V. STUDENT ACHIEVEMENT LIAISON REPORT

VI. LEGISLATIVE LIAISON

Mr. Schymanski reported on the following:

2020 Educational results, here is some nationwide educational issues I found interesting.

Arizona voters passed Proposition 208, increasing taxes on high-income earners to raise funding for teachers and schools. Despite big business opposition, the tax increase was likely bolstered by teacher strikes in recent years and long-term organizing by organizations like LUCHA and unions like UNITE HERE.

Louisiana voters (thankfully) rejected Amendment 5, which would've allowed localities to give special property tax breaks to manufacturing corporations. The state already gives one of the largest tax breaks for industrial property in the nation. The Louisiana Budget Project writes, "If industrial property tax breaks were the key to a vibrant, thriving economy, Louisiana would be Silicon Valley. But it's not."

Voters in Multnomah County, Oregon, passed Measure 26-214 to provide universal tuition-free preschool for Portland's three- and four-year-old kids by taxing high income earners.

Four states — Arizona, South Dakota, New Jersey and Montana — moved to legalize recreational marijuana, building on the number of states that have used its sales tax revenue to fund education in recent years. South Dakota, for example, will be channeling 50% of its revenue to the state's public schools after costs of the amendment's implementation are covered. Maryland added a tax on sports betting and Nebraska added a tax on racetrack gambling, both benefit educational funding.

Network for Public Education Wish List

Diane Rativch's NPE has published some goals for President-Elect Biden to consider. There are several that I think re worth supporting. End high stakes testing. Continue to promote diversity and desegregation. Promote educational practices that are child-centered, inquiry-based, intellectually challenging, culturally responsive, and respectful of all students' abilities. Stimulus funding to help schools deal with the educational shortfall caused by state budget cuts. As expected, NPE continues to promote rejection of vouchers and charter schools.

Held **Elida High School Community Room at 7:00 p.m. November 17, 2020**

Ohio info:

Current Ohio projections indicate a potential \$2billion shortfall. I cannot find a bill, right now that addresses a solution to this shortfall. We should expect to see additional reductions in educational funding in the late first quarter or early second quarter, my guess. Stimulus funding from the Federal Government would help but we don't know if there will be a stimulus fund program or if education will be in any government plan.

HB305 has been updated and could be approved before the year ends. Perhaps, more importantly, a companion bill SB376 has been introduced in the Senate. Having two bills shortens the time for approval, making it more likely, but not certain, that the Fair Funding Bill can be approved this year. Implementation is another issue. There are not sufficient funds to implement the bill. Projection is a gradual implementation over 6 years?

HB179 expires on December 1, 2020. One key provision in this bill is the ability to have remote public meetings. That ability could go away. If you support having remote public meetings continue, I urge you to write our state legislators. I have seen some recommendations for remote access to continue but I am not sure of any language in legislation to continue this process.

As info, I did written testimony on SB358 supporting many of OSBA recommendations. Also, I submitted written testimony in Opposition to SB350 which dealt with penalties for school districts offering transportation vouchers instead of school bus service.

Finally, I did write both Senator Huffman and Representative Cupp on Senator Huffman's plan to incorporate voucher revisions into a bill currently in conference committee. I do oppose this action and I did recommend thorough discussion prior to any voucher expansion.

Federal Budget:

The Continuing Resolutions (CRs) that allow the Federal Government to operate expire on December 11. The debate on another CR process is necessary or the Government shutdown, which includes IDEA, Title Funding. This does have to be addressed but when? Then, will the President sign a CR extension? How long will the CR be, meaning just a couple of months or will the CRs last until the time for the next Federal budget cycle. I do expect December to be as interesting as November has been.

VIII. SUPERINTENDENT REPORT

- Apollo Update – Denny Fricke

Mr. Fricke reported that Apollo is working through Covid issues. Lab is being done on hybrid days. He also noted that enrollment is going well.

Mr. Mengerink reported on the following:

- Cafeteria received a No Kid Hungry Grant in the amount of \$6290. This will help to defray costs that were instituted as part of COVID changes - storage bins for breakfast in the elementary, new touchless scanners and scan cards in the middle and high school, and cover some labor costs associated with grab and go breakfast.
- The District just received notice of an award - Ohio PBIS District Recognition Award Winner for 2020 for work done by each building to improve student achievement, student behavior, and school climate. The District is one of only 13 in the state to be recognized for our efforts, and will be honored during the December 15 virtual conference.

- The District is considering joining Anti-Vaping Litigation. This is a multi-district lawsuit with no up-front costs outside of some time to run reports and complete and questions. There is a 20-25% contingency associated with any monetary awards, but no fees if there is no recovery. Monies can be used for anti-vaping devices, personnel, educational materials, counseling, etc. The Board must approve a Resolution prior to December 15 if joining.
- The District's Annexation Hearing is scheduled for Dec 3 with the County Commissioners.
- The District is moving forward with electronic ticketing for winter sports. This was used for the football playoff game that we hosted. There are many benefits to this program - reducing time on task and improving any auditing questions to name a few. The only negatives to this is that it is electronic (but most people are good with this now) and there is a \$1 service charge per ticket to pay for the service.
- All banquets, concerts, etc. have been eliminated at this point, or have been completed virtually due to the new gathering size order that is out. This will also include the postponement/cancellation of the musical. School events must follow the gathering order unless they have a specific exemption. Sports falls under the exemption as it has its own order. We do look for an announcement out of the OHSA or Governor's Office yet this week.
- Briefed the Board on the status of COVID in the schools. Staffing/substitutes continues to be the biggest challenge moving forward. We may continue to look at going virtual every other Friday as that is always the most challenging day for sub coverage and will give the district more time to clean.

VI. ACTION ITEMS

1. A Resolution to Endorse the Fair School Funding Plan, As Introduced in the Senate Companion Bill to Substitute HB 305 and SB 376, to Encourage the 133rd General Assembly to Expedite the Passage of These Bills (12-1-20)

WHEREAS, the Ohio Supreme Court ruled in *DeRolph v. State of Ohio* (1997) that Ohio's method for funding schools through the state's school foundation program was unconstitutional under Article VI, Section 2 of the Ohio Constitution; and

WHEREAS, in *DeRolph*, the Ohio Supreme Court declared that Ohio's school funding system was over-reliant on local property taxes, and as such, was inherently discriminatory to children based on where they reside for disparities exist between communities of affluence and impoverishment; and

WHEREAS, since the *DeRolph* decision, the Ohio General Assembly has failed to create a funding system that meets Ohio's constitutional standard of securing "... a thorough and efficient system of common schools throughout the state"; and

WHEREAS, Ohio's solution to satisfy the Ohio Supreme Court's order has been to pass a series of biennial budgets containing politically expedient remedies that have not eliminated the over-reliance on local property tax or mitigated the discriminatory nature inherent in the series of "funding fixes" legislated over the last 23 years; and

WHEREAS, Ohio's previous biennial budget crafted by the 132nd Ohio General Assembly, and effective July 1, 2018, through June 30, 2019, created a funding system with "capped" districts, and districts receiving a minimum level of funding referred to as the "guarantee"; and

Meeting Held VIA Zoom at 7:30 p.m. December 3, 2020

Held

20

WHEREAS, the previous biennial budget identified 503 school districts out of 610, or 82%, either “capped” in their funding, or on the “guarantee,” which is a testament that Ohio’s funding model is not effective; and

WHEREAS, Ohio’s current biennial budget crafted by the 133rd General Assembly, froze foundation funding for Ohio schools at 2019 fiscal year levels (effectively placing all districts on “the guarantee”), which funding levels have subsequently been cut due to the economic impact of the Coronavirus pandemic; and

WHEREAS, the current school funding system in Ohio lacks a rational basis for determining both the cost of educating students and how the funding of education is shared between the state and local taxpayers; and

WHEREAS, Representative Robert Cupp (R) and Representative John Patterson (D) convened a statewide workgroup, made up of eight practicing school district CFO/Treasurers and eight practicing Superintendents (the “Cupp-Patterson Workgroup”), to devise a new formula, and recognizing that Ohio needs an overhaul to its school funding system, have spent the last three years determining the inputs necessary to fund a “thorough and efficient system of common schools” that reduces the over-reliance on local property tax and creates equity in the state foundation system; and

WHEREAS, the Cupp-Patterson Workgroup carefully analyzed national research, best practices, actual Ohio school district spending data, and drew on their own extensive experience in educating students and operating school districts to make recommendations for a school funding system that meets the needs of all Ohio’s students in the 21st century; and

WHEREAS, the Cupp-Patterson Workgroup developed recommendations that laid out a rational, transparent, comprehensive and – most of all – fair system for funding schools based on the actual cost of providing a basic education for all students in Ohio (the “Base Cost”); and

WHEREAS, the Cupp-Patterson Workgroup developed a method of sharing the funding of the Base Cost between the state and local taxpayers that is easy to understand and based on a fair, defensible measure of the capacity to generate funds locally; and

WHEREAS, the Cupp-Patterson Workgroup identified and provided a framework for providing additional resources to meet needs beyond those of basic education, including the areas of the social, emotional, safety, and mental health of students, the additional challenges driven by students living in poverty, with special needs, with limited English proficiency, and who are academically gifted; and

WHEREAS, the Cupp-Patterson Workgroup developed recommendations for properly funding Career Technology Centers, Educational Service Centers, and Charter and Community schools; and

WHEREAS, based on the research and work outlined above, the Cupp-Patterson Workgroup produced and recommended the Fair School Funding Plan, which was introduced in House Bill (H.B.) 305, and is currently incorporated into and improved upon in a companion bill in the Senate, Senate Bill (S.B.) 376; and

WHEREAS, the Ohio General Assembly and the Governor of Ohio have an opportunity to devise a funding formula, as outlined in the Fair School Funding Plan, that is an investment in Ohio’s children and Ohio’s future.

NOW, THEREFORE, BE IT RESOLVED by the Board of Education of the Elida Local School District, that:

Held

20

Section 1. It is necessary to formally endorse the Fair School Funding Plan, as introduced in S.B. 376 of the 133rd General Assembly (the Senate companion bill to Substitute H.B. 305), to ensure that K-12 schools in Ohio are funded using a rational school funding system that meets the needs of all Ohio's students in the 21st century.

Section 2. The Treasurer is authorized to deliver or cause to be delivered a certified copy of this Resolution to community leaders; to members of the Ohio House of Representatives and the Ohio Senate, including Representative Robert Cupp and Senator Matthew Huffman and to the office of Governor Michael DeWine.

Section 3. This Resolution shall be in full force and effect immediately upon its adoption.

Pat Schymanski moved and Jason Bowers seconded that the above recommendation be approved.

Upon the call of the roll, the vote was recorded as follows:
