APPRENTICESHIP

Surgical Technologist

WHAT IS AN APPRENTICESHIP?

A Surgical Technologist Apprenticeship is an “earn while you learn” program that combines paid, hands-on work experience with classroom instruction. Apprentices work in a healthcare setting while completing their Surgical Technologist education at Pinellas Technical College St. Petersburg. Through classroom instruction, clinical training, and mentorship, apprentices gain the skills needed to become a Surgical Technologist. Upon completion, graduates are eligible to pursue national Tech in Surgery – Certified (TS-C) certification through NCCT.

WHY HOSPITALS BENEFIT FROM A SURGICAL TECHNOLOGIST APPRENTICESHIP

- Build a Skilled Workforce – Develop qualified surgical technologists through education and hands-on experience.
- Strengthen Employee Retention – Invest in employee growth, mentorship, and career advancement.
- Develop Job-Ready Skills – Train apprentices in sterile technique, surgical instruments, and operating room procedures.
- Promote Patient Safety and Quality Care – Strengthen surgical team support and safe, efficient operating room practices.

WHY EMPLOYEES BENEFIT FROM A SURGICAL TECHNOLOGIST APPRENTICESHIP

- Earn While You Learn – Get paid while completing your education and training.
- Gain Real-World Experience – Work alongside experienced surgical professionals in a real healthcare setting.
- Reduce Education Costs – Employer-supported training may reduce out-of-pocket expenses.
- Prepare for Certification – Gain the education and experience needed to pursue national surgical technologist certification.
- Build a Career in Healthcare– Develop skills for long-term career growth and advancement in surgical services.
- Receive Mentorship from Professionals – Learn from experienced professionals while developing essential operating room skills.
