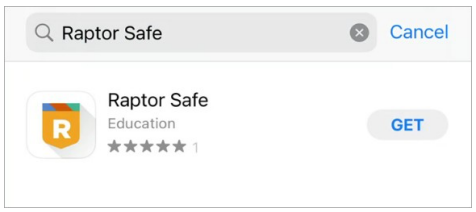
SETTING UP THE RAPTOR SAFE APP

Raptor Safe is engineered to help save you time while keeping everyone protected. Follow these steps to get started:

1. Download the App

iOS Device

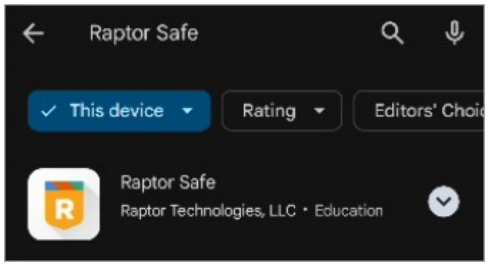
1. Select the (**App Store**) icon to open the App Store from your iPhone or iPad.
2. Search for and select **Raptor Safe**.



3. Select **Get** to download the **Raptor Safe** app.
4. Select **Open** to launch the **Raptor Safe** app.

Android Device

1. Select the (**Play Store**) icon to open the Google Play Store from your mobile Android device.
2. Search for and select **Raptor Safe**.



3. Select **Install** to install the **Raptor Safe** app.
4. Select **Open** to launch the **Raptor Safe** app.

CREATE YOUR RAPTOR PASSPORT

Your school wants to ensure only safe individuals are on campus. By creating your secure ID (also known as your Raptor Passport), you can provide that level of safety, while enjoying the convenience of a faster, easier sign-in process.

Once you have the **Raptor Safe** app on your mobile device, open the app and perform the following steps:

1. Enter your **Phone Number** and press **Next** to create a Raptor Passport.

2. Enter the **Verification Code** you received at the phone number you entered previously and press **Next**.

There is an option to **Enable Biometrics**

5. Hold up and fit the front of your ID within the white box to be scanned.

RAPTOR TECHNOLOGIES

©Raptor Technologies LLC. All Rights Reserved.

6. Once the front of the ID is successfully scanned and the app asks you to "Please provide the next page", flip the ID over and scan the back.

7. Press **Next** to walk through taking a selfie. Taking a selfie helps ensure that the person on the ID and the person setting up this account are the same – you! You will be asked to move your head around while taking the selfie. This verifies that you are a live person and someone isn't using a picture of you to create an account.
