

**Tishomingo County School District K-4  
Parent/Guardian iPad Checkout Responsibility Form**

Student Name: \_\_\_\_\_

Student School: \_\_\_\_\_

iPad Asset #: \_\_\_\_\_

Grade: \_\_\_\_\_

The iPad Check Out Program is a partnership between the Tishomingo County School District (“TCSD”) and families (“Family”, “Parent(s)”, “Guardian(s)”, “Children” or “Student”).

I understand that TCSD will allow students the opportunity to check out an iPad to use during an extended school closure, virtual days, or quarantine or any reason deemed valid by the school with the understanding that the family will assume responsibility for the device that is entrusted to them. Damage to the device, while it is in your care, will result in fines which are listed in the Parent Student Technology Handbook ([http://bit.ly/tech\\_handbook](http://bit.ly/tech_handbook)). The iPad will be restricted to student accounts. iPads will have filtered internet access regardless of the connected network. You must have Internet capabilities (wifi) at home to use these devices.

TCSD strives to provide opportunities for all students to experience success in a safe and healthy learning environment. With this in mind, teachers will provide online instruction as needed. Students are expected to participate in these instructional activities and complete any lessons assigned to them as possible.

If an iPad is issued, the student’s parent/guardian must sign below to indicate that they assume responsibility for the device and any damages that occur to the device while in their care.
