Dear Ms. Parker,

FOIA is intended to provide access to existing public records maintained by a public body. It does not require an agency to answer questions or create new records.

Pursuant to South Carolina Code of Laws Sections 30-4-20(c) and 30-4-30(2), the Freedom of Information Act applies to the inspection of existing public records. Because your request seeks answers to questions rather than identifiable existing records, it is not a request that the agency is required to fulfill under FOIA.

If you are seeking specific existing documents or records, please submit a revised request identifying those records, and we will review it in accordance with the requirements of the South Carolina Freedom of Information Act.

Regards,
