It gets very cold at camp sometimes, so we encourage you to focus on several layers of clothing. This method lets you put a layer on when you get cold and take one off when you get hot, avoiding the scenario of "I'm too hot with my jacket on but I'm too cold with it off".

Students should be able to wear up to 5 layers on their upper body (long underwear, long sleeve shirt, sweatshirt, winter coat, waterproof jacket/poncho) and 2 layers on their lower body (long underwear, warm pants).

Please note there is a huge difference between a coat or poncho that is waterproof and one that is just water resistant. If you send your child with a coat that is water resistant, the water will quickly soak through, and they will get cold and wet!

***BE SURE TO WRITE YOUR NAME AND SCHOOL ON EVERYTHING.
