Dear Ms. Haines,

Please find attached the documents responsive to the first portion of your request.

Regarding the second portion, the District does not maintain a district-wide report identifying all library materials that have been removed, withdrawn, or deleted. FOIA requires public bodies to make existing public records available but does not require the creation of new documents. Accordingly, the District is not in possession of any records responsive to that portion of your request.

Hi there Molly,

Thank you for getting back to me, and thank you for pointing me towards some similar FOIA requests. However, I am specifically looking for records within different date ranges than the requests you pointed me towards. Here's what I'm looking for:

- **Library Objections:** All documents related to any formal or informal objections or challenges to library materials received between July 1, 2025, and December 31, 2025.
- **Weeded/Deleted Materials Report:** A district-wide report of all library materials removed, withdrawn, or deleted from July 1, 2025, through the date this request is fulfilled. (Ideally, this would be a spreadsheet with fields for location, last checkout date, circulation frequency, and reason for removal. Please exclude or redact any entries labeled “Lost” to avoid inclusion of student-related information.)

Thank you so much for your time! I appreciate you. Let me know if you have any further questions.

Sincerely,
Isabelle
