V. STUDENT ACHIEVEMENT LIAISON REPORT

Mrs. Agozzino reported on the following:

1. The 4th grade enjoyed great history lessons when they visited Sauders Village in Archbold on their last field trip of the school year. It's a wonderful location to learn early Ohio history and life in the 1800s.
2. Elida District Art teachers hosted the District Art Exhibit on Saturday, May 20.. The student's artwork is amazing-take a look at some of the pieces of creativity and talent on display! Thank you to high school art teacher Holllie Albright, Middle School art teacher Kelsey Schumaker and elementary teachers Sherry Kahle and Kim Savage for all their hard work in showcasing our Elida Bulldog’s artistic talent.
3. The Elida Elementary's Reading Carnival had over 800 people attend. Students were able to attend the Carnival that included carnival games, face painting, basketball, bounce house, and so much more. Caretakers were able to learn strategies to help their students with reading over the summer to reduce literacy gaps and encourage summer learning!
4. Congratulations to the students in the High School Art Club on Elida High School being chosen the Allen County school winner in the Ohio Dept. of Transportation Snow Plow Contest! ODOT employees from each of the district's eight county garage facilities chose their favorite entry from each county.
5. Our Class of 2027, the 8th Grade students, had their Recognition Ceremony in the auditorium. The 8th grade band performed the "Elida Alma Mater" & "A Safari for Band" and the choir sang "The Water is Wide." Special Speaker was Mrs. Rhonda Bargerstock, Elida High School Theater Director. Student Class officers also shared personal messages to their classmates.
6. Two of our Elida student athletes, sophomore Jordan Gladen and senior DeJuan Jones qualified and completed at the State track and field meet. DeJuan unfortunately fouled all three throws at state so didn’t place, and Jordan no-heighted opening height at 5’0 and also didn’t place. But neither should hang their heads, both were one of 16 to make it to that level in their divisions! Congratulations on an amazing season.
7. Congratulations to the Elida Class of 2023! It was a beautiful ceremony on Friday, May 26.
8. Our Elida FFA students hosted a Blood Donor Day on June 9.. Thank you to all who donated.
9. Boys Basketball Camp is wrapped up last week. We had 52 young dawgs attend to work on their skills and learn from our Basketball Coaches Matt Tabler, Steve Smith and several Elida varsity players.

VI. LEGISLATIVE LIAISON REPORT

Mr. Christoff reported on the following:

Ohio Assembly

Senate passed budget bill (HB 33 - Establishes operating appropriations for fiscal years 2024-2025)

- back to House for reconciliation
- decreases public K-12 funding by \$542M (>80% students); increases vouchers by \$372M (<10% of students)
- omnibus merger of several bills into the budget bill including school vouchers, income tax cuts, public assistance changes, K-12 overhaul of ODE, prohibition on faculty strikes and diversity mandates at public colleges and universities, bars public universities from taking a stance on “controversial” topics

Pros

- “continue” implementing fair school funding formula from the last two-year budget, with updated costs for teacher salaries, transportation, and technology factored in
- requires school districts and community schools to provide academic intervention services to students who score “limited” on state assessments in math, science, or English

Cons

- \$2B expansion for universal vouchers over the next 2 years to attend private schools (raised to \$8,400 for 9-12, \$6,100 for K-8)
- eliminated an increase in the base salary teacher to \$40,000
- eliminated expanding free school meals for public school students
- bans diversity and inclusion training requirements at public institutions and government entities
- shifts K-12 education oversight from ODE to gubernatorial appointee regarding academic standards, curriculum, and district ratings
- reinstates executive proposal requiring students to complete Free Application for Federal Student Aid (FAFSA) in order to graduate high school, with an option for parents or students who are at least 18 years old to opt out, or for schools to demonstrate it is impossible or impractical for the student to do so.
- provides additional flexibility for school administrators to assign teachers within two grade levels outside their grade band for up to two school years at a time

Timeline

- House meets Wed, June 21 @ 2 p.m. – expected to not concur with Senate version of bill
- a conference committee would then be convened to reconcile the House and Senate versions
- June 30th deadline for start of Ohio’s fiscal year on July 1

Various bills continue to be introduced, discussed and/or amended in committee including:

- HB 8 - Parents' Bill of Rights – amended and passed in committee
- HB 47 - Require automated external defibrillators (AEDs) in schools – passed House (85-9), on to Senate
- HB 103 – Establish Ohio Social Studies Standards Task Force
- HB 125 - Modify income tax deductions for 529 plans and ABLE accounts (increase deduction from \$4K to \$8K for joint filers) – passed House Ways & Means committee (17-0)
- HB 135 - Require school districts to grant excused absence for 4-H and FFA
- HB 211 - Free to Speak Act – introduced – require public participation at public meetings
- SB 49 - Religious Expression Days "R.E.D." Act – passed Senate (32-0), referred to House committee
- SB 104 - College Credit Plus Program – make further modifications expanding access

US Congress

Fiscal Responsibility Act – lifts debt limit for 2 years to avoid federal government default; also cuts annual federal spending slightly, redirects \$20B from the IRS to other agencies, enacts new eligibility requirements for food stamps and the Temporary Assistance for Needy

Families (TANF), and rescinds \$28B in unspent pandemic relief money (including undistributed ESSER funds).

Government default could have prevented the distribution of federal funds for high-need students, special education services, and English-language instruction. Analysis projects flat to possibly decreased federal funding for education for FY24 and FY25.

The House Appropriations Committee is expected to markup numerous appropriations bills throughout the month of June. The Labor, Health and Human Services, and Education Appropriations bill will still be among the last of the bills to be developed and debated, and education advocates will continue to make their case for adequate investments.

VII. PUBLIC PARTICIPATION RELATED TO ACTION ITEMS

VIII. SUPERINTENDENT REPORT

- Semi-Annual Bullying Report for the second half of the 2022-2023 school year
Elida High School – 2, Elida Middle School – 1, Elida Elementary School – 0
(Exhibit A)

Mr. Mengerink reported on the following:

- Bouncing off of a couple of Mr. Christoff's items real quick:
 - HB 47 – the AED bill...we are already compliant
 - HB 135 – absences for 4-H & FFA... not written in policy but effectively we already do this
 - SB 49 – the RED Act or Religious Exemption Days Act – again, we are already compliant and have those listed as excused in our handbooks... unless they make us give 3 additional days on top of those we already grant
- Mr. Christoff did a good job I think of summarizing the current status of the budget bill. I would add that one of the concerns with the Senate version in addition to what he shared is the fact that Private Schools can withhold student records for an indefinite period of time in order to collect student fees, tuition, etc. Public school must release those records if a student transfers, or cannot withhold records...regardless of owing any fees.
- We do have another 22+ graduate to recognize that I previously told you about it. Andrea Little is the students name... she never attended Elida to my knowledge but is receiving a diploma that at her request, she will be picking up at the central office.
- We do have small number of vacancies yet to fill, but things look pretty good for that to happen in the next couple of weeks.
- House Bill 6 – Save Women's Sports Act - bans transgender girls and women from competing on female sports teams. Reported out of committee, but not acted on by the House yet.
- House Bill 68 – Known as the SAFE Act - keeps transgender minors from receiving gender-affirming care. Reported out of committee, but not acted on by the House yet. It looks like HB 6 was added to this before being voted out of committee. Full house vote could come this week.
- House Bill 183 – State reps have recognized that there is no law in Ohio regarding the issue of transgender students and which restrooms they use, which we have said all along, and they have recognized that school districts hands are tied on this issue. What it will do most likely is muddy the waters even more or even add confusion to the issue because as we understand it, state law does not trump federal law, it's actually the other way around. The sponsor of HB 183 has even stated "I don't know why we're so late to this." Currently in House Committee.
- As for the attorney general's comments – we have said from the beginning that this is not about state law... it's about Federal case law. And just as he stated, it is only his opinion. In his own words, the courts, not the Attorney General, ultimately determine liability.
- Our summer school sessions have gone well, but the high school one has been highly attended for the first time. I know our building people spent a lot of time and effort to get students here this year and our numbers are much higher than I can remember

them being in any previous year. This improvement at the high school level will only help to improve our graduation rate, but it will take a couple of years to do that. As of today, we have 36 credits worth of classes that students have earned this summer. We also expect another 3-4 by the end of the week.

- We are going to be adding back our 8th section of kindergarten for this next year. Current enrollment for KG sits at 133. Last year at this time we were in the upper 90s. This would mean we are fully staffed at every grade level now except 1st grade, which sits at 7 sections currently. After going through the open enrollment process, we are at capacity in grades 8-12 and are not accepting any new open enrollments for those grade levels.

Alisa Agozzino moved and Jeff Christoff seconded that the Board recess for 10 minutes.

Upon the call of the roll, the vote was recorded as follows:
