SVSD COMMUNITY CAREER NETWORK

CALLING SV COMMUNITY MEMBERS!

Seneca Valley School District is building the SV Community Career Network, a network of community professionals, business owners, alumni and organizations interested in sharing their knowledge, experiences and career expertise with our students.

Whether you are interested in sharing your career journey, hosting a workplace tour, providing hands-on learning experiences or helping students to explore career pathways, we would love to connect with you!

Your experience could spark an interest, open a door or inspire a student's future!

Help us grow the network, SV!
