

Grand River Academy®

About Us

activate his...

Grand River Academy® is an all-boys boarding and day school for grades 8-12/PG that helps young men ignite their academic, social, and emotional potential while paving the way for life-long success. Less than an hour east of Cleveland, GRA provides a close-knit and supportive community for our students to help them define, affirm, and cultivate their learning experience.

At GRA, we encourage students to be themselves and provide the structure and opportunities for them to become self-aware, productive, and engaged individuals. We strive to activate each student's passion for learning, providing the tools they need to be successful at GRA and beyond.

Grand River Academy® Academics

activate his...

The key to an all-boys boarding school is having faculty who understand the best instructional methods for engaging the male mind. Not every student learns the same way. Evidence based research helps the faculty to understand and incorporate the most effective learning strategies for an all-boys classroom.

Grand River Academy® believes that any student can thrive in the right environment. We guide every young man who comes to GRA with the support and tools necessary to reach his full potential academically, socially and emotionally. Designed specifically for boys, we consider our college preparatory school as an avenue for developing successful young men throughout all aspects of life.

Grand River Academy® Athletics

activate his...

determination

The mission of the GRA athletic program is to help encourage and educate our student-athletes in becoming responsible young men on and off the field. We work with all levels, from beginner to experienced players. We believe that athletics and competition have the power to grow students into more diverse, well-rounded individuals, enabling them to discover their character and activate their full potential.

...perseverance

Grand River Academy® offers baseball, basketball, weight-training, soccer, and tennis recreationally and as team sports.
