CROSSINGS CHRISTIAN SCHOOL

---

## Weekly Faith Talks
## LS + US Service Project

**Date:** November 18, 2026

- This week, we shared an exciting mission partnership at a school in Roatan, Honduras. We wanted to make sure our teachers and students had a chance to learn about this amazing school in advance as we prepared for the service project we completed with Upper School small groups immediately after chapel.
- Samuel Raymond Christian School (SRCS) is similar to Crossings Christian School. Deborah Hunnicutt played a pivotal role in establishing SRCS alongside neighborhood community members from Sandy Bay Car Wash. Since 2011, Roatán Horizons, Inc. has partnered with these families to deliver a high-quality, Christ-centered education for their children. See how a life dedicated to prayer and shining a light for others has transformed this community by watching this video.
- After chapel, classes partnered up with Upper School small groups to write letters and pray boldly and pointedly for the SRCS community. It was an excellent opportunity to encourage and support a school with so many parallels to ours.
