M destination is for the bus. I do know it's 10 minutes from 140/144 Allen Rd, according to the NRT route
st instead of 140/144 Allen Rd. It takes 5 minutes to drive from 28 West St to 140/144 Allen Rd., presumi
ıe PM route. Assuming worst case scenario that there is no faster way to the final destination than returni
n additional 6 minutes total drive time in the PM.
