your city/town in the same school year without your approval if there is only one high school in your town except for the following: Any town with more than one high school or 7 or more schools may be eligible for two games. Also, schools from other communities, using a college in your school will not be excluded from two games in your town/city.

   c. For neighboring towns, the Wizards reserve the right to schedule games there, and would typically do so, unless both events would be focusing on marketing (recruiting teachers, scheduling assemblies, distributing flyers) to the same elementary and middle schools. The uniqueness of a Wizard event is the community feel, highlighted by the home team, primarily featuring elementary and middle school teachers from the same town.

3. **WIZARDS** agree to provide in advance: an Event Support rep, an online ticket system, digital marketing tools (including videos), and 50 posters. At the game, Harlem Wizards provide the team consisting of 5-7 players, announcer, audience participation halftime show, and post-game autograph session.

   Tickets: All game tickets will be sold online using our online ticketing system and sold via harlemwizards.com. This is the most efficient, accurate and effective method of ticket sales for the host and the most convenient for the buyer. The use of the Wizards online ticketing system is required and must be the sole online ticketing system for sale of online tickets. There is no fee to **HOST**. The buyer will pay a fee, currently $1.99, per ticket (subject to change with notice).

4. **HOST** agrees to pay **WIZARDS** a minimum guaranteed fee of **$5500.** The contract will be signed and returned to the Wizards **by 8/17/2026**.

   - The Wizards will receive either the minimum guaranteed fee or **49%** of ticket sales, whichever is greater. (i.e. If your total ticket sales are $10,000, the Wizards total fee would be the guaranteed fee or 49% of total ticket sales, whichever is greater)

5. **ADDITIONAL TRAVEL FEE:** Your travel fee for the game is **$ 0**. That amount is due on game day.

6. **HOST** agrees to pay **WIZARDS** an advance payment of **$1650** due by 8/27/2026

   a. Wizards charge a 3% surcharge to pay the advance payment due via credit card.
   b. The advance payment is non-refundable, except if Wizards cancel, or because of weather, or other acts of God (see full cancellation clause for more details).

c. The minimum balance due to the **WIZARDS** of **$3850** is due on game day.

d. Wizards charge a 3% surcharge to pay the balance due via credit card.

e. Due to our extensive travel schedule, we prefer not to have our teams carry an excess of cash. As such, our protocol is that **HOST** will keep all cash from souvenir sales. If the amount of cash collected is more than **HOST** has earned based on the percentage detailed in this contract, the difference will be added to the total amount due on the final event reconciliation. If this is a concern, please let your Sales Wizard know.

7. **HOST** and **WIZARDS** agree to mutually set ticket prices (including state sales tax, when applicable).
**TICKET PRICES below are 2025 prices, which HOST may increase if desired.*

Advance: Student & Sr. Citizens	**$25**		**General Public**	**$30**
Gate: Student & Sr. Citizens	**$28.14**	**($30 after tax)**	**General Public**	**$32.83 ($35 after tax)**

COURTSIDE PLUS PACKAGE (limited to 60 tickets): $75
Courtside Plus Package includes courtside seating, a pre-game meet and greet for 10 minutes with **2 Wizards, a CS+ lanyard, a free Wizards photo for kids, a $10 gift certificate for adults and a $5 discount on jerseys purchased in advance.**

RESERVED: $40
Typically, the 2nd to 5th row (behind courtside), **includes a $5 gift certificate for adults and a team photo for kids.** Quantity: No hard limit, but usually not more than 20% of total seats.

8. **HOST AGREES TO PROVIDE:**

a. A referee, someone who knows basketball and is open to supporting the show and working with our player/coach to keep the show pace, etc... Official referee credentials are not needed.

b. 6-8 volunteers for Harlem Wizard Souvenir sales. You will earn at least 20% on these sales with no financial risk.

c. Total volunteer staffing for the game, typically 20-25 including volunteers in **b.** above.

9. **FREE WIZARDS ASSEMBLIES:** (travel fees may apply) Can be in person or virtual, HOST option. Below is rundown for in person.

a. **WIZARDS** will provide one Wizard for up to 4 hours on a day prior to game day.

b. If you have 5 or more schools and wish to have assemblies in all 5, scheduling permitting, we will add an hour at no cost.

c. Standard is to have the assemblies 3-6 weeks before the game.

d. Assemblies are approximately 20 minutes long, or when assemblies are not feasible, we can do cafeteria visits at your local elementary and middle schools.

e. You will receive assembly guidelines via email.

f. Travel Fee of .99 cents per mile each way (from Fairfield, NJ) will apply for local games plus New York. Travel mileage fee subject to change based on gas prices. Connecticut games add $15 for toll and LI, $25 for toll, added to the .99. Total Assembly Travel expense to you is **$135,** due on game day + $100 hotel fee (except when starting after 12 noon). For larger districts and pending availability, **HOST** may add second Wizard for a fee of $300 if one Wizard can't accommodate the schedule in time provided.

g. If game is sold out prior to the assembly visit, **WIZARDS** will cancel the assemblies/cafeteria visits so as not to disappoint kids that would like to buy tickets but can't due to game being sold out. If cancelling a scheduled assembly is going to present any problems and you would like some or all to take place, please review with your Sales or Event Support Wizard as **WIZARDS** will make exceptions by request.

10. HOST and WIZARDS MARKETING & COMMUNICATION PARTNERSHIP OUTLINE:

Below are best practices and the building blocks for a smooth and successful event.
HOST agrees to the following:

a. **KICKOFF MEETING w/ Event Chair & Wizards Event Coach** – At least 75 days before event. Can be by phone or zoom. Committee members are welcome to join.
b. **COMMITTEE -** Have a committee of at least 4-5 people, sharing in the planning responsibilities.
c. **COMMUNICATION -** The expectation is that both the **WIZARDS** and **HOST** will be in close communication with timely responses via email, text, and phone as we consider the **HOST** organization and **WIZARDS** to be partners in this event.
d. **RECRUIT TEACHERS TO PLAY-** HOST will recruit 20-25 teachers (and admin) with representation from the majority, if not all, of the elementary and middle schools in your community (especially the same schools in which assemblies are being scheduled). K-8 teacher's and admin playing in the game drives ticket sales!
e. **FREE ASSEMBLIES - (Travel & Hotel Fee May Apply).**
Schedule FREE Wizard assemblies (or cafeteria visits) at all of the elementary & middle schools in your community with teachers playing in the game, performing in front of **at least 600 K-8 students**. These are typically the schools that feed into your local high school. When needed, WIZARDS can do assemblies virtually. Performing in front of students at schools with teachers playing will be your best ticket sales driver
f. **COMMUNICATION: FLYERS, E-BLASTS, & STICKER Schedule**
   - 1st Printed flyer* (The Wizards are Coming to Town) and e-blast** distributed on ticket sales kick-off day (typically 4-6 weeks before your game)
   - 2nd Printed flyer*, and e-blast** distributed, as well as QR code stickers*** placed on elementary students on assembly day as they are leaving school (I Saw a Wizard Today!). The assemblies without the flyer and stickers** are much less effective. Flyers and stickers are great talking points for students and parents
   - 3rd E-blast** sent as a mid-campaign push
   - 4th E-blast** (Last Chance!) distributed 1 day prior to the game.
   - Additional flyers, e-blasts, and social media posts as needed

***Physical flyers work best** ***All eblasts should be in HTML format only (PDF's & attachments don't work!)**
****To prevent any delays, we strongly recommend that you get approval now from your school administration for distributing flyers, eblasts, and stickers. Wizards will provide templates for all.***

****Fee for QR code stickers is $20 per 500. WIZARDS include 1000 stickers in your mailed promo kit with $40 billed to HOST on the final financial reconciliation after the game. Additional rolls of 500 can be purchased for $20. If you'd like to opt out of stickers, please let your event coach know.*

*If the marketing requirements listed above have not been met, game is subject to being cancelled by WIZARDS

11. TICKET SALES:

a. **HOST** agrees to use Wizards Online Ticketing system as primary or exclusive source of ticket sales. Any additional ways of selling tix must be approved by the Wizards.

b. **If HOST is doing Paper Tix in addition to online, HOST** agrees to provide 3 ticket sales updates at 21 days, 14 days, and 7 days prior to the event.

12. HOST AGREES TO THESE GAME DAY TICKET PROCEDURES:

a. To go thru the reconciliation form/process after the game, immediately after the autograph session.

b. Reconciliation of the gate sales and money by end of game.

c. **HOST** agrees to return any unused courtside credentials (lanyard and placard) or pay a $5 cost per credential.

d. If HOST does paper tix, the HOST agrees to do a reconciliation of advance sale tickets and money before game.

13. **HOST** has exclusive rights to food concessions.

14. **SOUVENIR SALES:**

a. The Wizards & Host Souvenir Fundraising program includes two key benefits. First, it helps you, the **HOST**, raise additional money. Second, it helps supplement the Wizards game fee enabling **WIZARDS** to offer you a discounted rate (In effect the souvenir sales subsidize the game rate). The agreed upon price detailed in this contract is based on **HOST** participating in the **WIZARDS & HOST** Souvenir Program. If **HOST** is unable to or does not want to provide volunteers for souvenir sales, **HOST** should contact **WIZARDS** for a new quote and revised contract. As part of the Wizards & Host Souvenir Program and discounted price, **HOST** agrees to the following items, which will help ensure successful souvenir sales:

- No souvenir items including toys and apparel will be sold or given away to ticket holders other than souvenirs provided by the **WIZARDS**.

- The Wizards discourage the distribution of a flashy event program as it can be seen as a souvenir and detract from souvenir sales. For **HOSTS** that want to offer a program to recognize sponsors and volunteers, the Wizards suggest creating a coupon pamphlet with an event cover, one page to recognize major sponsors, team rosters and the remaining pages dedicated for local business coupons. This can be a great source of fundraising. Any event programs or coupon pamphlets distributed cannot include Wizard photos or autograph pages.

If the above agreement is not followed, WIZARDS may impose a supplemental fee to account for the projected revenue loss.

b. Volunteers

- We require 6-8 volunteers. Eight volunteers are preferred and affords you the opportunity to earn 25% of total sales if your total souvenir net sales exceed $4000 (after any applicable state sales taxes). We typically have 2 locations to staff: A main store with full set-up and a smaller pop-up mobile store.
- Volunteers are asked to arrive 120 minutes before game time for the pre-game souvenir meeting with our team manager. Talk to your Sales Wizard if you have concerns about the ability to provide that number of volunteers.
- Pre-game, halftime & post-game are when most volunteers are needed. During the game, only 2 volunteers are needed.
- At least 3 of the volunteers will be adults. High School students are permitted to be part of the volunteer group if adults are handling the financial transactions.

c. Harlem Wizards Souvenir Fundraising Program Revenue Breakdown

			EXAMPLE OF WHAT YOU MAKE		
		SALES LEVEL	TOTAL SALES	YOUR TAKE	# OF Volunteers*
Standard Level	20%	up to $3999**	$3,999	$800.00	6 to 7
Slamtastic Level	25%	$4000+**	$4,000	$1,000	8+
* Pre-Game, Halftime & Post-Game are when most volunteers are needed during game only 2 **Net of applicable state sales tax					

d. Souvenir Promotion

- **WIZARDS** will typically run a souvenir promotion using a specific item to increase overall sales while also creating additional student participation opportunities in the show. The promotion begins at the assemblies and continues game day. Specific details of any game night souvenir promotions will be discussed with your Road Manager during the pre-game meeting on game night. Please alert your Sales or Event Support Wizard of any special requests or concerns.

15. **INSURANCE:** **WIZARDS** maintain a one-million-dollar liability policy per occurrence and a $2 million limit aggregate liability insurance policy, as well as a $1 million umbrella contract on top of the $2 million liability.

a. Named Certificate Holder - An insurance certificate, reflecting the Harlem Wizards liability coverage will be ordered for your event, upon request.

b. Additional Insured - We can name your school, school district or organization as an additional insured, for no cost to you.

c. **HOST** will not hold the Wizards liable for claims arising from acts or omissions, such as a basketball court that is not properly maintained, or bleachers that collapse.

16. **WIZARDS** maintain workers compensation for all Harlem Wizard players and employees. It is understood that players on **HOST'S** team are not covered in any way by the Harlem Wizards insurance policy and that they are performing in an athletic contest at their own risk. It is requested that each player sign a waiver of liability form (from our Dropbox) that in summary states that players are aware of the risks of participation and will hold the **WIZARDS** and **HOST** harmless.

17. **EVENT SPONSORS**

a. SPONSOR giveaways shall be limited to fans exiting the gym after the game only. This allows for SPONSORS to do giveaways and sampling without adversely affecting souvenir and food sales. Depending upon the circumstances, **WIZARDS** may make exceptions to this policy so please speak with your Sales or Event Support Wizard for any special requests regarding giveaways.

b. Any tickets included in a SPONSORSHIP package in which **HOST** receives money for their sponsorship, shall count as sold tickets for the purposes of determining payment to the Harlem Wizards.

18. **CANCELLATION POLICY**

a. If **WIZARDS** must cancel this contract for technical or other reasons unforeseen, or beyond, then the full deposit and any reasonable costs incurred by **HOST** up to that point will be returned.

b. Neither the **WIZARDS** nor **HOST** will be penalized if event must be cancelled due to act of God, such as a snowstorm, etc., if all efforts will be made to reschedule the event.

c. In the case of inclement weather or act of God that causes a cancellation, Wizards shall maintain the same rate for an event rescheduled within 60 days of current date. Any open date that is open for **HOST** and Wizards is the priority. Same day of the week is typically not practical when rescheduling. For any date rescheduled more than 60 days out from current schedule, price shall be determined on a case-by-case basis. New posters will be made available at zero cost. Additional assemblies, when scheduling permits shall be $150 plus travel. A new custom video for hosts who paid for an initial one shall be made at no cost.

d. The minimum guarantee fee is fully guaranteed by HOST. EXCEPT: If HOST chooses to cancel this game with at least five months notice of the game date, the deposit will be returned or

e. If HOST reschedules game with at least 5 months' notice of the originally scheduled date, the deposit will be applied to the new date.

f. If HOST reschedules game with less than 5 months notice of the originally scheduled date, HOST will be responsible for the full minimum guarantee fee unless WIZARDS are able to schedule a replacement game from a different organization to occur on the originally scheduled date

g. It is advised that HOST get the school to understand the potential cost for a date that was committed that is not available for the gym. Thus, it is advised to get a 100% commitment from the school in writing.

h. Any applicable fees due to the Wizards are due within 30 days of cancellation. HOST will still be responsible for the travel costs (if applicable) and hotel requirements (if applicable) as stated in this contract. In addition, the $1.99 processing fee would be split 50-50% between Wizards and Host and shall be deducted from deposit returned. In addition, if a prior assembly was completed before cancellation, a $200 charge plus travel shall be deducted from the deposit.

i. If **WIZARDS** cancel the event because the marketing requirements have not been met, then host is still responsible for the full advance fee and any additional costs outlined above.

19. TICKET GIVEAWAYS:

FREE tickets can be used based on 2% of total capacity for most uses you choose, except that sponsors given free tix as part of a package, will count as paid tickets on reconciliation of total ticket revenue). The FREE tix are included with a code we will provide for you on our online ticketing system.

COMPLIMENTARY TICKETS USES AND INFORMATION

- Marketing – Contests, in school, radio, social media, and during Wizard assemblies
- Accommodating kids or families that would not be able to attend otherwise.
- Special guests you invite
- Any tickets included in SPONSORSHIP packages shall count as sold tickets.
- Players and Volunteers will not require tickets.
- **WIZARDS** are also entitled to up to 15 tickets for complimentary admissions (not to exceed 1% of capacity). These are for Wizards friends and families and other school organization leaders to preview the Wizards event. If you are expecting a sellout or have a small capacity and would like the WIZARDS to agree to a small maximum, then please let us know.
- Wizard players will typically give away a small number of tickets per assembly/cafeteria visit to generate excitement. If you are confident of a sellout and do not want any tickets given away, please let your Sales Wizard know in advance.

20. PAYMENT SCHEDULE:

It is expected that the game balance shall be paid by check within 3-5 business days of the event. Often it is the Wizards who owe the HOST $, and these criteria below apply to whichever party owes the other party $ after game night.

In cases where this is not possible, please let the other party know in advance. If there is an unforeseen breakdown that won't allow payment the night of the show, it is agreed that both parties will sign a document of amount due and payment date. All outstanding balances not paid within 30 days of the event date will bear interest at the lower rate of 2% per month, compounded monthly, if permissible by law, or the highest rate permissible by law. Should either party in its sole discretion, deem collection action necessary regarding outstanding balances hereunder, all costs associated with that collection action, including attorney's fees, shall be posted to the final payment.

21. VIDEO: Event may be recorded, except when done for commercial resale.

a. Individuals may bring their cameras and take photos and video.

b. Network or Cable news shows may take footage for local programs.

22. HOST agrees to the terms of the contract rider on the following pages.

HARLEM WIZARDS CONTRACT RIDER

Please provide the following for game day operations

1. SOUND AND PUBLIC ADDRESS (PA) SYSTEM REQUIREMENTS

a. The Wizards bring a self-contained sound system that is enough for gyms and arenas up to about 2000 seats. The system includes amplifiers, speakers, handheld & wireless microphones and a computer that plays the music. The Wizards carry a mixing board and can patch into the house system.

b. For larger facilities, we request that you provide a sound tech person to maximize the sound for the event.

c. In all cases, when possible, please have available the regular gym or arena PA system. It will be used as the emergency system in the case of a breakdown with the main Wizard system.

d. A six- or eight-foot table for the sound system.

e. A three-prong electric outlet in area of microphone or extension cord.

f. When flying, the Wizards do not typically bring sound equipment. The Wizards will have the mixing board only. **HOST** would be responsible for providing sound system. The gym needs speakers that can play music with bass. At least 15" speakers are typical. Contact us at info@harlemwizards.com if there are questions about this. If suitable sound system is not part of the house, **HOST** would be required to rent needed equipment.

2. SCOREBOARD AND TIME CLOCK

a. We only use score and clock functions.

b. Scoreboard Operator. This volunteer doesn't need to be a score clock expert, if they can be taught or already know how to run the system. A student or adult is acceptable. Someone who can handle changes and instructions is best for this position.

3. LOCKER ROOM AND DRINKS

a. Security. Please have locker room guarded or locked while **WIZARDS** are on the court.

b. Bottled Water and Snacks. Please provide bottled water in the locker room. Snacks are optional. If you wish, you can choose to purchase a snack or offer something from your concession stand to be left in the locker room for the players.

4. UNLOADING AND RELOADING OF EQUIPMENT AND SOUVENIRS

a. Let us know in advance the best spot to unload our equipment. The heaviest equipment to unload is the Souvenirs. The Souvenirs are generally sold by the front entrance or immediately upon entering the gym.

b. Flatbed or Hand truck. When possible for unloading before the game and reloading after the game, a flatbed is preferable.

c. Volunteers. Any strong, youthful volunteers are welcome for the loading and reloading operation.

5. SOUVENIR SALES

a. Who's Selling the Souvenirs? 99% of the events we perform at, the **HOST** sells souvenirs. If the **HOST** is not selling souvenirs, **HOST** rate would increase, as souvenir sales subsidize Harlem Wizards game fee, in part.

b. Tables. One or two areas for selling is typical. Typically, four 6-7-foot tables are perfect for the main selling area.

c. Location. It is important that fans see the souvenirs when they walk in and that the souvenir area is large enough to handle a big crowd. When space permits, the gym is the #1 choice for the main souvenir stand. There will also be a mobile display setup. See the playbook for details and guidelines for where to locate the souvenir tables. Host agrees to let Wizard Team Manager have final say as to where souvenir area will be, if it is not in conflict with facility rules, or sale of food.

6. ANNOUNCING AND ANNOUNCEMENTS

a. Guest Announcer. The **WIZARDS** MC/Announcer will oversee all announcements and the flow of activities at your event, so you do not need to provide an announcer. However, if you have a local celebrity/sportscaster/DJ, etc. that will help draw people to the game, you are able to have a guest announcer assist the **WIZARDS** MC by announcing the home team.

b. Player Introductions. You can have your announcer do it or give the **WIZARDS** Announcer the full line-up with creative information on each of your players.

c. Other Announcements.

1. Refreshments available
2. Other events for your group
3. 50-50 Sales
4. Acknowledgements: Your volunteers, all business and personal contributors and **HOSTs**, Etc.…

d. Announcer will contact you 3-5 days before your game to go over the game plan, timeline and announcements you will need on game night.

7. TOWELS

This is optional. Yes, we would appreciate it, but no, we don't want you to do it if it will mean an additional expense or burden. To make towels go smoothly, we recommend a responsible student or adult hand them out and collect them at the end of the night.

8. TRAINER OR PHYSICAL THERAPIST

When you can, please procure a trainer or physical therapist to be on-hand at the game at no cost to you. Typically, this can be in exchange for publicity for the person or the entity. If you can make this happen, it would be greatly appreciated by Wizard players for stretching and other support, given the rigors of the road and almost daily games! Each Wizard team plays about 150 games in 8 months.
