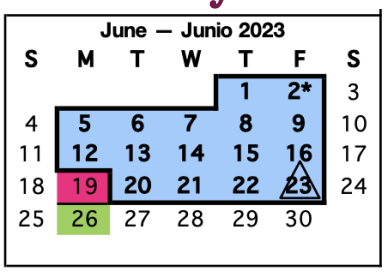
Sixteen More Days of School



Make sure your child attends school daily.

By Nellie Ríos-Parra, Director of State Preschool Program

There are sixteen more days of school. Our last day of school will be on Friday, June 23 and teachers are doing their best to help each child grow in his/her ability to learn. Everyday is critical and matters so make sure your child attends school daily. Attendance matters and makes a difference as children age up. Teachers will be spending time helping children adjust to the transition to the summer and upcoming school year.

Similarly, the upcoming Cafecito on Friday, June 9th will also focus on helping children prepare for change by focusing on their social emotional development. Children may experience big emotions related to a change in routine, a change in schedule, a change in friendships, and a change of teacher(s). To help parents support their child to prepare for these changes, we invite you to set aside time to join Ariel Wrye and Emily Cummins Polk in person at the Professional Development Center, 10319 Firmona Avenue beginning at 8:30 on Friday, June 9th. Please call the office at 310-680-3500 to RSVP.

Teacher Professional Development

By Nellie Ríos-Parra, Director of State Preschool

State Preschool Program End of School Year Survey / Programa Preescolar Estatal Encuesta del fin del año escolar 2022-2023

Our last professional development meeting of the year will take place on Tuesday, June 6. We will reflect on the strengths of the program and plan for continual improvement in the upcoming school year. One of the ways we strengthen our high quality program is by asking all parents to complete a program survey. Please check your email to complete by Monday, June 5th. We look forward to reading the responses.
