Titan Class of 2026,

Thank you for redefining what it means to be a Titan. Your class brought a creative energy that filled our halls with expression, courage, and bold thinking, reminding all of us that art is not just something you make, it's something that can make our lives better. On the fields and on the courts you raised standards to new heights for all future Titans. Your unity, discipline, and resilience are shining examples of what's possible when we commit to something greater than themselves. What I will remember most about your class is what you chose to build for others. You are the first class in MNTHS history to take it upon yourselves to design and lead culture presentations for underclassmen. You stood in front of our underclassmen and said, in your own way:

"This is who we are."

"This is what we value."

"This is why being a Titan means something special to us."

You didn't just inform. You inspired. As you move forward, carry that same fire with you. The world, now more than ever, needs people who don't wait to be told what matters, but who step up and lead with purpose. My hope is that you continue to build spaces where others feel seen, valued, and challenged to grow.

Your Principal...
