School Plan for Student Achievement

This School Plan for Student Achievement (SPSA) is a plan of actions to raise the performance of all students. The SPSA contains the following:

Needs Assessment

- School Demographics
- English Language Arts
- Mathematics
- English Learners
- Culture/Climate Domain
- SPSA Effectiveness

Accountability Measure I: Increase Achievement

- Core Programs (ELA, Writing, Math)
- Interventions
- Transitions

Accountability Measure II: School Climate

Accountability Measure III: Professional Development

- · Professional Development
- Teacher Involvement

Accountability Measure IV: Parents and Community Involvement Assurances

- School Budget for Categorical Programs
- SSC Membership
- ELAC Membership
- ELAC Recommendations
- Assurances, Approval and Signatures

The School Site Council (SSC) completed a comprehensive needs assessment, including analyses of student performance in relation to the state

academic content standards. In order to provide supplemental interventions, the SSC analyzed the academic performance of all students and subgroups, and it considered the instructional program's effectiveness for at-promise students.

The School Site Council aligns the Long Beach Unified School District's Strategic Plan and LCAP into the SPSA. The LCAP Goals are presented at: lbschools.net/lcap. The LCAP Federal Addendum is presented at:

lbschools.net/departments/business-and-finance/fiscal-services/state-and-federal-programs/state-and-federal-required-plans

Education Code 52062 (4) requires that the superintendent of the school district review school plans for schools within the school district and ensure that the specific actions included in the local control and accountability plan or annual update to the local control and accountability plan are consistent with strategies included in the school plans submitted.

Progress and components of LBUSD's Strategic Plan, viewable at **Ibschools.net/departments/strategic-planning**, are rooted in the following core values:

- · Centering student needs and voice
- Authentic community engagement and collaboration
- Culture of innovation and creativity
- Diversity and inclusion
- Environment that fosters connection, respect and safety
- Equity and social justice
- Excellence and accountability through continuous improvement
- Fostering joy and commitment
- Integrity and responsible leadership

The Board of Education has set goals to help guide the district and schools:

Goal 1: Reading: Proficiency

The percentage of Grade 3 students who meet or exceed grade-level standards on the state English Language Arts SBAC assessment will grow from 48% in June 2023 to 70% by June 2028.

Goal 2: Reading: Acceleration

The percentage of students in Grades 4-8 scoring at the "Not Met" achievement level in the prior year who meet the scale score growth target on the state SBAC-English Language Arts assessment will increase from 28% in June 2023 to 60% in June 2028.

Goal 3: Algebra Proficiency

In pursuit of having more than 80% of Black/African American students meet the Algebra A-G requirement by the end of Grade 9, the proficiency gap between Black/African American students and all other students will decline from 5% in June 2023 to 0% by June 2028.

Goal 4: College & Career Readiness

In pursuit of having more than 66% of Black/African American graduating seniors A-G eligible, the proficiency gap between Black/African American students and all other students will decline from 15% in June 2023 to 0% by June 2028

In addition, the SSC recognizes following recommendations made by the District Community Advisory Committee (DCAC) and the District English Learner Advisory Committee (DELAC):

DCAC Recommendations:

- **Recommendation 1:** Teachers/school staff train parents in English Language Arts, Math, and other critical topics (such as A-G, SAT, PSAT, Career Pathways, SBAC, etc.) in order for parents to assist students to succeed in school.
- **Recommendation 2:** Execute technology purchases to bring computers up-to-date to meet students' needs. Also, provide parent training in the computer programs and applications that are used in school so parents can assist their children at home.
- **Recommendation 3:** Create parent leadership programs for all parents, with an emphasis on assisting early childhood/preK parents to introduce the LBUSD system.
- **Recommendation 4:** Create additional, continuous training for all teachers to better serve special education students, African American students, Pacific Islander students, at-risk students, long-term English Learners, and English Learners (specifically emphasizing reclassification training).
- **Recommendation 5:** Provide prevention and intervention support and services to continue to reduce the achievement gap for special education students, African American students, Pacific Islander students, long-term English Learners, English Learners, and other at-risk students.
- **Recommendation 6:** Provide more parent involvement and parent education training at all schools, including sending parent participants to conferences in order to empower and train parent leaders.
- **Recommendation 7:** Create and provide a more inviting, safe and welcoming climate/community atmosphere at all sites for all cultures, parents

- and students.
- **Recommendation 8:** Re-establish district Parent Centers and encourage sites to establish a parent center/parent resource room to better engage and serve parents.
- **Recommendation 9:** Expand Female and Male Leadership programs at schools to provide more opportunity for under-represented students.
- **Recommendation 10:** Expand tutoring and other intervention programs that emphasize content-specific instruction to meet the individual needs of non-proficient students, including before/after school, Saturday school, "double dose" courses, and Summer school, also considering preK students.
- **Recommendation 11:** Expand Summer School opportunities, especially for "transition" grade levels. Explore adding social-emotional and growth mindset instruction for summer programs.
- **Recommendation 12:** Work with college partners to provide quality transitional counseling and mentoring services to students, including goal setting, course planning and guidance from current college students.
- **Recommendation 13:** Expand programs of instruction to the educational system to new families, including civics education.
- **Recommendation 14:** Ensure that school sites have resources that are necessary to implement recommended programs, especially programs designed to close the achievement gap.
- **Recommendation 15:** Provide workshops on values and character building that contribute to a safe, civil and productive school.

DELAC Recommendations:

- 1. Monitor the implementation of the district's comprehensive English Language Development (ELD) program in grades K-12th addressing language and academic needs of a diverse EL population from newcomers to Long Term English Learners.
- 2. Continue to identify students in need of interventions in English language arts focusing on reading comprehension and math in order to provide individualized services for these students;
- 3. Provide and implement research-based intervention programs either before, after school and/or during summer months to ensure that all EL students' academic needs are being targeted and met through supplementary instructional programs;
- 4. Support a welcoming environment which includes bilingual office staff who speak the language and understand the services and resources available for parents and ELs at sites with high EL population; and staff to focus on a more personal approach when working with parents;
- 5. School sites need to invest time in parents and need to do a better job in providing communication between school and parents;
- 6. Provide and implement and monitor/assess highly effective instructional intervention programs in developing oral language proficiency, reading and writing in English for all ELs, RFEPS and LTELs; to include an update to parents and other advisory committees on what programs and services are being provided at schools sites to address;

- 7. Provide parent workshops to build capacity on specific topics such as LCFF, LCAP and SSC to better understand how each functions;
- 8. Create additional continuous trainings for all teachers to better serve English Learners, Long Term English Learners and RFEPS in Math, English and English Language Development (ELD);
- 9. Continue to implement high quality teacher training for all adopted textbook series, with special emphasis on the new ELD curriculum adoption;
- 10. Continue to explore programs at sites that address the social/emotional development and well-being of all students, including English Learners
- 11. District to continue to promote parental engagement and to motivate parents to become more involved in their children's education and to increase opportunities for parents to attend parent workshops to ensure that they can support their children at home;
- 12. Provide more parent involvement and parent education training at all schools, including sending DELAC representatives to conferences in order to empower and train parent leaders;
- 13. Expand tutoring and other intervention programs that are content-specific to meet the student's identified needs including special education students;
- 14. Collaborate with our neighboring universities to coordinate mental health workshops for parents and students
- 15. Establish a structured program that is implemented districtwide for tutoring EL students (before, after-school) which ensures that teachers are delivering high-quality lessons addressing the needs of EL students. In addition, district to monitor these programs to ensure effective implementation as intended and are having a positive impact for EL students.
- 16. Continue to support the implementation and expansion of bilingual pathway programs with the passage of Proposition 58; not limited to only dual immersion programs but also to include developmental bilingual educational programs
- 17. To access the periodic review of the authorized and agreed upon DELAC recommendations in order to understand the effectiveness of programs and services for EL students

The SSC recognizes the importance of **Parent and Family Engagement** and emphasizes LBUSD Board Policy 6020, which contains the following fifteen components:

- 1. Involving parents/guardians in the joint development of the district's planning efforts for providing programs that increase the academic quality of schools and including parents in the process of school review and improvement;
- 2. Consulting on an ongoing basis with parents/guardians concerning the manner in which the school and parents/guardians can work together to identify objectives, plan, design, implement, and evaluate school programs to ensure student academic achievement and school performance:
- 3. Providing the coordination, technical assistance, and other support necessary to assist schools in planning and implementing effective parent/family involvement activities to improve student academic achievement and school performance; at least 1 percent of the district's

- Title I, Part A funds will be reserved for parental involvement with at least 90% of those funds will be distributed to schools, where parents of Title I students shall be involved in the decisions to be used for parental involvement programs;
- 4. Supporting the efforts of parents/guardians in working with their children to understand/attain the State Academic Content and Performance Standards, assessments being used, the requirements of Title I, Part A, and the monitoring of their children's progress and work with teachers to improvement achievement and social development;
- 5. Building parent capacity for meaningful parental involvement and providing opportunities to help parents/guardians strengthen their parenting and literacy skills to improve their child's academic success and social development, including, but not limited to, such topics as ensuring appropriate learning conditions at home, helping their child at home with schoolwork, and fostering a growth mindset, self-efficacy and self-management skills.
- 6. Ensuring that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand; when 15 percent or more of the student population at the district or school site speak a single primary language other than English, all notices, reports, statements, or records sent to a parent/guardian of any such student by the school or school district, are in addition to being written in English, written in the primary language(s);
- 7. Informing parents/guardians of participating children of the (a) reasons their children are participating in the program(s), (b) specific instructional objectives and methods of the program(s), and (c) the academic performance of their child's school and of the options they have to ensure appropriate educational placement of their student;
- 8. Training parents/guardians and teachers to build a partnership between home and school to increase student achievement and promote effective two-way communication in a language all parents can understand; providing School-Home Compacts that set out the respective responsibilities of the school staff, parents and students in striving to raise student achievement;
- 9. Encouraging parents/guardians to assume school and district leadership roles in governance, advisory, and advocacy decision-making processes; providing parents with an opportunity to submit dissenting views to the district if a school's parent involvement guideline s or Single Plan for Student Achievement are not acceptable to them;
- 10. Providing professional development for teachers, pupil services personnel, principals and other staff, with the assistance of parent input, on ways to reach out to, communicate with and implement parent programs that build partnerships between parents and the schools;
- 11. Involving parents/guardians in annual evaluations of the content, effectiveness, and relevance of the District's Parent Involvement Policy and Parent Involvement Guidelines at the school site level in improving the academic quality of the schools, including identifying barriers to greater student achievement and using the findings of such evaluations to design strategies for more effective involvement of parents and families and uses the findings of the evaluation to design more effective parental involvement and revise the policy, as necessary;
- 12. Coordinating and integrating Title I, Part A parental involvement programs and strategies with parent involvement strategies of other programs, including with the district's Child Development Centers (CDC), Head Start, and other preschool programs that encourage parent

- participation, seamless transitions and greater success of preschoolers;
- 13. Coordinating and maintaining Parent Resource Centers (as budget allows) that provide literacy training, home-learning activities, and the guidance parents need to support their child's academic success.
- 14. Helping parents/guardians acquire needed services through identified school district and community resources; providing other reasonable support for parent involvement activities as parents may request;
- 15. Establishing a district parent advisory council (DCAC) with representatives from each school, to provide advice or input on matters related to parent involvement, allotted Title I funds at the school site level and awareness of funded programs.

Conclusions from the needs assessment were used to prioritize supplemental programs, materials, professional development, targeted interventions, and other activities that will strengthen the school's academic achievement, close the achievement gap, and provide a safe, civil and productive school.

ELA Goals

Action Plan: Implementation of a structured literacy program in all grades with an emphasis on grades K - 2 for foundational skills. Using professional development from Getting Reading Right, Language Wall, Kagen Cooperative Learning, English Language Development, Write From the Beginning and our Literacy Intervention programs, teachers will implement their training and provide high quality, rigorous instruction that is equitable and standards aligned using evidence of student learning to determine next steps.

Progress Monitoring: Progress will be monitored through formative and summative assessments via district assessments (FRSA, fluency, Writing PT's, PSA, end of unit assessments) i-Ready and SBAC. Teachers will collect and analyze data regularly at grade level meetings, staff meetings and district QCI days for grades K-2.

Goals:

- 1. iReady ELA -50% of all students in grades 1-5, including AA, ELL/RFEP's will be on on or above grade level by the end of the year.
- 2. SBAC ELA 40% of all students in grades 3-5, including AA, ELL/RFEP's will score met or exceeded on the SBAC ELA by the end of the year.
- 3. FRSA 70% of all students in grades K-2 students will be on track on FRSA skills by the end of the year.

Math Goals

Action Plan: Implementation of a structured math program including formative and interim assessments in all grades. Using professional development from grade level cohorts and district PD, teachers will implement their training and provide high quality, rigorous instruction that is equitable and standards aligned using evidence of student learning to determine next steps. Teachers will provide systems to help students meet their recommended minutes per week in ST Math.

Progress Monitoring: Progress will be monitored through formative and summative assessments via district assessments (Math PT's, end of unit assessments) i-Ready and SBAC. Teachers in grades 3-5 will implement the 5E lesson plan following district guidelines. Teachers will collect and analyze data regularly at grade level meetings, staff meetings and district QCI days. for grade 3-5

Goals:

- 1. iReady Math -40% of all students in grades 1-5, including AA, ELL/RFEP's will be on on or above grade level by the end of the year.
- 2. SBAC Math 40% of all students in grades 3-5, including AA, ELL/RFEP's will score met or exceeded on the SBAC ELA by the end of the year.

English Learner Goals

Action Plan: Implementation of integrated and designated ELD. Using professional development from the district and site IIC, along with Wonders ELD materials and ELPAC, teachers will consistently implement integrated and designated ELD instruction. All EL students will receive 30 minutes of designated ELD daily along with integrated ELD. Newcomers and level 1 EL students will have access to the Lexia English digital platform. Level 3 students will have access to Summit K-12 digital platform.

Progress Monitoring: Progress will be monitored through formative assessments, digital platforms (Lexia English and Summit K-12), ELPAC and related ELA assessments.

Goal:

All ELL students will make one level of growth (beginning, somewhat/moderately, well-developed) on at least 1 of the ELD domains (reading, writing, listening, speaking)

Teacher Involvement

Describe Teacher Involvement

Teachers participate in shared decision making and participate in PBIS to support school wide behavior program. Along with bi-monthly grade level meetings, GATE and CCT teachers meet to collaborate as well. Teachers are able to participate in weekly optional professional development workshops delivered by literacy team and support staff along with district organized QCI days. To support collaboration and cohesion, each grade level will have 1/2 day release look at student data and plan effective instruction in all content areas. Teachers are able to work with literacy and math coaches to support their instructional practices. Teachers are part of the decision making budget process through SSC. Teachers engage in planning with literacy support. Staff participates in school wide community events. Saturday school,

Black Student Union, Student Council, and Sankofa Parent Village are all led by teachers,

School Budget for Categorical Programs

The following site budget represents programs funded through the Consolidated Application. This Budget summary lists the funds that are to be consolidated as part of a schoolwide program. The SPSA's budgeted activities have been approved by the School Site Council and are in compliance with program regulations.

Federal Programs (to Consolidate)	Allocation
Title I (3010)	392410
Title I Parent and Family Involvement (3008)	6182

The following amounts are the school's share of Title I required and allowed reservations:

State Programs *	Allocation
LCFF	92400

^{*} It is understood that LCFF funding is district-directed; however, in the spirit of effective stakeholder engagement and transparency, LBUSD has included LCFF activities in the SPSA.

Midyear Adjustments:

During the beginning of the school year, the state projects the amount that the district receives in Title I and other resources and sometimes adjustments are made mid-year to the allotment, as a result of the Consolidated Application (completed annually in February). Although most years, there is no difference in the site allocations. In the event that there is an adjustment, LBUSD will notify all site principals, who will announce the adjustment to the SSC.

Title I Reservations

Title I Reservations are used for required or Board-approved services. These reservations are made prior to Title I allocations to school sites and are designed to provide central services to Title I and/or underserved, underperforming schools. Listed programs and services are budgeted for the school year and may be slightly altered depending on need changes and budget adjustments.

Administrative Share & Reservations Title I Program Administration

Equity, Engagement & Partnerships (EEP), Office of Curriculum Instruction and Professional Development (OCIPD), State and Federal Programs (SFP): Personnel to provide leadership for state and federal supplemental programs, DELAC and EL Services, Parent University offering parent workshops and community engagement. Early Childhood Education (CDC, Educare, Head Start): Personnel (incl. pre-K teachers of subsidized program, office assistants)

Parent Involvement (additional funds beyond the required 1%)

Parent University Staff to help families understand & access information, as well as become a true partner in education. In addition to providing parent trainings, staff works with parent engagement events, such as Education Celebration. Multilingual staff helps support parent engagement activities as well as personalizes information for non-English speaking families.

Homeless Education

Providing homeless students and families with supplies (uniforms, basic needs), social service referrals, transportation, and counseling.

Social Worker: Foster Care

Provides ongoing intensive case management services for foster youth and families, maintaining compliance with AB216 and AB490 regarding foster rights. In addition, collaborates with community partners to address foster youth needs, including with DCFS for tracking and consultation. Provides trainings for site counselors and staff.

Research LROIX Development

LROIX is LBUSD's data hub to help schools access pertinent, focused, live data; formulate needs assessments; and create effective interventions. The reservation provides personnel to maintain and develop the complex system.

Centralized Services

Homework Helpline 562.437.2859

Homework Helpline consists of teachers guiding students through homework assignments via the telephone. The service is free to LBUSD students.

Travel/Conferences

Enables staff to develop requisite knowledge about the program(s) they lead.

Education Celebration

The annual Education Celebration features K-8 schools to engage parents about site programs and features.

CORE

The CA Office to Reform Education is a partnership of large CA urban school districts. Part of the CORE collaborative is data sharing and accountability, including the CORE surveys of parents, staff and students in grades 4-12 on a range of school climate indicators.

Family Resource Centers

Services to address students' social, emotional, and behavioral needs at 32 schools, including short-term counseling. The centers work with families to connect them to community resources, school-based services and parent education workshops.

Kinder Festivals

The K-Fests are a series of parent involvement activities designed to introduce entering Kinder families to the system, including live student groups with teachers, parent resources and training to understand the kinder curriculum and expectations.

APEX Online

APEX Learning program is a computerized independent learning program, coupled with teacher-directed instruction designed to assist students to address gaps in knowledge.

Youth Orchestra

Students receive music opportunities with string instruments and instruction from professional music performers on weekends.

ELAC Recommendations

Pursuant to Education Code, Section 52176, the school's English Learner Advisory Committee (ELAC) conducted a needs assessment as it pertains to English Learner (EL) students and presented the following recommendations about programs and services that will assist EL students to achieve standards.

Question	Answer
Does the school have more than 20 EL students enrolled?	Y
2. At which ELAC meeting did ELAC approve its Recommendations?	10/30/2023
3. Input ELAC's approved recommendations. These should be services and programs pertaining to EL student achievement:	1. The ELAC recommends that teachers should get ½ day release time 1-2 times this year for designated ELPAC/ELD training, planning, and collaboration.
	2. ELAC recommends the purchase of supplemental materials including professional reading to support reading for ELL students. The purchase of books bags and other materials so that students can have access to books at their instructional level.
	3. ELAC recommends that the site purchase Summit K-12 licenses to help support students with individualized personalized learning plans to support language development and increase language proficiency in the 4 domains.
	4. ELAC recommends that the site provide parent training/workshops to enable parents to support their children's education at home.

4. What types of data did ELAC use to determine the need for the listed recommendations (add any that apply):	SBAC Reading Results for EL students SBAC Math for EL students CELDT/ELPAC Results Reclassification Data Language Census Data
5. At which SSC meeting were the ELAC recommendations presented? Ensure the SSC Agenda and Minutes list the receipt of the ELAC Recommendations	10/30/2023
6. What was SSC's response to ELAC recommendations?	SSC received the recommendations from ELAC. We thank the ELAC members for their recommendations to support academic achievement for our English Language Learners. Members of SSC are in support of recommended interventions. SSC discussed, voted and approved monetary amounts for recommendations 1, 2, and 3. (Teacher release time, supplemental material, Summit K-12) It was agreed that money for the parent workshop come out of the parent involvement fund.

Assurances & Approval

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the Consolidated Application, pursuant to California Education Code, Section 64001 and the federal Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act (ESSA). The SPSA's purpose is to increase the overall effectiveness of the school program by crafting a site strategic plan that maximizes the resources available to the school. The School Site Council (SSC) is required to analyze data as part of a needs assessment, develop the SPSA, which approves programs and services in support of an annual budget to promote student achievement, pursuant to California Education Code, Sections 52853 and 52855. SSC's approach to the utilization of federal resources to support underserved, underachieving students by providing interventions that are aligned with the school and district goals and promote continuous improvement.

Resource Inequities

Schools eligible for CSI or ATSI must identify and describe any resource inequities identified as a result of the required needs assessment. Consideration of resource inequities can inform the assessment of the effectiveness of actions in the SPSA and provide a basis for the establishment of goals and/or expected outcomes for CSI/ATSI Targeted student groups.

In our analysis of our SPSA services, our SSC found the following about resource inequalities for the targeted CSI/ATSI student groups:

X	There are no resource inequalities present in our SPSA. Our CSI/ATSI targeted students are a priorit and are receiving appropriate services/interventions through our Schoolwide Program.
	There was evidence of resource inequalities prior to the SPSA being approved. Our SSC made adjustments to the SPSA in order to correct the issue, and the SPSA is now providing appropriate services/interventions through our Schoolwide Program.
	There is some evidence of resource inequalities in the current SPSA. However, our SSC continued to make adjustments to the SPSA in order to ensure that the CSI/ATSI targeted students are being given appropriate services/interventions through our Schoolwide Program.
	There is some evidence of resource inequalities in the current SPSA. However, our SSC has determined that the CSI/ATSI targeted students are receiving appropriate services/interventions through our Schoolwide Program.

Support for Schools as identified in LBUSD's LCAP

Support for Identified Schools

Support for schools is grounded in coaching and professional learning communities. LBUSD has shifted from compliance and at-a-distance supervision practices to a deeply-rooted coaching orientation, partnership in addressing student achievement issues, and a strong emphasis on quality instruction in every classroom, as defined by the district's Understandings Continuum framework. Since 2014, LBUSD has sought to enhance time spent on campuses, with leaders dedicating an average of three to five hours per month on every campus – visits that include classroom observations alongside the principal, data collection related to instructional implementation, and pedagogical guidance for teachers. Comprehensive Support and Improvement (CSI) schools receive even more intense support, particularly in areas like English Language Arts, Mathematics, and graduation rates.

One crucial area of support centers on school-level needs assessments. LBUSD's Research Office provides in-depth data tailored to each site, which are then used to develop interventions in consultation with stakeholders. Academic measures include ELA and Math benchmarks, real-time grades (especially Ds and Fs), and whether students are on track to complete graduation requirements, while non-academic measures cover chronic absenteeism, suspensions, and disciplinary incidents. With assistance from district leaders, curriculum coaches, and other experts, CSI schools drill down by academic skill, by student group, and by logistical factors (e.g., the time of day and location of suspensions). Site staff receive tools and training to create "watch lists" – i.e., lists of classrooms to monitor closely and lists of students who require further interventions. The latter is connected to phone, email, and text communication systems that can help engage families in the process.

Here are specific supports that LBUSD delivered (and will continue to provide moving forward) to help CSI schools develop their plans:

Level office staff spent additional hours at CSI schools to help principals conduct deeper analyses on chronic
absenteeism, suspensions, disciplinary incidents, and survey data related school culture and climate and
social-emotional learning. Such analyses were on top of those conducted for academic measures like English Language
Arts, Mathematics, and graduation rates. In light of the COVID-19 pandemic, learning loss and other similar issues
were also explored.

Level office staff, curriculum leaders, and other district support departments provided CSI schools with research on successful evidence-based interventions in comparable schools, both at LBUSD and other districts in California. Depending on the programs, the research included either academic studies or best practices. This information was

paired with budget information, so that programs can be sustainably developed.

• Level office staff, curriculum leaders, and other district support departments assisted CSI schools with identifying resource inequities by providing reports on current staff levels, budget figures, and logistical data. Through various one-on-one meetings, sites were then guided by content experts in identifying significant resource gaps. For example, a review of a site's English Learner supports would incorporate additional teachers that might be needed, along with the instructional materials, technological software, intervention scheduling design, and other details that would help build out the program, particularly in a distance-learning environment.

• Based on the research and "gap" analyses described in the two previous bullet points, level office staff, curriculum leaders, and other district support departments helped CSI schools select evidence-based interventions. Among the guiding principles that LBUSD promoted in this decision-making process is sustainability – the importance of developing high-impact programs that can be implemented in multi-year timeframes. Given the depth of student needs, it was essential to have a long-term perspective and make adjustments along the way. LBUSD then ensured that

CSI schools had training for program implementation.

Lastly, level office staff, curriculum leaders, and other district support departments helped CSI schools establish
monitoring and evaluation systems. Supports included training on how to identify appropriate data to collect (for
example, student participation in interventions, related test scores, etc.), how to use LBUSD's "intervention tracker" or
similar system, how to schedule data analyses alongside the site visits described above, and how to use feedback for
program improvement. In some cases, LBUSD provided CSI schools with sample survey questions for gathering
student, parent, and staff perspectives. LBUSD also paired CSI schools with similar partner sites so that data can be
compared and promising practices can be shared.

Monitoring and Evaluating Effectiveness

To monitor and evaluate the effectiveness of the CSI plans, quarterly visits will be conducted. These formal visitations will allow site teams to reflect upon their collective efforts and engage colleagues from other schools or district departments for objective feedback.

Quarterly visits will be customized by schools, but follow a common structure:

- Whole Group Briefing: The school team (principal, teachers, and support staff) will provide background for the visit
 by sharing their CSI plans. They will highlight their site data, professional development activities, and key
 interventions. They will help visitors develop an understanding of their priorities.
- Classroom Visits: School team members and visitors will observe classrooms, collecting data and examples that
 reinforce the school's CSI plans. They will take notes, collect images, and talk to students in order to summarize their
 observations.
- Whole Group Debriefing: School team members will facilitate a debriefing that allows them to understand and
 affirm the site's continuous improvement efforts. They will focus not only on content delivery, teaching practices, and
 student actions, but also the various interventions that are being implemented to support struggling learners.
- Principal Debriefing: Principals and/or principal supervisors will engage in further discussion regarding next steps.
 This dialogue will be folded into the regular coaching work described in the previous section.

More broadly, data dashboard tools developed by LBUSD's Research Office will feature "Watch Lists" that allow district and site leaders to monitor the progress of CSI schools, their teachers, and their students. The "Schools to Watch" function will enable appropriate stakeholders to track the percentage of students who are "at-risk," "severely at-risk," "high risk," and "cautiously at-risk" across a broad spectrum of measures, including chronic absenteeism, discipline, reading benchmarks, math facts, course grades, graduation requirements, and high school or college readiness (as applicable). Such real-time data will be used to adjust CSI plans and develop additional interventions for struggling learners.
