Quarter 1 | September 23, 2026

Facilitator: Letra Johnican, AP	Meeting time: 4:45- 5:30
Location: Library	Scribe: Eseosa Egenou

1. Welcome and Beginning-of-Year Campus Updates

Review campus priorities for the 2026–2027 school year, beginning-of-year expectations, and the role of the SDMC in supporting continuous improvement.

2. Beginning-of-Year Student Data Review

Review available beginning-of-year assessment and classroom performance data. Discuss student learning gaps, grade-level trends, and how PLCs will use data to plan reteaching and instructional adjustments.

3. Campus Intervention and Tutorial Plans

Discuss after-school tutorial plans and targeted academic interventions, particularly in reading and math. Consider student identification, attendance, scheduling, and progress monitoring.

4. Campus Improvement Plan (CIP)

Discuss alignment between campus improvement priorities, instructional practices, and student achievement goals. Consider how intervention strategies and data reviews will inform ongoing improvement.

5. Student Attendance and Engagement

Discuss beginning-of-year attendance patterns, outreach to families, and strategies for improving consistent student attendance and engagement.

6. Staffing and Instructional Support

Discuss current staffing needs, onboarding support, and consistent implementation of instructional expectations across classrooms.

7. Parent and Family Engagement

Discuss opportunities to engage families in student learning and communicate available tutorials, academic supports, and campus expectations.

8. Closing and Next Steps

Review follow-up items, identify responsible team members, and confirm next meeting details.
