Annual Restraint Review Report Assurances

Choose YES or NA to indicate compliance with each required element below. If the data pipeline user is not the same person responsible for the contents of the report, consider completing this information on paper and submitting it to the person in the district who will be entering the data in pipeline.

- For districts and BOCES: The local education provider has established an annual restraint review process. **YES/NA**
- For districts: The district has incorporated the data from the district's authorized charter schools and reviewed that data as a part of the annual restraint review process. **YES/NA**
- For CSI: CSI has verified that each of its individual charter schools has established an annual restraint review process. **YES/NA**
- Consistent with 1 CCR 301-45, rule 8.00(1)(c), the annual review process included, at minimum, an analysis of incident reports, training needs of staff, staff-to-student ratios, and environmental considerations. **YES**
- The local education provider will maintain a copy of the written documentation from the annual restraint review process. **YES**
- For districts and BOCES: The annual restraint review process was completed on this date. **MM/DD/YYYY**
- For CSI: CSI has reviewed the dates on which the annual restraint review process was completed for each CSI charter school and determined that they were all completed prior to the submission of this collection. **YES/NA**

I attest that these assurances have been verified by an individual with actual knowledge of this subject matter and the truth of the responses. **YES**
