Happy First Day of School To All

The first day of school is an exciting time that can also be filled with mixed emotions. Take the time to talk to your child about what to expect. Read books about going to school. Talk about making friends. Introduce your child to the teacher by name. Establishing relationships with peers and teachers is a great way to start the school year. To help with the transition, allow ample time to drop off and pick up your child. Being punctual will help the beginning of the day run smoothly for all. We are thrilled to welcome all students and families back to school. Remember to follow us on Instagram @preschool_lennoxsd for more information and upcoming events.

Welcome To The 2023-2024 School Year

by **Nellie Ríos-Parra**

We want to get to know your child

Please take a moment to share with your child's teacher information about your child that will help us foster a positive relationship. On a sheet of paper, write a letter to your child's teachers telling them your child's favorite book, toys, games, songs, and interests. In the letter include how many siblings your child has if any, along with any information that will help the teachers get to know your child. Let the teachers know what makes your child smile. This information will help us better connect with your child.
