August 5, 2024

Dear Committee Members,

It is with great interest that I am applying for the role of Interim Superintendent for Berlin Boylston Regional School District. I have been a Superintendent for over twenty-two years and most of that time has been in regional school districts.

Given my experience as a Superintendent or Assistant Superintendent in urban, suburban and rural school systems in both Massachusetts and Maine, I think I have a variety of experiences that help me tap into for this role. Additionally, my time as a Director of Special Education, Interim Director of Teaching and Learning and being a licensed School Business Administrator, enabled me to see the questions and situations from other seats around the table when looking for ways to work with a variety of school and town leaders to their own conclusions with good information and solid perspective.

As a recently retired Superintendent of Schools I am still current in the needs of administrators, teachers and staff and I have the ability to build relationships with people to allow comfort in discussing difficult topics and finding ways to plan for the future.

In short, I am ready to take on a new challenge, utilize what I know, and learn more. I hope to be considered for this position and look forward to hearing from you.

Michael L. Wood
