Special Education in LBUSD

The Long Beach Unified School District centers equity and excellence in its commitment to serving the educational needs of our students with disabilities.

When a student has been assessed, eligibility for special education services is determined by the Individual Education Program (IEP) team of parents and qualified professionals that determine what services a student requires only after all the resources of the general education program have been considered.

Special education is a program designed to meet the unique educational needs of children with disabilities who meet the eligibility criteria under the law. Special education services can begin at birth and continue until the age of twenty-two (22). Your child may receive special education services under one of the following eligibilities:

- Speech of Language Impairment
- Specific Learning Disabilities
- Other Health Impairment
- Emotional Disturbance
- Intellectual Disability
- Autism or Autistic-Like Behaviors
- Orthopedic Impairment
- Deafness
- Deaf-Blindness
- Visual Impairment (including blindness)
- Traumatic Brain Injury
- Multiple Disabilities
