Instruction

Remedial Instruction

The learning program shall be designed and operated so as to be developmental and to avoid the necessity for remedial education. Through personalized instructional methods and the employment of a variety of resources such as guidance and counseling, efforts shall be made to help each student learn the skills, concepts, or content of each new learning experience.

However, in those required cases, special remedial instruction and extra help will be provided and made available.

(cf. 6154 - Homework/Make-up Work/Assignments re Individual Help)

(cf. 6174 - Summer School)
