

RSD17 COVID-19 Policy and Regulations Addendum 2020-21

Student/Parent Notice

The Regional School District 17 Board of Education recognizes that the COVID-19 pandemic has prompted changes in laws, rules and guidance that both affect Board policy and school district operation, and require the Board and the administration of RSD 17 Schools to implement certain changes consistent with such laws, rules and guidance.

In light of these circumstances, it is the policy of the Board to provide for temporary amendments to certain existing Board policies and administrative regulations, and to enact or authorize Board policies and administrative regulations on new topics, to the extent appropriate and/or required by applicable laws, rules and guidance regarding the COVID-19 pandemic. Such amendments and additions are guided by the need to (1) safeguard the health and safety of students and staff while continuing to educate students in accordance with state law; (2) adhere to all applicable laws, rules and guidance; and (3) preserve flexibility for the Board and the Administration to account for further changes related to the COVID-19 pandemic. The changes or additions to current RSD17 policy language are highlight in red in this addendum.

The Board recognizes the importance of developing health and safety protocols to protect the health and safety of students, staff, and the community during the COVID-19 pandemic. Compliance with such protocols shall be mandatory for all individuals while on school property or participating in a school-sponsored activity, unless a legally recognized exemption or exception applies. Failure to comply with such health and safety protocols may lead to disciplinary action for students and staff, and exclusion from school property or the school-sponsored activity for members of the community, in accordance with applicable laws, rules, regulations, and/or Board policies.

The COVID-19 Policies and Regulations shall remain in effect up to and including June 30, 2021, unless otherwise noted in the individual policy or unless the Board or the Administration (as appropriate) shortens or extends the term of any COVID-19 Policy and Regulation through appropriate Board or administrative action. Absent any further Board or administrative action (as appropriate), effective July 1, 2021, the COVID-19 Policies and Regulations shall be repealed automatically and the Board's policies and administrative regulations in effect prior to the enactment of the COVID-19 Policies and Regulations shall be reinstated.

Use of Schools Facilities (Series 1000, Policy #1330)

Due to the COVID-19 pandemic, the Superintendent may limit or restrict the use of school facilities by community and other groups based on the guidance of federal, state, and local health authorities and consistent with applicable law.

In order to use school district facilities, any organization or individual requesting such use must agree to abide by all health and safety protocols in place by the school district at the time of use, including but not limited to protocols relating to cleaning of the facilities, signage, and health screenings of individuals requesting access to the facilities.

Visitors in Schools (Series 1000 Policy #1250)

Upon arrival, all visitors must comply with any and all applicable building security procedures, including but not limited to utilizing security buzzers for access, complying with requests for photo identification, reporting directly to and signing in and out at the visitors’ reception area of the school office, prominently displaying visitors’ badges or other identification required for visitors to the school buildings, limiting access to those areas of the buildings and grounds for which the visitors/observers have authorized access, and complying with directives of school officials at all times. *All visitors permitted into school buildings or on school grounds must comply with all school health and safety protocols in place at the time, including any health screening protocols. Due to the COVID-19 pandemic, the Board may limit or restrict visitors based on the guidance of federal, state, and local health authorities*

School Volunteers, Student Interns and Other Non-Employees (Series 1000, Policies 1110.1 & 1212)

All school volunteers (including student interns or other non-employee working in the schools) must be approved in advance by the building principal or other administrative designee. The school district, acting through the appropriate building administrator or his/her designee, reserves the right to discontinue or disallow the services of any volunteer at any time at the discretion of the administration. *All volunteers must comply with all school health and safety protocols in place at the time, including any health screening protocols. Due to the COVID-19 pandemic, the Board may limit or restrict volunteers based on the guidance of federal, state, and local health authorities.*

Student Attendance, Truancy and Chronic Absenteeism (Series 5000, Policy 5113)

The Board will comply with any and all guidance issued by the State Department of Education regarding attendance requirements, including during periods of hybrid/remote learning, and regarding attendance requirements of students who choose not to participate.

Additional changes to this policy may be necessary if additional guidance from the State Department of Education is released.

The first nine (9) days of absence will be excused upon receipt of a signed note from the student’s parent/guardian, a signed note from a school official that spoke in person with the parent/guardian regarding the absence, or a note confirming the absence by the school nurse or by a licensed medical professional, as appropriate. *For any absence due to student illness, the signed note must include the specific symptom(s) exhibited by the student so that the District can monitor trends that would suggest the spread of COVID-19.*

Health Assessments/Screenings and Oral Health Assessments (Series 5000, Policy 5141.3)

Required Health Assessments

The Board recognizes that, due to the COVID-19 pandemic, “well” child appointments (“Health Appointments”) with qualified health care practitioners have been subject to cancelation and may be limited in availability prior to and during the 2020-2021 school year. Due to the unavailability of Health Appointments, there may be barriers for a student to obtain a required health assessment even if the student’s parents or guardians make every attempt to schedule the Health Appointment.

The Board is permitted to deny attendance to a student who fails to obtain health assessments required by law and Board policy. However, during the 2020-2021 school year given the unavailability of Health Appointments due to the COVID-19 pandemic, the Board is prioritizing keeping students in school where possible. The Board recognizes that being present in the classroom is especially important during the 2020-2021 school year due to the cancellation of classes in the spring of the 2019-2020 school year. Accordingly, the District administration, when appropriate, will work with parents and guardians to have a Health Appointment scheduled as soon as possible rather than deny attendance to a student. In addition, as set forth herein, the Board has provided for temporary flexibility regarding the submission of required health assessments in light of the COVID-19 pandemic.

Prior to enrollment in the District *or as soon as possible thereafter*, each student must undergo a health and oral health assessment *in grade seven and in grade ten*.

Student Discipline (Series 5000, Policy 5131a)

For purposes of this policy, references to “school” and “classroom” shall include physical educational environments, as well as virtual educational environments, whether synchronous or asynchronous, which occur on Internet-based platforms that allow students to engage in remote learning.

Actions Leading to Disciplinary Action, including Removal from Class, Suspension and/or Expulsion:

Acting in any manner that creates a health and/or safety hazard for staff members, students, or the public, regardless of whether the conduct is intended as a joke, including but not limited to violating school or district health and safety protocols developed in connection with the COVID-19 pandemic, such as, but not limited to, physical distancing and mask-wearing requirements is prohibited.

Hearing Notice and Rights of the Student and Parent(s)/Guardian(s) and Hearing Procedures

If a hearing regarding suspension and/or expulsion is to take place, the date, time, place and nature of the hearing, including whether the hearing will be held virtually via video conference, will be communicated.

The hearing may be conducted virtually, via video conference, at the direction of the Board, in the event school buildings are closed to students, or if individuals are provided limited access to school buildings as a result of the COVID-19 pandemic. Any virtual hearing must provide the student his or her due process rights.

Transportation (Series 3000, Policy 3541)

Parents and/or guardians are responsible for ensuring the safety of their children up until the point when students board the school bus or other school-provided transportation, and after students get off the bus after school. This responsibility includes the selection of walking routes to/from any bus stop and/or the school building and the provision of supervision that is appropriate to the student's age, maturity and conditions along the walking route and/or at the bus stop at all times. *Compliance is required with COVID-19 related safety precautions, including, but not limited to the requirement of wearing a mask/face-covering to board the bus and for the duration of the bus ride.*

Given that bus pick up times may vary, the Board expects that parents and/or guardians will ensure that their children arrive at the bus stop in advance of any scheduled pick up time. *Bus pick up/drop off times and routes may change during the school year in connection with the COVID-19 pandemic and changing public health conditions. The Board will notify all parents and guardians in advance of such changes.*

Student Use of the District's Computer Systems and Internet Safety (Series 6000, Policy 6141.321)

During the COVID-19 pandemic, the Board and the Administration recognize that technology is integral to the delivery of instruction if the district implements any form of digital or remote learning. The district may therefore provide students with remote access to some or all of the district's computer systems so that students may access the district's virtual learning environment. Such access, if granted, is provided solely for education-related purposes. Use of the district's computer systems will be allowed only for students who comply with district policies and procedures concerning computer system use, and demonstrate the ability to use the computer systems in a considerate and responsible manner.

These computer systems are expensive to purchase, install and maintain. As the property of the district, these computer systems must be carefully handled and their integrity preserved for the benefit of all. Therefore, students will be required to adhere to a set of policies and procedures. Violations may lead to withdrawal of the access privilege and/or disciplinary measures in accordance with the Board's student discipline policy.

Students are prohibited from:

Sending any form of a harassing, threatening, or intimidating message, at any time, to any person (such communications may also be a crime).

Accessing or attempting to access any material that is obscene, *obscene as to minors*, or contains child pornography.

The Administration will take measures to assure the **digital** safety and security of students when using e-mail, chat rooms, **distance learning platforms**, and other forms of direct electronic communications; to prohibit unauthorized access, including “hacking” and other unlawful activities by minors online; to prohibit unauthorized disclosure, use, and dissemination of personally identifiable information regarding students; to educate minor students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber-bullying awareness and response; and to restrict students’ access to online materials **that are obscene or obscene as to minors or contain child pornography, to the extent practicable when students are using Board-owned computers or devices and Board-provided Internet access.**

Conn. Gen. Stat. § 53a-193

Use of Private Technology Devices by Students (Series 6000, Policy 6141.321)

The Regional School District No.17 Board of Education may permit students, using their privately owned technology devices, to access the Board’s computers and instructional technologies; communications and data management systems; informational technologies and the Internet; and any other technology resources used by the school district and accessible by students. Additionally, it is the expectation of the Board of Education that students who access these resources while using privately-owned technology devices will act at all times appropriately in ways which are fully in accord with applicable policies concerning technology use as well as all local, state, and federal laws.

The Board technology resources shall only be used to access educational information and to promote learning activities both at home and at school. Students are expected to act at all times appropriately in ways which are fully in accord with applicable policies concerning technology use as well as all local, state, and federal laws when using the Board technology resources. Failure to do so will result in the consequences outlined herein and in other applicable policies (including, but not limited to, the Safe School Climate Plan, the Student Discipline Policy and the Use of Computers Policy).

Privately-owned technological devices may not be used during instructional time, except as specifically permitted by instructional staff **or unless necessary for a student to access the district’s digital learning platform or otherwise engage in remote learning during the COVID-19 pandemic.**

On school property, at a school-sponsored activity, while in use for a remote learning activity, or while being used to access or utilize the Board’s technology resources, the use of any such device for an improper purpose is prohibited.

A student’s privately owned technological device may be searched **if the device is on Board property or in a student’s possession at a school-sponsored activity and** if there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. Any such search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the age and gender of the student and the nature of the infraction.

Students are responsible for the safety and use of their privately owned technological devices. If a privately owned technology device is stolen, lost, or damaged **while the device is on school property or during a school-sponsored activity**, a report should be made to the building principal, who will

investigate the loss in a manner consistent with procedures for stolen or damaged personal property. Students and parents should be aware that the Board is not liable for any privately-owned technological device that is stolen, lost, or damaged
