

## Health Forms & Information

For the **2024/2025** school year, we will continue to manage student medical records via **Magnus Health**, a web-based system with continuous access to your daughter's health record as well as the ability to make updates when needed.

Families have access to their Magnus Health account through the onCampus parent portal by navigating to the Resource Board and accessing the button titled "Magnus Health Portal" (see below).

**We ask that you enter the health information required within your Magnus Health SMR account for each child attending Maryvale no later than August 1, 2024.** Timely submission of health information and other forms is vital so that preparations can be made prior to the first day of school. You will receive automatic email reminders from Magnus, as long as there are outstanding items in your account. Please reserve 20 to 30 minutes per child, depending on circumstances. **An annual physical with your pediatrician or medical provider is required each year.** With the Magnus platform, you may schedule your daughter's annual exam anytime during the calendar year to be synchronous with your insurance coverage. Physicals are no longer required to be submitted over the summer but must be submitted 12 months from previous exam. You will receive emails from Magnus as your due date approaches to remind you to schedule the exam. **\* Please be advised that if your daughter's physical expires during a sports season, she will no longer be able to participate until an updated physical is entered into Magnus and approved.** (For this reason, if able, you may want to adjust scheduling so that the physical is done over the summer. This allows one physical to cover the entire school year and all 3 sports seasons. This is not required, but an option.)

Please [review this flier](#) for information and benefits of downloading the Magnus Mobile App to your smart phone. You can enter and upload information and forms directly from the app with no need to fax or mail any forms. Paper forms should not be sent to school. **Please retain all original forms for your records.**

### Questions or Problems?

If you are having difficulty navigating the Magnus system, entering data online, or downloading the hardcopy coversheets and forms, or if you have any other questions, please contact customer support at Magnus Health SMR by phone at (877) 461-6831 or by email at [service@magnushealthportal.com](mailto:service@magnushealthportal.com). Also, you may consult the [Magnus Health page for Parents](#).

Parents/Guardians,

Please carefully read and have your physician complete the forms according to the requirements. As Parent/Guardian, it is your responsibility to verify that the information is completed and uploaded to your daughter's Magnus Account by **August 1, 2024**. **No student may attend classes, tryouts, rehearsals, or practices until forms have been submitted/updated and reviewed by the school Nurse. This policy will be enforced by Administration.**

### **PHYSICAL EXAMS: REQUIRED ANNUALLY FOR ALL STUDENTS**

**-Returning Students** need to upload a new physical by their next action date, which is based off of 12 months from their last physical date (noted in the Magnus profile).

**-New Students** who have a physical prior to September 1, 2024, may upload that one. If they are not scheduled for a new annual physical until after school begins, you must upload a copy of their most current physical until they get their new one.

**RECORD OF IMMUNIZATION:** The Maryvale Immunization Form, Maryland Immunization Certificate Form (MDMH896), or an alternative medical record form from your child's medical provider must be up to date by August 1, 2024, and uploaded to your Magnus account. The State of Maryland requires an up-to-date record on file for a student to attend school. **Maryvale does not accept Religious Exemptions. All medical Exemptions must be signed only by a licensed physician.**

**CONSENT FOR PRESCRIPTION MEDICATION:** Prescription medication, including Epi Pens, Antibiotics & Inhalers, that may be needed during the school day must be accompanied by a written and signed order from the prescribing physician. If your student is to carry an inhaler/epi pen, the prescription must indicate that the student "self carries" the medication. **It is strongly recommended that a backup/extra inhaler or epi pen be kept in the Health Suite for emergency use.** The order is to be uploaded to your Magnus account. The medication must be in the original container (your pharmacist can provide a labeled container for school use). Please do not send medication to school in zip lock baggies. To avoid an unexpected medication reaction, please administer first dose of the new prescription or over the counter (OTC) medication at home, except for "as needed" emergency medications.

**ALLERGY/ASTHMA ACTION PLANS** (if applicable) are to be completed annually by the health care provider and must be uploaded to your Magnus account. This is required for all students with inhalers and Epi Pens, even if the student is to "self-carry". Information regarding this is located on Magnus and the Maryvale website under QUICK LINKS/DOCUMENTS/MEDICAL FORMS.

**\* Medication may not be kept in a student locker or backpack.**

**\* Unused medication must be picked up by a parent at the end of the school year or it will be discarded.**

Please call the Health Suite, (410) 308-8533, or email [nurse@maryvale.com](mailto:nurse@maryvale.com) , with any questions.
