A Message From Mr. Gloudemans

Hello Fort Howard Families,

As we approach Thanksgiving Break, I am excited to share some wonderful news with you. Last week, the Wisconsin Department of Public Instruction released the 2025-2026 School Report Cards, and Fort Howard earned a **three-star rating (Meets Expectations)** for the first time since the 2018-2019 school year.

This achievement is a direct result of the hard work and dedication of our students, staff, and families over the past several years. I have witnessed the partnership between home and school grow through ongoing communication, annual goal setting, and strong attendance at school events. There is no doubt that this collaboration has played an important role in our success.

While we are proud to have met expectations for the first time in six years, our work is far from finished. We remain committed to achieving our school vision: **for every student to achieve GREATNESS by showing up each day and being the best version of themselves.**

Over the past two and a half years, we have learned that when students believe in themselves and embrace challenges, incredible things can happen. As we continue through the school year, please encourage your child to step outside their comfort zone, persevere when learning becomes difficult, and remember that setbacks are not permanent. We want every student to know that they are capable of doing hard things and achieving great success.

Thank you for everything you do to make Fort Howard a special place for our students, families, and staff. Your partnership and support make a meaningful difference each day. If you have questions about our School Report Card or ideas related to our school improvement goals, please do not hesitate to reach out.

Make it a great day!
Mr. Gloudemans
