V. LEGISLATIVE LIAISON

VI. PUBLIC PARTICIPATION RELATED TO ACTION ITEMS

VII. SUPERINTENDENT REPORT

Mr. Mengerink reported on the following:

- Curriculum Coordinator Mrs. Simmons updated the Board on State Report Card Results - overall 4 out of 5 stars.
- State budget update – through August Revenues vs. Expenditures = +\$305 million
- ODE transitioning to Department of Education and Workforce or DEW
 - Technically takes place October 3 or 4
 - SBOE searching for a new Supt.
 - SBOE will retain control over teacher licensure and discipline, and territorial disputes/transfers
 - Will include the Office of Professional Conduct
 - Will include the Office of Educator Licensure
 - The Office of Educator Effectiveness will be split with DEW
 - In October, the state supt will present a 6-month transition plan
 - Look for an MOU in which ODE & DEW will split operations through the end of the fiscal year most likely
 - All of this hasn't even happened yet and already there is a bill that would change the complexion of what the State Board looks like as far as the makeup of the members – how many, elected, appointed, etc.
- New training for coaches on mental health becomes a part of the pupil activity certification beginning October 3
- We continue to see new enrollments coming in... just today when I walked through the high school someone was in inquiring about the process. We are now at 47 total EL students as Mrs. Simmons mentioned, 17 of which are new this year.
- Through all of the noise and distractions, our staff and students have done an excellent job in coming to work or school and doing what they are supposed to be doing. The jump in scores that has been seen in some of these classes is tremendous, and now we just have to keep doing just a little bit more to make that next step up. But I think that you are seeing all of the work that has been done with curriculum and alignment, and working on the scheduling in the middle school especially has paid some dividends.
 - 4th grade Math = 10% gain from last year as 3rd graders
 - 7th grade ELA = +13% over last year as 6th graders
 - 8th grade Math = +18% over last year as 7th graders
 - 6th grade Math = + almost 18% versus last year's 6th grade math
 - Several other subjects that were 5-10% higher versus last year (same grade level)
