Kindergarten Virtual Learning Choice Board Second Half of the Year

No printer needed! Choose 3 activities to complete using paper, pencil, crayons, books, and safe household items. Try to complete activities from different subjects.

Phonics **1. Word Family Hunt** Choose one word family: -at, -op, -ig, -en. Say and write 4 words that belong in that family. Draw a picture of one word.	**Handwriting** **2. Sentence Practice** Write this sentence in your best handwriting: I can do hard things. Then write one sentence of your own. Remember a capital letter and period.	**Math** **3. Teen Number Builder** Choose a number from 11-20. Draw that many dots. Circle 10 dots and tell how many are left over.
Phonics **4. Stretch the Sounds** Say these words slowly: map, fish, sun, clap. Write the sounds you hear in each word. Underline the first sound.	**Handwriting** **5. Alphabet Check** Write the lowercase alphabet from a-z. Circle 5 letters that you think are your neatest.	**Math** **6. Make 10** Find 10 small objects. Split them into two groups in 3 different ways. Write the number pairs, such as 6 + 4 = 10.
Science **7. Living Things** Find or think of 2 living things. Draw them and tell one thing each needs to live.	**Social Studies** **8. Rules and Responsibilities** Name 2 rules you follow at home or school. Tell why each rule is important. Draw yourself following one rule.	**Art** **9. Shape Picture** Create a picture using at least 8 shapes. Include circles, squares, rectangles, and triangles. Count the shapes when you finish.
Science **10. Push or Pull** Find 3 safe objects at home. Show how you can move each with a push or a pull. Draw one example and label it.	**Social Studies** **11. Then and Now** Think of something you can do now that you could not do when you were a baby. Draw a then picture and a now picture.	**Art** **12. Pattern Art** Create an art pattern using colors or shapes, such as red-blue-red-blue or circle-square-triangle. Repeat your pattern at least 4 times.

Suggested teacher direction: Complete 3 activities. Try to choose at least one literacy activity, one math activity, and one science or social studies activity.
