

Memorandum of Understanding OhioMeansJobs – Allen County

OhioMeansJobs Allen County and **Elida High School** have partnered together with the shared belief that communication and coordination of respective services can enhance the quality and quantity of academic, employment, and training resources and services to local high school students. Working together, public school systems and OhioMeansJobs Allen County, will allow more access to employment and training services leading to better jobs, improved career pathways, and self-sufficiency.

This Memorandum of Understanding (MOU) is entered into by and between OhioMeansJobs Allen County and **Elida High School** for the 2022 - 2023 school year.

Description of Entities

OhioMeansJobs Allen County – Comprehensive One-Stop Job Center that makes available partner services and programs to include employment, training, and financial literacy resources and services to youth, job seekers, and employers.

Elida High School – Public school system that provides education and resources to ninth through twelfth grades focusing on student success.

Purpose

The purpose of this Memorandum of Understanding is to support collaboration and coordination between the workforce system and the public school system.

This Memorandum of Understanding is established to help:

- Increase awareness to local youth of employment and training resources available within the Allen County area.
- Educate and inform school staff on resources and services available to assist Allen County residents.
- Educate and inform OhioMeansJobs staff of the services available through the school system that may assist youth in building their job readiness skills.
- Promote the importance of academic and job readiness services and the availability of those services through the school system and workforce system.

OhioMeansJobs Allen County
