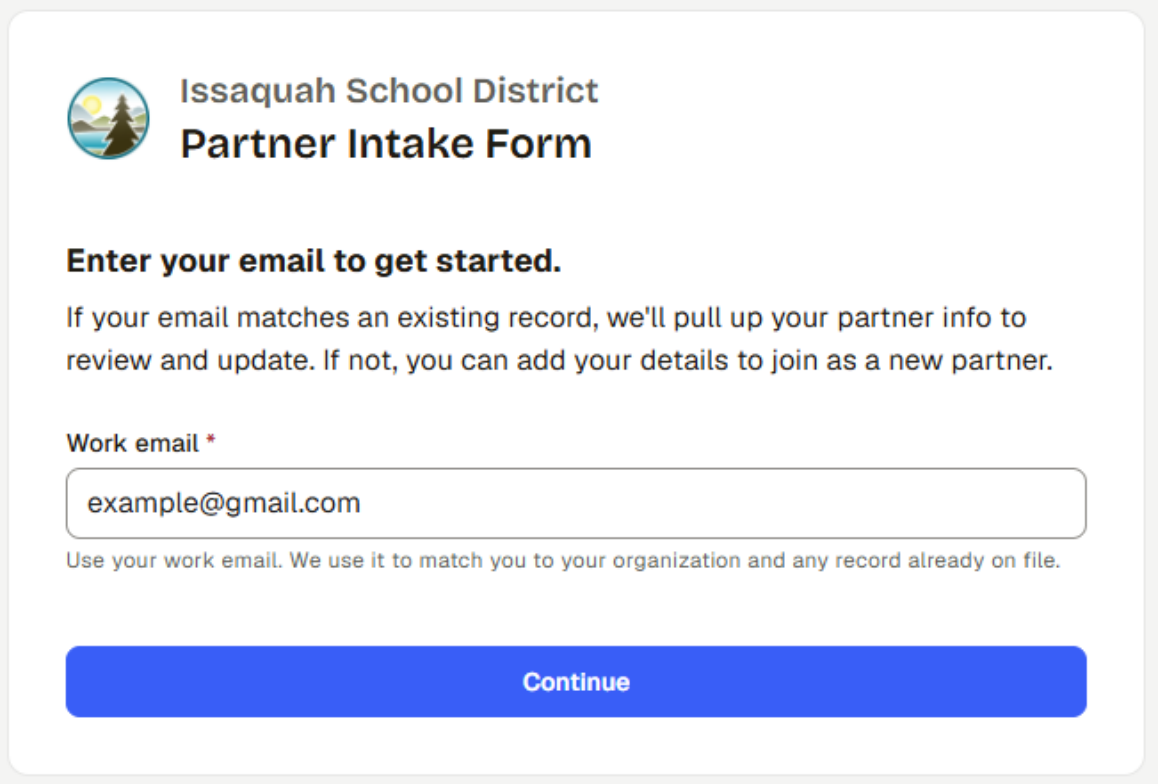
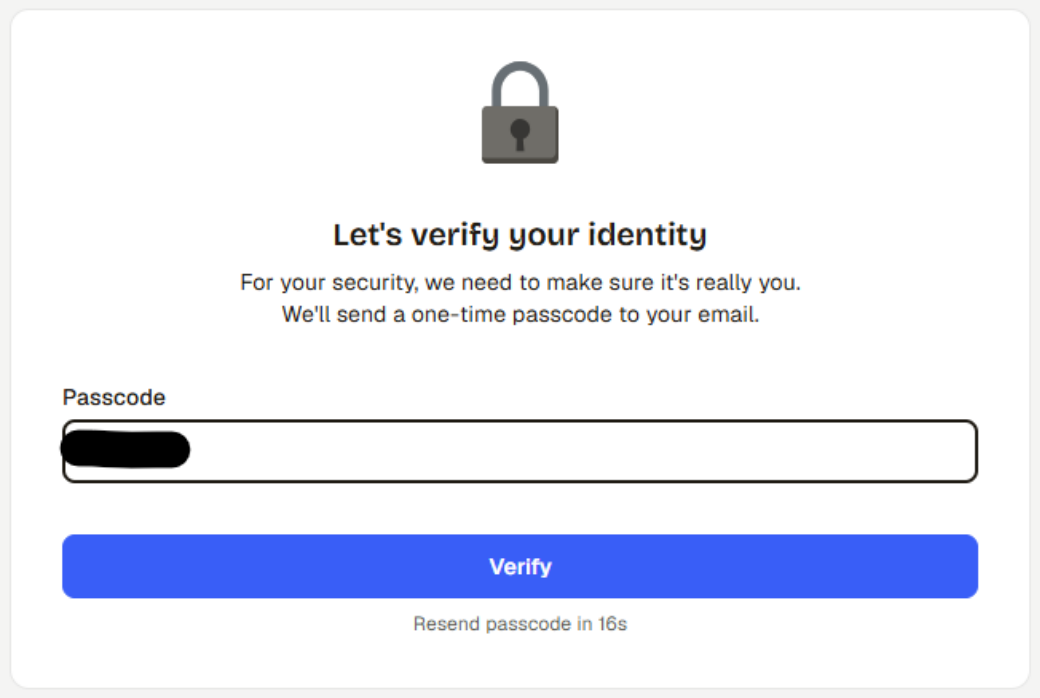
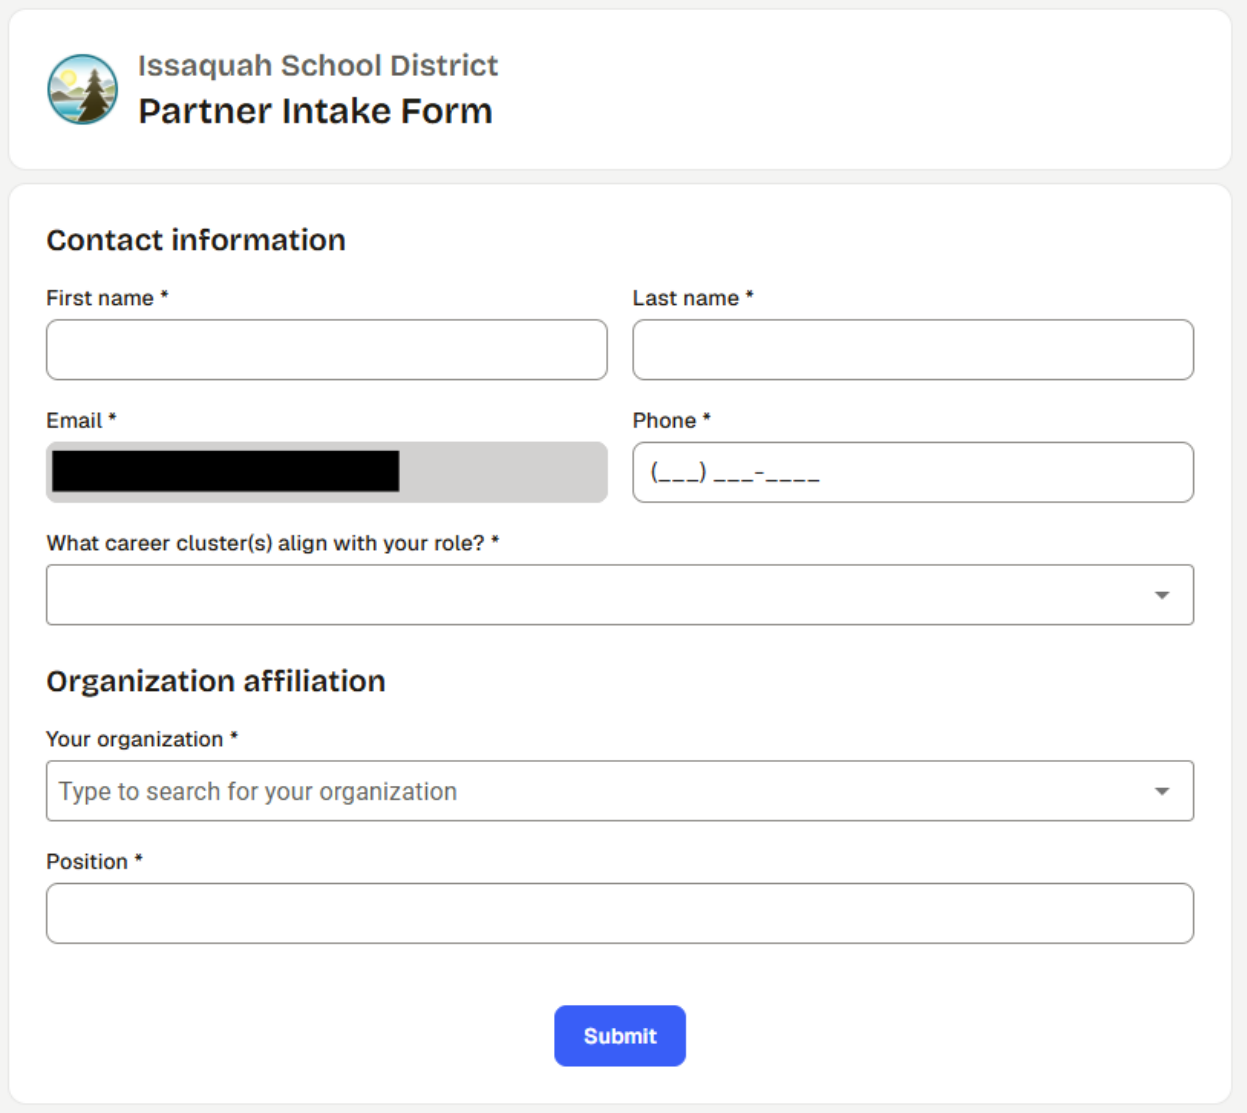
Join the ISD SchooLinks Industry Partner Database here.



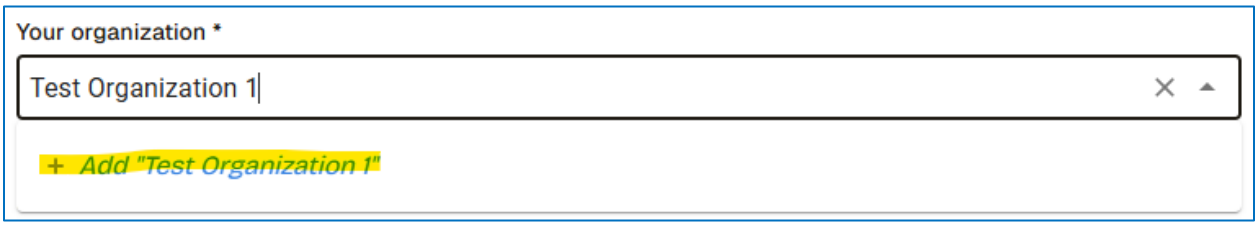
Enter your work email address to begin creating your account, then click on the blue “Continue” button.



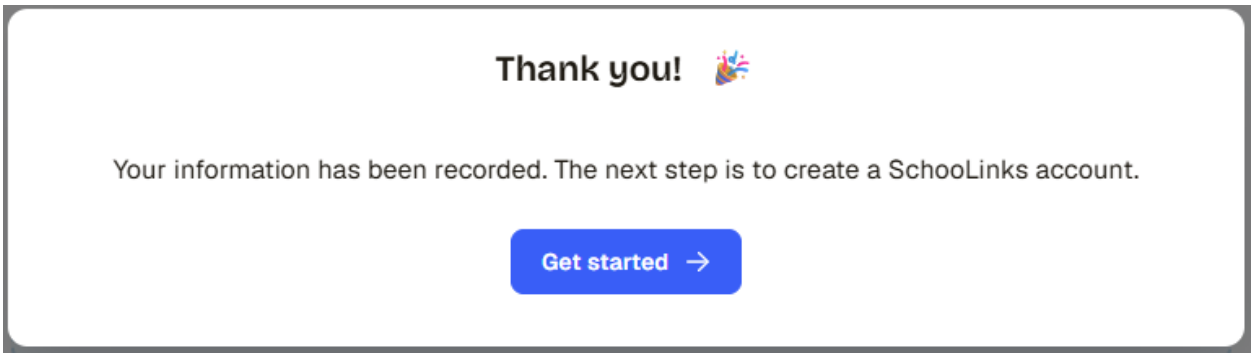
Enter the passcode you received to your work email, then click on the blue “Verify” button.



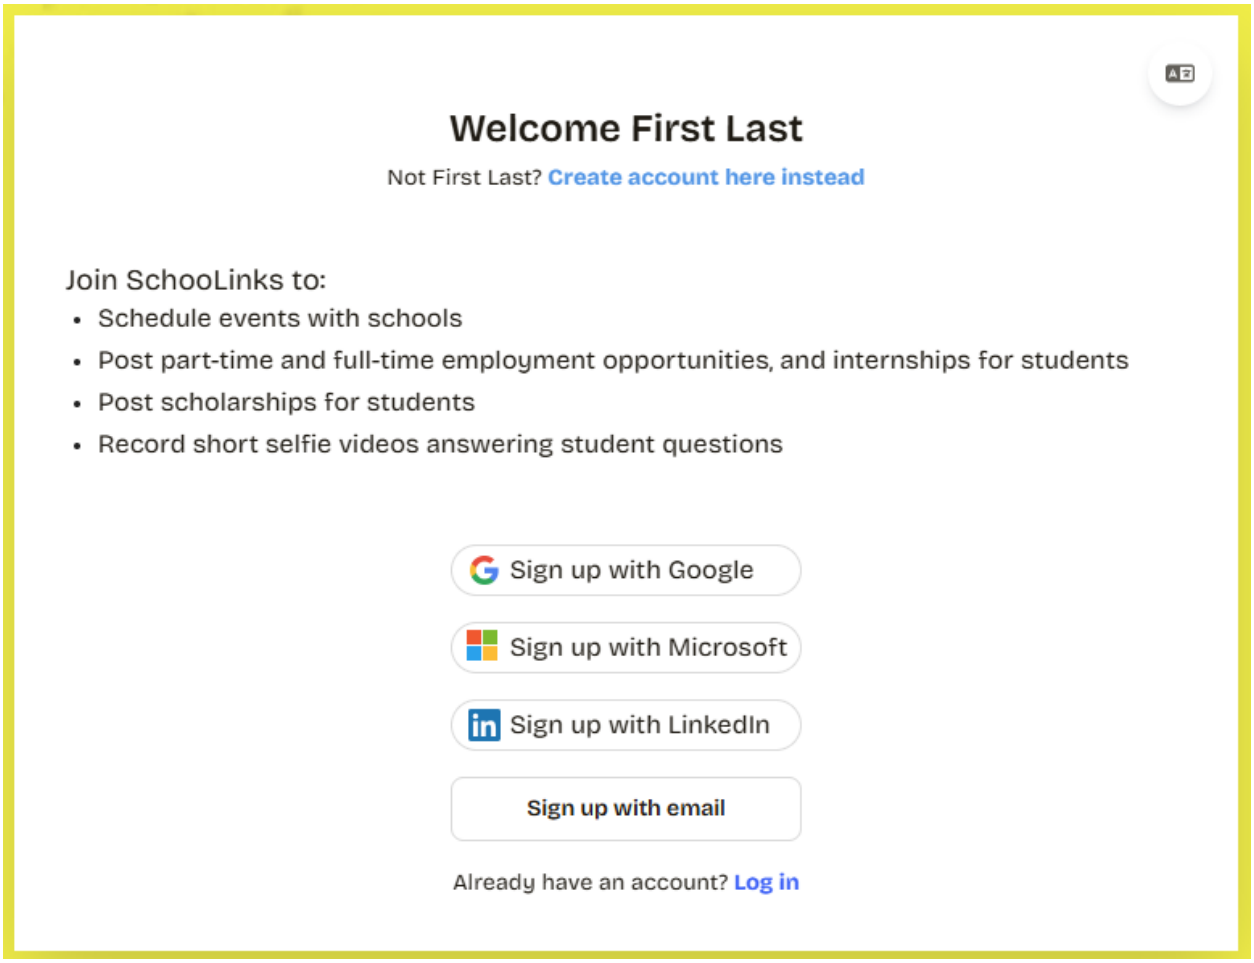
Enter your work contact information, then click on the blue “Submit” button.



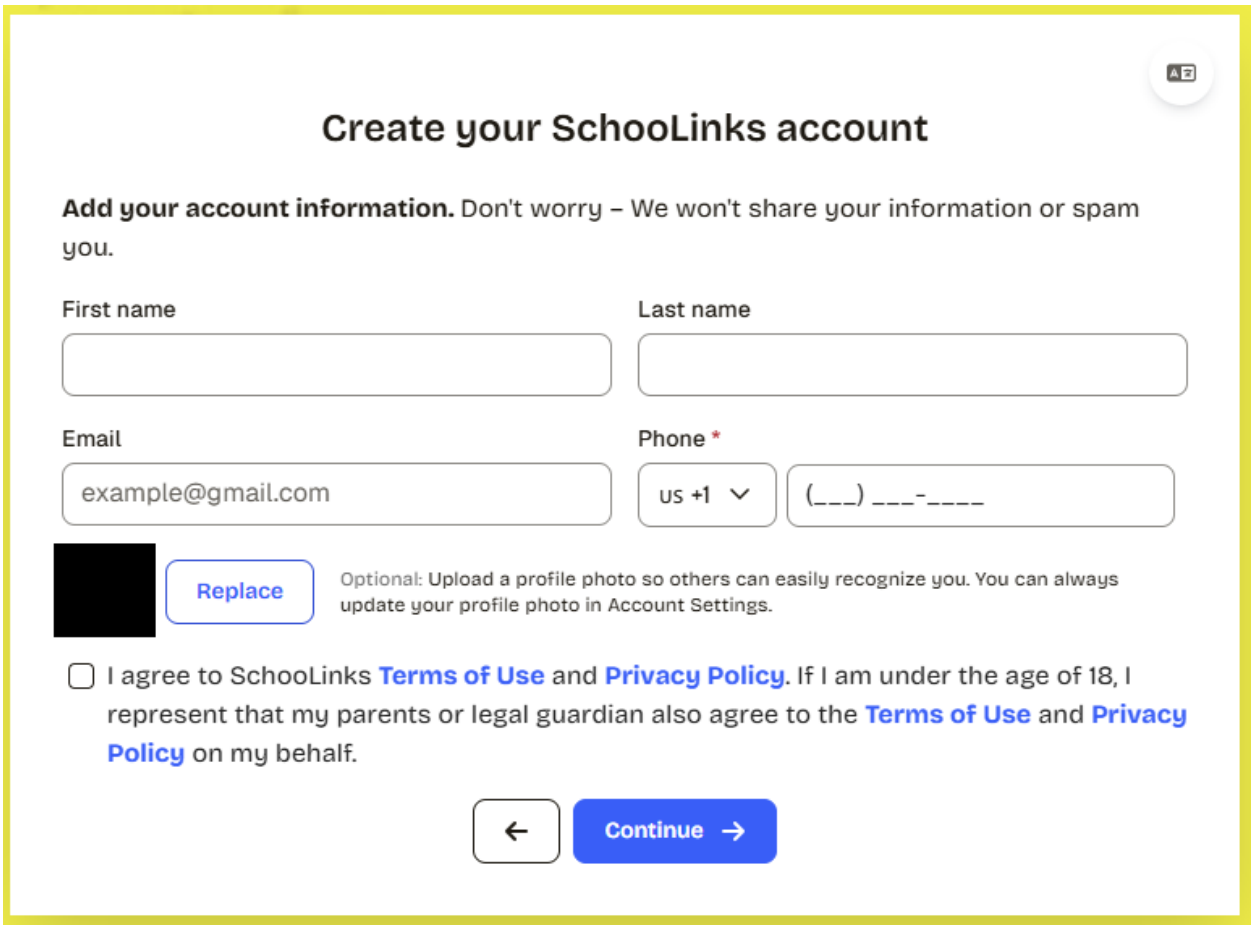
When adding your organization name, be sure to click on “ + Add [YOUR ORG NAME]” for it to enter into the system properly.



Click on the blue “Get started” button.

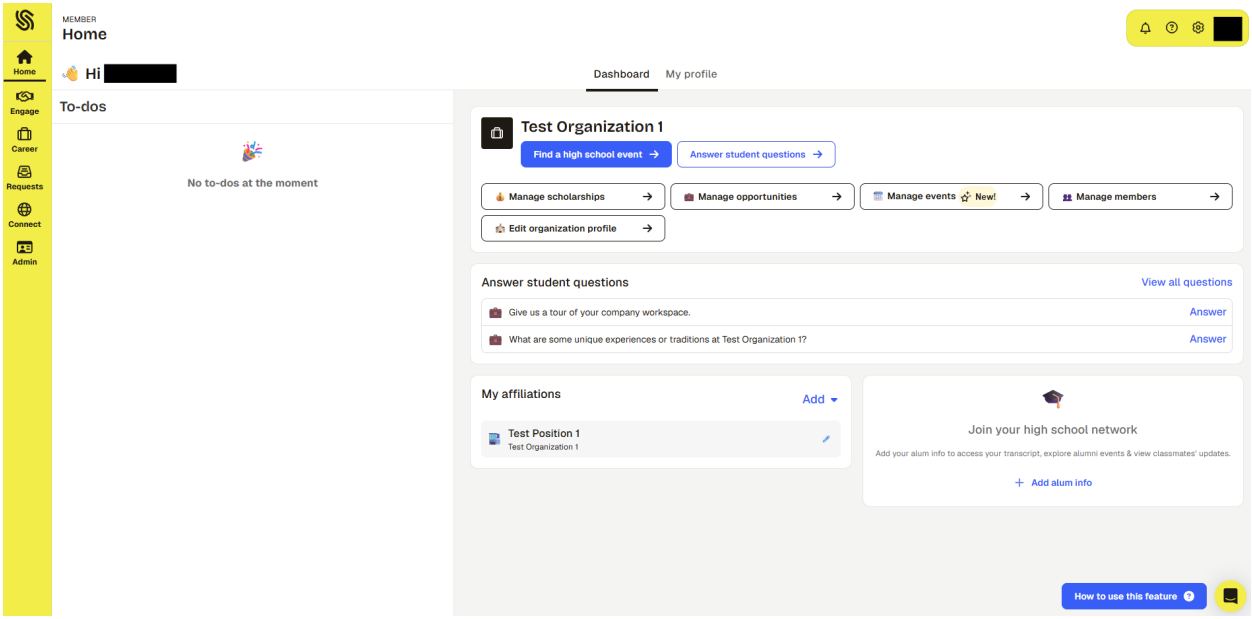


Continue your SchooLinks account registration by choosing Google, Microsoft, LinkedIn, or email as your log-in method. Whatever you choose, make sure it aligns with your work email address. Follow the steps on your screen.

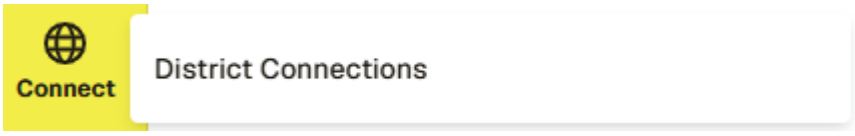


This is the last time you'll enter your contact information! Be sure to agree to the SchooLinks Terms of Use and Privacy Policy, then click the blue "Continue" button.

You're now in SchooLinks! This is your Dashboard. Here, you can: answer student questions, manage scholarships, manage opportunities, manage events, and manage your organization's info. These are all optional activities! See more information on the following pages.

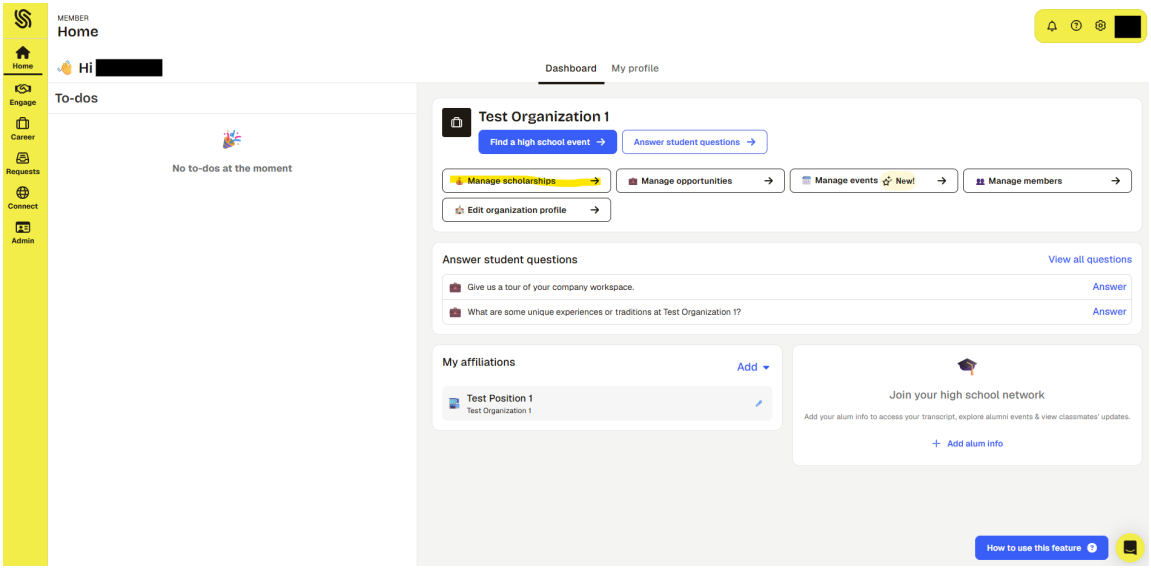


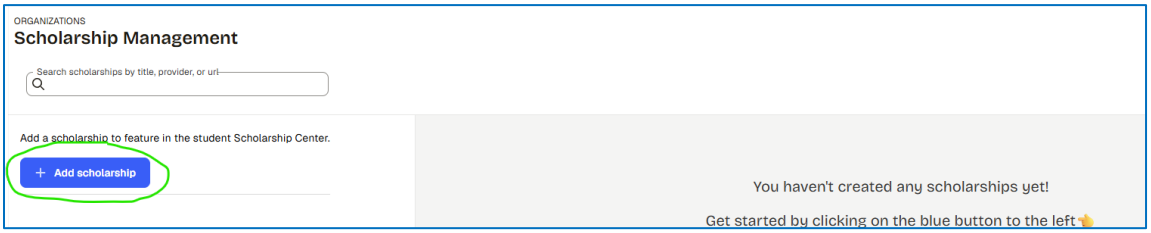
If you want to connect with additional school districts, you can do so by clicking on the "Connect" tab in the navigation bar on the left side of your screen. Then, click on "District Connections" and add as many districts as you want! Note: the district must confirm your partnership on their end.

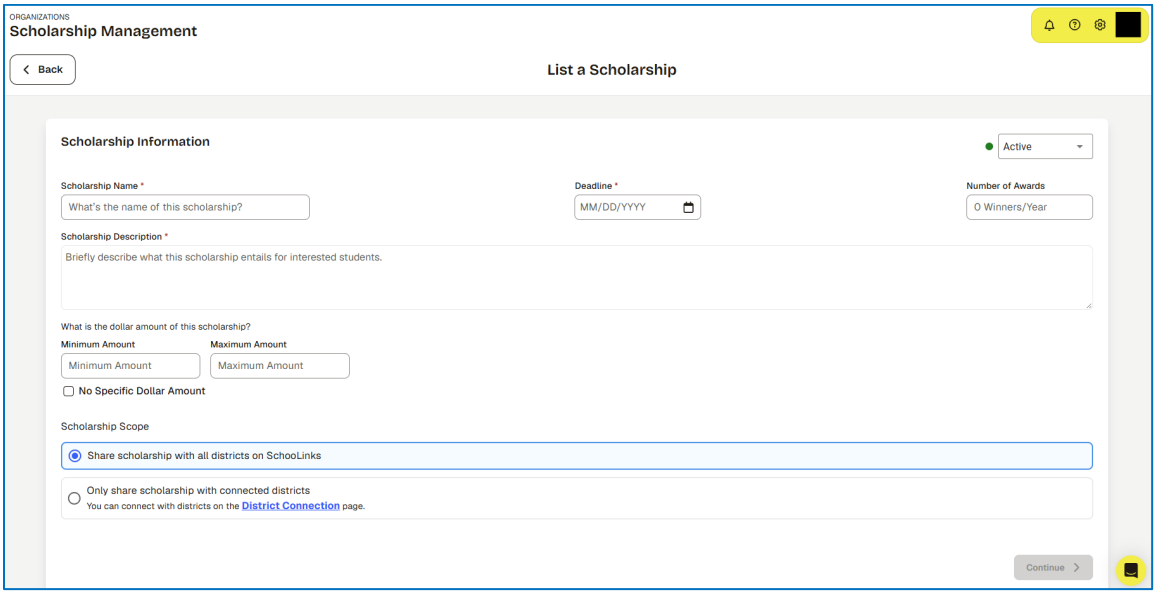


Questions about how SchooLinks vets industry partners and their posted content? Read this article (must create a SchooLinks account to access article).

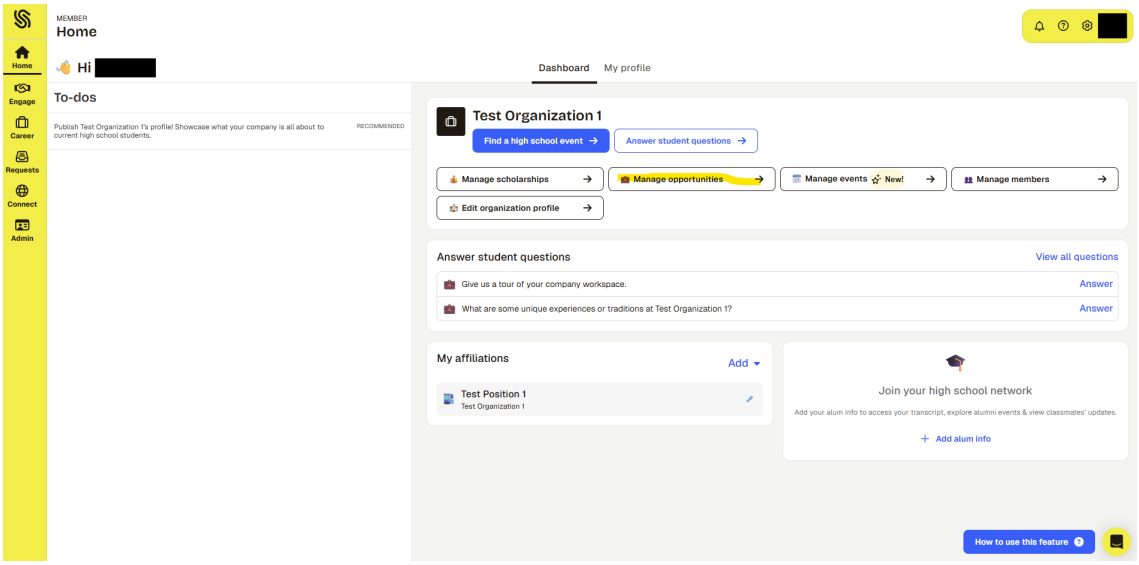
To post a new scholarship or manage existing ones, click on "Manage scholarships." This will take you to your Scholarship Management page. Click on the blue " + Add scholarship" to add a new one. Be sure to enter as much detail as possible!

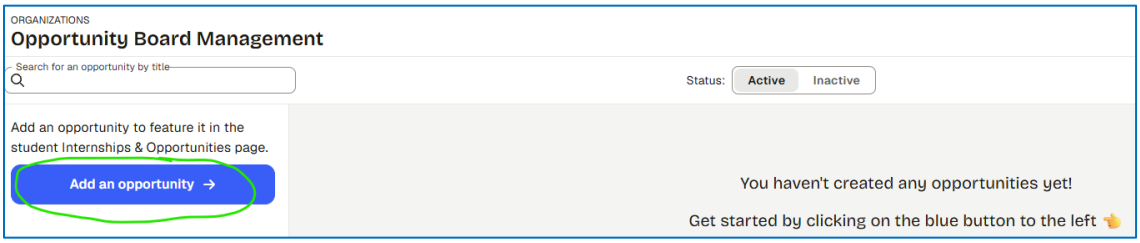


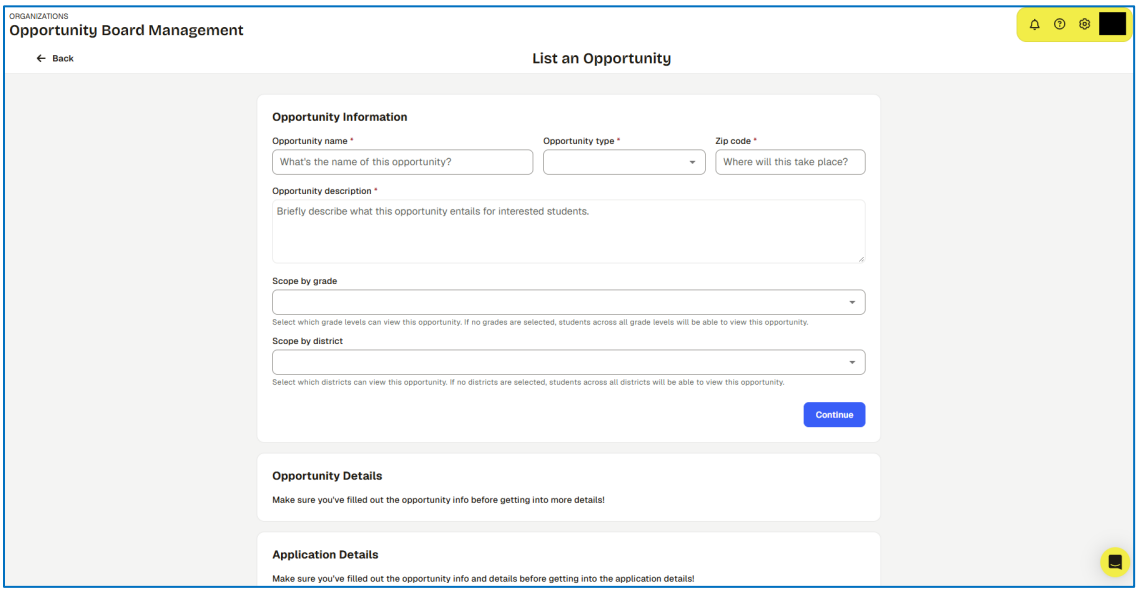




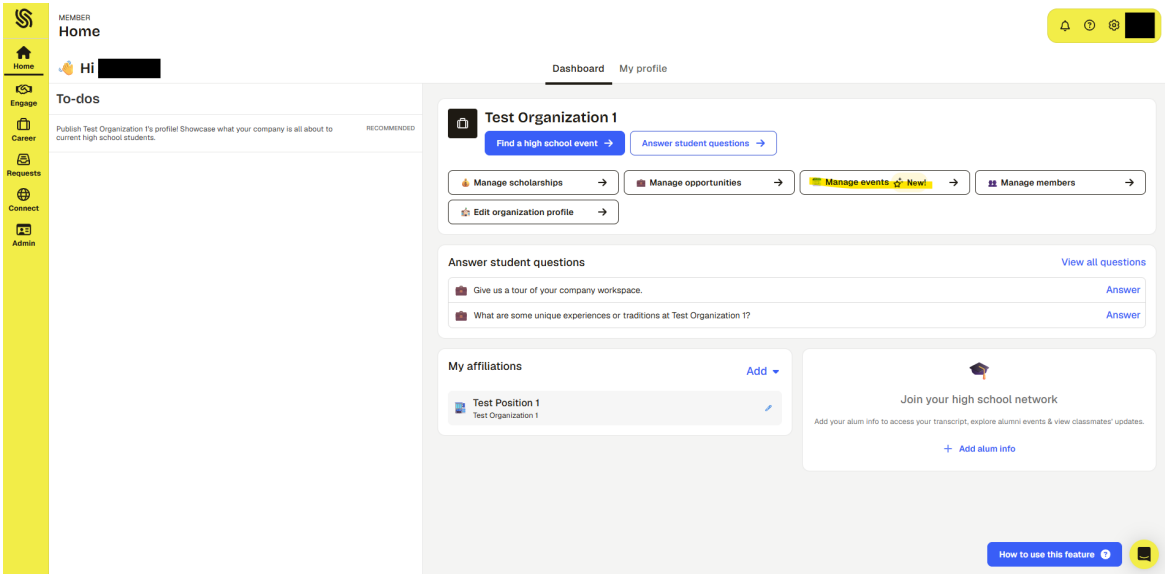
To post a new opportunity (job, internship, volunteer position, job shadow, etc.) or manage existing ones, click on "Manage opportunities." This will take you to your Opportunity Board Management page. Click on the blue " + Add an opportunity" to add a new one. Be sure to enter as much detail as possible!

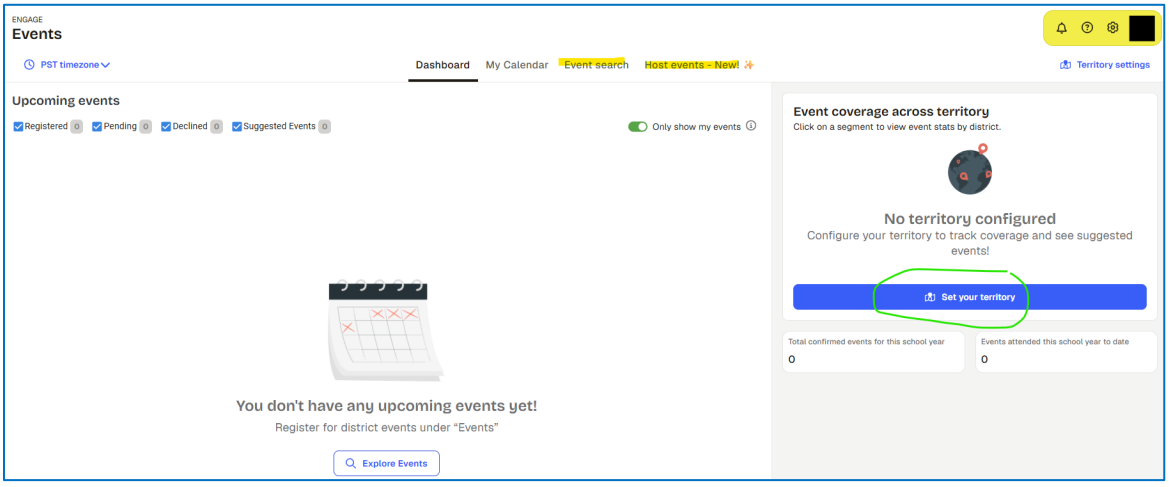




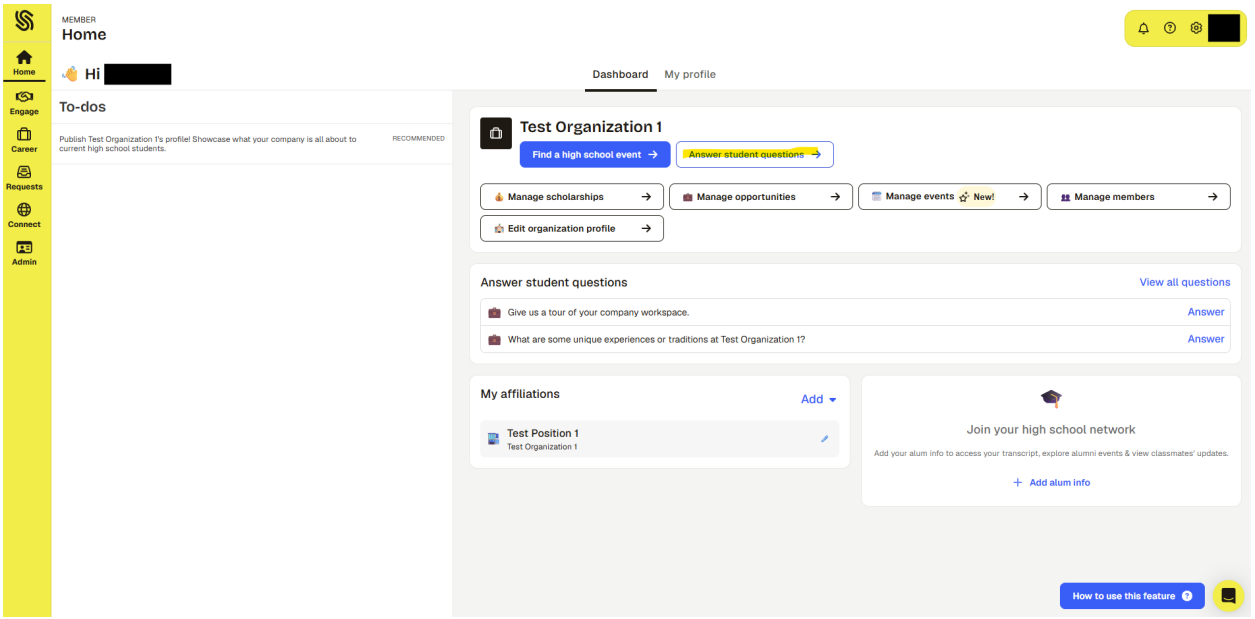


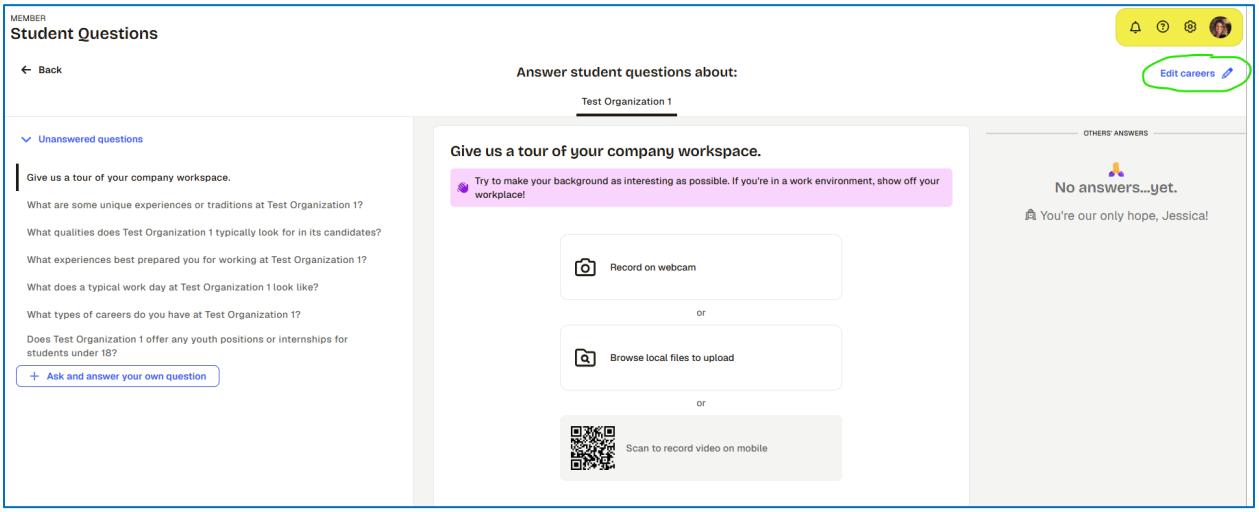
To explore and sign up for school/district events, click on "Manage events." This will take you to your Events page. First, be sure to create your territory settings. Then, by clicking on "Event search," you can search for events near you and sign up for events of interest. You can also post your own events for a fee by clicking on "Host events" (reach out to SchooLinks for more information: membersupport@schoolinks.com).



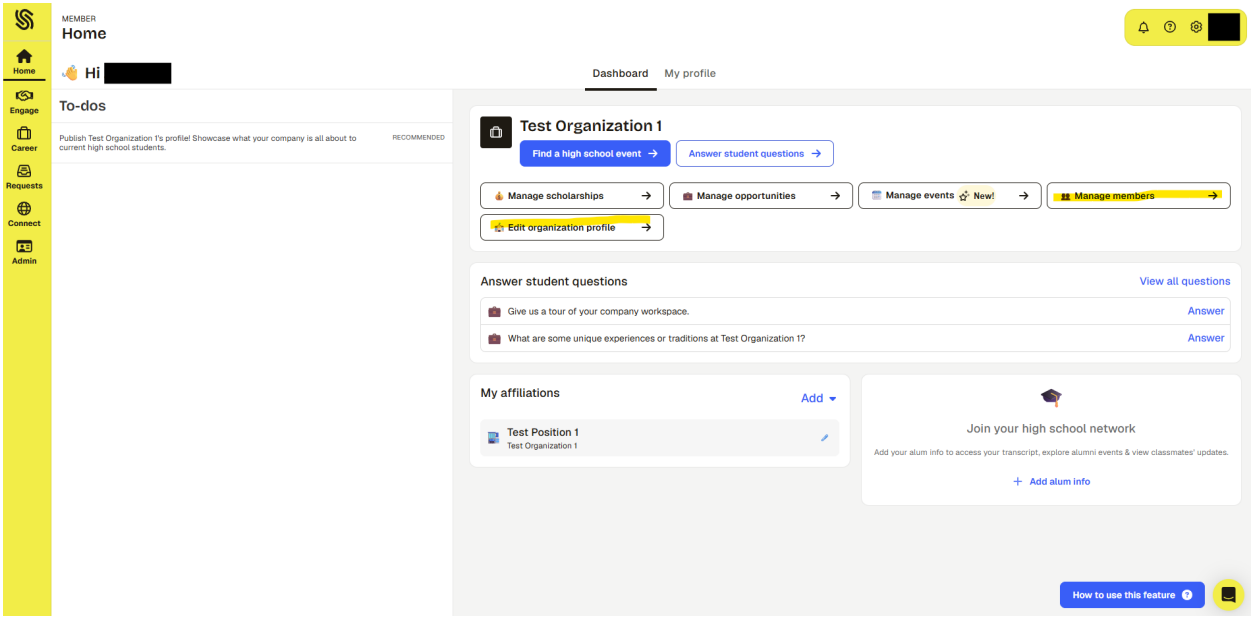


You can answer student questions in video format about your organization and/or career by clicking on “Answer student questions.” On your Student Questions page, click on “Edit careers” to add career(s) that you can answer questions about. Start typing your career into the “My career(s)” search box, and options will populate. Select as many as you want! The career-related questions will then populate onto your Student Questions page for you to answer in video format.





You can add additional members of your organization by inviting them via email by clicking on “Manage members.” You can edit your organization’s profile information by clicking on “Edit organization profile.”



Thank you for being an industry partner!

Reach out to your local high school’s College & Career Center if you have any questions.
