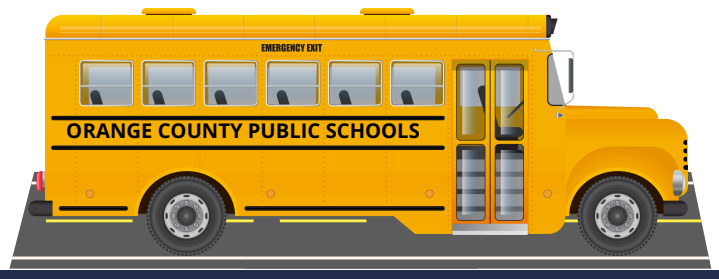
Congratulations!!

PHYLLIS ANDERSON

BUS #7

DRIVER OF THE MONTH



Orange County Public Schools
Empowering Students Achieving Dreams

Thank You

"She pours her heart out to the community by putting safety first when transporting our precious jewels to and from school. She has a smile on her face when doing so."

"For always going above and beyond and remains positive at all times."

"Mrs. Anderson has been driving OC students for decades. She greets and treats each student as they are her own. In addition to her regular route, she is fondly known for driving the Middle School and High School sports teams, not only does she drive them to and from their events but she acts as their cheerleader because she goes in the events wearing Orange and Blue of course and cheers for her students."

"I have witnessed Phyllis's dedication and love for Orange County students for many years. Although my graduate and current student haven't ridden the school bus to and from school in many years, they have benefited from having Phyllis take them to many sporting events as athletes. Phyllis always has a smile on her face, and she genuinely cares about the student athletes that she takes to and from games. As a parent, it is always comforting knowing that Phyllis is behind the wheel and keeping our children safe. Thank you Phyllis for going above and beyond for OCHS athletes!"
