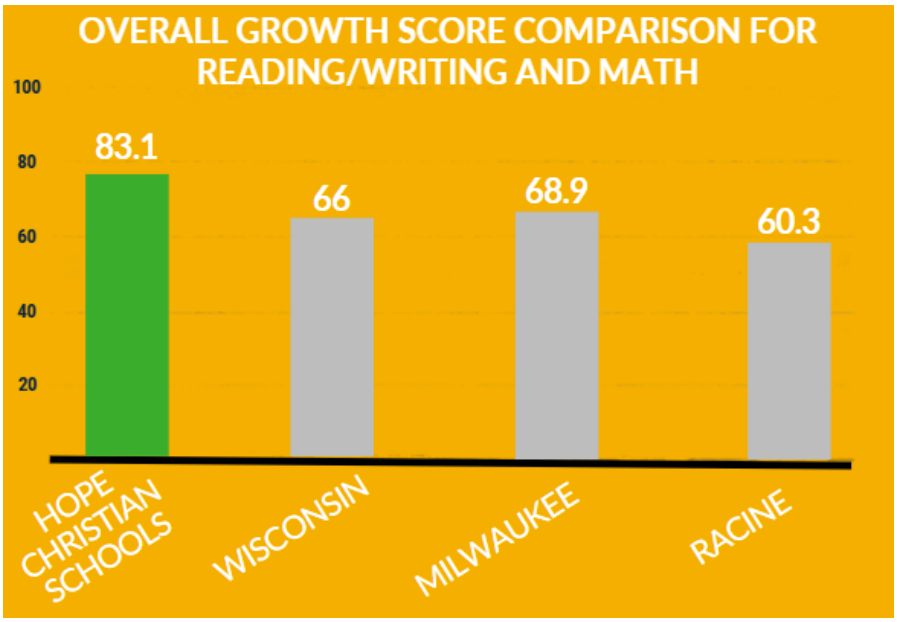
HOPE Christian Schools Report Card 2026

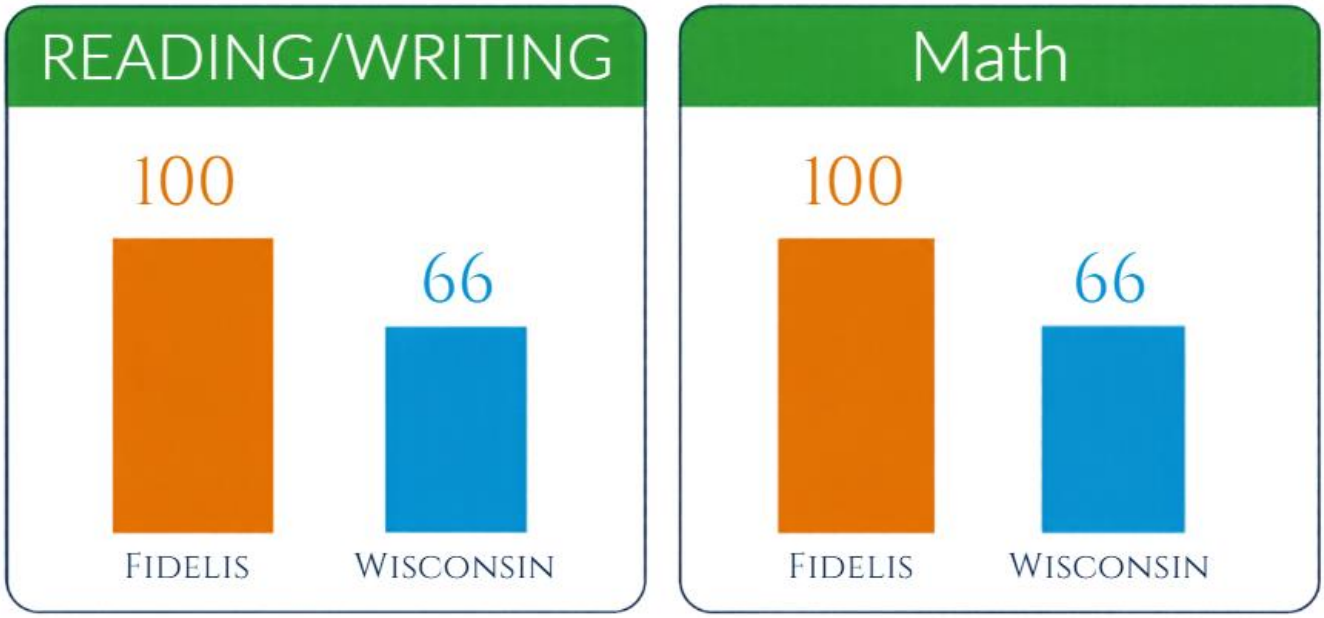
At HOPE Christian Schools, our mission is to prepare scholars not only for academic success but also for lives of character and service rooted in Christ. Just as we nurture Christ-like character in our students, we also strive for continuous growth and stewardship in our academic outcomes—ensuring that every child learns, grows, and thrives in both heart and mind.

We are grateful for the dedication and partnership of our HOPE scholars, families, educators, and school leaders. Their collective commitment to learning, growth, and excellence continues to drive the progress reflected in this year's report card results.

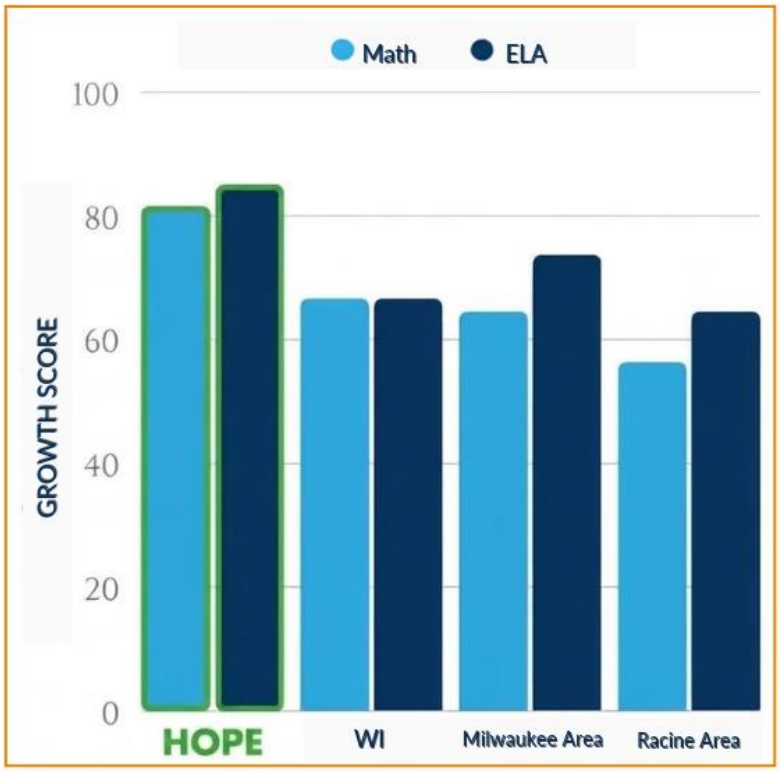
- **100% of HOPE Christian Schools Outpace Historical State & District Growth:** HOPE Christian Schools achieved an Overall Growth Priority score of **83.1** that surpasses the averages for Wisconsin (66), Milwaukee (68.9), and Racine (60.3).
- **Outpacing the State by 17+ Points in Growth:** HOPE Christian Schools' 2025–26 network average for Overall Growth (83.1) stands 17.1 points higher than Wisconsin's state benchmark (66.0), with 100% of our six campuses individually surpassing the state average—proving that HOPE students are accelerating dramatically faster than their peers statewide.



- **HOPE Fidelis Hits New Levels: HOPE Fidelis** achieved a maximum score of **100** across Overall Growth Priority, ELA Growth, Math Growth, and Target Group ELA Growth.



What makes this achievement even more meaningful is the context in which our schools do this work. HOPE schools serve communities where access to high-performing schools and educational resources can be limited, while operating with less public funding per student than surrounding district schools. Yet, year after year, HOPE continues to show what is possible when staff believe deeply in the potential of every child and remain committed to helping them thrive.



We are especially encouraged by these results, which reflect the strong academic growth of our students - driven by our mission to make **Christ. College. Character.** accessible and affordable for more children each year.

Imagine a world with unlimited opportunity and freedom for all children to pursue their full potential, live flourishing lives and serve Greater Purpose. We do!
