Regional School District #17
Board of Education

Dear Regional School District 17 Board of Education,

I am writing on behalf of the Haddam-Killingworth Youth and Family Services Board of Directors to express our commitment to the well-being and safety of the students at Regional School District 17. As part of our ongoing effort to support a healthy environment for young individuals in our community, we would like to request the approval of a donation of 21 vape detectors, valued at a total of \$14,850, to be installed at Haddam-Killingworth High School and Haddam-Killingworth Middle School.

This donation, is the completion of the initiative started in 2019 with the donation of seven vape detectors for the High School and Middle School. It is our hope that these detectors will contribute to a safer and healthier educational environment, one in which students can focus on their studies, personal growth, and development without the influence of harmful substances.

Please accept this donation as a testament to our dedication to the welfare of all students in our community. We look forward to working closely with Haddam-Killingworth Regional School District 17 to make a positive impact on the lives of our youth.

Sincerely,

Jane Baird
Board Chair, Haddam-Killingworth Youth and Family Services
