		numbers, exponents and scientific notation.

Department: Mathematics

Course Name: Accelerated Math 7		
Course:	003322	Description:
State Course:	02074	Students work with linear equations in one and two variables, deepen their understanding of proportional relationships and express linear relationships using equations, tables, and graphs. Students encounter irrational numbers and the Pythagorean Theorem.
Total Credits:	2.0000	
Grading Template:	K8GAC	

Department: Mathematics

Course Name: Grade 7 Algebra 1		
Course:	003323	Description:
State Course:	02052	7th grade math content infused with Keystone Algebra 1 including patterns, variables, functions, slope, graphing and solving linear and quadratic equations, the number system, ratios and proportional relationships, geometry, statistics and probability.
Total Credits:	2.0000	
Grading Template:	K8GAC	

Department: Mathematics
