The School Site Council (SSC) completed a comprehensive needs assessment, including analyses of student performance in relation to the state

academic content standards. In order to provide supplemental interventions, the SSC analyzed the academic performance of all students and subgroups, and it considered the instructional program's effectiveness for at-promise students.

The School Site Council aligns the Long Beach Unified School District's Strategic Plan and LCAP into the SPSA. The LCAP Goals are presented at: [http://www.lbschools.net/Departments/Local\\_Control/](http://www.lbschools.net/Departments/Local_Control/). The LCAP Federal Addendum is presented at: [http://www.lbschools.net/Departments/EACCR/lea\\_plan.cfm](http://www.lbschools.net/Departments/EACCR/lea_plan.cfm).

Education Code 52062 (4) requires that the superintendent of the school district review school plans for schools within the school district and ensure that the specific actions included in the local control and accountability plan or annual update to the local control and accountability plan are consistent with strategies included in the school plans submitted.

The LBUSD Strategic Plan (2017-2022), which can be viewed at [http://www.lbschools.net/Departments/Strategic\\_Planning/](http://www.lbschools.net/Departments/Strategic_Planning/), has the following goals:

- Ensure equitable opportunities for every student
- Provide a safe, welcoming, respectful and rigorous learning environment for every member of the school community.
- Promote academic growth for every student.
- Establish college and career readiness for every student.
- Support effective communication throughout the district.

In addition, the SSC recognizes following recommendations made by the District Community Advisory Committee (DCAC) and the District English Learner Advisory Committee (DELAC):

**DCAC Recommendations:**

**Recommendation 1:** Teachers/school staff train parents in English Language Arts, Math, and other critical topics (such as A-G, SAT, PSAT, Career Pathways, SBAC, etc.) in order for parents to assist students to succeed in school.

**Recommendation 2:** Execute technology purchases to bring computers up-to-date to meet students' needs. Also, provide parent training in the computer programs and applications that are used in school so parents can assist their children at home.

**Recommendation 3:** Create parent leadership programs for all parents, with an emphasis on assisting early childhood/preK parents to introduce the LBUSD system.

**Recommendation 4:** Create additional, continuous training for all teachers to better serve special education students, African American students,

Pacific Islander students, at-risk students, long-term English Learners, and English Learners (specifically emphasizing reclassification training).

- Recommendation 5:** Provide prevention and intervention support and services to continue to reduce the achievement gap for special education students, African American students, Pacific Islander students, long-term English Learners, English Learners, and other at-risk students.
- Recommendation 6:** Provide more parent involvement and parent education training at all schools, including sending parent participants to conferences in order to empower and train parent leaders.
- Recommendation 7:** Create and provide a more inviting, safe and welcoming climate/community atmosphere at all sites for all cultures, parents and students.
- Recommendation 8:** Re-establish district Parent Centers and encourage sites to establish a parent center/parent resource room to better engage and serve parents.
- Recommendation 9:** Expand Female and Male Leadership programs at schools to provide more opportunity for under-represented students.
- Recommendation 10:** Expand tutoring and other intervention programs that emphasize content-specific instruction to meet the individual needs of non-proficient students, including before/after school, Saturday school, “double dose” courses, and Summer school, also considering preK students.
- Recommendation 11:** Expand Summer School opportunities, especially for “transition” grade levels. Explore adding social-emotional and growth mindset instruction for summer programs.
- Recommendation 12:** Work with college partners to provide quality transitional counseling and mentoring services to students, including goal setting, course planning and guidance from current college students.
- Recommendation 13:** Expand programs of instruction to the educational system to new families, including civics education.
- Recommendation 14:** Ensure that school sites have resources that are necessary to implement recommended programs, especially programs designed to close the achievement gap.
- Recommendation 15:** Provide workshops on values and character building that contribute to a safe, civil and productive school.

**DELAC Recommendations:**

1. Monitor the implementation of the district’s comprehensive English Language Development (ELD) program in grades K-12th addressing language and academic needs of a diverse EL population from newcomers to Long Term English Learners.
2. Continue to identify students in need of interventions in English language arts focusing on reading comprehension and math in order to provide individualized services for these students;

3. Provide and implement research-based intervention programs either before, after school and/or during summer months to ensure that all EL students' academic needs are being targeted and met through supplementary instructional programs;
4. Support a welcoming environment which includes bilingual office staff who speak the language and understand the services and resources available for parents and ELs at sites with high EL population; and staff to focus on a more personal approach when working with parents;
5. School sites need to invest time in parents and need to do a better job in providing communication between school and parents;
6. Provide and implement and monitor/assess highly effective instructional intervention programs in developing oral language proficiency, reading and writing in English for all ELs, RFEPS and LTELs; to include an update to parents and other advisory committees on what programs and services are being provided at schools sites to address;
7. Provide parent workshops to build capacity on specific topics such as LCFF, LCAP and SSC to better understand how each functions;
8. Create additional continuous trainings for all teachers to better serve English Learners, Long Term English Learners and RFEPS in Math, English and English Language Development (ELD);
9. Continue to implement high quality teacher training for all adopted textbook series, with special emphasis on the new ELD curriculum adoption;
10. Continue to explore programs at sites that address the social/emotional development and well-being of all students, including English Learners
11. District to continue to promote parental engagement and to motivate parents to become more involved in their children's education and to increase opportunities for parents to attend parent workshops to ensure that they can support their children at home;
12. Provide more parent involvement and parent education training at all schools, including sending DELAC representatives to conferences in order to empower and train parent leaders;
13. Expand tutoring and other intervention programs that are content-specific to meet the student's identified needs including special education students;
14. Collaborate with our neighboring universities to coordinate mental health workshops for parents and students
15. Establish a structured program that is implemented districtwide for tutoring EL students (before, after-school) which ensures that teachers are delivering high-quality lessons addressing the needs of EL students. In addition, district to monitor these programs to ensure effective implementation as intended and are having a positive impact for EL students.
16. Continue to support the implementation and expansion of bilingual pathway programs with the passage of Proposition 58; not limited to only dual immersion programs but also to include developmental bilingual educational programs
17. To access the periodic review of the authorized and agreed upon DELAC recommendations in order to understand the effectiveness of programs and services for EL students

The SSC recognizes the importance of **Parent and Family Engagement** and emphasizes LBUSD Board Policy 6020.1, which contains the

following fifteen components:

1. Involving parents/guardians in the joint development of the district's planning efforts for providing programs that increase the academic quality of schools and including parents in the process of school review and improvement;

We were able to see gains in 1:3 upper grade levels, with 3rd grade students having the most significant growth. With our subgroups (AA, Hisp. and EL) 2:3 experienced growth, with AA students experiencing the most significant growth. However, in spite of these gains with our grade levels and subgroups, we are still below the district elementary averages for each. In regards to the iReady Reading we were able to significant typical growth for over 50% of our students in grades 1st - 4th grades. Fifth grade students showed a decrease of 14%.

Stevenson students will achieve one year of academic growth and development; students achieving below grade level will demonstrate greater than one year of growth as indicated on iReady Diagnostic. By school staff intentionally planning effective small group instruction and using data (tracking FRSA/fluency progress on iReady, PSA, formative assessments) and adjusting instructional practices accordingly, students will achieve at least one year of academic growth and development.
