P-3
Early Education Administrator Institute

This dynamic two-day institute, hosted by the San Diego County Office of Education (SDCOE) P-3 team, is specifically designed for early education administrators and center-based site leaders. The session focuses on understanding the role of the early education administrator and site leader within the P-3 system, enhancing leadership capabilities, partnering with Local Education Agencies (LEAs), and effectively leading staff. Participants will gain practical skills and insights into building staff capacity, fostering family and community partnerships, and developing strong leadership qualities.

The institute offers a comprehensive program that includes creating personalized action plans for immediate implementation.
