3D ART

Teacher: Lauren Shapiro
lauren.shapiro@simivalleyusd.org

COURSE DESCRIPTION

3D Art is an introductory course in the visual arts designed to give students foundational skills. We will be sculpting with clay, cardboard, paper mache and other various mediums. This exposes students to some of the different fields within the arts, while also preparing students to pursue the other visual arts courses offered at Sinaloa and beyond. 3D Art and its projects are designed using the CA Visual Art State Standards and the National Visual Arts Standards. The projects combine traditional through contemporary concepts and techniques.

COURSE OBJECTIVE

3 D Art provides students with opportunities to create works of art while learning about various historical and culturally diverse artists to help develop their own craft and artistic style. The projects assigned combine traditional processes through contemporary concepts and techniques. Art making practices taught in this course will help students strengthen their creative capacity, focus, and ability to communicate and interpret art through visual means.

STUDENT EVALUATION

Grades consist of:

- *Projects:*
  Student project point values are based on the following categories: Productivity/Time Management, Completeness of Criteria, Effort/Care, and Creativity/Originality. Subjective measures such as “natural talent” will not be considered during grading.
- *Studio Work:*
  Student *studio work* point values are based on the following:
  - Assessments & Engagement- discussions, critiques, productivity, etc. *Students*

must be working during class.

- Classroom tasks - supplies, tools, and work areas kept clean and organized.
- Miscellaneous assignments such as student surveys, class notes, video notes, etc.

Grading Scale :

A: 100-90.0% B: 89.9-80.0% C: 79.9-70.0% D: 69.9-60.0% F: 59.9-0%

ATTENDANCE & LATE WORK POLICY

The nature of a studio course requires students to be present and productive during class. Missed days will require students to catch up, which can easily become overwhelming. Many projects require materials and tools that are only readily available in the classroom. Additionally, each project builds on techniques and content learned from previous projects. School tardy and truant policies are strictly enforced.

Students with excused and unexcused absences will be given as many days as they were absent to finish a project. Any missing assignments from Semester 1 must be submitted 1 week prior to the end of the semester.

CONDUCT, EXPECTATION, CITIZENSHIP

Please be respectful, polite, and thoughtful to your peers, class materials, and your teacher. The goal is to create an environment that is comfortable, friendly, and supports learning. Misuse of materials and supplies will result in loss of studio points and possibly the ability of completing a project. Racism, discrimination, or prejudice of any form are not acceptable and will not be tolerated. Students are welcome to share any experiences with Mrs. Shapiro. Inappropriate behavior will be reported to the administration and met with strict disciplinary action.

Part of your grade will depend on the way you spend your time working. Each class period spent working on the project/ managing time well is worth 2 points.

- Days spent working the entire period count as 2 points. If you are disruptive, playing around, not following directions, on your phone, not working on your project you will receive a zero. IF YOU RECEIVE 3 LOSSES OF STUDIO POINTS THAT WILL BE AN “N” ON YOUR REPORT CARD. IF YOU RECIEVE 5 THAT WILL BE A “U”.
- NO PHONES WILL BE ALLOWED TO BE USED IN CLASS.
- NO BACKPACKS ARE ALLOWED IN CLASS. BRINGING ONE WILL RESULT IN A TARDY.
- All students must clean-up their area, tools and be organized.
- Excessive absences can bring the overall grade down, as everything is mostly done in class.

ACADEMIC DISHONESTY

You have wonderful ideas and I can't wait to see them. DO NOT copy/plagiarize anyone else's ideas or work. This means copying artworks or writings from any source. The difference between plagiarism and inspiration will be addressed throughout the course.

Academic Honesty (Bd. Pol. 5131.9) & Consequences:
Definition: Academic Dishonesty is a deliberate attempt to disrupt the learning process by misrepresenting another's work as one's own. Dishonesty during tests or classwork includes unauthorized communicating; copying materials or allowing another student to copy; using prohibited notes or devices; obtaining prior knowledge of test content; and/or removing or distributing all or part of any test. Copying another person's assignment; providing homework/classwork for another student to replicate; plagiarizing or submitting a paper or project which is not one's own work; and submitting falsified information for grading purposes are also examples of dishonesty.

VIDEO AND MOVIE VIEWING

Occasionally, film/videos are used in the classroom in order to illustrate a particular curricular-related concept. I am notifying you that we may watch YouTube instructional videos, PBS Art 21 series, and other art related film/videos in class. Please contact me if you have any concerns or questions regarding the videos/films that may be shown.

CLASS DONATIONS

Due to the nature of studio art classes, daily use of materials, tools, and other class supplies are necessary for instruction. Class donations are greatly appreciated. A suggested donation of $40 per semester allows us to cover the costs of supplies used to create student projects. SEE MATERIALS DONATION FORM ATTACHED.
