2026 Graduation Report

2026-2027 District Goals

Proposed District Goal #1

Goal: Expand choice-driven and authentic learning experiences to increase engagement and support the diverse needs and interests of all learners.

Subgoals:

- Increase student choice and integrate authentic, real-world learning experiences into classroom instruction, using student feedback to guide instructional adjustments.
- Expand post-secondary pathway experiences by increasing student access to college credit, credential, and certification opportunities.

Proposed District Goal #2

Goal: Cultivate a learning environment where technology is purposely integrated to enhance teaching and learning, empowering students with the digital literacy and self-regulation skills for responsible use.

Subgoals:

- Provide teachers with professional development opportunities and feedback centered around purposeful use of instructional technology.
- Students learn about and demonstrate appropriate technology use.

Proposed District Goal #3

Goal: Strengthen a positive, inclusive, and connected school culture by fostering strong relationships, promoting participation, and ensuring that all members of our school community feel safe, respected, and supported.

Subgoals:

- Assess and improve students' feelings of connectedness
- Continue to expand culture and climate offerings for students
- Continue to expand culture and climate offerings for faculty and staff
