Facility planning programs shall provide for new developments in instruction, population shifts, and changes in the condition of existing facilities.

Approved: 4-13-92

Building committees may be appointed by the board to assess general or specific facility needs and to advise the board.

Approved: 4-13-92

The board directs the administration to develop long-range plans and reliable methods to project capital outlay needs. The long-range planning process may include recommendations from patrons, consultants, architects, the board attorney, the district staff, and representatives from local, state, and federal governmental agencies.

Approved: 2-10-97

The superintendent shall report recommendations concerning the district's capital outlay needs to the board on or before the regular board meeting each March.

Approved: 2-10-97

The board and administration may periodically conduct district-wide assessments to evaluate facility use, to project future building needs, or to recommend that facilities be closed. A task force may be appointed to assist with the study.
