CIP Program Code Added

Summary

The code for the Semiconductor Manufacturing Technology/Technician CIP program was added to SchoolTool. If the program is added to any students, the code will be included in the NYS Data Warehouse Programs Fact extract.

Details

The code for Semiconductor Manufacturing Technology/Technician was added to SchoolTool. This can be activated in **Maintenance > Census > CIP Programs**. Once it is activated, it can be used when adding a CIP program service to students. If the program is added to any students, the code will be included in the NYS Data Warehouse Programs Fact extract.

Program	Code
Semiconductor Manufacturing Technology/Technician	150616
