DRIVER OF THE MONTH

Thank You

“I would like to nominate my Mimi because she is the best bus driver ever! She works so hard driving buses for all three schools, and no matter how busy she is, she always has a smile on her face. All the kids love her because she is so sweet, caring, and always makes everyone feel special. I’m so lucky that I get to call her my Mimi! I see how much she loves her job and all the children she drives. She doesn’t just drive a bus, she makes everyone’s day a little brighter. She always goes above and beyond to make sure the kids are happy and safe. Last year, when my Mimi had to be out for surgery, all the kids missed her so much! They couldn’t wait for her to come back, and they asked me every single day when she was coming back. That just shows how much she means to all of them and how much they love having her as their bus driver. She really does make a difference in their lives! I’m so proud of my Mimi and everything she does. She deserves to be recognized because she has such a big heart, works so hard, and is loved by so many people. She isn’t just an amazing bus driver, she’s an amazing Mimi too! I’m so lucky she’s mine, and I hope everyone knows just how special she is! ❤️”

“I would like to nominate this wonderful bus driver for consistently going above and beyond for our students, families, and school community. She drives for all three schools and always has a smile on her face, no matter how busy or long her day may be. She is always polite, friendly, and respectful to both parents and students, and it is clear that she genuinely loves what she does. As a parent, it means so much to know that our children are being transported by someone who truly cares about them. She takes the time to make every child feel welcomed, valued, and safe. The children absolutely adore her, and the relationships she has built with them speak volumes about the kind of person she is. Last year, when she was out for surgery, you could really see just how much she meant to the children. They missed her so much and couldn’t wait for her to return. The kids were constantly asking when she would be back! That alone shows the positive impact she has on their everyday lives. Being a bus driver is so much more than simply getting children to and from school. It takes patience, kindness, dedication, and a genuine love for children, and she demonstrates all of those qualities every single day. She is one of those special people who makes a difference without even realizing it. Her kindness, positive attitude, and dedication never go unnoticed. Our school division is incredibly lucky to have someone like her, and I truly believe she deserves to be recognized for everything she does for our children and families!”
