The following questions have been received for Lennox bid #2026.3 470 #270001341
by the due date of 10/15

Question 1

Please confirm the following: The RFP states on page 2 that secure, dedicated fiber optic connectivity is to be installed between the Hub site (Lennox School District Office, 10319 Firmona Avenue, Lennox, CA) and 5 school sites plus 1 Non-Instructional Facility, totaling 6 circuits. However, page 3 lists 7 sites. Can you confirm which 6 sites are included, excluding the Lennox SD Hub site?

Buford Elementary School 4919 W. 109th Street Lennox, CA 90304
Dolores Huerta Elementary School 4125 W. 105th Street Lennox, CA 90304
Jefferson Elementary School 10322 Condon Avenue Lennox, CA 90304
Moffett Elementary School 11050 Larch Avenue Lennox, CA 90304
Felton NIF 10417 S. Felton Ave Lennox, CA 90304
Lennox Middle School 11033 Buford Avenue Lennox, CA 90304
Lennox Math, Science and Technology Academy 11036 Hawthorne Boulevard Inglewood, CA 90304

The bid is for a total of seven sites to be connected to the District Office hub:

1. Buford Elementary School
2. Dolores Huerta Elementary School
3. Jefferson Elementary School
4. Moffett Elementary School
5. Lennox Middle School
6. Lennox Math, Science and Technology Academy
7. Felton NIF

Six school sites and 1 NIF.
We have four elementary schools, one middle school, one charter high school and the one NIF.

BOARD OF TRUSTEES
Mrs. Angeles Gonzalez
Mrs. Karina Cordero
Dr. Angela Fajardo
Mrs. Marisol Cruz

ADMINISTRATION
Mrs. Gabriela Tavitian, Superintendent
Mrs. Becki Blanco, Assistant Superintendent of Instructional Services
Mrs. Maria Castellanos, Assistant Superintendent of Personnel Services
Ms. Arleta Ilyas, Assistant Superintendent of Business Services

SCHOOLS
❑Buford Elementary
❑Jefferson Elementary
❑Moffett Elementary
❑Huerta Elementary
❑Lennox Middle School

Question 2

We have few questions regarding the WAN RFP
You list seven locations on page 3 of your RFP, not including the district office. Can you please confirm if all locations plus the district office should be included in the pricing?

The bid is for a total of seven sites to be connected to the District Office hub:

1. Buford Elementary School
2. Dolores Huerta Elementary School
3. Jefferson Elementary School
4. Moffett Elementary School
5. Lennox Middle School
6. Lennox Math, Science and Technology Academy
7. Felton NIF

Six school sites and 1 NIF.
We have four elementary schools, one middle school, one charter high school and the one NIF.

Question 3

In line with my first question, on page 9 you say "# of sites" equal to 6, which doesn't align with Page 3. Can you please add some clarity on the number of sites or circuits that you are requesting and which locations should be included?

The bid is for a total of seven sites to be connected to the District Office hub:

1. Buford Elementary School
2. Dolores Huerta Elementary School
3. Jefferson Elementary School
4. Moffett Elementary School
5. Lennox Middle School
6. Lennox Math, Science and Technology Academy
7. Felton NIF

Six school sites and 1 NIF.
We have four elementary schools, one middle school, one charter high school and the one NIF.

Question 4

For the 20Gb option, can the district support a 40Gb or 100Gb handoff; or should the 20Gb option be adding an additional 10Gb circuit?

The District can handle a 40Gb handoff. The District prefers one circuit totalling 20 Gbps as the upgrade path.

Raul Gomez
