SUBJECT: Approval and Adoption of the 2021-22 Budget for the Lennox School District

Background

California Education Code requires the Governing Board of each school district to adopt a Budget by June 30th for the upcoming and two subsequent fiscal years. The Budget fis the District's plan for using dollars to achieve district goals focused on helping students achieve.

The budgeting process has been carefully outlined by the State to assure that districts are able to meet at least the minimum fiscal requirements to maintain fiscal solvency and stability. Each district must maintain at least a 3% reserve in each of the three years outlined in the budget. In addition, as districts are preparing their budget, they must use many common assumptions projected by the State regarding the State Budget and the revenue and resources that will be coming to the district over the course of the year and subsequent years.

The annual Budget process occurs over two meetings. The first meeting on June 15th requires a public hearing of the 2021-22 Budget. The 2021-22 Budget is then brought for approval in a separate meeting that will occur on June 29th. If the budget is not approved before June 30th, LACOE has the ability to withhold district appropriations from the State to assure compliance.

After the Budget is adopted and approved by the Board of Education it is then sent to the Los Angeles County Office of Education (LACOE) where it is reviewed and approved. LACOE reviews the budget assumptions, ending fund balances, and other compliance issues to make its determination to accept or reject the budget. Annual budgets are either accepted or rejected, they do **not** receive a certification of "positive," "qualified," or "negative".

Historical Context

In March 2021, the District was able to certify a "positive" Second Interim Budget Report. The positive certification was made possible because of the commitment of the Board of Education to take the action necessary to remain fiscally solvent.

In the fall of 2019, LACOE granted the District an $8 million loan to allow the District time to make the changes necessary to remain fiscally independent from LACOE and the

State. The District made the changes necessary and was able to repay the LACOE loan fully in April 2021. The District is grateful to LACOE for their assistance and guidance.

When preparing the budget for the current fiscal year in May and June of 2020 the economic outlook was completely different. At that time, one year ago, the State anticipated the need for deep reductions and created a series of cash deferrals for early 2021. Over the course of this fiscal year, the State revenues strengthened instead of diminishing. The State will distribute the portion of improved revenues that pertain to schools primarily through the mechanism of a "cost of living adjustment," also known as the COLA.

Revenues

The district budget is created using a series of assumptions in the area of revenues and expenditures. The largest percentage of district revenue comes from the State based on average daily attendance (ADA) using the Local Control Funding Formula (LCFF).

Because of the pandemic and the economic challenges that it has created, the State has created some mechanisms that ultimately were established to help school districts maintain operations during the pandemic such as ADA hold harmless provisions.

State Deferrals

In the current budget year, the State funded districts at revenue levels that it did not have the projected budget revenue to support. To remedy the situation, the State implemented "cash deferrals" for school districts in February 2021 through June 2021.

The district applied for, and received, a waiver for some of the deferrals. The remaining deferrals remained for the year, including the June 2021 deferral. Despite this deferral, the District will have the cash to sustain itself during the summer months of July and August which were earlier projected as difficult cash months.

Tax and Revenue Anticipation Notes (TRANs)

In the Spring of 2021, we anticipated needing to apply for a TRAN loan because of scheduled deferrals. However, because the district applied for, and received waivers for the majority of the deferrals, no TRAN loan is anticipated at this time.

Hold Harmless for the 2021-22 School Year

Because of COVID related issues, the State has promised districts that revenues based on ADA will be "held harmless" for the 2021-22 fiscal year. This "hold harmless" mechanism allows top-line LCFF revenue to stay relatively flat when 2020-21 is compared to the 2021-22 fiscal year despite a drop in enrollment. This also explains why LCFF revenues drop significantly between the 2021-22 and 2022-23 fiscal years in the multi-year projection when the "hold harmless" safety mechanism expires and the loss in enrollment over the last three years impacts LCFF revenue. All school districts appreciate that the State allowed for this "hold harmless" during the COVID pandemic. Once these

ongoing revenues drop to meet actual ADA, the District again starts to use the reserves it has just built as shown in the multi-year projection section of the budget form printout.

Declining Enrollment

Once the "hold harmless" mentioned above is removed, declining enrollment affects revenues. As the number of students being served is reduced, the number of staff supporting them must be adjusted to reflect the drop in students. The Lennox School District has a pattern of declining enrollment for more than five years.

Because of the pandemic, the drop in the number of students was larger than previously experienced. Not only in Lennox, but statewide, there was a significant drop specifically in kindergarten and TK students. We are hoping that the district will replace some of this lost enrollment with the opening of the new school year. If these numbers continue to fall short, we can temporarily support the overstaffed positions using one-time COVID funds directed at reducing learning loss.

The Governor's 2021-22 Proposed State Budget (June 2021) and Cost-of-Living Adjustment (COLA)

Because of strong tax receipts the Governor proposed cost-of-living increases of 5.07% (2021-22), 2.48% (2022-23), and 3.11% (2023-24). The District's 2021-22 Budget uses these increases in the multi-year projections. These COLA's were based on analysis done by both the California Department of Finance and the Legislative Analyst Office (LAO). As the budget year progresses, if it appears these projections may fall short, districts throughout the state will need to adjust their budgets during the interim reports to reflect changes.

One-time Federal and State Funds

There are various one-time State and Federal funds that are available to districts for COVID related needs and learning loss mitigation. Each program has its own requirements and timeframes. Most funds can be spent on personal protective equipment, technology, social emotional support and learning, HVAC / air quality, supplemental instructional materials, paraprofessionals, summer school, additional teaching staff, etc. When all funding is received in the district, it will total over $30 million, one-time. Of this amount, the district has received, or is in the process of receiving over $20 million of which it has spent over $7.5 million. The majority of these funds must be spent by September 2022, others by September 2023.

The District still has not received any funds from the largest block of funds which is the ESSER III (Elementary and Secondary School Relief) grant which totals approximately $14.5 million. ESSER must be spent by September 2024. ESSER III funds were not integrated into this budget but will be when those funds arrive in the District.

Expenditures

Step-and-Column, Health

Step-and-Column increases are calculated at 1.1% annually for both certificated and classified staff. Health care increases are calculated for the 2021-22 and the 2022-23 year due to Coronavirus implications.

Potential Liabilities and Solutions

There is a series of potential liabilities which may or may not be realized and solutions that are being planned and implemented to address these issues. We are closer to a resolution with these issues than we have been in the past.

Potential Liability	Amount	Solutions
Jefferson Land Acquisition Grant Repayment	$5.0 million	District has set aside these funds in the 2021-22 to repay the State the amount owed.
Measure Q Project Completion	$2.3 million	Measure L Bonds Sold, LAWA Reimbursement Dollars
Solar Energy Project Payment	$1.3 million	Legal process in progress, some current payments made as part of legal mediation process
Jefferson Architect Lawsuit	$2.2 million	Legal process in progress

LACOE Loan Repayment (COMPLETED)

The district paid back to LACOE the remaining balance of the $8 million loan in April 2021. The district is grateful to LACOE for lending us these funds to be able to address the district's financial circumstances and support its fiscal stabilization efforts.

Textbook Adoption Funds

The State does not provide any specific funds for textbook adoptions. The District needs to adopt textbooks in the subject areas of Science and Social Studies. To this end, in this Budget, the district is setting aside $1 million dollars a year to complete textbook adoptions.

Recommendation

The Superintendent recommends that the Board of Education approve and adopt the proposed 2021-22 Budget.

2B. Comparison of District Enrollment to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Enrollment was estimated above the standard for the first prior year. Provide reasons for the overestimate, a description of the methods and assumptions used in projecting enrollment, and what changes will be made to improve the accuracy of projections in this area.

Explanation: (required if NOT met)

A worldwide health pandemic that began March 2020 and continues to the present, affected the enrollment of the District.

1b. STANDARD MET - Enrollment has not been overestimated by more than the standard percentage level for two or more of the previous three years.

Explanation: (required if NOT met)

3. CRITERION: ADA to Enrollment

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the budget year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

3A. Calculating the District's ADA to Enrollment Standard

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected P-2 ADA to enrollment ratio is above the standard for one or more of the budget or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation:
(required if NOT met)

The district erroneously included charter enrollment in it's previous years totals that make the comparisons inaccurate for the current and future years.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)[1] and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA[1] and its economic recovery target payment, plus or minus one percent.

[1] Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

4A. District's LCFF Revenue Standard

Indicate which standard applies:

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

2. Contracted general administrative positions not paid through payroll
   a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. — 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A.	**Indirect costs incurred in the current year (Part III, Line A8)**	3,574,842.92
B.	**Carry-forward adjustment from prior year(s)**	
1.	Carry-forward adjustment from the second prior year	(929,074.15)
2.	Carry-forward adjustment amount deferred from prior year(s), if any	(695,876.10)
C.	**Carry-forward adjustment for under- or over-recovery in the current year**	
1.	Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (4.61%) times Part III, Line B19); zero if negative	0.00
2.	Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (4.61%) times Part III, Line B19) or (the highest rate used to recover costs from any program (4.53%) times Part III, Line B19); zero if positive	(966,097.33)
D.	**Preliminary carry-forward adjustment (Line C1 or C2)**	(966,097.33)

E. Optional allocation of negative carry-forward adjustment over more than one year

Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.

Option 1.	Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	4.05%
Option 2.	Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment ($-483,048.67) is applied to the current year calculation and the remainder ($-483,048.66) is deferred to one or more future years:	4.80%
Option 3.	Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment ($-322,032.44) is applied to the current year calculation and the remainder ($-644,064.89) is deferred to one or more future years:	5.05%
	LEA request for Option 1, Option 2, or Option 3	1
F.	**Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)**	(966,097.33)

Approved indirect cost rate: 4.61%
Highest rate used in any program: 4.53%
