Office of the Superintendent • 1515 Hughes Way • Long Beach • California 90810 • 562-997-8000

Dear Parents and Guardians,

Welcome to the Long Beach Unified School District and the 2024/25 school year! We are thrilled to have you as part of our Long Beach Unified family, and we thank you for choosing us for your child's education. The new school year is always exciting and filled with ample opportunities for student success. Our schools are widely known for their innovation, academic rigor, award-winning arts programs and legendary athletic tradition. Most importantly, we are recognized for our deeply held commitment to excellence and equity for all students.

We are proud of our efforts to enhance parent and community engagement and acknowledge the invaluable assets of our families and communities as critical partners. We recognize parents and caregivers as leaders in their children's education and empower them through diverse engagement opportunities. By incorporating intentional practices rooted in collaboration and prioritizing connections among our students, families and community, we foster a strong sense of unity within the district. Your consistent support, alongside our dedicated educators, continues to demonstrate encouraging progress in student achievement.

Each and every day, we are working to ensure that [Vision 2035](#) becomes a reality for our students and families through a comprehensive strategic plan. This commitment ensures that our students thrive for many years to come and are future-ready adults by the time they reach high school graduation.

Our Long Beach community's generous approval of school bond funds continues to drive substantial investments in our school facilities, and we are immensely grateful for their ongoing support. Our bond and renovation projects are progressing steadily, enhancing academic and athletic facilities and ensuring our campuses are safe, conducive to learning and environmentally sustainable. Plans to green our learning environments are moving forward. By the end of this summer, every LBUSD classroom will be equipped with new furniture. A complete timeline of projects is available at lbschoolbonds.net.

We offer many ways for you to stay informed, connected and involved in your child's education. I encourage you to visit your child's school and our LBUSD websites frequently to stay well-informed about everything happening at your child's school and across our district. Please review our Parent University information at lbschools.net and follow us on Twitter, Instagram, Facebook and YouTube at @LongBeachUSD.

Together, we will continue to foster an environment where every student can thrive academically and emotionally.

In partnership,

A handwritten signature in black ink that reads "Jill A. Baker".

Approved for Distribution 8/07/24

The Long Beach Unified School District is required annually by law to notify parents or guardians of certain rights and responsibilities contained in the *California Education Code*. Summaries of code sections explaining these rights and responsibilities are included in this *K-12 2024-25 Guidelines for Families and Students*.

Parents' Rights and Responsibilities Spelled Out In State Laws, Policies

At the beginning of the first semester of each school year, the *California Education Code* requires all parents or guardians of minor pupils to be advised of their rights and responsibilities under specific sections summarized as follows:

Your Child has the Right to a Free Public Education

- All children have a right to equal access to free public education, regardless of their or their parents'/guardians' immigration status. [BP 5145.13 Response to Immigration Enforcement](#).
- All children in California:
 - Have the right to a free public education.
 - Must be enrolled in school if they are between 6 and 18 years old.
 - Have the right to attend safe, secure and peaceful schools.
 - Have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence and intimidation.
 - Have equal opportunity to participate in any program or activity offered by the school without discrimination.

Information Required for School Enrollment

- Schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- Information about citizenship/immigration status is never needed for school enrollment. A Social Security number is never needed for school enrollment.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student "directory information." If so, the school district must provide parents/ guardians with written notice of the directory information policy, and provide the option to refuse release of your child's information.
- Directory information does not include citizenship status, immigrant status, place of birth, or any other information indicating national origin (except where the District receives consent as required under state law).

Family Safety Plans if You Are Detained or Deported

- You can update your child's emergency contact informa-

tion, including secondary contacts, to identify a trusted adult guardian who can care for your child if you are detained or deported.

- You can complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person to give a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated or bullied because of his or her actual or perceived nationality, ethnicity or immigration status.

Checklist For Immigrant Students And Families Attending Public Schools

1. You do not have to share the following information with school officials:

- You do not have to share information, including passports or visas, regarding the immigration status of students, parents, guardians or other family members.
- You do not have to provide Social Security numbers (SSN) or cards.
 - When completing the "Free and Reduced-Price Meals" form, only provide the last four digits of the SSN of the adult household member who signs the application.
 - If the family meets the income eligibility requirements and no adult household member has a SSN, your child still qualifies. Check the "No SSN" box on forms where applicable, to ensure that applications are complete.
 - If any household member participates in CalFresh, CalWORKs (California Work Opportunity and Responsibility for Kids), or FDPIR (Food Distribution Program on Indian Reservations), no adult household member needs to provide the last four digits of his or her SSN to qualify the student for free or reduced-price meals at school.
 - When providing information for proof of a student's residency or age, you do not have to use documents that could reveal information related to immigration status.

2. Take steps to protect student information:

- Ask for the school's written privacy policies regarding student information.
- Review the school's policy for "directory information," which allows for public release of basic student information, and consider whether to opt out of releasing of that information.

3. Take steps to prepare for situations where one or more parents or guardians are detained or deported:

- Develop and keep in a safe place a "Family Safety Plan" that includes the following information:
 - Name of a trusted adult to care for your child if no parent or guardian can.
 - Emergency phone numbers and instructions on where to find important documents (birth certificates, passports, Social Security cards, doctor contact information, etc.)
 - Make sure that your child's school always has current emergency contact information, including alternative contacts if no parent or guardian is available.

California Healthy Youth Act

The California Healthy Youth Act requires school districts to provide pupils with integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention education from instructors appropriately trained in the courses at least once in middle school and once in high school. It is intended to ensure pupils in grades 7-12 are provided with the knowledge and skills necessary to: 1) protect their sexual and reproductive health from HIV, other sexually transmitted infections, and unintended pregnancy; 2) develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage and family; and 3) have healthy, positive, and safe relationships and behaviors. It also promotes understanding of sexuality as a normal part of human development. Information on human trafficking and how social media, mobile devices, and websites are used to groom and promote sexual activities is also included in the curriculum. The instruction should include all of the following:

1. Information on the nature of HIV, as well as other sexually transmitted infections, and their effects on the human body;
2. Information on the manner in which HIV and other sexually transmitted infections are and are not transmitted, including information on the relative risk of infection according to specific behaviors, including sexual activities and injection drug use;
3. Information that abstinence from sexual activity and

injection drug use is the only certain way to prevent HIV and other sexually transmitted infections and abstinence from sexual intercourse is the only certain way to prevent unintended pregnancy. This instruction shall provide information about the value of delaying sexual activity while also providing medically accurate information on other methods of preventing HIV and other sexually transmitted infections and pregnancy;

4. Information about the effectiveness and safety of all federal Food and Drug Administration (FDA) approved methods that prevent or reduce the risk of contracting HIV and other sexually transmitted infections, including the use of antiretroviral medication, consistent with the federal Centers for Disease Control and Prevention;
5. Information about the effectiveness and safety of reducing the risk of HIV transmission as a result of injection drug use by decreasing needle use and needle sharing;
6. Information about the treatment of HIV and other sexually transmitted infections, including how antiretroviral therapy can dramatically prolong the lives of many people living with HIV and reduce the likelihood of transmitting HIV to others;
7. Discussion about social views on HIV and AIDS, including addressing unfounded stereotypes and myths regarding HIV and AIDS and people living with HIV. This instruction shall emphasize that successfully treated HIV-positive individuals have a normal life expectancy, all people are at some risk of contracting HIV, and the only way to know if one is HIV-positive is get tested;
8. Information about local resources, how to access local resources, and pupils' legal rights to access local resources for sexual and reproductive health care such as testing and medical care for HIV and other sexually transmitted infections and pregnancy prevention and care, as well as local resources for assistance with sexual assault and intimate partner violence;
9. Information about the effectiveness and safety of all FDA-approved contraceptive methods in preventing pregnancy, including, but not limited to, emergency contraception. Condoms are available at all high schools, are cost-free, and students can access them anonymously. Instruction on pregnancy shall include an objective discussion of all legally available pregnancy outcomes, including, but not limited to, all of the following:
 - a. Parenting, adoption, and abortion
 - b. Information on the law on surrendering physical custody of a minor child 72 hours of age or younger, pursuant to Section 1255.7 of the Health and Safety Code and Section 271.5 of the Penal Code
 - c. The importance of prenatal care
10. Information about sexual harassment, sexual assault, sexual abuse, and human trafficking. Information on human trafficking shall include both of the following:

Parent Release of Student Information to Military and Other Agencies

School districts are required to release student directory information for military recruitment purposes unless parents request that Student Directory Information be withheld. Information about your students that can be released to military, as well as other agencies listed below, includes name, address, telephone number, email address, birth date, enrollment, attendance dates, graduation, high school major, participation in officially recognized activities and sports, if on an athletic team—weight and height, diploma and awards received. Agencies receive only the information directly related to their request. For example, a scholarship sponsor would receive dates of attendance, honors and awards information but not weight and height.

Agencies requesting information:

Governmental: The Armed Services, Probation Department, Department of Children’s Services, law enforcement in the course of official duties, Social Security, Veteran’s Administration, elected officials.

School-related: PTA, VIPS, school transportation, work-experience employers, Site-Council.

Employers: Potential or current employers.

Post Secondary: Colleges, other post-secondary institutions.

News Media: Reporters in conjunction with a news story.

Community-related: Grantors of awards, scholarships, honors.

If you do not wish your student’s information to be given to the military or other agencies listed above, you can submit this request in ParentVUE. You may designate to withhold your student’s information from the armed services (military) only or from all agencies. Directory information regarding a pupil identified as a homeless child or youth shall not be released unless a parent, or pupil given parental rights, has provided written consent that directory information may be released.

Parents may prohibit the release of directory information about their students at any time during the school year. However, many requests for information are received near the beginning of the school year, so we urge you to submit the request by October 1, if you wish directory information withheld.

To request that Student Directory Information be withheld for your student:

1. Login to ParentVUE. If you do not have a ParentVUE account, please contact your school for an activation key.
2. Click on the “Online Registration” button at the top of the screen.
3. Click on the “Annual Returning Student Verification” tile.
4. Follow the prompts to update family information, including student directory release information.

- a. Information on the prevalence, nature, and strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance
 - b. Information on how social media and mobile device applications are used for human trafficking
11. Information about adolescent relationship abuse and intimate partner violence, including the early warning signs thereof.

Parents or legal guardians have the right to:

1. Inspect the written and audiovisual educational materials used in comprehensive sexual health and HIV prevention education;
2. Request in writing that their child not receive comprehensive sexual health or HIV prevention education;
3. Request a copy of Education Codes 51930 through 51939, the California Healthy Youth Act;
4. Be informed whether the comprehensive sexual health or HIV prevention education will be taught by district personnel or outside consultants;
5. Receive notice by mail or another commonly used method of notification no fewer than 14 days before the instruction is delivered if arrangements for the instruction are made after the beginning of the year;
6. When the district chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV prevention education, be informed of:
 - a. The date of the instruction
 - b. The name of the organization or affiliation of each guest speaker.

The district may administer to pupils in grades 7 through 12 anonymous, voluntary and confidential research and evaluation tools to measure pupils' health behavior and risks, including tests, questionnaires, and surveys, containing age-appropriate questions about their attitudes or practices related to sex. Parents or legal guardians will be notified in writing about the administration of, the right to review, and the right to refuse their child from any test, questionnaire or survey.

Pupils' Rights to Refrain from the Harmful Use of Animals – 32255

Any pupil with a moral objection to dissecting or destroying animals shall notify their teacher regarding this objection. Students have the right to refrain from participating in activities that they feel would constitute "harmful and destructive use of animals," pursuant to Education Code Section 32255 et seq. When courses require the use of live or dead animals, students must be notified of their rights. A student's objections must be substantiated by a note from their parent or guardian. The teacher must develop an alternative educational project of "comparable time and effort" or excuse the student from the project.

Exemption from Physical Examination – 49451

A parent or guardian who does not want their child to be given a physical examination at school must yearly inform the principal

in writing. The child will then be excused from taking the examination. However, if the school has good reason to believe the child has contracted a recognized contagious disease, it is authorized to send the child home and not permit him/her to return until school authorities are satisfied that the disease is no longer contagious.

Sight, Hearing and Scoliosis Test – 49452, 49455, 49452.5

Every school district in California must provide for testing of students for any sight, hearing and/or scoliosis problems. (This section is subject to the restriction stated in Section 49451 above.) Schools may screen for type 2 diabetes (EC 49452.7).

Cooperation in Control of Communicable Disease and Immunization of Pupils – 49403

Schools are required to cooperate with local health authorities in helping to prevent and control communicable (person to person) diseases in school children. (If a parent or guardian does not have a family physician, the school refers him or her to the city or county health department for the child's needed immunization.)

Prescribed Medication for Pupils – 49423, A.C. Title 17

Medical treatment is the responsibility of the parent/guardian and family physician. The parent/guardian is urged to work out a schedule, with the help of the family physician, for giving medication at home. Medications are given at school only when it is deemed absolutely necessary by the family physician. Any pupil who is required during the school day to take medication prescribed by a California licensed physician, may be helped to do so by the school nurse or another authorized school employee, if the school receives (1) a written statement from the physician describing the method of administration, the amount, and the time schedule of the medication, (2) a written statement from the parent requesting assistance, and (3) medication in its original pharmacy bottle, labeled appropriately. Medication orders written by a nurse practitioner (NP) or physician's assistant (PA) must have their California drug furnishing number and the name of their supervising physician included. The school must receive the original copy of medication orders that are faxed to the school within five days. Any disabled student who requires medication during the school day to effectively participate in the educational program shall receive assistance from district personnel on a consistent basis (34 C.F.R. 104.33). Medications are not usually carried by students, however some students may need to carry their medication: (1) students with asthma inhalers who need their medication prior to physical education and other school sport activities, (2) students with exquisite allergies (i.e., bee stings, anaphylaxis to food, etc.), (3) students with diabetes who receive calculated doses of insulin throughout the day by continuous subcutaneous insulin infusion (insulin pump therapy). The student's physician must provide a written statement stating, (1) the student must carry the medication, (2) the student has been trained on self administration and (3) the student has demonstrated proficiency and responsibility in self administration. The school nurse will also assess the student's ability to self administer medication, and may contact the physician if there are any questions or concerns.

Special Pupil Medication – 49480

The parent or guardian of any pupil who is on a continuing med-

ication program is required by law to tell the school about the medication being taken, the condition the medication is prescribed for, and the name of the supervising physician. Parents/guardians of a child with a significant health condition should contact the school principal and school nurse at the beginning of each school year, to determine if any special arrangements are needed. With the parent or guardian's consent, the school nurse may talk with the child's doctor and inform other school staff members about possible effects of the medication on the child's behavior. At the beginning of each school year, parents are required to provide a 3-day supply of medication for their students who take daily medication outside of school hours in case of an earthquake or other emergency situation. Medication must be in its original, prescription bottle, and a medication permission form must be completed by the parent and physician.

Emergency Naloxone Hydrochloride – EC 49414.3

School Districts may provide emergency naloxone hydrochloride antagonists to school nurses or trained personnel who have volunteered, and school nurses and trained personnel may use naloxone hydrochloride to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Immunization HPV Cancer Prevention information – EC 48980.4

Upon a pupil's admission or advancement to the 6th grade level, the governing authority is required to submit to the pupil and their parent or guardian a notification containing a statement about the state's public policy on HPV and advising that the pupil adhere to current HPV guidelines.

School District's Participation in the Medi-Cal Billing Program

The school district, in cooperation with the California Departments of Health Care Services and Education, participates in a program that allows the district to be reimbursed with federal Medicaid dollars for select health services provided to enrolled Medi-Cal students at school. The money received through this program is directly reinvested into expanding and improving health and social services for all students.

In accordance with state and federal rules and guidelines, we are notifying you that some information may be released from your student's records to our reimbursement recovery vendor, Paradigm Healthcare Services, LLC and to the Department of Health Care Services (DHCS) for claiming purposes only (and your child's Medi-Cal benefits may be accessed). This information is only released if we have received your consent to do so. Your consent may have been provided to the district when you registered your student for school, as part of your back-to-school paperwork, or during the IEP/IFSP development and review process (if applicable).

All information that is shared is encrypted and transmitted securely to both our vendor and to DHCS. The education records that may be shared as a result of our participation in this program include:

- Student name, date of birth, and health-related evaluation, intervention, and referral information (for services received at school)

- Practitioners' notes related to these health services and select data from child's IEP/IFSP (if applicable)

You have the right to withdraw your consent to disclose your student's information at any time—feel free to visit your school's front desk to discuss this program. **Please note that students will not be denied services they require to attend school, and parents will never be billed by the school district for services provided as a result of your consent, or non-consent.** Further, while Medi-Cal is reimbursing the district for select health services, your child's Medi-Cal benefits should not be impacted in any way. We participate in this program in an effort to obtain federal funding for the Medi-Cal reimbursable health services already being performed at school, and then use this funding to expand services that are available to all students.

Confidentiality & Privacy – The district's reimbursement recovery vendor is bound by a contract that contains specific provisions to keep student records confidential, ensuring information is not used or disclosed inappropriately; further, our vendor is required to be HIPAA compliant. In addition, the district and DHCS are bound by agreements that include specific provisions about the use of the information shared in this program, and governing security protocols.

Third Party Liability – If your student is enrolled in Medi-Cal and is also covered by a third party insurer, DHCS may attempt to recover third party liability if they pay a school-based claim submitted by us. This occurs due to the assignment of third-party liability rights that was provided when your application to Medi-Cal was approved.

Emergency Treatment for Anaphylaxis – EC 49414

Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives. EC 49414 requires school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history. Emergency epinephrine auto-injectors must be stored in an accessible location along with a copy of written training material upon need for emergency use. Notice of location must be publicly posted.

Pupil Swimming Safety – EC 35179.6

Our schools are committed to safety for all our students at our planned events, including around swimming pools. There is already a requirement for pool sport coaches to be fully-trained in CPR in case of accidental drowning in the pool. If there is any event on-campus or hosted at a swimming pool facility, at least one adult with a valid certification of CPR training will be present throughout the duration of the event.

Concussion and Head Injuries – EC 49475

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district that elects to offer athletic programs must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete's initiating practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

California Youth Football Act – HSC 124241 (6-12)

Under state law, students who participate in football games in grades 6-12 must have a licensed medical professional present during the game, whether playing at a home game or away at another school. This does not include Physical Education classes or intramural football games outside of extra-curricular athletics offered at the middle or high school.

Medical Treatment

Pursuant to the provisions of Family Code Section 6910 and Ed. Code 49407, school personnel are authorized to act as an agent for the reasonable treatment of a child without the consent of a parent or guardian when the child is ill or injured during regular school hours or requires reasonable medical treatment when the parent or guardian cannot be reached, unless the parent or guardian has previously filed with the school district a written objection to any medical treatment other than first aid.

Controlled Substances: Opioids– EC 49476

School authorities must provide facts regarding the risks and side effects of opioid use each school year to athletes. Parents and student athletes must sign acknowledgment of receipt of the document annually.

Confidential Medical Services – 46010.1 (Grades 7 to 12)

School authorities may excuse any pupil from school for the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardian.

Confidentiality of Medical Information Act – CC 56.10

School linked service coordinators will have access to health care information which complies with federal health insurance requirements. The coordinator must be credentialed and serve with confidentiality requirements per licensed school nurses, marriage and family therapists, educational psychologists and clinical counselors.

Pupils with a Contagious Disease – C.C.R. Title 5, 202

A pupil with a suspected contagious or infectious disease may not remain in any public school. They may be readmitted to school with written documentation from their physician and/or a public health officer that they are no longer contagious/infectious; however, the school nurse may need to evaluate students for any signs/symptoms when they return to school.

Habits and Diseases – 48211

The governing board of the school district may exclude children of filthy or vicious habits, or children suffering from contagious or infectious diseases. Children need to stay home from school if they have symptoms of a contagious illness, which include a fever over 100 degrees, sores that are open or appear infected, vomiting in the morning or since going to bed the night before, diarrhea in the morning or since going to bed the night before, persistent headache or stomachache, earache, red eyes with discharge, persistent cough, suspicious rashes, wheezing or breathing problems and not feeling well enough to participate in school activities.

Pupil Absence for Religious Purposes – 46014

With the written consent of parents or guardians, pupils may be excused from school to attend religious training classes at a place named by their church. Pupils may not be excused for this purpose more than one school day per semester. Attending religious training classes is voluntary. Pupils are not required to attend them.

Allowed Absences – 48205, 48980(j), 46010.1

No pupil may have their grade reduced or lose academic credit for any absence or absences excused pursuant to Section 48205 when missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time. A pupil shall be excused from school when the absence is:

1. Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.
2. Due to quarantine under the direction of a county or city health officer.
3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
4. For the purpose of attending the funeral services of a member of their immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
5. For the purpose of jury duty in the manner provided for by law.
6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of their religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence has been requested in writing by the parent or guardian and approved by the

principal or a designated representative pursuant to uniform standards established by the governing board.

8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
9. For the purpose of spending time with a member of the pupil's immediate family, who is an active duty member of the uniformed services, as defined in EC 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
10. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
11. For the purpose of participating in a cultural ceremony or event.
12. (A) For the purpose of a middle school or high school pupil engaging in a civic or political event, as provided in subparagraph (B), provided that the pupil notifies the school ahead of the absence. (B) (i) A middle school or high school pupil who is absent pursuant to subparagraph (A) is required to be excused for only one school day-long absence per school year. (ii) A middle school or high school pupil who is absent pursuant to subparagraph (A) may be permitted additional excused absences in the discretion of a school administrator, as described in subdivision (c) of Section 48260.
13. (A) For any of the purposes described in clauses (i) to (iii), inclusive, if an immediate family member of the pupil, or a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family, has died, so long as the absence is not more than three days per incident. (i) To access services from a victim services organization or agency. (ii) To access grief support services. (iii) To participate in safety planning or to take other actions to increase the safety of the pupil or an immediate family member of the pupil, or a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family, including, but not limited to, temporary or permanent relocation. (B) Any absences beyond three days for the reasons described in subparagraph (A) shall be subject to the discretion of the school administrator, or their designee, pursuant to Section 48260
14. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefore. The teacher of the class from which a pupil is absent shall determine which tests and assignments that shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence. For purposes of this section, attendance at religious retreats shall not

exceed one school day per semester. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments. "Immediate family," as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil.

Pregnant and Parenting Pupils – EC 221.51, 222.5, 46015, 48205, and 48980

BP 5145 Married/Pregnant/Parenting Students

The governing board of the Long Beach Unified School District will treat both the pregnant teen mother and the teen father with the same accommodations, regardless of sex. The teen parents may not be excluded from any class or extracurricular activities, solely on the basis of pregnancy, childbirth, false pregnancy, termination of pregnancy, or postpartum recovery.

Parental rights will be an option available in annual notifications or at semester term periods, welcome packets, orientation, online or in print, or in independent study packets as provided to all regular students from school districts or charter schools.

School Attendance

The physical and emotional ability to continue with schooling may only be determined by a physician or nurse practitioner. Pregnant or parenting pupils may not be required to participate in pregnant minor programs or alternative programs, with the exception of personal choice.

Parental leave for eight weeks for preparation of birth of infant, post-partum for mental and physical health needs of the teen parents and to bond with infants, or any additional medically approved time to protect the infant or parents is allowed. A parenting teen is entitled to take any additional time if deemed medically necessary, as prescribed by a physician or nurse practitioner. If the teen parents are 18 years of age or older, or, under 18 years of age, the person holding the right to make educational decisions for the student(s), notify the school of the intent to exercise this right.

Pregnant and parenting teens are not required to take all or part of the leave to which they are entitled. Leave will be approved by the school supervisor of attendance, as an excused absence, until the student(s) are able to return to the regular school program or an alternative education program if requested by the student and/or parent/guardian. However, no work or any other school requirements are required during the leave.

Return from Parental Leave

Upon return, the parenting teens are entitled to return to the school courses that were enrolled in before taking leave. Make-up plans and re-enrollment will be worked out with the school counselor or administrator to achieve an opportunity to fully participate in all activities, as before leave.

If needed, the parenting teen may enroll for a fifth year of instruction in the school previously enrolled if necessary to complete the state and any local graduation requirements, unless the local educational agency finds that the student is reasonably able to complete the graduation requirements in time to graduate

from high school by the end of the students fourth year of high school.

If parenting teens were enrolled and or choose to be enrolled in an alternative school setting, a return to that environment will be available as needed to achieve graduation requirements. A pregnant or parenting student who participates in an alternative education program shall be given educational programs, activities, and courses equal to those he or she would have been in if participating in the regular education program. Students shall not incur an academic penalty as a result of his or her use of these accommodations. The school district will treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery in the same manner and under the same policies as any other temporary disability (EC Section 221.51 (e); 5CCR Section 4950(d); 34 CFR Section 106.40(b)(4).

Lactation

Once a parenting student returns, the District shall provide reasonable accommodations to a lactating pupil on a school campus to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. (A) Reasonable accommodations include, but are not limited to, all of the following: (i) Access to a private and secure room, other than a restroom, to express breast milk or breastfeed an infant child. (ii) Permission to bring onto a school campus a breast pump and any other equipment used to express breast milk. (iii) Access to a power source for a breast pump or any other equipment used to express breast milk. (iv) Access to a place to store expressed breast milk safely. (B) A lactating pupil shall be provided a reasonable amount of time to accommodate her need to express breast milk or breastfeed an infant child. (C) Only school sites with at least one lactating pupil shall provide the reasonable accommodations specified above. A school subject to this may use an existing facility to meet the requirements. (D) A pupil shall not incur an academic penalty as a result of her use, during the school day, of the reasonable accommodations specified in this section, and shall be provided the opportunity to make up any work missed due to such use.

Alternative Education (Alt Ed)

Alternative Education is a unique program that provides the opportunity for students to focus on what they need to recover needed credits for graduation. Students will be enrolled at either Will J. Reid High School (REID) or Educational Partnership High School (EPHS). Alt Ed enrolls students on an ongoing basis until each site has reached capacity, prioritizing 12th grade students with severe credit deficiency. Once capacity is reached, referrals will be held until a space opens up. Students should plan on returning to a high school within the Long Beach Unified School District. Returning students' school of choice will be granted based on availability.

Alternative Education is designed for seniors deficient 20+ credits and juniors deficient 70+ credits (based on high school transcript). Students can earn up to 160 credits for recovery per year. The LBUSD will provide teacher services, instructional materials, and other necessary items and resources as specified for each course. Student attendance, application, and commitment are necessary to maximize the credit recovery opportunity at both sites.

LBUSD is able to offer two different learning environments for Alternative Education through the same instructor-led online program. Teachers at REID provide regular, daily direct support, while teachers at EPHS meet with each student at least twice a week and support a semi-independent model. Both school models offer high school students the opportunity to thrive academically. Placement at REID or EPHS depends on many factors, including student preference, learning style, and other unique situations.

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in alternative education whenever the student fails to make satisfactory educational progress and/or misses three assignments. Satisfactory educational progress shall be determined based on all of the following indicators: (Education Code 51747)

1. The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and engagement specified in Education Code 52060.
2. The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments.
3. Learning required concepts, as determined by the supervising teacher.
4. Progress towards successful completion of the course of study or individual course, as determined by the supervising teacher.

Available Resources

Pregnant and parenting students may need additional support both inside and outside of the school setting. To the extent feasible, the district will provide educational and related support services, either directly or in collaboration with community agencies and organizations, to meet the needs of pregnant and parenting students and their children. Students or their parent/guardian may request assistance or referrals for assistance from school support staff including school counselors and the site Wellness Center. Such services may include, but are not limited to:

1. Child care and development services for the children of parenting students on or near school site(s) during the school day and during school-sponsored activities
2. Parenting education and life skills instruction
3. Special school nutrition supplements for pregnant and lactating students. • A medical statement identifying the student who is pregnant or lactating would be provided to the site by the student or their parent/guardian for Nutrition Services
4. Health care services, including prenatal care
5. Tobacco, alcohol, and/or drug prevention and intervention services
6. Academic and personal counseling
7. Supplemental instruction to assist students in achieving grade-level academic standards and progressing toward graduation

Alternative Education Agreement

STUDENT:

I understand that:

- Alternative Education is an opportunity to earn missing credits to be able to return to high school and graduate on time.
- Attendance, whether daily (REID) or at least twice weekly (EPHS), is essential for comprehension, support, course completion, and meaningful credit recovery.
- Alternative Education is an optional educational alternative and is voluntary. I understand that I may return to a traditional school at any time. Refer to Long Beach Unified School District (LBUSD) transfer policy.
- By entering Alternative Education, I have not waived any rights as a student, and I am entitled to all Long Beach Unified School District (LBUSD) services and resources.
- If I am a student with an Individualized Education Program (IEP), my IEP must specifically provide for my enrollment in Alternative Education.
- I must follow all the discipline codes and behavior guidelines of the Long Beach Unified School District. Any violation of these guidelines or failure to meet school/district requirements could result in dismissal from Alternative Education.
- Visitation on any other school campus is prohibited without permission from the school.
- Class credit is granted for successful class completion only, not for completion of individual assignments.
- I can complete up to 160 recovery credits per year.
- Courses and credits are different: the number of credits and specific courses needed will vary.
- **An attendance and academic evaluation will be conducted to assess progress toward completion of credits.**

Failure to satisfy any of the above-mentioned criteria will result in an evaluation by staff to determine if the current placement is appropriate.

PARENT/GUARDIAN/CAREGIVER:

I understand that:

- The objective of independent study is to provide a voluntary educational alternative for my student to continue his/her educational obligations.
- Individual course objectives are consistent and evaluated in the same manner as traditional school programs.

I agree with the following:

- I am liable for the cost of replacement or repair for willfully damaged or destroyed books and other property checked out to my student.
- I am expected to actively work and regularly communicate with EPHS/Reid staff to assist with credit completion, transition back to high school, or receive a high school diploma.

Independent Study – EC 51744, 51745, 51745.5, 51746 and 56026

Independent Study (IS) is by choice and may not be mandated. Each district and charter school that chooses to offer IS must have policies for independent study courses or curriculum equivalent time to complete work expectations equal to what is offered in person. In addition, the short-term (less than 15 school days) and long-term (15 or more school days) will require the IS engagement defined per the policies adopted by the local governing board. The Independent Study (IS) agreement must be signed within 10 days of the start of short-term IS or prior to beginning long-term IS. IS agreements must be updated to include equitable access to students with disabilities based upon individual student needs. For more information on how LBUSD offers IS options, please contact your school counselor or administrator.

Success in School Depends Upon Prompt, Regular Attendance

Success in school depends upon prompt, regular attendance. Parents can support good pupil attendance by following these procedures:

1. Contact the school's attendance office each morning the student is absent.
2. The day the student returns to school, provide the student a note which lists the date(s) of absence and the reason.
3. Provide the school with accurate home, cell, and employment telephone numbers and notify the school promptly when a change occurs.
4. Provide the school with the name and telephone number of a responsible adult who could be contacted in an emergency when the parent or guardian cannot be reached.
5. Contact the student's counselor regarding extended periods of absence or other matters which affect the student's ability to attend school regularly.

A state law, SB558, which became effective January 1, 1992, permits a court to suspend or delay the issuance of a driver's license to any minor who is truant from school.

Students who are chronically absent may be referred to the School Attendance Review Board (SARB). For more information, contact the Division Office of Student Support Services at 986-6870.

The Value of Positive Attendance

Positive attendance supports your student's achievement. Every day a student misses school, he/she is at risk of falling behind academically. Not only is the missed day lost, the return day is spent catching up. Every day a student attends school is also a lesson in responsibility and commitment.

Monitoring Attendance

Parents/guardians are encouraged to monitor their student's attendance records on a regular basis through ParentVue. Below are the school district's policies and procedures for providing notification of a student's absences to the school.

Reporting Absences: Student safety is the school district's utmost concern. If your child will be absent, please notify the school.

Clearing Absences: Parents/guardians must clear all absences within five school days. After this time, parents/guardians must contact the school administrator for approval. To clear your child's absence, call your school's main office. A parent/guardian can also send a note with their child, or email the school. The school's parent notification system will contact you regarding the absence of your child.

Verification of Illness: The school district allows parents to excuse up to three (3) consecutive days without verification of illness from a medical professional, mental health provider or school employee (school nurse). Any time your child has a doctor's appointment and/or documentation requiring them to stay home from school, provide this verification immediately to the attendance office when your student returns to school. These absences will be recorded as excused. If verification is not provided, the child's absence will be recorded as unexcused until documentation is received. Per district policy, absences extending beyond the three (3) day consecutive rule will be considered unexcused, unless a parent/guardian provides verification from a medical or mental health professional to the school.

Truancy – 48260

Any pupil who is absent from school without valid excuse three full days in one school year, or is tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof, is a truant.

The Long Beach Municipal Code section 9.58.020 states that juveniles are prohibited from loitering (off campus) in public places between the hours of 8:30 a.m. to 1:30 p.m. on days when school is in session. Students who are identified as "Habitual Truants" and who are found loitering in a public place will be given a citation by officers of the Long Beach Police Department. Truant students who receive a citation will have to appear before a Juvenile Referee who may issue a monetary fine. The fines that the referee levies range from \$170 for the first offense to a maximum of \$710. The referee may also impose an attachment of the student's driver's license. Students identified as "chronic" habitual truants may be issued the maximum fine on the first offense. In each case, regardless of the amount of fine and community service assigned, failure to fulfill the order issued by the Court will result in revocation or delay in the issuance of the student's driver's license.

Senate Bill 1317, effective January 1, 2011, allows parents or guardians of chronic truants to be criminally prosecuted. A chronic truant is defined as a pupil subject to compulsory full-time education or to compulsory continuation education who is absent from school without a valid excuse for 10 percent or more of the school days in one school year, from the date of enrollment to the current date. (Educ. Code 48263.6.) A parent or guardian of a chronic truant can now be prosecuted under Penal Code 270.1, if: (a) the child is age six years or more in K-8, and (b) there is proof the parent or guardian has failed to reasonably supervise and encourage the pupil's school attendance.

Truant Consequences – EC 48263, 48267, 48268, and 48269; WIC 236, 601, 601.3, 653.5, 654, and 651.5

Any student who is identified as "Truant" may be assigned as a

K-12th Grade (including transitional kindergarten)

Grade	Number of Doses Required of Each Immunization ^{1, 2, 3}				
K-12 Admission	4 Polio⁴	5 DTaP⁵	3 Hep B⁶	2 MMR⁷	2 Varicella
(7th-12th)⁸	K-12 doses	+ 1 Tdap			
7th Grade Advancement^{9,10}		1 Tdap⁸			2 Varicella¹⁰

- Requirements for K-12 admission also apply to transfer pupils.
- Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines. Doses of DTP count towards the DTaP requirement.
- Any vaccine administered four or fewer days prior to the minimum required age is valid.
- Three doses of polio vaccine meet the requirement if one dose was given on or after the 4th birthday. Oral polio vaccine (OPV) doses given on or after April 1, 2016, do not count.
- Four doses of DTaP meet the requirement if at least one dose was given on or after the 4th birthday. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the 7th birthday (also meets the 7th-12th grade Tdap requirement. See fn. 8.) One or two doses of Td vaccine given on or after the 7th birthday count towards the K-12 requirement.
- For 7th grade admission, refer to Health and Safety Code section 120335, subdivision (c).
- Two doses of measles, two doses of mumps, and one dose of rubella vaccine meet the requirement, separately or combined. Only doses administered on or after the 1st birthday meet the requirement.
- For 7th-12th graders, at least one dose of pertussis-containing vaccine is required on or after the 7th birthday.
- For children in ungraded schools, pupils 12 years and older are subject to the 7th grade advancement requirements.
- The varicella requirement for seventh grade advancement expires after June 30, 2025.

DTaP/Tdap = diphtheria toxoid, tetanus toxoid, and acellular pertussis vaccine

Hep B = hepatitis B vaccine

MMR = measles, mumps, and rubella vaccine

Varicella = chickenpox vaccine

Instructions:

California schools are required to check immunization records for all new student admissions at TK / Kindergarten through 12th grade and all students advancing to 7th grade before entry. See shotsforschool.org for more information.

Unconditionally Admit a pupil whose parent or guardian has provided documentation of any of the following for each immunization required for the pupil’s age or grade as defined in the table above:

- Receipt of immunization.
- A permanent medical exemption.*

Conditionally Admit any pupil who lacks documentation for unconditional admission if the pupil has:

- Commenced receiving doses of all the vaccines required for the pupil’s grade (table above) and is not currently due for any doses at the time of admission (as determined by intervals listed in the Conditional Admission Schedule, column entitled “Exclude If Not Given By”), or
- A temporary medical exemption from some or all required immunizations.*

Conditional Admission Schedule for Grades K-12

Before admission a child must obtain the first dose of each required vaccine and any subsequent doses that are due because the period of time allowed before exclusion has elapsed.

Dose	Earliest Dose May Be Given	Exclude If Not Given By
Polio #2	4 weeks after 1st dose	8 weeks after 1st dose
Polio #3¹	4 weeks after 2nd dose	12 months after 2nd dose
Polio #4¹	6 months after 3rd dose	12 months after 3rd dose
DTaP #2	4 weeks after 1st dose	8 weeks after 1st dose
DTaP #3²	4 weeks after 2nd dose	8 weeks after 2nd dose
DTaP #4	6 months after 3rd dose	12 months after 3rd dose
DTaP #5	6 months after 4th dose	12 months after 4th dose
Hep B #2	4 weeks after 1st dose	8 weeks after 1st dose
Hep B #3	8 weeks after 2nd dose and at least 4 months after 1st dose	12 months after 2nd dose
MMR #2	4 weeks after 1st dose	4 months after 1st dose
Varicella #2	Age less than 13 years: 3 months after 1st dose	4 months after 1st dose
Varicella #2	Age 13 years and older: 4 weeks after 1st dose	8 weeks after 1st dose

1. Three doses of polio vaccine meet the requirement if one dose was given on or after the fourth birthday. If polio #3 is the final required dose, polio #3 should be given at least six months after polio #2.
2. If DTaP #3 is the final required dose, DTaP #3 should be given at least six months after DTaP #2, and pupils should be excluded if not given by 12 months after second dose. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the seventh birthday. One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement.

Continued attendance after conditional admission is contingent upon documentation of receipt of the remaining required immunizations. The school shall:

- review records of any pupil admitted conditionally to a school at least every 30 days from the date of admission,
- inform the parent or guardian of the remaining required vaccine doses until all required immunizations are received or an exemption is filed, and
- update the immunization information in the pupil’s record.

For a pupil **transferring** from another school in the United States whose immunization record has not been received by the new school at the time of admission, the school may admit the child for up to 30 school days. If the immunization record has not been received at the end of this period, the school shall exclude the pupil until the parent or guardian provides documentation of compliance with the requirements.

* In accordance with 17 CCR sections 6050-6051 and Health and Safety Code sections 120370-120372.

ward of the court, if the available community resources do not resolve the students' continued problem of truancy, by a Probation Officer or Deputy District Attorney.

Chronic Absences

Chronic absenteeism has been defined in California Education Code (EC) Section 60901(c)(1) as a pupil who misses 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.

Universal Meals – 49510

For the 2023-24 school year, meals for all students will be free of charge. However, we encourage households to complete a meal application, which helps to provide continued financial support to the school district.

Free and Reduced-price Meals – EC 49510 et seq.

Commencing in school year 2022–23, *Education Code (EC)* 49501.5 requires public school districts, county offices of education, and charter schools serving students in grades TK–12 to provide two meals free of charge (breakfast and lunch) during each school day to students requesting a meal, regardless of their free or reduced-price meal eligibility. Charter Schools and Districts will still encourage eligible parents to submit an application in order to remain in compliance for accounting purposes only.

Accommodating Students with Special Dietary Needs

Parents of students with special dietary needs may contact the Nutrition Services Branch at (562) 427-7923 and ask to speak with a Child Nutrition Specialist for further assistance.

Earned Income Tax Credit

Based on your annual earnings, you may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security Income, food stamps, low-income housing, or most Temporary Assistance For Needy Families payments. Even if you do not owe federal taxes, you must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its website at www.irs.gov.

You may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. The California EITC is a refundable state income tax credit for low-income working individuals and families. The California EITC is treated in the same manner as the Federal EITC and generally will not be used to determine eligibility for welfare benefits under California law. To claim the California EITC, even if you do not owe California taxes, you must file a

California income tax return and complete and attach the California EITC Form (FTB 3514). For information on the availability of the credit eligibility requirements and how to obtain the necessary California forms and get help filing, contact the Franchise Tax Board at 1-800-852-5711 or through its Web site at www.ftb.ca.gov.

Instruction for Pupils with Temporary Disabilities – EC 48206.3, 48207, 48208

A pupil with a temporary disability which makes attendance in the regular day classes or the alternative educational program in which the pupil is enrolled impossible or inadvisable may receive individualized instruction provided in the pupil's home for one hour a day. Please contact the Home Hospital Program Specialist at (562) 986-6870, ext. 248 or go to Home Hospital in the A-Z index at lbschools.net for further information.

A pupil with a temporary disability, who is in a hospital or other residential health facility, excluding a state hospital, may be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located.

It is the responsibility of the parent or guardian to notify the school district in which the hospital or other residential health facility is located of the presence of a pupil with a temporary disability. Upon receipt of the notification, the district will within five working days determine whether the pupil will be able to receive individualized instruction pursuant to EC 48206.3 and, if so, provide the instruction within five working days or less.

A pupil with a temporary disability may remain enrolled in the district of residence or charter school and may attend regular classes when not confined to the hospital setting, the total days of instruction may not exceed the maximum of five days with both school settings and attendance may not be duplicated. If necessary, the district of residence may provide instruction in the home for the days not receiving instruction in the hospital setting, depending upon the temporary doctor orders. The supervisor of attendance shall ensure that absences from the regular school program are excused until the pupil is able to return to the regular school program.

An honorary high school diploma which is clearly distinguishable from the regular diploma of graduation may be awarded to a pupil who is terminally ill, from the resident governing school board, a county office of education or a charter school.

Required Immunizations – C.A.C. 6000-6075, HSC sec.120335(b) 6065

No student may be unconditionally admitted to school without adequate immunizations against polio, diphtheria, tetanus and pertussis (DTP), measles, mumps, rubella (MMR), hepatitis B and varicella (chickenpox). Documentary proof must be presented verifying immunizations. Beginning January 1, 2016, parents of students in any school, will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file at school prior to January 1, 2016 will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade.

The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs.

A student not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described above. Beginning January 1, 2021 all new medical exemptions for school and child care entry must be issued through CAIR-ME. Medical exemptions can only be issued by MDs or DOs licensed in California and must meet applicable Centers for Disease Control and Prevention (CDC), Advisory Committee on Immunization Practices (ACIP), and American Academy of Pediatrics (AAP) criteria.

Students who require subsequent doses are subject to exclusion from school if immunization is not received when needed.

Required First Grade Physical – HSC 124085

California law requires that all children present documentation of having a screening physical examination within 18 months prior to or 90 days after entering first grade. We recommend that this examination be done while the child is in kindergarten. Parents/guardians may contact the local health department office regarding the availability of free health screenings. Parents/guardians may sign a form waiving this requirement; however, our district strongly encourages all children be examined.

Immunizations for Communicable Diseases – 49403

The governing board of any school district shall cooperate with the local health officer in measures necessary for the prevention and control of communicable diseases in school age children. For that purpose the board may use any funds, property and personnel of the district, and may permit any person licensed as a physician and surgeon, or any person licensed as a registered nurse acting under the direction of a supervising physician and surgeon to administer an immunizing agent to any pupil whose parents have consented in writing to the administration of such immunizing agent.

Oral Health Assessment

California law requires that all children present documentation of having an oral health assessment within 12 months prior to entering kindergarten or first grade, whichever is their first year of public school. The law specifies that the assessment must be performed by a licensed dentist or other licensed or registered dental health professional. Parents/guardians may sign a form waiving this requirement; however, our district strongly encourages all children to be examined.

Surveys – EC 51513 and 51514

Anonymous, voluntary and confidential research and evaluation tools to measure student's health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the student's attitudes and practices relating to sex, family life, morality, and religion may be administered to students if the parent is notified in writing that 1) this test, questionnaire, or survey is to be administered, 2) the student's parent is given the opportunity to review the test, questionnaire, or sur-

vey, and 3) the parent consents in writing. Questions pertaining to the sexual orientation and gender identity of a student shall not be removed from a survey that already includes them.

Health Care Coverage – EC 49452.9

Your child and family may be eligible for free or low-cost health coverage. For information about health care coverage options and enrollment assistance, visit www.CoveredCA.com.

Notice of Alternative School – 58501

California state law authorizes all school districts to provide for alternative schools. In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

Instructional Materials Inspection

A parent or guardian may, upon request, inspect any instructional materials used as part of the educational curriculum for the student.

State Accountability Assessments

Each school year students will take various assessments based upon their enrolled grade and other program placements.

California Assessments of Student Performance and Progress (CAASPP)

Smarter Balanced Summative Assessments (SBAC) for English language arts/literacy and mathematics are administered to students in grades 3–8, and 11. In addition, the California Science Test (CAST) is administered to students in grades 5, 8 and 12.

Students in grades 3–8, and 11 that are identified by their Individualized Education Program (IEP) as needing alternate CAASPP assessments, will take the following test(s), depending on the California Alternate Assessments (CAAs) for English language arts/literacy and mathematics. In addition, the California Alternate Assessment for Science (CAA for Science) is administered to alternate assessment identified students in grades 5, 8 and 12.

Results from the CAASPP assessments will be used, along with other available data, for school and program placement of students, to determine the impact of selected curriculum and programs, and to make other instructional plans at your child's school. The CAASPP will be given using a computer-based testing format.

As a parent/guardian, you have the option of annually excusing your child from any part of the CAASPP. If you wish to excuse your child, please submit your request in writing to your child's school [Education Code 60615].

English Language Proficiency Assessment for California (ELPAC)

Identifying students who need help learning English is important so these students can get the support they need to do well in English language arts/literacy, mathematics, science, and other subject areas in school. The ELPAC is used to measure how well

students understand English when it is not their primary language.

Upon initial enrollment with a California school district, parents/guardians are required to complete a short Home Language Survey (HLS) regarding the languages learned and spoken by their student/s, and within their home. Based upon the responses provided on the HLS, the enrolling school district may be required to administer the ELPAC Initial Assessment (ELPAC IA) to students in transitional kindergarten through grade 12. The ELPAC IA assesses students on their listening, speaking, reading and writing skills.

Information from the ELPAC IA tells teachers about the areas in which your student/s may need extra support, and will be used to assist with preliminary status as Initial Fluent English Proficient (IFEP) or English Learner (EL). School sites will monitor the progress of students identified as EL by the ELPAC IA, to include a continued collection of evidence about the English language proficiency of each student. The evidence may be used to conduct a mid-year review of the preliminary EL placement for each student, at which time a formal determination of English Learner status may be made. Parents/Guardians will be notified of the results of this review if a change in status is determined.

Students in transitional kindergarten through grade 12, who are formally identified as EL, will take the ELPAC Summative Assessment (ELPAC SA) in the spring of each year until they are Reclassified as Fluent English Proficient (RFEP). The ELPAC SA assesses students on their listening, speaking, reading and writing skills.

Both the Initial and Summative ELPAC will be given using a computer-based testing format. To more correctly measure student skills on the Speaking test, responses will be recorded for review by the California Department of Education (CDE). They will not be used for identification, and all recorded responses will be destroyed after the scores are verified to be correct.

There is no parent/guardian option to excuse your child from the ELPAC if initial assessment is determined by the HLS, or identified for annual assessment based upon results from the ELPAC IA.

Physical Fitness Test (FITNESSGRAM®)

The FITNESSGRAM® assesses the Healthy Fitness Zone standards and is administered to students in grades 5, 7 and 9. The test consists of five performance components: aerobic capacity, abdominal strength, trunk strength, upper body strength, and flexibility.

Additional Information

To learn more about these assessments, go to the California Department of Education Parent Guides to Understanding Web Page at <https://www.cde.ca.gov/ta/tg/ca/parentguidetounderstand.asp>.

For information on specific dates and times when your child may take each test, please contact your school's Guidance Counselor.

If you have any questions about your child taking the ELPAC, please contact your school's Guidance Counselor.

Career Counseling and Course Selection

Parents or guardians of students are encouraged to participate in career counseling sessions and decisions with school counselors prior to course selection in grades 7-12. In all grades, students have access to the school counselors.

Parents and students can also go to Counseling, High Schools in the A-Z index at lbschools.net for information about colleges, career centers and financial aid for college. For more information related to careers, go to Linked Learning in the A-Z index at lbschools.net.

Federal Student Aid – EC 51225.8

Under state law, school districts are to ensure that students prior to entering 12th grade are entitled to information on how to properly complete and submit the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application at least once. This information should be available in a timely manner as financial aid is awarded in order of submission according to deadlines, on a first-come, first served basis. All family and student personal information will be protected according to state and federal privacy laws and regulations. Information will be provided at various times through FAFSA/Dream Act workshops for students and parents, Cash for College events, one-on-one and small-group application assistance, and classroom presentations.

Educational Equity: Immigration Status: EC 66251, 66260.6, 66270, and 66270.3

The Equity in Higher Education Act states that all persons, regardless of their disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other specified characteristic such as hairstyles, equal rights and opportunities and adds this opportunity to apply for financial aid for higher education to also be equitable, and an application may not be denied of a student based on their immigration status. This does not guarantee any final eligibility, but simply an ability to apply for financial aid just like any other student, without discrimination.

Regardless of immigration status, students who are enrolled in community college bridge programs may use their individual tax identification number, if a student does not have a Social Security number, in order to fully participate in an internship offered through concurrent enrollment pathway courses. Residency status does not stop opportunities offered to all students on their pathway toward graduation with appropriate courses and internships available to all students eligible.

Mental Health - EC 49428

In order to initiate access to available pupil mental health services, you may contact the counselor assigned to your school. The school district will notify parents at least twice per year. This is one time through our these annual guidelines. Additional notification will occur at Open House via school sites and the school-based mental health provider.

Weapons, Storage of Firearms – P.C. 12035

Any person who leaves a loaded firearm within the reach or easy access of a child may be fined or imprisoned, or both, if the child gains access to, and improperly uses, the firearm.

Gun Safety – EC 32221.5 (9-12) and EC 49390, 48391, and 49392

This is a reminder that firearms are to be safely stored away from children and teens. The accidental shooting of children and youth is the third leading cause of death following accidents and suicide. California public schools are mandated to remind families to keep their home safe from such potential dangers. If there is a threat or perceived threat, then the public schools will cooperate with local law enforcement to conduct an immediate threat assessment.

School Accountability Report Card – 35256 and 35258

The governing Board shall annually issue a School Accountability Report Card for each school in the school district. Copies are posted at lbschools.net/departments/schools/accountability-reports, and provided upon request at your neighborhood school.

Parent Involvement

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that continued parent involvement in the education of children contributes greatly to student achievement and a positive school environment. For this reason, the Governing Board will have a written parent involvement policy developed jointly with and agreed upon by parents/guardians and applicable to non-Title I schools.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

The district's local control and accountability plan (LCAP) shall include goals and strategies for parent/guardian involvement and family engagement, including district efforts to seek parent/guardian input in district and school site decision making and to promote parent/guardian participation in programs for English learners, foster youth, students eligible for free and reduced-price meals, and students with disabilities. (Education Code 42238.02, 52060)

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent/guardian and family engagement efforts, including, but not limited to, input from parents/guardians, family members, and school staff on the adequacy of involvement opportunities and on barriers that may inhibit participation.

Title I Schools

The Superintendent or designee shall involve parents/guardians and family members in establishing district expectations and objectives for meaningful parent/guardian and family engagement in schools supported by Title I funding, developing strategies that describe how the district will carry out each activity listed in 20 USC 6318, as contained in the accompanying administrative regulation, and implementing and evaluating such programs, activities, and procedures. As appropriate, the Superintendent or designee shall conduct outreach to all parents/guardians and family members. (Education Code 11503; 20 USC 6318)

When the district's Title I, Part A allocation exceeds the amount

specified in 20 USC 6318, the Board shall reserve at least one percent of the funding to implement parent/guardian and family engagement activities and shall distribute at least 90 percent of those reserved funds to eligible schools, with priority given to high-need schools as defined in 20 USC 6631. The Superintendent or designee shall involve parents/guardians and family members of participating students in decisions regarding how the district's Title I funds will be allotted for parent/guardian and family engagement activities. (20 USC 6318)

Expenditures of such funds shall be consistent with the activities specified in this policy and shall include at least one of the following: (20 USC 6318)

1. Support for schools and nonprofit organizations in providing professional development for district and school staff regarding parent/guardian and family engagement strategies, which may be provided jointly to teachers, principals, other school leaders, specialized instructional support personnel, paraprofessionals, early childhood educators, and parents/guardians and family members
2. Support for programs that reach parents/guardians and family members at home, in the community, and at school
3. Dissemination of information on best practices focused on parent/guardian and family engagement, especially best practices for increasing the engagement of economically disadvantaged parents/guardians and family members
4. Collaboration, or the provision of subgrants to schools to enable collaboration, with community-based or other organizations or employers with a record of success in improving and increasing parent/guardian and family engagement
5. Any other activities and strategies that the district determines are appropriate and consistent with this policy

If the district also receives funds under federal Title IV, Part E, to coordinate and enhance family engagement programs, the Superintendent or designee shall inform parents/guardians and organizations of the existence of Title IV. (20 USC 6318)

The district's Board policy and administrative regulation containing parent/guardian and family engagement strategies shall be incorporated into the district's LCAP in accordance with 20 USC 6312. (20 USC 6318)

The Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent/guardian and family engagement policy in accordance with 20 USC 6318.

District and school-level parent/guardian and family engagement policies and administrative regulations shall be distributed to parents/guardians of students participating in Title I programs and shall be available to the local community. Parents/guardians shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents/guardians can understand. (20 USC 6318)

Non-Title I Schools

ii The Superintendent or designee shall develop and implement

strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. (Education Code 11504).

In order to engage parents/guardians positively in their children's education, the Superintendent or designee shall report on the effectiveness of parent involvement effort and ensure that staff members at each school:

1. Help parents/guardians develop parenting skills and provide home environments that support their children's academic efforts and their development as responsible members of society
2. Inform parents/guardians that they can directly affect the success of their children's learning and provide them techniques and strategies that they may use to improve their children's academic success and help their children in learning at home
3. Initiate consistent and effective two-way communication between the home and school so that parents/guardians may know when and how to help their children in support of classroom learning activities and ensure that all notices, reports, or records be translated in the primary language of parent or guardians
4. Receive training for staff that fosters effective and culturally sensitive communication with the home, including training on how to communicate with non-English speaking parents/guardians and how to give parents/guardians opportunities to assist in the instructional process both at school and at home
5. Encourage parents/guardians to serve as volunteers in the schools, attend student performances and school meetings, and participate in site councils, advisory councils and other activities in which they may undertake governance, advisory and advocacy roles.
6. Include parents and guardians of English Language Learners in the development, implementation, and evaluation of core and categorical programs for English learners. Inform parents about how they can be involved in the education of their children and be active participants in assisting their children to achieve English proficiency, achieve at high levels in core academic subjects and meet challenging state academic standards expected of all students.

When 15 percent or more of the student population at a school site speak a single primary language other than English, all notices, reports, statements or records sent to the parent or guardian of any such pupil by the school or school district shall be, in addition to being written in English, written in the primary language(s). A parent may request the oral interpretation of any such document. (Education Code 48985)

School plans shall delineate specific measures that shall be taken to increase parental involvement with their children's education, including measures designed to involve parents/guardians with cultural, language or other barriers which may inhibit such participation.

Parent involvement Board Policy 6020 is annually reviewed by parent groups and can be found under Parent Groups in the A-Z index at lbschools.net.

ParentVUE

ParentVUE is a website that allows parents to view their children's current and historical information, including daily attendance, grades, report cards, test scores, discipline, graduation status, preparation for college and more. It is also a one-stop location for links to other parent services. With one simple activation, parents can view information on all of their children, from elementary school to high school. Parents also will be able to update emergency card information electronically. The website is available at lbschools.net under Main Menu > Families > ParentVUE Login or under ParentVUE Login in the A-Z index.

Parent Education and Engagement - School Accountability - EC 11500, 11501, 11502, 11503

The goal is to offer parents information to allow them to be equal partners in their child's education. Free workshops on educational topics important to parents are provided by the Parent University team. Elementary, middle and high schools can select from a menu of available parent workshops, which are provided at school sites as scheduled. To participate in the district offerings of parent education and to provide parental input to the local training programs for parents, please call (562) 997-8322, or check at lbschools.net under Parent University for the monthly schedules or available workshops.

Parent Participation in School Meetings and Conferences - LC 230.8

If the parent's employer has 25 or more employees, the parent must be allowed to attend school meetings and events for your children, up to a maximum of 40 hours each year without discrimination or fear of job loss. Purposes to attend child-related activities include: enrollment in grades 1-12, to address child care or school emergency, behavior or discipline problem that requires immediate parent attention, sudden school closure, or natural disaster. ("Parent" means a parent, guardian, stepparent, foster parent, or grandparent of, or a person who stands in.) If an employer discharges, threatens to discharge, demotes, suspends or otherwise discriminates against the parent, the employee may be entitled to reinstatement and reimbursement for lost income or benefits. See Labor Code 230.8 for more details.

Written Translation and Oral Interpretation

You have the right to request the translation of materials related to your child's school programs and activities. If you prefer, you have the right to ask for an oral interpretation of the information. You should make your request to the school principal or ask any school staff member to speak to the principal for you. You also have the right to request an interpreter for any parent meeting involving your child and the school. You should make your request to the school principal or ask any school staff member to speak to the principal for you. If you would like to make the request directly, you may contact the Translation Unit at (562) 997-8322.

Tobacco-Free Schools

The Long Beach Unified School District is a tobacco free district. Any tobacco use (smoking, chewing, electronic nicotine delivery system, etc.) by anyone is prohibited at any time on any LBUSD property. Use of or disposal of any tobacco-related waste within 25 feet of a school playground, except on a public sidewalk located within 25 feet of the playground, or within 250 feet of a youth sports event, is also prohibited. This requirement applies to all students, staff, and visitors to campus (volunteers, parents, contractors, general public, etc.). The school district prohibits the use of electronic nicotine delivery systems (ENDS) such as e-cigarettes, hookah pens, cigarillos, and other vapor-emitting devices, with or without nicotine content, that mimic the use of tobacco products on all district property and in district vehicles at all times. ENDS are often made to look like cigarettes, cigars and pipes, but can also be made to look like everyday items such as pens, asthma inhalers and beverage containers. These devices are not limited to vaporizing nicotine; they can be used to vaporize other drugs such as marijuana, cocaine, and heroin. Section 119405 of the Health and Safety Code prohibits the sales of e-cigarettes to minors which means that students should not be in possession of any such devices. Students using, in possession of, or offering, arranging or negotiating to sell ENDS can be subject to disciplinary action, particularly because ENDS are considered drug paraphernalia, as defined by 11014.5 of the Health and Safety Code.

Closed Campuses

Schools in the district are considered “closed” rather than open campuses. A closed campus is one from which no student may leave during school hours unless the student has a lunch permit or other pass or authorization to leave the campus during school hours. EC 44808.5 – Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this option. A student who is off campus without authorization during school hours is considered truant. The school district in 2018 allocated resources for additional safety and security features in local schools. These features include additional perimeter fencing to create closed campuses at some sites that had not yet been completely enclosed. Security cameras and buzzer-type entry doors also have been added to main entrances on campuses. The addition of these security features means that campuses may not be accessible to the public after hours and on weekends unless specifically permitted by the school district. Visitors should keep in mind these additional security measures, making appointments in advance when possible and using the main entrance when arriving on campus.

Minimum Days

The school district has established the districtwide minimum day schedule listed here for the traditional calendar school year. Schedules at individual schools may vary according to the needs of each school. When additional minimum days are scheduled after the printing of this publication, the parents and guardians of the affected pupils will be notified as early as possible, and no later than one month before the scheduled minimum or pupil-free day. (E.C. 48980c)

Parents’ Rights Regarding Student Records

A cumulative record, whether recorded by handwriting, print, tapes, film, microfilm or other means, must be maintained on the history of a pupil’s development and educational progress. The District will protect the privacy of such records. Parents/guardians have the right to **1)** inspect and review the student’s educational record maintained by the school, **2)** request that a school correct records which they believe to be inaccurate or misleading, and **3)** have some control over the disclosure of information from educational records. School officials with legitimate educational interests may access student records without parental consent as long as the official needs to review the records in order to fulfill their professional responsibility. Upon request from officials of another school district in which a student seeks or intends to enroll, the District shall disclose educational records without parental consent. Parents’ request to access their student’s educational records must be submitted in a written form to the school of attendance (for current students) and the school will have five (5) business days from the day of receipt of the request to provide access to the records. Copies of student records are available to parents for a fee of 25 cents per page. For students no longer enrolled in the district, requests are to be submitted in writing to the Records Management Office, 2201 E. Market Street, Long Beach, CA 90805. Copies of transcripts are available for \$12.00. Additional records for students no longer enrolled in the district are available upon written request to the Records Management Office for 25 cents per page.

Any challenge to school records must be submitted in writing to the Director of Student Support Services, 2221 Argonne Avenue, Long Beach, CA 90815. A parent challenging school records must show that the records are **1)** inaccurate, **2)** an unsubstantiated personal conclusion or inference, **3)** a conclusion or inference outside the observer’s area of competence, **4)** not based on the personal observation of a named person with the time and place of the observation noted, **5)** misleading, or **6)** in violation of the privacy or other rights of the student. Parents have the right to file a complaint with the United States Department of Education concerning an alleged failure by the District to comply with the provisions of the United States Family Educational Rights and Privacy Act (FERPA) by writing to: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., SW, Washington, D.C. 20202-4605.

Destruction of Mandatory Interim Special Education Records

“Mandatory Interim Pupil Records” must be kept for three years after a student leaves or the records are no longer useful. The Long Beach Unified School District (“LBUSD”) has determined that there are numerous items, which are no longer needed, and will be removing them from certain students’ permanent files and shredding them to prevent improper or unauthorized disclosure. LBUSD will be destroying the Special Education records of students with a date of birth that falls on or before June 30, 1997. Records in the form of electronic, hard copy, microfilm and microfiche were destroyed in September 2024. Such records may include audio recordings, IEPs and assessments.

Affected students and parents who wish to obtain a copy of their records should complete a Records Request Form. Records Re-

quest forms are available in the A-Z index at lbschools.net under Special Education, Division of. Requests will be processed within five (5) business days upon receipt.

Elementary and Secondary Education Act—Title I

In the Elementary and Secondary Education Act, Title I requires all districts to notify parents regarding qualifications of their student's classroom teacher. According to this law, parents have the right to request information regarding the professional qualifications of their child's teacher, including:

- Whether the teacher has met state credential or license criteria for grade level and subject taught.
- Whether the teacher is teaching under emergency or other provisional status.
- Whether the teacher is teaching in the field of discipline of the certification.
- Whether the child is provided services by paraprofessionals, and if so, their qualifications.

If you are interested in obtaining this information, please contact the principal at your child's school.

Equal Access to Educational Opportunities – Homeless Education

The McKinney-Vento Homeless Assistance Act for Homeless Children and Youth entitles all homeless school-aged children to the same free and appropriate public education that is provided to non-homeless students. Every school district must appoint a liaison to assist these students.

A homeless student is defined as a person between the ages of birth (Early Head Start, Head Start and state preschool programs) and twenty-two (special education students) who lacks a *fixed, regular, and adequate* nighttime residence and may temporarily:

- Live in an emergency or transitional shelter; abandoned building, parked car, or other facility not designed as a regular sleeping accommodation for human beings;
- Live "doubled-up" with another family, due to loss of housing stemming from financial problems (e.g., loss of job, eviction or natural disaster);
- Live in a hotel or motel;
- Live in a trailer park or campsite with their family;
- Have been abandoned at a hospital;
- Be awaiting foster placement in limited circumstances;
- Reside in a home for school-aged, unwed mothers or mothers-to-be if there are no other available living accommodations; or
- Be abandoned, runaway, or pushed out youth or migrant youth that qualifies as homeless because he/she is living in circumstances described above.

LBUSD will request that parents/guardians submit an annual Student Housing Questionnaire to determine which students

are eligible for McKinney-Vento services. A homeless student has the right to attend either the school of origin, defined as the school that the student was last enrolled or attended when last housed or any school attended in the past fifteen (15) months; or the current school of residence. If a dispute arises over school selection or enrollment, the parent/guardian has the right to dispute the school's decision by contacting the district's homeless liaison, Ms. Jennifer Rodarte at (562) 986-6870 or Student Support Services Homeless Education Program at (562) 986-6870.

The law requires the immediate enrollment of homeless students. Enrollment is defined as "attending class and participating fully in school activities." Schools cannot delay or prevent the enrollment of a student due to the lack of school or immunization records or other documentation usually required for enrollment. It is the responsibility of the district homeless liaison to refer parents to all programs and services for which the student is eligible. Referrals may include, but are not limited to: free nutrition, special education services, tutoring, English Language Learners programs, Gifted and Talented Education program, preschool, before and after school services or any other program offered by the school or district. The district shall ensure that transportation is provided, at the request of the parent/guardian/unaccompanied homeless youth, to and from the school of origin, if feasible.

Unaccompanied youth; such as teen parents not living with their parent or guardian or students that have runaway or have been pushed out of their homes, have access to these same rights.

A homeless student who transfers schools after the second year of high school, and is greatly deficient in credits may be able to graduate within four years with reduced state requirements. School districts are required to issue and accept partial credit for courses that have been satisfactorily completed.

Education of Homeless Youth: Right to Apply for Financial Aid - EC 69432.7, 69519, 69731, 69956, 70032, 78220, and 88931

Students experiencing homelessness have a right to apply for financial aid to seek education beyond high school. Every district and charter school must appoint a homeless liaison to assist students and families. Please contact: Ms. Jennifer Rodarte at (562) 986-6870 or Student Support Services Homeless Education Program at (562) 986-68704 for more information on services and policies related to homeless education rights.

Before and After School Programs – EC 8482.6, 8483(e), 8483.1(e), and 8483.95

Beginning on July 1, 2017, homeless students and students who are in foster care shall receive first priority for enrolling in before and after school programs. A program must inform the parent: Students who are identified as homeless or foster children have a right to receive priority enrollment. To request priority enrollment, please contact the LBUSD Office of Student Support Services at (562) 986-6870, ext. 242. No current participant in a before or after school program shall be disenrolled in order to allow enrollment of a student with priority enrollment.

Education of Foster Youth: EC 48204, 48853, 48853.5, 51215.1, 51225.2

For questions about education for foster youth, please contact the Foster Youth Unit or the Foster Youth Liaison for LBUSD, Dr. Claudia Sosa-Valderrama, at (562) 986-6870, ext. 242. They can help 1) ensure and facilitate the proper educational placement, enrollment in school, and checkout from school of foster children; and 2) assist foster children when transferring from one school/district to another school/district in ensuring proper transfer of credits, records, and grades. AB 1055 (Ramos) definition of a foster child includes a dependent child of the court of an Indian tribe, consortium or tribes, or tribal organization is afforded the same guarantee of rights as the foster children identified through the county court systems.

The California Department of Education, in consultation with the California Foster Youth Education Task Force, has developed and posted on its Internet Web site a standardized notice of the educational rights of foster children that the educational liaisons for foster children can disseminate. The notice must include the following rights, as specified in EC 48850, 48911, 48915.5, 49069.5, 51225.1, and 51225.2:

1. Stable school placements in the least restrictive education programs, with access to the academic resources, services, and extracurricular activities that are available to all pupils. This includes the right to remain in the school of origin and the right to matriculate with his or her peers.
2. Immediate enrollment in the school of origin or school where the foster youth is currently residing, whether in a licensed children's institution, licensed foster home, or a family home following a commitment or placement under the Welfare and Institutions Code.
3. Proper and timely transfer between schools. This includes the coordination between the local educational agency and the county placing agency, and the transfer of educational information and records of the foster youth to the next educational placement.
4. No lowering of grades if the foster youth is absent from school due to a decision by a court or placing agency to change his or her placement, or due to a verified court appearance or related court ordered activity.
5. Issuance and acceptance of partial credits for courses that have been satisfactorily completed by the foster youth. The foster youth shall not be required to retake the portion of the course already completed unless it has been determined that he or she is reasonably able to complete the requirements in time to graduate from high school.
6. Not be required to retake a course the pupil has satisfactorily completed.
7. Notified of the possibility of graduating within four years with reduced state requirements, if the foster youth transferred after the second year of high school, is credit deficient, and will not be able to graduate on time with local district requirements.
8. Invitation extended to the foster youth's attorney and representative from the county child welfare agency to attend the extension of suspension meeting, the manifestation determination meeting (if applicable), and the expulsion

hearing related to a disciplinary proceeding involving the foster youth.

9. File a complaint of noncompliance with the local educational agency under the Uniform Complaint Procedures.

*A nonpublic school (NPS) is considered as a school of origin for a student placed in foster care with exceptional needs. If the student is moved to another placement, the student can maintain enrollment at the NPS site due to school of origin rights. EC 48853.5

In addition to parental notification requirements for an involuntary transfer to a continuation school, suspension or expulsion. The attorney and social worker have the same rights as parents during these processes, such as requests for meetings and the ability to inspect all documents.

Choosing Your Child's School: A Summary of School Attendance Options in California

California law (Education Code Section 48980(h)) requires all school boards to inform each student's parents/guardians at the beginning of the school year of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts. Students who attend schools other than those assigned by the districts are referred to as "transfer students" throughout this notification. There is one process for choosing a school within the district in which the parents/guardians live (Application for School of Choice—SOC) and a process for selecting schools in other districts (Interdistrict Permit Form—IDP). The general requirements and limitations of each process are described below.

Choosing a School Within the District in Which Parents/Guardians Live

The law (Education Code Section 35160.5) requires the school board of each district to establish by July 1, 1994, a policy that allows parents/guardians to choose the school their children will attend, regardless of where the parents/guardians live in the district. The law limits choice within a school district as follows:

Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school's attendance area.

In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased," which generally means students must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a student's academic or athletic performance as a reason to accept or reject a transfer.

A district is not required to provide transportation assistance to a student who transfers to another school in the district under these provisions.

If a transfer request is denied, a parent/guardian does not have an automatic right to appeal the decision. A district may, however voluntarily decide to put in place a process for parents/guardians to appeal a decision. In the Long Beach Unified School District, parents/guardians may appeal a denied SOC application direct-

ly to the school of choice site administrator. Parents/guardians also may appeal the decision of the school of choice site administrator by contacting the school of choice site administrator's assistant superintendent or deputy superintendent. Parents may choose any school within the Long Beach Unified School District for their children to attend, with certain restrictions. For example, most specialized programs have some admission criteria, and the desired school must have space available. In general, neighborhood children have first priority in enrolling in a specific school. (When a school is overcrowded, however, neighborhood children may have to attend another school.)

School of choice applications for the next school year are accessed through ParentVUE via lbschools.net and are generally available beginning the last Monday in February. Deadlines for applying to the various schools or specialized programs are usually at the end of April. Check with your school for specific deadline dates during that time period. Information about all educational program options in each LBUSD school, including specialized programs, special education, continuation school, gifted and other programs, is available online at lbschools.net.

If, while on school grounds, a student becomes a victim of a violent criminal offense, as defined by the State Board of Education, or attends a school designated by the California Department of Education as persistently dangerous, he/she shall be provided options to transfer to another school. LBUSD had no schools identified as "persistently dangerous." Contact your assistant superintendent for more information.

Choosing a School Outside the District in Which Parents/Guardians Live

Parents/guardians have two different options for choosing a school outside the district in which they live. The two options are described below:

1. General Interdistrict Transfers - The law (Education Code Sections 46600 and following) allows two or more districts to enter into an agreement for the transfer of one or more students for a period of one to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. There are no statutory limitations on the kinds of terms and conditions districts are allowed to place on transfers. The law on interdistrict transfers also provides for the following:

If either district denies a transfer request, a parent/guardian may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.

No district is required to provide transportation to a student who transfers into the district.

Parents should check at the desired school and district to see whether space is available before submitting the necessary paperwork. The Education Code allows school districts to enter into interdistrict attendance agreements. Either the district of residence or the district of choice may

deny the application, but if a permit is granted for employment or child-care reasons, the student has the right to remain in that district's schools through the twelfth grade, subject to the availability of classroom space.

Regardless of whether an agreement exists or a permit is issued, the school district of residence cannot prohibit the transfer of a pupil who is a child of an active military duty parent to a school district of proposed enrollment if that district approves the application for transfer. Nor may a district prohibit an interdistrict permit release when no intradistrict permit options are available to a victim of bullying. A "victim of an act of bullying" means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. "Bullying" means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying.

A student who has completed grade 10 by June 30 may remain enrolled within the district of enrollment through grades 11 and 12 without any revocation from the desired district, and must be treated the same as any other resident student.

A student who is appealing a decision for an interdistrict permit approval through the County Office of Education may be eligible for provisional admission to the desired district in grades TK through 12, while continuing through the process of appeal, if space is made available by the desired district, not to exceed two months.

Each school district shall post their interdistrict policy agreements and local district caps on their district and/or school websites. Reasons for approval and denial of interdistrict transfer requests must be updated on the district website according to board policies. The County appeals process will be offered with the final denial in writing by the school district. The County appeal process may take up to a maximum of two months. If you have any questions about the interdistrict process please call the district office at (562) 997-8000 or call the County Office at (562) 922-6233.

TERMS AND CONDITIONS

- An Interdistrict Permit is granted/denied per the terms and conditions stipulated in Board Policy/Administrative Regulation 5117.
- Once a student is admitted to a school on the basis of an interdistrict attendance permit, they shall be allowed to continue to attend the school in which they are enrolled. A new permit is required to attend a new school (that includes grade level school changes)
- A permit may be revoked at any time by the district of enrollment for the following reasons:
 - Student is excessively tardy or absent, or student is brought to school excessively early or leaves late.
 - Student fails to uphold appropriate behavior standards.
 - Student fails to make appropriate academic efforts.
 - False or misleading information was provided.
 - Qualifying statements on the application are no longer true.
 - Other conditions that occur would render continuance inadvisable.
- Student entering grades 11th and 12th grade shall not have their permits rescinded by either district.
- If the student participates in any athletic program governed by the California Interscholastic Federation (CIF), they may not be eligible to participate at the new school. Parent/guardian should check the CIF rules before submitting this application.
- Students who are eligible for Special Education Services may be asked to obtain an Inter-SELPA Agreement for Individuals with Exceptional Needs in addition to the Interdistrict Permit.
- No financial obligation shall be incurred by the district of residence for services rendered under this agreement.
- The parent/guardian is responsible for providing transportation to and from school.
- Incomplete applications will be shredded after 30 days.
- Interdistrict Permit transfer application may only be submitted one time per school year.
- If the LBUSD denies the Interdistrict Permit, a parent/guardian may appeal to the Los Angeles County Office of Education (LACOE) within 30 calendar days of the denial date. For more information, and to obtain an Interdistrict Permit Appeal form, visit appeals.lacoe.edu/ or call LACOE at 562-922-6233. The appeal process does not apply to an Interdistrict Permit that has been revoked.

District of Choice – EC 48300 et seq.

Some school districts may choose to become a district of choice. A school board that elects to operate the school district as a district of choice must determine the number of transfers it is willing to accept and shall accept all pupils who apply to transfer until the school district is at maximum capacity. The school district of choice shall make sure that students are selected through an unbiased and random process that does not take into consideration their academic or athletic performance, physical condition, proficiency in English, family income, ethnicity, primary language, literacy, special needs, or any of the individual characteristics listed in Section 200. The parent of a pupil requesting to transfer must submit an application to the school district of choice no later than January 1 of the school year preceding the school year for which the student wishes to transfer. The parent shall be notified in writing by February 15 if the student was provisionally accepted, rejected, or placed on a waiting list. A modified application process is available for children of relocated military personnel.

A pupil who has been determined by personnel of either the home or receiving district to have been the victim of an act of bullying, as defined in EC 48900(r), shall, at the request of the parent or legal guardian, be given priority for interdistrict attendance under any existing agreement or, in the absence of an agreement, be given additional consideration for the creation of an interdistrict attendance agreement.

2. Parental Employment in Lieu of Residency Transfers (“Allen Bill Transfers”) - The law (Education Code Section 48204b) provides that if one or both parents/guardians of a student are physically employed for a minimum of 10 hours in the boundaries of a school district other than the one in which they live, the student may be considered a resident of the school district in which their parents or guardians work.

Residency is established when a pupil’s parent or legal guardian resides outside of the boundaries of that school district but is employed and lives with the pupil at the place of their employment within the boundaries of the school district for a minimum of 3 days during the school week.

This code section does not require that a school district automatically accept a student requesting a transfer on this basis, but a student may not be rejected on the basis of race/ethnicity, sex, parental income, academic achievement, or any other “arbitrary” consideration. Other provisions of Education Code Section 48204b include:

Either the district in which the parent/ guardian lives or the district in which the parent/guardian works may prohibit the transfer if it determines there would be a negative impact on its court-ordered or voluntary desegregation plan.

The district in which the parent/guardian works may reject a transfer if it determines that the cost of educating the stu-

dent would be more than the amount of government funds the district would receive for educating the student. This limitation might particularly apply to any special needs student that would require extra services from the district for which the district believes the state aid it would receive would not cover costs.

There are set limits (based on total enrollment) on the net numbers of students that may transfer out of a district under this law, unless the district approves a greater number of transfers.

There is no required appeal process for a transfer that is denied. However, the district that declines to admit a student must provide in writing to the parent/guardian the specific reasons for denying the transfer.

A pupil may alternatively comply with the residency requirements for school attendance in a school district, if he or she is any of the following: placed in a foster home or licensed children’s institution within the boundaries of the school district pursuant to a commitment of placement under the Welfare and Institutions Code; a pupil who is a foster child who remains in their school of origin; an emancipated pupil who resides within the boundaries of the school district; a pupil who lives in the home of a caregiving adult that is located within the boundaries of the school district; a pupil residing in a state hospital located within the boundaries of the school district; or a pupil whose parent is transferred or is pending transfer to a military installation within the state while on active military duty pursuant to an official military order.

A school district shall accept applications by electronic means for enrollment, including enrollment in a specific school or program within the school district, and course registration for military dependents. The parent shall provide proof of residence within 10 days after the published arrival date provided on official documentation related to their military move: temporary on-base billeting facility, purchased or leased home or apartment, or federal government or public-private venture off-base military housing.

Section 48204 of the Education Code provides that a caregiver affidavit constitutes a sufficient basis for determination of residency of the minor, without the requirement of a guardianship or other custody order, unless the school district determines from actual facts that the minor is not living with the caregiver. The school district may require additional reasonable evidence that the caregiver lives at the address provided.

The above summary of the attendance alternatives available to parents/guardians and their children is intended to provide an overview of the laws applying to each alternative. Any parents/guardians who are interested in finding out more about these options should contact their own school districts, or the districts they may be thinking about transferring into, for more information on the districts’ policies, procedures, and timelines for applying for transfers.

Transitional Kindergarten

The Long Beach Unified School District will offer full-day Transitional Kindergarten in most schools across the district. Children are eligible for Transitional Kindergarten if their fifth birthday falls between Sept. 2, 2018 and April 12, 2019. Transitional Kindergarten is the first year of a two-year kindergarten program. Students with birthdays in this time frame will be required to attend one year of Transitional Kindergarten and then one year of kindergarten. Transitional Kindergarten is designed to encourage oral language development and offers students hands-on opportunities for learning. For more information, go to “Transitional Kindergarten” in the A-Z index at lbschools.net. If your school of residence will not have a Transitional Kindergarten program, please call the Early Learning and Elementary School Office or your school of residence for information about an alternative site for Transitional Kindergarten attendance.

Behavior Expectations

Each school site and each classroom teacher has established behavior expectations for their students. It shall be the responsibility of teachers and administrators to see that rules are carried out in a fair and reasonable manner. Every teacher, administrator and other designated employees shall assume responsibility for implementation of the rules in areas such as the classroom, cafeteria, school bus and school grounds.

In dealing with behavior problems in the classroom, the first steps taken by the teacher shall include: (a) conference with the student and contact with the parents; (b) referral to the counselor or principal if there’s no change in the student’s attitude, or (c) referral to the principal for serious infractions.

The principal may (a) hold a conference with the parents; (b) assign the student to a special class or program; (c) suspend the student from school following a conference with the parents and the student as to the reasons, school policy violated, and duration of the suspension, or (d) suspend the student to the District Guidance and Review Committee for consideration for placement in another school or for exclusion or expulsion.

Prior to suspension, the student must be told why they are being suspended and given an opportunity to tell their version of the incident. Before the pupil leaves the school grounds, every effort will be made to notify the parent of the suspension, the reason, and the rules involved. The parent will be given an opportunity to respond.

As per E.C. 48900, parents and pupils are hereby notified that in schools of the Long Beach Unified School District a student may be suspended, receive an intervention transfer or be recommended for expulsion from school if the principal determines that the student, while on school grounds or during a school-related activity off grounds, or while going to or coming from school, has committed any of the following offenses:

- a. (1) Caused, attempted to cause, or threatened to cause physical injury to another person. (2) Willfully used force or violence upon the person of another, except in self-defense.
- b. Possessed, sold, or otherwise furnished a firearm, knife,

explosive, or other dangerous object, unless, in the case of possession of an object of this type, the pupil had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal.

- c. Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind.
- d. Unlawfully offered, arranged, or negotiated to sell a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person another liquid, substance, or material and represented the liquid, substance, or material as a controlled substance, alcoholic beverage, or intoxicant.
- e. Committed or attempted to commit robbery or extortion.
- f. Caused or attempted to cause damage to school property or private property.
- g. Stole or attempted to steal school property or private property.
- h. Possessed or used tobacco, or products containing tobacco or nicotine products, including, but not limited to, cigarettes, cigars, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets, and betel. However, this section does not prohibit the use or possession by a pupil of their own prescription products.
- i. Committed an obscene act or engaged in habitual profanity or vulgarity.
- j. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell drug paraphernalia, as defined in Section 11014.5 of the Health and Safety Code.
- k. (1) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties. (2) Except as provided in Section 48910, a pupil enrolled in kindergarten or any of grades 1 to 5, inclusive, shall not be suspended for any of the acts specified in paragraph (1), and those acts shall not constitute grounds for a pupil enrolled in kindergarten or any of grades 1 to 12, inclusive, to be recommended for expulsion. (3) Except as provided in Section 48910, a pupil enrolled in any of grades 6 to 8, inclusive, shall not be suspended for any of the acts specified in paragraph (1). This paragraph is inoperative on July 1, 2029. (4) Except as provided in Section 48910, commencing July 1, 2024, a pupil enrolled in any of grades 9 to 12, inclusive, shall not be suspended for any of the acts specified in paragraph (1). This paragraph is inoperative on July 1, 2029. (5) (A) A certificated or classified employee may refer a pupil to school administrators for appropriate and timely in-school interventions or supports from the list of other means of correction specified in subdivision (b) of Section 48900.5 for any of the acts enumerated in paragraph (1). (B) A school administrator shall, within five business days, document the actions taken pursuant to subparagraph (A) and place

that documentation in the pupil's record to be available for access, to the extent permissible under state and federal law, pursuant to Section 49069.7. The school administrator shall, by the end of the fifth business day, also inform the referring certificated or classified employee, verbally or in writing, what actions were taken and, if none, the rationale used for not providing any appropriate or timely in-school interventions or supports.

- l. Knowingly received stolen school property or private property.
- m. Possessed an imitation firearm. As used in this section, "imitation firearm" means a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- n. Committed or attempted to commit a sexual assault as defined in Section 261, 266c, 286, 288, 288a, or 289 of the Penal Code or committed a sexual battery as defined in Section 243.4 of the Penal Code.
- o. Harassed, threatened, or intimidated a pupil who is a complaining witness or a witness in a school disciplinary proceeding for purposes of either preventing that pupil from being a witness or retaliating against that pupil for being a witness, or both.
- p. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- q. Engaged in, or attempted to engage in, hazing. For purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, that is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this subdivision, "hazing" does not include athletic events or school-sanctioned events.
- r. Engaged in an act of bullying. For purposes of this subdivision, the following terms have the following meanings:
 - (1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a pupil or group of pupils as defined in Section 48900.2, 48900.3, or 48900.4, directed toward one or more pupils that has or can be reasonably predicted to have the effect of one or more of the following:
 - (A) Placing a reasonable pupil or pupils in fear of harm to that pupil's or those pupils' person or property.
 - (B) Causing a reasonable pupil to experience a substantially detrimental effect on their physical or mental health.
 - (C) Causing a reasonable pupil to experience substantial interference with their academic performance.
 - (D) Causing a reasonable pupil to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by a school.
 - (2) (A) "Electronic act" means the creation or transmission

originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- (i) A message, text, sound, video, or image.
 - (ii) A post on a social network Internet Web site, including, but not limited to:
 - (I) Posting to or creating a burn page. "Burn page" means an Internet Web site created for the purpose of having one or more of the effects listed in paragraph (1).
 - (II) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in paragraph (1). "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
 - (III) Creating a false profile for the purpose of having one or more of the effects listed in paragraph (1). "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.
 - (iii) (I) An act of cyber sexual bullying.
 - (II) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (A) to (D), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
 - (III) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
 - (B) Notwithstanding paragraph (1) and subparagraph (A), an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
 - (3) "Reasonable pupil" means a pupil, including, but not limited to, an exceptional needs pupil, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with their exceptional needs.
- s. A pupil shall not be suspended or expelled for any of the acts enumerated in this section unless the act is related to a school activity or school attendance occurring within a school under the jurisdiction of the superintendent of the school district or principal or occurring within any other

school district. A pupil may be suspended or expelled for acts that are enumerated in this section and related to a school activity or school attendance that occur at any time, including, but not limited to, any of the following:

- (1) While on school grounds.
 - (2) While going to or coming from school.
 - (3) During the lunch period whether on or off the campus.
 - (4) During, or while going to or coming from, a school-sponsored activity.
- t. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, pursuant to this section, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (a).
- u. As used in this section, “school property” includes, but is not limited to, electronic files and databases.
- v. For a pupil subject to discipline under this section, a superintendent of the school district or principal may use their discretion to provide alternatives to suspension or expulsion that are age appropriate and designed to address and correct the pupil’s specific misbehavior as specified in Section 48900.5.
- w. (1) It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities. (2) It is further the intent of the Legislature that the Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, may be used to help pupils gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community.

Release Juvenile Information – WIC 831

Only if a court order is provided, will any student information be disseminated, attached or provided to federal officials. The court order must indicate prior approval of the presiding judge of the juvenile court.

Homework Assignments for Suspended Pupils – EC 47606.2, 48913.5

Upon the request of a parent, a legal guardian, or other person holding the right to make educational decisions for the pupil, or the affected pupil, a teacher will provide to a pupil in any of grades 1 to 12, inclusive, who has been suspended from school for two or more schooldays, the homework that the pupil would otherwise have been assigned. If the homework assignment that is requested and turned into the teacher by the pupil either upon the pupil’s return to school from suspension or within the time-frame originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, the assignment

will not be included in the calculation of the pupil’s overall grade in the class.

Additional Grounds for Suspension or Expulsion

1. The pupil has committed sexual harassment. (E.C. Section 48900.2)
2. In addition to the reasons set forth in Sections 48900 and 48900.2, a pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, threatened to cause, or participated in an act of, hate violence, as defined in subdivision (e) of Section 233.
3. The pupil has intentionally engaged in harassment, threats, or intimidation, directed against a pupil or group of pupils. (E.C. Section 48900.4)
4. The pupil has made terrorist threats against school officials or school property, or both. (E.C. Section 48900.7)

The district is required to expel from school for a period **not to exceed one year** a student who is determined to have possessed a firearm, brandished a knife at another person, committed sexual assault or battery, or sold a controlled substance while at school. In addition, any student who commits one of the aforementioned violations will be referred to the criminal justice or juvenile delinquency system. Suspension, including supervised suspension as described in Section 48911.1, shall be imposed when other means of correction fail to bring about proper conduct. A school district may document the other means of correction used and place that documentation in the pupil’s record which may be accessed pursuant to section 49069. However, a student may be suspended subject to Section 1415 of title 20 of the United States Code for any of the above reasons upon a first offense, if the principal determines that the student committed any offenses A through W, or that the student’s presence causes a danger to persons or property or threatens to disrupt the instructional process.

The Board of Education may order a student expelled for first-time violation of offenses A through W if other means of correction are not feasible or have repeatedly failed to bring about proper conduct or that, due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the pupil or others.

Circumstances for Recommending Expulsion

(a) (1) Except as provided in subdivisions (c) and (e), the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct: (A) Causing serious physical injury to another person, except in self-defense. (B) Possession of any knife or other dangerous object of no reasonable use to the pupil. (C) Unlawful possession of any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, except for either of

the following:(i) The first offense for the possession of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis. (ii) The possession of over-the-counter medication for use by the pupil for medical purposes or medication prescribed for the pupil by a physician. (D) Robbery or extortion. (E) Assault or battery, as defined in Sections 240 and 242 of the Penal Code, upon any school employee.

(2) If the principal or the superintendent of schools makes a determination as described in paragraph (1), he or she is encouraged to do so as quickly as possible to ensure that the pupil does not lose instructional time. (b) Upon recommendation by the principal, superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board may order a pupil expelled upon finding that the pupil committed an act listed in paragraph (1) of subdivision (a) or in subdivision (a), (b), (c), (d), or (e) of Section 48900. A decision to expel shall be based on a finding of one or both of the following: (1) Other means failed to bring about proper conduct. (2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.(c) The principal or superintendent of schools shall immediately suspend, pursuant to Section 48911, and shall recommend expulsion of a pupil that he or she determines has committed any of the following acts at school or at a school activity off school grounds: (1) Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if possessing an imitation firearm, as defined in subdivision (m) of Section 48900, is not an offense for which suspension or expulsion is mandatory pursuant to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion pursuant to subdivision (e), may be imposed. (2) Brandishing a knife at another person. (3) Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code. (4) Committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900. (5) Possession of an explosive.(d) The governing board shall order a pupil expelled upon finding that the pupil committed an act listed in subdivision (c), and shall refer that pupil to a program of study that meets all of the following conditions: (1) Is appropriately prepared to accommodate pupils who exhibit discipline problems. (2) Is not provided at a comprehensive middle, junior, or senior high school, or at any elementary school. (3) Is not housed at the schoolsite attended by the pupil at the time of suspension. (e) Upon recommendation by the principal, superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board may order a pupil expelled upon finding that the pupil, at school or at a school activity off of school grounds violated subdivision (f), (g), (h), (i), (j), (k), (l), or (m) of Section 48900, or Section 48900.2, 48900.3, or 48900.4, and either of the following: (1) That other means of correction are not feasible or have repeatedly failed to bring about proper conduct. (2) That due to the nature of the violation, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

(f) The governing board shall refer a pupil who has been expelled pursuant to subdivision (b) or (e) to a program of study which meets all of the conditions specified in subdivision (d). Notwithstanding this subdivision, with respect to a pupil expelled pursuant to subdivision (e), if the county superintendent of schools certifies that an alternative program of study is not available at a site away from a comprehensive middle, junior, or senior high school, or an elementary school, and that the only option for placement is at another comprehensive middle, junior, or senior high school, or another elementary school, the pupil may be referred to a program of study that is provided at a comprehensive middle, junior, or senior high school, or at an elementary school. (g) As used in this section, “knife” means any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing, a weapon with a blade fitted primarily for stabbing, a weapon with a blade longer than 3 1/2 inches, a folding knife with a blade that locks into place, or a razor with an unguarded blade. (h) As used in this section, the term “explosive” means “destructive device” as described in Section 921 of Title 18 of the United States Code.

For further information regarding the Education Code and the District’s appeal process contact Lushandra Prioleau, Program Administrator, Student Placement Services at 997-8000 ext. 6669. Under Policy 5115, the Long Beach Board of Education recognizes that regular attendance is important to the total development of students. Further, the district has established rules and regulations to ensure that students attend class and to provide appropriate action for students who are in violation of such regulations.

Each school has established a set of procedures to encourage consistent attendance of all students. Students who are absent excessively for other than approved reasons cause the district to lose needed state funds. Absences of ten (10) consecutive days for extended vacation, etc., may cause the student to be withdrawn from the school attendance register.

The parent or guardian of a student who has been suspended by a teacher may attend a portion of the school day in the classroom where the child was suspended. (E.C. 48900.1).

Random Searches of Students

To ensure the safety of students and schools, the Long Beach Unified School District works closely with local law enforcement. Together these agencies may conduct random searches of students and schools to prevent the use of weapons and drugs on campus.

Availability of Discipline Rules

Additional copies of the discipline rules listed in this booklet may be obtained at each school or by calling (562) 997-8250. (E.C. 35291).

Electronic Listening or Recording Device – EC 51512

The use by any person, including a pupil, of any electronic listening or recording device in any classroom without the prior consent of the teacher and the principal is prohibited as it disrupts and impairs the teaching process and discipline in the schools. Any person, other than the pupil, willfully in violation shall be

guilty of a misdemeanor. Any pupil in violation shall be subject to appropriate disciplinary action.

School Uniforms Required (Grades K-8)

On January 18, 1994, the Board of Education unanimously approved mandatory school uniforms for kindergarten through grade 8. Each elementary and middle school in the Long Beach Unified School District then adopted its own required school uniform. A complete description of the student uniform for each school is available from the school.

Uniform assistance is available to economically disadvantaged students. Information is available from the school principal or designee.

A parent who wishes to exempt a child from the uniform requirement shall request from the school by mail or in person an application for exemption. The completed application shall be submitted to the designated administrator for uniform program exemption at the school. To make certain the parent understands the reasons for the uniform policy and to verify information on the application, the parent shall meet with the designated administrator to discuss the uniform policy and the nature of the objections.

School Dress Standards

In addition to the student uniform required by each school, the following district dress standards have been established to ensure that the instructional program of the school may operate fully and effectively for all students, free of interference and distraction and without hazard or threat to students' health, safety and general welfare.

The Long Beach Unified School District requires that:

1. Students attending school must be clean. Clothing worn to school must be neat and clean. It must fit. Oversized, baggy or saggy clothing is prohibited.
2. Closed footwear that covers the entire foot must be worn for safety reasons. Open sandals, high heeled shoes, slipper-type shoes and thongs are hazardous on the school playground and are not appropriate for school.
3. Also prohibited are jewelry items that may potentially cause injury, sunglasses (exceptions include medical reasons), and other decorations, ornaments and accessories not appropriate for elementary or middle school.
4. All blouses and shirts should be properly buttoned.
5. Appropriate undergarments that provide proper cover shall be worn.
6. School sites have the responsibility to identify and restrict attire that may lead to unsafe conditions. If it is determined that particular clothing is gang related, the school site may prohibit students from wearing the identified attire.
7. Each school site will notify parents of the specific school uniform requirements of the school. Information regarding exemptions is available from the school.

Sun Protection—35183.5(b)

Each school shall allow students to use sun-protective clothing, including, but not limited to, hats and sunglasses when outdoors. Specific clothing and hats determined by the school district or school to be gang-related or inappropriate apparel may be prohibited by the dress code policy. Each school shall allow pupils the use of sunscreen during the school day without a physician's note or prescription. Each school site may set a policy related to the type of sun-protective clothing and the use of sunscreen by pupils during the school day. Sunscreen is not considered an over-the-counter medication. School personnel are not required to assist pupils in applying sunscreen.

Nothing in these dress standards precludes the school from establishing and requiring more stringent uniform or dress requirements.

Please Note: The State of California has determined that "A pupil who goes to school without proper attention having been given to personal cleanliness or neatness of dress, may be sent home to be properly prepared for school, or shall be required to prepare himself/herself for the classroom before entering." (California Administrative Code, Title V, Section 302) 1994.

The district requires all students in kindergarten through grade 8 to wear a school uniform as identified by the student's school. In cases of economic hardship, help in obtaining uniforms is available. You may obtain an exemption from the uniform requirement. For more information call your child's school. If there are any problems, call the appropriate assistant superintendent office (elementary or secondary school). If you are unable to resolve your concerns, you may obtain a Parent/Guardian Complaint form at your child's school.

High School Dress and Grooming Standards (Grades 9-12)

A student's dress and general appearance should not be such that it draws undesirable attention to the student, nor should dress and appearance detract or interfere with teaching and learning in the classroom and on the campus. It is expected that all students shall maintain their person and clothing in a modest, clean, and age-appropriate fashion consistent with our dress code and compatible with the instruction program. In an effort to maintain a safe and secure school environment, high schools may issue schoolwide identification badges to their students, faculty and staff members. Schools will notify parents of the necessity and requirements of the policy.

Students shall wear clothing, footwear and groom themselves for school in a manner, which does not offend the rules of decency or reflect negatively on or detract from any phase of the educational program.

General Dress Code and Grooming Guidelines

- A. Clothing including hats, jewelry, accessories or skin art

(tattoos) associated with alcohol, drugs, tobacco, sex, obscenity, gangs or violence are prohibited.

- B. Outer clothes must completely cover underclothes.
- C. Footwear must be appropriate for school activities.
- D. Shirts must be appropriately fitted at the shoulders.
- E. Belts should be appropriately sized at the waist and fitted into the belt loops.

Other Unacceptable Clothing

- a. Tank tops and mesh tops.
- b. Strapless tops and cut-out designs that reveal any body parts.
- c. Tops that bare the midriff.
- d. Low neckline and backline tops and dresses.
- e. See through and sheer clothing.
- f. Short shorts/skirts/dresses and beach attire.

Dress Code Violation Consequences

Students who appear at school wearing inappropriate clothing or who are inappropriately groomed will not be allowed to attend class until they make the changes necessary to meet the Long Beach Unified School District's dress and grooming requirements. Changes could entail removing objectionable clothing items, putting on acceptable clothing provided by the school, or contacting parents to provide a change of appropriate clothing.

School Uniforms – Millikan

Millikan High School offers a challenging academic program with a school uniform requirement. In cases of economic hardship, help in obtaining uniforms is available. For more information, call the school.

Grades, Diplomas, Transcripts

Education Code 48904b states that any school district or private school whose real or personal property has been willfully cut, defaced, or otherwise injured may, after affording the pupil their due process rights, withhold the grades, diploma, and transcripts of the pupil responsible for the damage until the pupil or the pupil's parent or guardian has paid for the damages.

The above code has been amended to provide for the withholding of grades, diplomas, or transcripts if a student fails to return borrowed school property upon demand from school authorities.

Advanced Placement Test Fees

High school students enrolled in Advanced Placement classes can receive financial assistance to cover costs for AP exams. AP courses help to prepare students for college. By passing AP exams, students earn college credit while still in high school. Contact your high school for more information. (E.C. Section 52244)

Nondiscriminatory School Environment for All Students

BP 5145 Nondiscrimination/Harassment

The Long Beach Unified School District is committed to providing a safe school environment where all individuals in education are afforded equal access and opportunities. The District's

academic and other educational support programs, services, and activities shall be free from discrimination, harassment, intimidation, and bullying of any individual based on the person's actual or perceived race, color, ancestry, national origin, immigration status, nationality, ethnic group identification, ethnicity, age, religion, actual or potential marital, parental or family status, pregnancy or related conditions, physical or mental disability, sex, sexual orientation, gender, gender identity or gender expression; the perception of one or more such characteristics; or association with a person or group with one or more of these actual or perceived characteristics. Specifically, state law prohibits discrimination on the basis of gender in enrollment, counseling, and the availability of physical education, athletic activities, and sports. Transgender students shall be permitted to participate in gender-segregated school programs and activities (e.g., athletic teams, sports competitions, and field trips) and to use facilities consistent with their gender identity. The District assures that lack of English language skills will not be a barrier to admission or participation in District programs. Complaints of unlawful discrimination, harassment, intimidation, or bullying are investigated through the Uniform Complaint Process. Such complaints must be filed no later than six months after knowledge of the alleged discrimination was first obtained. The policy applies to all acts related to school activity or school attendance occurring within a school under the jurisdiction of the local educational agency, and all acts of the governing board or body of the local educational agency, the superintendent of the school district, and the county superintendent of schools in enacting policies and procedures that govern the local educational agency. Educational Equity: Government Instruction Conferences- EC 224

The Sex Equity in Education Act exempts any discrimination based on male or female identity for pupils who seek to participate in state or national conferences, therefore, furthering California's goal of providing an equal educational opportunity to all students by prohibiting the use of public resources when a program discriminates based on gender.

Below are key policies of the Long Beach Unified School District's Board of Education which address efforts to prevent discrimination and harassment of students in the schools of the district.

Nondiscrimination/Harassment Policy

Prohibited discrimination, harassment, intimidation, or bullying includes physical, verbal, nonverbal, or written conduct based on one of the categories listed above that is so severe or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive education environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

The Governing Board also prohibits any form of retaliation against any student who files a complaint or report regarding an incident of discrimination, harassment, intimidation, or bullying.

The Superintendent or designee shall provide age-appropriate training and information to students, parents/guardians, and employees regarding discrimination, harassment, intimidation, and bullying, including, but not limited to, the district's nondiscrimination policy, what constitutes prohibited behavior, how to report incidents, and to whom such reports should be made.

In providing instruction, guidance, supervision, or other services to district students, employees and volunteers shall carefully guard against segregating or stereotyping students.

The principal or designee shall develop a plan to provide students with appropriate accommodations when necessary for their protection from threatened or potentially harassing or discriminatory behavior.

Students who engage in discrimination, harassment, intimidation, bullying or retaliation in violation of law, Board policy, or administrative regulation shall be subject to appropriate discipline, up to and including counseling, suspension, and/or expulsion. Any employee who permits or engages in prohibited discrimination, harassment, intimidation, bullying or retaliation shall be subject to disciplinary action, up to and including dismissal.

Competitive Athletics – EC 221.9

Commencing with the 2015-2016 school year and every year thereafter, each public elementary and secondary school, including each charter school, that offers competitive athletics, shall publicly make available at the end of the school year all of the following information:

1. The total enrollment of the school, classified by gender.
2. The number of pupils enrolled at the school who participate in competitive athletics, classified by gender.
3. The number of boys' and girls' teams, classified by sport and by competition level.

Schools shall make the information identified above publicly available by posting it on the school's website. If the school does not maintain its own website, the school can submit the information to its school district or charter operator to have the information posted on the district's or operator's website; the information shall be disaggregated by schoolsite. "Competitive athletics" means sports where the activity has

coaches, a governing organization, and practices, and competes during a defined season, and has competition as its primary goal.

Title IX – EC 221.611

AR 5145.71 Title IX Sexual Harassment Complaint Procedures

Title IX of the Education Amendments of 1972 is one of several federal and state anti-discrimination laws that ensure equality in educational programs and activities that receive federal funding. Specifically, Title IX protects male and female pupils and employees, as well as transgender pupils and pupils who do not conform to sex stereotypes and sex characteristics, against discrimination based on sex, including sexual harassment, pregnancy and related conditions. In addition, Title IX regulations apply to sexual assault, dating violence, domestic violence, and stalking based on sex. California law also prohibits discrimination based on gender, gender expression, gender identity, and sexual orientation. Under Title IX, pupils may not be discriminated against based on their parental, family, or marital status, and pregnant and parenting pupils may not be excluded from participating in any educational program, including extracurricular activities, for which they qualify.

LBUSD will address allegations of a sex-based hostile environment in its education program or activity, even if some of the alleged conduct occurred outside of the education program or activity or outside of the United States. LBUSD is not required to investigate conduct that occurred solely outside of the educational program or activity or outside the United States.

A hostile environment occurs when there is unwelcome sex-based conduct that, given the totality of the circumstances, is subjectively and objectively offensive and so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the recipient's education program or activity.

Any student who feels that he/she has been subject to discrimination, harassment, intimidation, or bullying should immediately contact a nondiscrimination coordinator, the principal, or any other staff member. In addition, any student who observes any such incident shall report the incident to the Coordinator or principal, whether or not the victim files a complaint.

Any school employee who observes any such incident of discrimination, harassment, intimidation, or bullying or to whom such an incident is reported shall report the incident to the Coordinator or principal, whether or not the victim files a complaint.

In addition, the employee shall immediately intervene when safe to do so.

Upon receiving a complaint of discrimination, harassment, intimidation, or bullying, the Coordinator shall immediately investigate the complaint in accordance with the district's uniform complaint procedures specified in AR 1312.3-Uniform Complaint Procedure located on the district's webpage and outlined in the Guidelines for Families and Students.

The Superintendent or designee shall ensure that the student handbook clearly describes the district's nondiscrimination policy, procedures for filing a complaint regarding discrimination, harassment, intimidation or bullying, and the resources that are available to students who feel that they have been a victim of any such behavior. The district's policy shall also be posted on the district's web site or any other location that is easily accessible to students. When required pursuant to Education Code 48984, complaint forms shall be translated into the student's primary language.

Prohibition of Sexual Harassment-Students

[BP 5145.7 Sexual Harassment](#)

The Long Beach Unified School District is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits sexual harassment of students at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against any person who files a complaint, testifies, or otherwise participates in district complaint processes.

The Long Beach Unified School District ensures that all district students receive age-appropriate instruction and information

on sexual harassment. Such instruction and information includes (1) what acts and behaviors constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence; (2) a clear message that students do not have to endure sexual harassment; (3) encouragement to report observed instances of sexual harassment, even where the victim of the harassment has not complained; (4) information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made; and (5) information about the rights of students and parent/guardians to file a criminal complaint, as applicable.

Any student who feels that he/she is being or has been sexually harassed by a school employee, another student, or a non-employee on school grounds or at a school-sponsored or school-related activity shall immediately contact their teacher or any other employee. An employee who receives such a complaint shall report it in accordance with the district's uniform complaint procedures specified in AR 1312.3 – Uniform Complaint Procedure, and immediately report the complaint to the Title IX Coordinator, Kimberly Dalton.

The Superintendent or designee shall ensure that any complaints regarding sexual harassment are immediately investigated in accordance with administrative regulation. When the Superintendent or designee has determined that harassment has occurred, he/she shall take prompt, appropriate action to end the harassment and to address its effects on the victim.

Any student who engages in sexual harassment or sexual violence at school or at a school-sponsored or school-related activity is in violation of the district's Board Policy 5145.7 and shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action.

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behaviors in the schools.

Bullying

The Governing Board recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student. [BP 5131.2 Bullying](#).

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

Pest Management Contracting

✓	Pest management services are contracted to a licensed pest control business Pest Control Business Name: Animal Pest Management; Orkin
✓	Prior to entering into a contract, the school district has confirmed that the pest control business understand the training and requirement and other requirements of the Healthy Schools Act.

Pest Identification, Monitoring, and Inspection

- Pest identification is done by: LBUSD Pest Control, LB Health Dept., LA County Greater Vector Control, LA County Health Department, and Target Specialty Products.
- Monitoring and inspecting for pests and conditions that lead to problems are done regularly by: LBUSD Grounds Dept., Custodial Services, Maintenance, and Pest Control staff and results are communicated to the IPM Coordinator.
- Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:
 - Site reports area of concern via the work order system.
 - Area reported is inspected to determine the routes of entry and the threshold level of pests.
 - Plan for taking care of the concern is developed.
 - Grounds, custodial, and maintenance staff will begin exclusion activities and pest monitoring tools and apply non-toxic products if necessary.

Pests and Non-Chemical Management Practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level.

Pest	Remove Food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Roaches	✓	✓	✓	✓	✓	✓		Seal openings, cracks and crevices
Mice	✓	✓	✓	✓	✓	✓		Repair faulty plumbing. Seal electrical conduit and open outlets. Seal openings larger than ¼ inch.
Rats	✓	✓	✓	✓	✓	✓		Repair faulty plumbing. Seal electrical conduit and open outlets. Seal openings larger than ¼ inch.
Ants	✓	✓	✓	✓	✓		✓	Avoid excessively dry or soggy turf. Trim overgrown trees and shrubbery. Remove trees and shrubbery infested with pests.
Termite		✓		✓	✓		✓	Remove and replace any wood members infested with termites whenever possible and economically feasible.
Unwanted vegetation					✓		✓	Implement use of weed cloth and mulch where applicable

Chemical Pest Management Practices

If non-chemical methods are ineffective, the school district will consider pesticide use only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment.

This school district expects the following pesticide (pesticide products and active ingredients) to be applied during the year. This list includes pesticides that will be applied by school district staff or licensed pest control business.

Pesticide Products – EC 17612 and 48980.3

To obtain a copy of all pesticide products and expected use at the school facility during the year, and to receive notification of individual pesticide applications at the school at least 72 hours before the application, please contact Roberto Vidal at (562) 663-3039. The notice will identify the active ingredient(s) in each pesticide product, the intended date of application, an Internet address on pesticide use and reduction, and the Internet address where the school site integrated pest management plan may be found if the school site has posted the plan.

Definition

“Bullying” means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a pupil or group of pupils as defined in Section 48900.2, 48900.3, or 48900.4, directed toward one or more pupils that has or can be reasonably predicted to have the effect of one or more of the following:

- (A) Placing a reasonable pupil or pupils in fear of harm to that pupil’s or those pupils’ person or property.
- (B) Causing a reasonable pupil to experience a substantially detrimental effect on their physical or mental health.
- (C) Causing a reasonable pupil to experience substantial interference with their academic performance
- (D) Causing a reasonable pupil to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by a school.

“A person is bullied when he or she is exposed, repeatedly and over time, to negative actions on the part of one or more other persons, and he or she has difficulty defending him or herself.”(Olweus)

This definition includes three important components:

- 1. Bullying is aggressive behavior that involves unwanted, negative actions
- 2. Bullying involves a pattern of behavior repeated over time
- 3. Bullying involves an imbalance of power or strength. Such behavior includes: direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name-calling; and social isolation or manipulation.

Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person’s electronic account and assuming that person’s identity in order to damage that person’s reputation.

Strategies for bullying prevention and intervention shall be developed with involvement of key stakeholders in accordance with law, Board policy, and administrative regulation governing the development of comprehensive safety plans and shall be incorporated into such plans.

Bullying Prevention

To the extent possible, district and school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

The district shall provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences,

self-esteem development, assertiveness skills, and appropriate online behavior. Such instruction shall include:

- 1. Acts and behavior that constitute bullying
- 2. A clear message that bullying behavior is not tolerated
- 3. A clear message that students do not have to endure bullying
- 4. Encouragement to report observed instances of bullying, even where the bullied individual has not complained
- 5. Information about the person(s) to whom a report of bullying should be made

Learn more under Bullying Prevention in the A-Z index at lbschools.net.

The Long Beach Unified School District is committed to the prohibition of discrimination, harassment, intimidation and bullying including cyberbullying on social media. Annual training will be provided to all staff who work with students, to prevent bullying and cyberbullying. You may find a list of education web pages describing the staff training at: <https://www.cde.ca.gov/lss/se/bullyres.asp>

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When appropriate, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators. He/she also may involve school counselors, mental health counselors, and/or law enforcement.

Complaints and Investigations

Students may submit to a teacher or administrator a verbal or written complaint of conduct they consider to be bullying. Complaints of bullying shall be investigated and resolved in accordance with the district’s uniform complaint procedures specified in AR 1312.3 – Uniform Complaint Procedures.

When a student is reported to be engaging in bullying off campus, the Superintendent or designee shall investigate and document the activity and shall identify specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student’s educational performance.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

When a student is using a social networking site or service to bully or harass another student, the Superintendent or designee shall file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

Discipline

Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with district policies and regulations.

Safe Place to Learn Act

The Long Beach Unified School District is committed to maintaining a learning environment that is free from discrimination, harassment, violence, intimidation, and bullying based on actual or perceived characteristics set forth in Section 422.55 of the Penal Code and EC 220, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. All school personnel who witness an act of discrimination, harassment, intimidation, or bullying must take immediate steps to intervene when safe to do so. Any student who engages in acts of discrimination, harassment, intimidation, or bullying related to school activity or school attendance, occurring within a school of the school district may be subject to disciplinary action up to and including expulsion. To report an incidence and/or to receive a copy of the district's Nondiscrimination/Harassment, Bullying, Sexual Harassment, Hate Motivated Behavior, or Uniform Complaint Procedure policies, please contact:

Suicide Prevention Policies: EC 215

Student suicide rates are of concern to all members of the school community. One child, ages 12 and older, dies by suicide every five days in California. Local districts were required by California law to provide suicide prevention education, according to age-appropriate and sensitive local policies, for grades kindergarten to 12. Legislators have determined that training in mental health and coordination around improved services is extended to our elementary students. A shared goal by all staff educators is to keep a safe place to learn, free from harm to any of our students. LBUSD's suicide prevention policy is available under Suicide Prevention Policy in the A-Z index at lbschools.net.

Civility on School Grounds – CC 1708.9, EC 32210

School district employees are expected to act in a manner that demonstrates their personal commitment to the highest ethical standards. The school district also expects civility from all indi-

viduals engaging in school activities. Mutual respect, professionalism and common courtesy are essential qualities in promoting an educational and work environment free from disruptions, harassment, bullying and aggression.

Any person who willfully disturbs any public school or any public school meeting is guilty of a misdemeanor, and shall be punished by a fine of not more than five hundred dollars (\$500). It is unlawful for any person, except a parent/guardian acting toward their minor child, to intentionally or to attempt to injure, intimidate, interfere by force, threat of force, physical obstruction, or nonviolent physical obstruction with any person attempting to enter or exit any public or private school grounds.

Uniform Complaint Procedures

For students, employees, parents/guardians, school and district advisory committee members, appropriate private school officials, and other interested parties: The Long Beach Unified School District has the primary responsibility to ensure compliance with applicable state and federal laws and regulations and has established procedures to address allegations of unlawful discrimination, harassment, intimidation, bullying, and complaints alleging violation of state or federal laws governing educational programs and the charging of unlawful pupil fees, and complaints regarding compliance with requirements established through the Local Control Funding Formula related to the Local Control and Accountability Plan (EC 52060-52075 or 47606.5-47607.3).

The Long Beach Unified School District shall investigate and seek to resolve complaints using policies and procedures known as the Uniform Complaint Procedures (UCP) adopted by our local board. Unlawful discrimination, harassment, intimidation, or bullying complaints may be based on actual or perceived age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationality, national origin, race or ethnicity, religion, sex, sexual orientation, or on a person's association with a person or group with one or more of these actual or perceived characteristics, in any program or activity that receives or benefits from state financial assistance.

The UCP shall also be used when addressing complaints alleging failure to comply with state and/or federal laws regarding, but not limited to:

- Accommodations for Pregnant and Parenting Pupils
- Adult Education
- After School Education and Safety
- Agricultural Career Technical Education
- Career Technical and Technical Education; Career Technical; Technical Training (state)
- Child Care and Development Programs
- Compensatory Education
- Consolidated Categorical Aid Programs
- Course Periods without Educational Content (for grades nine through twelve)
- Discrimination, harassment, intimidation, or bullying against any protected group as identified under sections

200 and 220 and Section 11135 of the Government Code, including any actual or perceived characteristic as set forth in Section 422.55 of the Penal Code, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, in any program or activity conducted by an educational institution, as defined in Section 210.3, that is funded directly by, or that receives or benefits from, any state financial assistance.

- Educational and graduation requirements for Pupils in Foster Care, Pupils who are Homeless, Pupils of Military Families, and Pupils formerly in Juvenile Court now enrolled in a school district, pupils who are migratory, and pupils participating in a newcomer program.
- Every Student Succeeds Act
- Local Control and Accountability Plans (LCAP)
- Migrant Education
- Physical Education Instructional Minutes
- Pupil Fees
- Reasonable Accommodations to a Lactating Pupil
- Regional Occupational Centers and Programs
- School Plans for Student Achievement
- School Safety Plans
- Schoolsite Councils (SSC)
- State Preschool
- State Preschool Health and Safety Issues Exempt from Licensing
- And any other state or federal educational program the State Superintendent of Public Instruction (SSPI) or designee deems appropriate.

See BP 1312.3 for a complete list. A complaint of noncompliance with laws relating to pupil fees may be filed pursuant to the local UCP. A pupil enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.

A pupil fee includes, but is not limited to, all of the following:

1. A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit.
2. A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, clothes, or other materials or equipment.
3. A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.

Complaints of noncompliance with laws relating to pupil fees should be filed with a principal of a school no later than one year from the date of the alleged violation. A complaint regarding pupil fees may be filed anonymously if the complaint provides evidence or information to support an allegation of noncompliance with laws relating to pupil fees and/or LCAP.

Complaints alleging discrimination, harassment, intimidation, or bullying, must be filed within six (6) months from the date the alleged discrimination, harassment, intimidation, or bullying, occurred or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying, unless the time for filing is extended by the superintendent or their designee. A UCP complaint, except a complaint alleging unlawful discrimination, harassment, intimidation, or bullying, must be filed no later than one year from the date the alleged violation occurred.

The Uniform Complaint Procedures (UCP) complaint is a written and signed statement by a complainant alleging a violation of federal or state laws or regulations, which may include an allegation of unlawful discrimination, harassment, intimidation, bullying or charging pupil fees for participation in an educational activity or non-compliance. The person who receives the complaint shall respond to the parent in writing within 60 days. The parent may appeal to CDE within 15 days if not in agreement with the final report. Please contact Kim Dalton, kdalton@lbschools.net if you would like more information on how to file a complaint with the school or district, prior to appealing to the CDE. For more information, you may go to the CDE website: <https://www.cde.ca.gov/re/cp/uc/ucpmonitoring.asp>

Complaints will be investigated and a written Decision or report will be sent to the complainant within sixty (60) days from the receipt of the complaint. This sixty (60) day time period may be extended by written agreement of the complainant. The LEA person responsible for investigating the complaint shall conduct and complete the investigation in accordance with sections 4680-4687 and in accordance with local procedures adopted under section 4621.

The complainant has a right to appeal the District's Decision to the California Department of Education (CDE) by filing a writ-

ten appeal within 15 days of receiving the District’s Decision. The appeal must include a copy of the complaint filed with District and a copy of the District’s Decision.

Civil law remedies may be available under state or federal discrimination, harassment, intimidation, or bullying laws, if applicable. In appropriate cases, an appeal may be filed pursuant to Education Code Section 262.3. A complainant may pursue available civil law remedies outside of District’s complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders.

A copy of the *Long Beach Unified School District’s* UCP policy and complaint procedures shall be available free of charge.

Graduation Caps and Gowns

While caps and gowns are the traditional dress for graduation, such attire is not required for students to participate in graduation ceremonies. Most schools have not changed their cap and gown style for years, so students may wish to borrow a cap and gown from a neighbor, friend or relative. High schools also make free caps and gowns available for students who wish to borrow them. Graduation dress codes apply in the absence of a cap and gown.

Complaints other than complaints relating to pupil fees must be filed in writing with the following compliance officer:

Director, Human Resource Services
1515 Hughes Way, Long Beach, CA 90810
Telephone Number: (562) 997-8214

Williams Complaint Policy and Procedure

BP 1312.4 Williams Complaint Procedures

Every school must provide sufficient textbooks and instructional materials. Every student, including English learners, must have textbooks, or instructional materials, or both, to use at home or after school. School facilities must be clean, safe, and maintained in good repair. There should be no teacher vacancies or misassignments. If a school is found to have deficiencies in these areas, and the school does not take corrective action, then a complaint form may be obtained at any school office, online at lbschools.net or at:

Office of the Assistant Superintendent, OCIPD
1515 Hughes Way
Long Beach, CA 90810

Parents, students, teachers, or any member of the public may submit a complaint regarding these issues. However, it is highly encouraged that individuals express their concerns to the school principal before completing the complaint forms to allow the school to respond to these concerns.

Section 504 Rights and Responsibilities

Section 504 is a federal law that prohibits discrimination against individuals with a disability in any program receiving federal assistance. The Act defines a person with a disability as anyone who:

Has a mental or physical impairment, which substantially limits one or more major life activities (such as caring for one’s self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, working, eating, sleeping, standing, lifting, bending, reading, concentrating, thinking and communicating).

In order to fulfill its obligation under Section 504, Long Beach Unified School District (LBUSD) recognizes a responsibility to avoid discrimination on policies and practices regarding its personnel, students and their parents. No discrimination against

any person solely due to their disability will knowingly be permitted in any of the programs and practices in the school system.

LBUSD has specific responsibilities under the Act, which include the responsibility to identify, evaluate, and if the child has a current disability and is determined to be eligible under Section 504, to afford access to appropriate educational programs.

If there any questions regarding the Section 504 process, please feel free to contact the school counselor or administrator or the Division of Student Support Services at (562) 986-6870.

Parent Rights

If a parent/guardian disagrees with the identification, evaluation or placement of a student with disabilities under Section 504, he/she may request a meeting with the Section 504 Committee in an attempt to resolve the disagreement. This meeting shall be held within fifteen (15) days school days after receiving the parent/guardian's request. This time frame may be extended by mutual agreement of the parties.

Impartial Hearing and Formal Complaint

If the disagreement continues, the parent/guardian may request, in writing, an impartial hearing with the school district. Complaints alleging allegations may be addressed to:

Seema Paul, Program Administrator
Office of School Support Services
1515 Hughes Way
Long Beach, 90810

Parents also have the right to file a complaint with the Office for Civil Rights. The address of the regional office, which covers California is:

United States Department of Education
Office for Civil Rights
50 Beale Street, Suite 7200
San Francisco, CA 94105-1813
(415) 486-5555

Please reference the Section 504 Parent's Rights and Procedural Safeguards document for specific information and details on requesting an impartial hearing or filing a complaint.

Special Education Rights and Responsibilities

Child Find

Parents who reside in the Long Beach Unified School District who suspect their child has a mental, physical or learning disability are advised to contact the Office of School Support Services (OSSS) – Division of Special Education. Federal and State laws require public schools to provide free and appropriate education for children with disabilities ages birth through 21 years. Infants through age two who have hearing impairments, visual impairments and/or severe orthopedic impairments may be served by the district Early Start program. Children age 3 through 21 years may qualify for district special education programs. Special Education staff will help parents identify appropriate programs for children who qualify for services, regardless of the type of disability. Referrals for preschool-age and school-age children

may be made through your child's school by speaking with the school counselor/administrator. Referrals for infants may be made through the Early Start/Preschool Office at 562-498-2431.

Eligibility and Services

Eligibility for special education placement and services is determined by an individual education program (IEP) team in compliance with existing state and federal laws. Programs and services are offered to meet a variety of needs for students with disabilities. Services range from those that supplement general education classroom instruction to instruction provided in a special day class. Under certain conditions, students may receive services from other agencies such as state schools, county-operated program, and nonpublic schools/agencies or through home and hospital instruction. Each child is entitled to receive a free appropriate public education in the least restrictive environment as determined by their IEP team.

Reimbursed Health Services

The Long Beach Unified School District, in cooperation with the California Departments of Health Services and Education, has a program to allow the District to be reimbursed with federal Medicaid dollars for selected health services provided for eligible special education students. To participate in this program, eligible student records may be forwarded to the District's billing agency. These records will be forwarded in a confidential manner. Our vendor holds a contract with the District that contains a specific confidentiality clause to ensure information is not disclosed inappropriately; further, our vendor is compliant with Federal HIPAA (Health Insurance Portability & Accountability Act) requirements.

School health services currently provided to all students will not be changed by this program. Students will not be denied services they require to attend school, and parents will never be billed for services provided by the school district.

Special Education – Use of Assistive Technology – EC 56040.3

Requires districts, charter schools and county schools to allow home and community use of assistive technology devices by students who have assistive technology devices as part of their IEP FAPE offer. Students may continue to use while at the distributing school and for up to a maximum of two months or until a replacement or comparable device is obtained in a new setting. Not every IEP will have an AT device as part of the IEP team offering, but if it is there, it must remain in possession so that the student does not have a lapse in educational access to such device.

Parent Rights

Parents and guardians of pupils enrolled or being considered for enrollment in special education programs have certain rights and responsibilities related to their potential or ongoing placement in special education. A full explanation of these rights is provided in the Notice of Parents' Rights and Procedural Safeguards available from the Office of School Support Services, your child's school, or via the District web site.

Alternative Dispute Resolution and Due Process

The district is dedicated to resolving potential special education disputes through the least adversarial means possible. Parents/

guardians are encouraged to discuss concerns with the teacher, principal, special education staff and administrators before filing a formal complaint or initiating due process. Additionally, various options for resolution can be accessed through the Alternative Dispute Resolution (ADR) program. Accessing the ADR program does not prevent parents from exercising due process rights if resolution cannot be achieved. ADR options include services such as Facilitated IEPs, and participation in the Appeal and Resolution Panel (ARP). Most complaints will be handled under the district's Uniform Complaint Procedures. Complaints regarding special education issues may be filed directly with the school district or to the California Department of Education (CDE). Complaints alleging violations of existing state and federal laws or regulations may be addressed to:

LBUSD Compliance Officer
Office of School Support Services
Division of Special Education
1515 Hughes Way
Long Beach, CA 90810

or

California Department of Education
Special Education Division
Procedural Safeguards Referral Service
1430 "N" Street, Suite 2401
Sacramento, CA 95814
Phone (800) 926-0648

A due process hearing is a formal proceeding presided over by an administrative law judge. The hearing can be initiated by parents, emancipated child, or school district when the parties disagree with the identification, assessment, educational placement or services of a student. Requests for due process hearings must be submitted in writing to:

Office of Administrative Hearings
Attn: Special Education Division
2349 Gateway Oaks, Suite 200
Sacramento, CA 95833-4231
Phone: (916) 263-0550
Fax: (916) 263-0890

Please reference the Parent's Rights and Procedural Safeguards document for specific information and details on filing a complaint or requesting a due process hearing.

Community Advisory Committee

The Community Advisory Committee provides liaison between special education parents and other interested members of the community, Assistant Superintendent, Office of School Support Services, and the Board of Education. The ultimate goal of the CAC is to support a quality education for individuals with special needs. Parents of any pupil and members of the community are invited to participate. Please contact 997-8000 extension 8644 for additional information.

Complaints Concerning District Personnel **BP 1312.1 Complaints Concerning School District Personnel**

Parents and guardians of pupils enrolled in the district may present complaints regarding school district employees. Complaint forms are available upon request at all school sites and at www.lbschools.net/about/complaint-regulations-and-forms. This process provides parents and guardians with an opportunity to resolve concerns at the earliest possible stage.

Printed Material, Petitions, Bulletin Boards

Students have a right to express opinions, to take stands, to support causes, and to present ideas. However, such rights are subject to reasonable time, place and manner restrictions and to certain prohibitions.

The following rules and regulations are intended to aid the school and each of its students enrolled and in good standing to carry on a meaningful intercommunication and expression of ideas.

These rules and regulations applied on a non-discriminatory basis, are designed to insure maximum freedom of expression. Any limitations on student expression for any reason should be made thoughtfully and carefully.

I. Circulation and Distribution of Written Materials

Students of the district are allowed to distribute petitions, circulars, leaflets, newspapers, and other printed matter subject to the following limitations:

- A. The time of the distribution shall be limited to the hours before school, during lunch periods, and after school is dismissed.
- B. The place of distribution on campus shall be a convenient, sufficient, and accessible location on the campus selected by the principal as suitable to facilitate and encourage the intercommunication and expression of ideas. It should be located in an area where it will not restrict the flow of traffic within school quarters, entranceways, or other walkways. Students shall not distribute materials elsewhere on campus or on the school sidewalks.
- C. The manner of distribution should be such that:
 1. All material is clearly labeled as to authorship, sponsorship, agency, publisher or republisher, and distributing students or group of students.
 2. Coercion is not used to induce students or any other person to accept the printed matter or to sign petitions. Acceptance or distribution of written material must be at the sole and unfettered volition of the individual student.
 3. Materials printed for distribution must not be left undistributed or stacked up for pick-up unattended

at any place in the school, or on sidewalks and public access roads immediately surrounding the school.

4. For informational purposes only, prior to distribution, a copy of all printed material to be distributed within the area designated pursuant to I.B. above, including but not limited to, all petitions, circulars, leaflets, and newspapers and all material to be displayed on bulletin boards, shall be submitted to the principal.

II. Forums

- A. The high schools will provide room space at lunch periods (excluding passing times) and after school is dismissed for forums in which students may discuss issues the students desire to discuss and which do not violate the prohibitions detailed below.
- B. Requests for forums must be cleared with the appropriate high school official 48 hours prior to the intended forum. The school official must assign a qualified certificated employee to supervise the students. Use of outside speakers must follow established district policy.

III. Buttons, Badges, and other Insignia of Symbolic Expression

Students are permitted to wear buttons, badges, armbands, and other insignia as a form of expression, subject to the prohibitions detailed below.

IV. Bulletin Boards

- A. The school district will provide reasonable outdoor bulletin board space for posting student announcements.
- B. Student announcements should contain the date the announcement is posted. Such announcements should be removed after a prescribed reasonable time to assure fair access to bulletin boards for all students.
- C. Announcements posted will be subject to the prohibitions detailed below.

V. Prohibited Material

The following material is prohibited:

- A. Material which is obscene to minors according to current legal definitions.
- B. Material which is libelous or slanderous according to current legal definitions.
- C. Material which incites students so as to create a clear and present danger of imminent commission of unlawful acts or the substantial disruption of the orderly operation of the school.
- D. Material which expresses or advocates racial, ethnic, or religious prejudice so as to create a clear and present danger of imminent commission of unlawful acts or the substantial disruption of the orderly operation of the school.
- E. Material distributed in violation of the time, place and manner provisions of these rules and regulations.

VI. Disciplinary Action

Any student who distributes any petitions, circulars, newspapers, and other printed material; participates in forums; wears any buttons, badges, or other insignia; or posts on a bulletin board any item in disregard to or in

violation of the limitations and prohibitions contained in these rules and regulations may be suspended, expelled or otherwise disciplined pursuant to the provisions of Education Code 48910.

Regulations, Laws Govern Student Organizations

School-sponsored clubs and organizations are the only clubs permitted on school campuses. They shall have the approval of the student council and principal. Meetings must be held on school premises unless the principal specifically approves a particular meeting off campus.

Each club or organization must have a faculty sponsor who meets with the club and is present at all its activities. Membership must be open to all student applicants who qualify on the basis of school-approved club purposes and objectives. No student may be disqualified from membership because of race, color, or creed. All school-sponsored organizations are directly responsible to the principal or the principal's designee. Students desiring to organize a school-sponsored club should contact the principal for procedures to be followed.

Off-campus student organizations have no campus privileges. Some off-campus organizations lack responsible adult sponsorship or direction and operate covertly, if not secretly. They often become involved in questionable, if not illegal, activities. Students are urged to avoid involvement with unsponsored off-campus organizations.

While membership in off-campus youth groups, secret clubs, fraternities or sororities, per se, is not illegal nor does it constitute a suspendible offense, the hazards of such membership are evident:

1. Such organizations tend to promote false standards of superiority and create divisiveness between students which can lead to overt conflicts and disruption of school activities.
2. Some organizations are prone to participate in illegal hazing activities, which are injurious to prospective members and others.

Hazing Defined — EC 48900(q), PC 245.6

Hazing includes any method of initiation into a student organization or any pastime or amusement engaged in with respect to such an organization which causes, or is likely to cause, bodily danger or physical harm to any student or other person attending any school, college, university or other educational institution in this state; but the term hazing does not include customary athletic events or other similar contests or competitions.

Hazing Prohibited — EC 48900(q), PC 245.6

No student, or other person in attendance at any public, private, parochial, military school, college or other educational institution, shall conspire to engage in hazing, participate in hazing, or commit any act that injures, degrades or disgraces, or tends to injure, degrade or disgrace any fellow student attending the institution.

A violation of this section that does not result in serious bodily injury is a misdemeanor, punishable by a fine of not less than \$100, nor more than \$5,000, or imprisonment in the county jail for not more than one year, or both. Any person who personally engages in hazing that results in death or serious bodily injury as defined in paragraph (4) of subdivision (f) of Section 243 of the Penal Code, is guilty of either a misdemeanor or a felony, and shall be punished by imprisonment in county jail not exceeding one year, or by imprisonment in the state prison.

Student Technology— Responsible Use Program

Purpose

The purpose of the District’s Responsible Use Program (“RUP”) is to prevent unauthorized access and other unlawful activities by users online, prevent unauthorized disclosure of, or access to, sensitive information, and to comply with legislation including, but not limited to, the Children’s Internet Protection Act (CIPA), Children’s Online Privacy Protection Act (COPPA), Family Educational Rights and Privacy Act (FERPA), and the California Electronic Communications Privacy Act (CalECPA). Furthermore, the RUP clarifies the educational purpose of District technology resources. As used in this program, “user” includes anyone using computers, Internet, email, and all other forms of electronic communication or equipment provided by the District, regardless of the physical location of the user. “Network” includes but is not limited to the District’s systems, applications, data storage, Internet connections, and Wi-Fi services. The RUP applies even when District provided equipment (laptops, tablets, etc.) is used off District property. Additionally, the RUP applies when non-District owned devices access the District network or sensitive information.

The District uses technology protection measures to block or filter access, as much as reasonably possible, to visual and written depictions that are obscene, pornographic, or harmful to minors over the network. The District can and will monitor users’ online activities and access, review, copy, and store or delete any communications or files and share them with adults, as necessary. Users should have no expectation of privacy regarding their use of District equipment, network, and/or Internet access or files, including email. Users understand that the District has the right to take back possession of District equipment at any time.

The District will take all necessary measures to secure the network against potential cyber security threats. This may include blocking access to District applications, including, but not limited to, email, data management and reporting tools, and other web applications outside the United States.

The RUP also applies to the use of artificial intelligence (AI), including, but not limited to, generative AI tools that can generate content including text, images, video, audio, structures, computer code, synthetic data etc. in response to prompts generated by users.

Application

District-provided technology resources facilitate communications supporting teaching and learning.

The District blends thoughtful use of technology resources throughout the curriculum and provides guidance, instruction, and support to students in its use. To the extent possible, access to technology resources at school is limited to resources evaluated by appropriate District staff before use. While students may be able to move beyond these resources to others not previewed by staff, the District strives to provide guidance to resources suited to learning objectives.

Students utilizing school provided technology resources are responsible for good behavior and proper communication when online just as they are in a classroom or other areas of the school.

Each student account includes a private storage area and access to various shared information. This limited storage space is provided for information created and used in relation to academic pursuits. Images, music, games, and other files not used in instruction or for class-related assignments are not allowed and may be deleted without notice.

Access to technology resources is a right for all students and entails responsibility. To remain eligible as users of these technology resources, a student’s use must be consistent with the District’s educational objectives.

Network Privacy and Guidelines

Students are expected to abide by the accepted principles of network etiquette. These include (but are not limited to) the following:

- 1) Use the technology resources so that you would not disrupt other users’ use of them. Examples include, but are not limited to, damaging computer hardware or software and overloading computer systems or Internet connections.
- 2) Personal information, including Social Security number, date of birth, driver’s license number, address, or phone number or those of other students or colleagues should not be revealed to anyone.

If you see an inappropriate message, do not respond to it, and inform a teacher or staff member immediately.

Students should not expect that information stored on school-based computer systems will always be private. Electronic information, messages and files stored on school-based computers may be treated like school lockers. Administrators may review all information to maintain system integrity and ensure students act responsibly.

School computing devices are to be used for educational purposes only. The Principal determines what is educational. The following uses of school provided technology resources are prohibited:

- 1) access, upload, download, or distribute pornographic, obscene, or sexually explicit material;
- 2) transmit obscene, abusive, or sexually explicit language;
- 3) violate any local, state or federal statute or regulation;
- 4) vandalize, damage, or disable the property of another individual or organization;

- 5) access another individual's username, password materials, information, or files without permission;
- 6) violate copyright laws or otherwise use the intellectual property of another individual or organization without permission.
- 7) access, upload, download, or distribute any non-educational materials.

Computer Trespassing

A person who knowingly or intentionally accesses:

- 1) a computer system;
- 2) a computer network, or
- 3) any part of a computer system or computer network without the consent of the owner of the computer system or computer network, or the consent of the owner's licensee, commits computer trespass in violation of California law.

Consequences

Any violation of the District's policy and rules may result in restriction or loss of access to some or all technology resources. Additional disciplinary action may be determined in keeping with existing procedures and practices regarding inappropriate language or behavior. When and where applicable, law enforcement agencies may be involved.

Responsibilities

The District makes no express or implied warranties of any kind for the technology resources it provides. The District shall not be liable or have any responsibility for any injuries, damages, or expenses of any kind or nature arising directly or indirectly out of technology resources access, including without limitations: (a) loss of data resulting from delays or interruptions in service; (b) the accuracy, nature or quality of information stored on district information systems; (c) the accuracy, nature or quality of information gathered through district-provided Internet access; (d) personal property used to access digital devices, computers or networks or for district-provided Internet access; and (e) financial obligations incurred by any student or user of district-provided Internet access.

While the District's intent is to make technology resources accessible for teaching and learning, students may find ways to access other materials too. Nonetheless, the District believes that the benefits to students access to technology resources outweigh disadvantages.

Outside of school, parents and guardians bear responsibility for the same guidance of Internet and technology use as they exercise with information sources such as television, telephones, radio, movies, and other offensive media. Families should be aware that materials accessible via the Internet and other technology resources may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. In addition, it is possible to purchase certain goods and services via the Internet which could result in unwanted financial obligations for which a student's parents or guardians would be liable.

Personal Devices

Personal wireless devices, such as smartphones, tablets and laptops may be connected to the District's Wi-Fi network. Details can be obtained from the school faculty or administration. The Wi-Fi network is provided to allow personal devices limited access to educational content available on the Internet. All Internet access is filtered as it would be on any District owned computer. Access to the Wi-Fi network requires students to log on using their District User ID and Password. The District reserves the right to amend this program at any time without prior notice and to take actions not expressly addressed in this program as the District, in its discretion, may deem appropriate.

Consequences of Misuse

Failure to uphold the responsibilities listed above is considered misuse. Misuse of District computing devices and networks may result in restricted access. Such misuse may also lead to disciplinary and/or legal action against students, including suspension, expulsion, or criminal prosecution by government authorities.

Disclaimer

Users are responsible for any charges incurred while using District devices and/or the network. The District also denies liability for the accuracy or quality of the information obtained through user access. Any statement accessible online is understood to be the author's individual point of view and not that of the District, its affiliates, or employees. Students under age 18 should only access District network accounts outside of school if a parent or guardian supervises their usage. The student's parent or guardian is responsible for monitoring the minor's use outside of school and for ensuring that the student abides by the Responsible Use Program when using District equipment or the District network.

Summary

All users are responsible for practicing positive digital citizenship. Positive digital citizenship includes appropriate behavior and contributions on websites, social media, discussion boards, media sharing sites and all other electronic communications, including modern technology. It is important to be honest in all digital communications without disclosing sensitive personal information. What District community members do, and post online must not disrupt school activities or otherwise compromise individual and school community safety and security.

Glossary

Access: interaction with a computer system or computer network

- (1) approach;
- (2) instruct;
- (3) communicate with;
- (4) store data in;
- (5) retrieve data from; or
- (6) make use of resources of; a digital device, computer, computer system, or computer network.

Computer Network: the interconnection of communication lines or wireless telecommunications with a computer or wireless telecommunication device through:

- (1) remote terminals;

- (2) a complex consisting of two (2) or more interconnected computers; or
- (3) a worldwide collection of interconnected networks operating as the Internet.

Computer System: a set of related computer equipment, software, or hardware.

GPS

Global Positioning Systems (GPS) features may exist in some educational technology used by students. The district may use GPS to track district owned equipment. Additionally, some software used for instruction may collect GPS information.

Bring Your Own Device Guidelines

Definition

Bring Your Own Device (BYOD) allows students to bring and use their own personal electronic devices at school in lieu of using a district device. Devices include but may not be limited to: tablets (such as iPad), Chromebooks, laptops, smartphones and eReaders. With teacher approval, students may use their devices in the classroom to access and save information from the Internet, collaborate with other learners, and utilize productivity tools available to them. The choice to bring and use a personal electronic device belongs to the parent or guardian. No student is required to bring a personal device. A district device shall be provided to any student that does not opt to use a personal device for any school activity that requires the use of technology.

Purpose

The BYOD program is designed to help students practice responsible use of technology at school as well as learn about ways to use computing devices for productivity, time management, research, and creativity. Helping students become responsible digital citizens will enhance not only what we do in the classroom, but also give students authentic experiences towards meeting the 5 aspects of LBUSD's Graduate Profile (College and Career-Ready Scholar, Critical and Innovative Problem Solver, Adaptable and Productive Citizen, Ethical Decision Maker, Effective Communicator and Collaborator).

Bring Your Own Device

LBUSD offers filtered and managed wireless access. This means that the LBUSD is compliant with federal regulations requiring districts to restrict student access to websites or other Internet resources that are not appropriate for minors based on content or commercial interests requiring students to divulge personal information. Students in grades K-12 may bring a supported personal computing device to school. Uses in the classroom are for educational purposes and are subject to individual teacher approval.

Guidelines

When using a student owned device, students need to expand the concept of their school community to the community they will be interacting with online. Appropriate use of devices and rules concerning devices apply from the time the student leaves for school until the time they arrive home. Devices may not be used to disrupt the educational environment or violate the rights

of others. Using the device to cheat, violate school conduct rules, harass/bully students or staff, or using the device for unlawful purposes could result in confiscation of the student owned device by a teacher or administrator. Student may also be subject to disciplinary action. Serious offenses will be reported to the local authorities. Recording the voice or image of another in any way that disrupts the educational environment, invades the privacy of others, or is made without the consent of the individuals being recorded is prohibited. Devices recording the voice or image of another to take, transfer, or share any audio, video, or photographs that reveal parts of the body (ordinarily covered by clothing) is prohibited. The possession of pornographic images or video on any electronic device is prohibited.

Responsibility for Devices

- The electronic devices that students bring to school are their sole responsibility.
- The campus or district assumes no responsibility for personal devices if they are lost, loaned, damaged, or stolen. Only limited resources will be spent to locate lost or stolen items.
- Personal devices may be subject to investigation and confiscation in accordance with District Policy.
- According to Penal Code Section 1546.1(c), the search of an electronic device is only permitted if the user provides consent, if a search warrant has been issued or if there is an emergency involving danger of death or serious physical injury.
- Students are expected to keep their devices secure at all times.
- Students are expected to exhibit digital responsibility and follow the LBUSD Responsible Use Program while using technology.
- Use of technology is a privilege, not a right. This privilege can be revoked.

Duties of Pupils

Every teacher in the public schools shall hold pupils to a strict account for their conduct on the way to and from school, on the playgrounds, or during recess. Pupils must conform to school regulations, obey all directions, be diligent in study and respectful to teachers and others in authority and refrain from the use of profane and vulgar language.

Electronic Signaling Device—48901.5(a)

The Education Code authorizes schools to regulate the possession or use of any electronic signaling device, including cell phones and pagers.

Asbestos Requirements

The federal Asbestos Hazard Emergency Response Act (AHERA) requires all districts to assess their schools for asbestos-containing building materials, and once identified, to submit a detailed management plan for monitoring these substances until they are abated.

Each site within the district will have a copy of the Management

Plan for that particular site in the main office. Other copies of the publication may be obtained from the Environmental Health and Safety Office in the Maintenance Branch for a nominal fee.

The lead custodian and operations staff at each site has received training about the presence of these materials on campus and his or her responsibilities to observe its condition and possible deterioration. At any time a friable “crumbling” condition exists, or a condition differs from that reported within the Management Plan, staff will immediately notify the Environmental Health and Safety (EH&S) Office at the Maintenance Branch.

The EH&S Office also retains licensed third-party Environmental Firms to perform six-month inspections at each site. The district’s goal is to remove all asbestos-containing material from every site. The district will prioritize known asbestos and abate it as conditions warrant.

For information, contact the Environmental Health and Safety Office at (562) 997-7547.

Student Accident Insurance

The Long Beach Unified School District does not carry medical or dental insurance for students injured on school premises or through school activities. Consequently, the Board of Education has arranged a program of student accident insurance to be offered through Myers-Stevens & Toohey & Co., Inc., which will help in the payment of such bills should an accident occur and be in excess of any other valid insurance that may apply. Coverage for illness as well as accident is available as an option. Two plans

are offered: the school-time protection plan or the full-time plan, with three choices of coverage levels.

The insurance program offered is optional, is at the parents’ expense, and is authorized by the California Education Code, which permits distribution of necessary information from the company providing the coverage.

School Safety Comprehensive Plan -- EC 32280 et seq.

Each Long Beach Unified School District school site has a comprehensive school safety plan, which combines the emergency operations plan for possible emergencies and the safe school plan to promote a safe and secure school setting. Standardized emergency procedures and security and protective measures are in place. Teachers review safety instructions with students and emergency drills are practiced regularly. Plans are updated annually and copies can be reviewed at each school.

Safe Bus Riding Rules

For students’ safety, the following bus riding rules have been established:

1. Leave home early enough to arrive at your school bus stop on time. Do not arrive too early.
2. Wait for your school bus quietly and in a safe place well off the road.
3. Follow the instructions of your bus driver without argument or delay.
4. Remain in your seat while your school bus is in motion. Refrain from loud talking or shouting, eating food or playing radios.

About Language Acquisition Programs and Language Programs

Program Type	Characteristics
Language Acquisition Program (English Learners)	<p>The California Code of Regulations section 11309 requires that any language acquisition program provided by a school, district, or county shall:</p> <ul style="list-style-type: none"> • Be designed using evidence-based research and include Designated and Integrated English Language Development; • Be allocated sufficient resources by the local educational agency to be effectively implemented, including, but not limited, to certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent and community engagement to support the proposed program goals; and • Within a reasonable period of time, lead to: <ul style="list-style-type: none"> ✓Grade-level proficiency in English, and, when the program model includes instruction in another language, proficiency in that other language; and ✓Achievement of the state-adopted academic content standards in English, and, when the program model includes instruction in another language, achievement of state-adopted academic content standards in that other language.
Language Program (non-English Learners)	<ul style="list-style-type: none"> • Language programs offered students who are not English learners opportunities to be instructed in languages other than English • May lead to proficiency in languages other than English

Parent and Community Engagement

Parents may provide input regarding language and language acquisition programs in LBUSD or to be considered by the district during the development of the Local Control and Accountability Plan (EC Section 52062). If interested in a different program from those listed above, please contact the Office of Curriculum, Instruction & Professional Development at (562) 997-8025 to ask about the process.

For more information, please visit the LBUSD website: lbschools.net. A-Z Index: “L” > Language Acquisition Programs.

5. Help to keep your school bus clean.
6. Keep your head and arms inside the school bus at all times.
7. Be courteous to your school bus driver, school personnel and fellow passengers.
8. Be alert for traffic when leaving the school bus.

Student conduct on the bus is governed by the same discipline code as in school. A violation of these basic safe riding rules may result in suspension from school or the bus. Questions regarding student transportation should be directed to the school your child attends.

Academic and Career Success for All Students Initiative

The Academic and Career Success for All Students Initiative was approved unanimously by the Board of Education to enhance, expand and better coordinate the many learning opportunities available to students in local schools.

At the heart of the initiative is the enhancement of the school district's partnership between LBUSD, Long Beach City College and California State University Long Beach. Enhancements to this effort include:

- Collaborating with LBCC and CSULB to establish criteria for guaranteed college admission, helping students meet those criteria, identifying various college pathways for students, and providing support to students during college.
- Aligning the higher education initiatives with career technical education to make certain that students have as many post-high school options as possible.

The Academic and Career Success Initiative includes many other integrated efforts. The following are among the most critical elements:

College "A-G" Courses Awareness, Access and Completion - The "A-G" courses are a sequence of high school courses that students must complete, with a grade of C or better, to earn minimum eligibility for admission to California State University and the University of California (see "Course of Study" below for details). Students and parents will be made aware of these requirements beginning in sixth grade, and the school district will provide a written notice to parents of students in grades 8-12 annually.

College and Career Awareness and Enrichment - Beginning in the upper elementary grades, schools will provide students with college and career exposure that will continue through high school. Coursework will incorporate real-life and relevant activities so that students see a stronger connection between school and the real world.

Early Algebra Readiness and Completion - For many students, algebra is one of the toughest requirements needed to graduate from LBUSD and be eligible for entrance into most colleges. The goal in local middle schools is for more students to complete Algebra with a grade of "C" or better.

Advanced Placement Course Availability - Advanced Placement courses prepare students for the rigor of college

and save parents thousands of dollars in tuition by helping students earn college credit in high school. Additional training for teachers and extra support for students will help expand enrollment in these courses.

Enhanced Counseling - Counselors now provide stronger support services to meet the academic, career and personal needs of all students, including those requiring more intense services. Beginning in middle school, every student will have at least one meeting with their counselor annually.

Parent Outreach - Parents play a critical role in the academic and career success of students. The school district is committed to educating parents about the programs available to their children, requirements for graduation and college eligibility, the options available after high school, and much more.

Enhanced Interventions - Academic interventions are the steps taken to assist students who need extra help. The school district will evaluate and monitor interventions more systematically, and use effective interventions more frequently.

Course of Study

One important part of the Academic and Career Success Initiative is to inform parents about the options that their children have after high school. Below are several resources on college admissions and career technical education (CTE).

College Admissions

The Subject Requirements, more commonly referred to as the "a-g" subject requirements, is one requirement students must meet to enter UC or CSU as a freshman. Specifically, students must complete a pattern of 15 college-preparatory courses drawn from the areas of history/social science, English, math, lab science, a language other than English, the visual and performing arts, and the college preparatory elective. Each subject area or requirement is labeled with a letter to easily identify the different course requirements.

The courses from each high school used to satisfy the "a-g" subject requirements must be certified by UC and appear on the school's "a-g" course list. These courses are to be academically challenging, involving substantial reading, writing problems and laboratory work, and show serious attention to analytical thinking, factual content and developing students' oral and listening skills.

Career Technical Education

CTE engages all students in a dynamic and integrated learning experience resulting in mastery of the technical skills and academic knowledge necessary to become productive, contributing members of society. CTE courses offer rigorous, integrat-

ed, technical and academic content focused on careers that are intrinsically interesting to students delivered through applied performance- and project-based teaching strategies that facilitate understanding and mastery. With the sequence of CTE courses, students are able to make a stronger connection between school and the real world. Making this connection often increases students' interest in school and motivating them to go on to college and/or pursue a particular career.

For more information about CTE courses go to the Career Technical Education and Linked Learning on the district webpage or go to www.cde.ca.gov/ci/ct.

Counseling Support

Students are encouraged to meet with their counselors about fulfilling graduation requirements, choosing courses that satisfy the A-G / College Entrance Requirements, and selecting CTE courses that will meet graduation and/or college entrance requirements.

Cal Grants

A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

In order to assist students apply for financial aid, all students in grade 12 are automatically considered a Cal Grant applicant and each grade 12 student's GPA will be submitted to the California Student Aid Commission (CASC) electronically by a school or school district official. A student, or the parent/guardian of a student under 18 years of age, may complete a form to indicate that he/she does not wish for the school to electronically send CASC the student's GPA. Until a student turns 18 years of age, only the parent/guardian may opt out the student. Once a student turns 18 years of age, only the student may opt himself/herself out, and can opt in if the parent/guardian had previously decided to opt out the student. Grade 12 students' GPAs will be sent to CASC.

Curriculum Guidelines

Schools adhere to rigorous local and state academic standards. A summary of academic standards and curriculum is available upon request for review at each school. Additional information is available on the school district's website at www.lbschools.net under Academic Standards as well as under subject areas.

Promotion, Retention and Intervention Guidelines

Promotion and Retention

In 1996, the Board of Education approved the first of the educational improvement measures related to promotion and retention. Since then, a series of policies have become part of the district's overall plan to improve student achievement by requiring students to meet minimum criteria in reading and mathematics.

Purpose

The promotion and retention policy ensures that all students acquire essential skills and attain high standards in academi-

ic achievement. At all grade levels from second through fifth grades, promotion criteria have been established requiring students to attain minimum levels of academic achievement prior to advancing to the next grade level.

Expectation

For a student to be considered for retention, the following criteria must be met:

The student has not met minimum levels of proficiency in multiple measures that include historical and diagnostic data:

- Two or more levels below in Reading (Gr. 2-5) and Math (Gr. 4-5) as measured by iReady and classroom assessments
- EL Students have participated in designated ELD for 30 minutes daily.

Students at risk of retention will receive intensive support with interventions and monitoring by site staff. A conference will be held with parents to share the student's current academic interventions and progress of the interventions. English Language Development instruction (30 min. daily) will be provided to English learners. If progress is not made with the provided interventions, the site team, including parents/guardians, will determine if the retention is upheld.

Retention at Grade 2

Second grade students who do not demonstrate minimum levels of proficiency in reading by the end of grade 2 will be recommended for retention.

Retention at Grade 3

Third grade students who do not demonstrate minimum levels of proficiency by the end of grade 3 will be recommended for retention.

Retention at Grade 4

Fourth grade students who do not demonstrate minimum levels of proficiency in reading, English language arts and mathematics by the end of grade 4 will be recommended for retention.

Retention at Grade 5

Fifth grade students who do not demonstrate minimum levels of proficiency in reading, English language arts and mathematics by the end of grade 5 will be recommended for retention.

Interventions

Interventions at Grades 1-5

Parents should always refer to their student's achievement report to monitor progress. Parents will be notified during regularly scheduled parent conferences and special conferences as needed. Letters are sent home notifying parents that their child is not performing at grade level or at risk of retention. Students at risk of retention may be offered school-based supplemental instruction.

When students are not performing at grade level according to district assessments, they will be offered site-specific supplemental instruction such as intensive small group instruction in reading and mathematics, after school tutoring or support from a literacy teacher. All schools will give students the maximum

opportunity to be successful. Parents will be expected to provide support at home and will be provided with parent education opportunities to learn how to support children at home.

Interventions at Grades 6-8

Sixth through eighth grade students who on multiple indicators are determined at-risk of not meeting the High School Readiness indicators will be provided appropriate interventions which may include a two-period language arts program or a mathematical intervention program.

Interventions at Grades 9-10

Ninth and tenth grade students who, on multiple indicators, are determined off track for not meeting college and career-ready criteria may be enrolled in a literacy or ELD intervention course in addition to the grade-level English course and/or enrolled in a double-block Algebra course. These intervention courses provide the support needed to accelerate students to achieve grade-level standards.

Parent notification of and involvement in prescribed intervention and/or retention programs are required by Education Code 48070.5 (e). The support and approval of parents/guardians are extremely important to a student's success; however, in cases of retention, the final decision shall be that of school authorities.

High School Graduation Requirements

The high school graduation requirements for the Class of 2024 include (1) the successful completion of the required course of study which includes the completion of a minimum of 220 credits in grades 9-12. Students must complete 220 credits as follows: 40 credits of English, 30 credits of History/Social Science, 40 credits of Mathematics (including the successful completion of Algebra 1), 20 credits of Science (including biological and physical sciences), 10 credits of Visual/Performing Arts or World Language, 20 credits of Physical Education, and 60 credits of approved electives.

While encouraged to take rigorous "a-g" eligible college preparatory courses in their junior and senior years, students may take applied math courses aligned to a career pathway/industry need to meet the third and fourth year math graduation requirement. At least one or a combination of math courses required for completion in grades 9-12 shall meet or exceed state academic content standards for Algebra 1.

Foster Youth Exemption from Local Graduation Requirements - EC 48853, 49069, and 51225.2

Foster and homeless youth are allowed educational rights, such as: immediate enrollment, remain in school of origin, enrollment in local comprehensive school, partial credits, graduation with state minimum requirements with possible fifth year/exemption from local graduation requirements, and access to academic resources, services and extracurricular activities. A local educational agency must provide a remedy to the affected pupil following the Uniform Complaint Procedures, including information regarding exemption from local graduation requirements, if educational rights are not allowed at the public high school.

Supplemental instruction is offered to students in grades nine through twelve who do not demonstrate "sufficient progress" in meeting college and career ready indicators. In addition, students have opportunities to make up credits for courses that they have failed through on-site or credit recovery and Summer School.

Students planning to go to college are may be required to complete additional courses beyond that approved for high school graduation. The "a-g" college entrance courses are a sequence of high school courses that students must complete, with a grade of "C" or better, to earn minimum eligibility for admission to California State University and the University of California. See the "Course of Study" section for further details.

Coursework and Graduation Requirements: Children of Military Families – EC 51225.1 and 51225.2

If you are a military family, your child may qualify to be exempted from local graduation coursework requirements that are beyond the California state requirements. Please make an appointment with the school counselor to review your child's options for graduation. All coursework that was completed at another school outside of the Long Beach Unified School District will be issued full or partial credit. You may reach the counselor at the school.

Coursework and Graduation Requirements: Migrant and Newly Arrived Immigrant Pupils – EC 51225.1 and 51225.2

A migrant student, or newly arrived immigrant student participating in a newcomer program who transfers into the district any time after completing the second year of high school shall be required to complete all graduation requirements specified in Education Code 51225.3 but shall be exempt from any additional district-adopted graduation requirements, unless the Superintendent or designee makes a finding that the student is reasonably able to complete the requirements in time to graduate by the end of the fourth year of high school. Within 30 days of the transfer, any such student shall be notified of the availability of the exemption and whether the student qualifies for it.

Extended School Year – Migrant Education – EC 41601.6

Students who are identified as a "migrant child" in grades TK-6 may be allowed to enroll in two public schools during summer, winter or other intersessions – both the school in which they last attended and the next intended school to be entered upon the migration with parents from one agricultural work site to another.

Retroactive Grant of High School Diplomas: Departed and Deported Pupils - EC 51430

The governing board of the Long Beach Unified School District may award a diploma to any student who may have been deported outside the U.S., if in good standing after completing the second year of high school. Any transfer credits from outside the U.S. will be considered as completion through online or foreign classes.

Competitive Athletes Seeking Higher Education Athletic Programs - EC 67455

Under state law, students who witness or are the victim of any

wrongdoing condoned by the higher education athletic organization, have a right to make a report, file, or otherwise assist the reporting of any violation of student athlete rights involving the program, participants or staff. This right to make such reports is guaranteed by the “Student Athlete Bill of Rights” and may not result in retribution or removal of any benefits if the report has been made in good faith and truthfulness.

Homework Plan Involves Three Crucial Partners

The Long Beach Unified School District’s carefully designed homework plan can contribute to your child’s success in school. To attain the greatest gains in learning, the homework plan needs the full participation and cooperation of three very important persons: the student, the parent and the teacher.

Wise parents create in the home a positive, encouraging atmosphere for study. Pupils who approach homework with a “can-do” attitude learn more. Working closely with the parent and pupil, the teacher assigns appropriate homework to reinforce learning taking place at school. Active participation of parents in this three-way partnership can produce lasting benefits for children: improved study habits, self discipline, higher achievement and a personal sense of accomplishment. These skills and successes equip students for the future.

The amount of time required to complete any given assignment will vary among students. The following guidelines are suggested. Students who finish more quickly should be encouraged to do recreational reading.

Homework Guidelines

<i>Grade</i>	<i>Suggested Average Daily Minutes</i>
Kdg	15-30 minutes
Gr. 1.	20-30 minutes
Gr. 2.	20-40 minutes
Gr. 3.	30-50 minutes
Gr. 4.	40-60 minutes
Gr. 5.	45-60 minutes
Gr. 6.	60 minutes
Gr. 7-8.	60-75 minutes
Gr. 9-12.	Will vary based on courses

Library Materials

Reference materials, books, magazines, online resources, etc. are available in the school library for student use. Many of these items may be checked out for use away from the school site. It is the responsibility of the student to return these materials when due and in the same condition as when they were checked out. The student, or their parents, will be responsible for paying the purchase price (or, if unavailable, the average replacement cost) for lost or damaged materials.

Language Acquisition Programs

Long Beach Unified School District offers the following language and language acquisition programs for student enrollment. Parents/Guardians may choose a language acquisition program that best suits their child (EC Section 310 [a]).

Language Acquisition Programs

We are required to provide Structured English Immersion (SEI) program option. If you choose this option, your child will be placed in a classroom that uses mostly English for instruction. (See the description below).

Description of Language Acquisition Programs

A description of the language acquisition programs provided in the Long Beach Unified School District are listed below. Please select the program that best suits your child. (20 U.S.C. Section 6312 [e] [3] [A] [iii], [v]; EC Section 306 [c])

Structured English Immersion (SEI) Program: A language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. At minimum, students are offered ELD and access to grade level academic subject matter content.

Dual-Language Immersion (DLI) Program: Also referred to as Two-Way Immersion. A language acquisition program that provides language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding. This program begins in kindergarten (K) and continues through eighth grade.

Heritage Language Program: Language acquisition program for English learners that provide instruction to pupils utilizing English and pupil’s native language for literacy and academic instruction, enabling non-English speakers or students who have weak literacy skills in their native language to achieve language proficiency and meet academic achievement goals. This program is designed for sixth through eighth and ninth through twelfth grades.

How to Enroll Your Child in a Language Acquisition Program

To enroll your child in a language acquisition program, submit the attached form to the office at the school where the child is currently enrolled. You may also make a verbal request that the form be completed for you by school personnel. A waiver is no longer required.

How to Request the Establishment of a New Program at a School

Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a].)
